PBT	77.90	50.00	95.20	127.90	160.70

Summarizing the Q2 2026 business performance, **Mr. Prashant Kumar, Vice President - Sales and Marketing, KSB Limited**, said, “Despite continued geopolitical uncertainties, our second quarter performance reflects consistent business momentum, supported by key order wins across multiple industrial and infrastructure segments. During the quarter, we secured our first LUV pumps order, entered the wind energy application segment, and strengthened our presence in nuclear, energy, metro rail, water infrastructure and data centre projects. Order intake during the quarter remained encouraging across key sectors, reflecting continued customer confidence in our solutions and supporting future business opportunities.”

Mr. Mahesh Bhawe, Chief Financial Officer at KSB Limited, commented: “Our second quarter performance reflects better business momentum compared to the previous quarter. Revenue growth remained positive during the first half despite continued margin pressures and uncertainties arising from the geopolitical environment. While profitability was impacted during the period, we remain focused on operational efficiency, cost discipline, and execution. We continue to see a healthy order pipeline across key business segments, while execution of ongoing nuclear projects is progressing as planned. Opportunities remain visible across key industrial and infrastructure sectors supported by ongoing investments and development initiatives.”

About KSB Limited

KSB Limited, founded in 1960 in India, is a part of KSB SE & Co. KGaA, one of the world’s leading suppliers of pumps, valves, and systems. Combining innovative technology with excellent service to provide intelligent solutions, the company offers robust and reliable solutions catering to the diverse needs of customers in India and overseas across sectors such as power, oil, building services, process engineering, water treatment, and water transport. KSB specializes in Centrifugal End Suction Pumps, High-Pressure Multistage Pumps, Industrial Gate, Globe and Check Valves, Submersible Motor Pumps, Monobloc and Mini Monobloc Pumps, Hydro pneumatic Systems, and Control Valves.

Today, the KSB Group has a presence across all continents through its own sales and marketing companies, manufacturing facilities, and service operations. In 2025, the Group generated consolidated annual sales revenue exceeding €3 billion.
