---MEDIA STATEMENT---

(To be attributed to Royal Enfield)

Royal Enfield's manufacturing facility at Oragadam, near Chennai, remained operational through the month of October 2018, even though a part of the workforce continued to stay away from work since September 24, 2018. A majority of our workforce continues to report to work at the Oragadam plant and are actively engaged in operations. Our manufacturing facility at Vallam Vadagal continues to operate and deliver to its full capacity.

We are in dialogue with our plant based forums to amicably resolve all concerns and continue to remain engaged with relevant authorities. We are deeply committed to maintaining and furthering cordial relations with our workforce.

Due to the strike, the loss of production for the month of September and October 2018, is 25,000 motorcycles.
