- Powerica Limited – **₹2.52 crore**: hot air chamber walkway platforms and panel DG roofing at NAV 2 data centre project in Airoli,and erection material and installation of 6 x 2,250 KVA DG sets for Powerica Limited

MANAGEMENT COMMENTARY

Commenting on the performance, **Mr. Rajesh Gopala Anne, Chairman & Managing Director, Lakshya Powertech Limited**, said:

"During H1 FY27, Total Income stood at ₹8280.06 lakh and EBITDA at ₹1075.33 lakh, with our EBITDA margin improving by 22 bps to 13.0%. More importantly, the half was marked by strong order inflows, led by two large Integrated O&M contracts from Vedanta worth ₹918.30 crore, along with orders from data centre and power infrastructure clients, significantly strengthening our long-term revenue visibility.

Our journey continues to be guided by a clear objective – to build Lakshya Powertech into a diversified engineering and services organisation with strong technical capabilities, enduring customer relationships and an increasing contribution from long-duration and specialised service businesses.

The Integrated O&M contracts from Vedanta represent the continuing evolution of our business from predominantly project-based assignments towards a stronger combination of project execution and long-duration recurring service contracts."

ABOUT LAKSHYA POWERTECH LIMITED

Lakshya Powertech Limited operates in the engineering and infrastructure space, providing services across power, industrial, and infrastructure projects. The Company focuses on delivering efficient and reliable solutions while strengthening its execution capabilities and expanding its presence across markets.
