Brokerage firms expect headwinds for JLR to ease soon

VARUN SINGH
New Delhi, July 28

WITH ITS BRITISH subsidiary, Jaguar Land Rover (JLR), facing headwinds due to semiconductor shortage and Covid lockdowns in China, Tata Motors' consolidated net loss widened to ₹5,006.60 crore during the quarter ended June 30. Brokerage firm ICICI Securities believes most of the headwinds for JLR will soon ease, driving reversal in margin back towards 12% levels.

"Though we were expecting a weak set of numbers from Tata Motors, primarily due to headwinds faced by JLR, the overall performance reported was even weaker than we anticipated, which we believe is non-recurring. JLR's Ebitda margin came in at 6.7%, down almost 500bps q-o-q, owing to a combination of poor model mix, poor market mix, adverse commodity costs, low scale and forex losses," ICICI Securities said in a report.

It further said that with Range Rover and Range Rover Sport production picking up to 1,300 units a week as against 6,000 units wholesale in Q1, the mix is set to improve from Q2 itself other than production rising towards 90,000 units. "Thus we believe most of the headwinds for JLR will soon ease, driving reversal in margin back towards 12% levels," it added. The brokerage firm maintains a 'buy' rating on the stock.

The demand for JLR vehicles remained strong with a record 200,000 client orders in Q1. Among the models, Range Rover, Range Rover Sport and Defender accounted for more than 60% of client orders. The company expects the semiconductor supply to get better gradually apart from a significant improvement in volumes and profitability over the remaining FY23.

"Tata Motors' Q1 FY23 performance saw a sharp miss due to several headwinds at JLR (mix, cost inflation, and hedge revaluation), though the India business delivered a strong performance," said Motilal Oswal. Given the improvement in semiconductor supplies and strong order book at JLR, there is hope of JLR making good on the pain of the June quarter, the brokerage firm said, adding that the India business should benefit from a continued demand recovery in CVs and production ramp-up in PVs.

■ Tata Motors expects significant improvement in volumes, profitability in coming quarters

■ ICICI Securities maintains a 'buy' while Motilal Oswal says India business should benefit from a continued recovery

VISA ISSUES HIT VISITS TO US, EUROPE

Tourists opting for short-haul trips

VARUN SINGH
New Delhi, July 28

AS PROCURING VISAS for European countries, which have traditionally been popular among Indian travellers, is taking relatively longer, tourists are flocking to short-haul destinations, including Southeast Asian nations. The visa challenge is two-pronged — obtaining appointment slots and extended processing time.

For instance, getting an appointment slot for Germany is taking 10 to 11 weeks, while the processing time for a visa is as high as 15 working days. For France, the situation is similar. For the UK, though, travellers can secure a slot within four weeks and the visa processing time is about 8-10 weeks.

During pre-Covid times, a UK visa would take 15 working days to get processed and even less for a well-travelled individual. For countries like Germany, France and Switzerland, the duration would be four days.

> Given European visa challenges, customers are opting for easy visa destinations (no visa/e-visa/on arrival). Not surprising then that we are witnessing a considerable demand shift to Southeast Asia
>
> **RAJEEV KALE,** president & country head, holidays, MICE, visa – Thomas Cook (India)

"Given European visa challenges, customers are opting for easy visa destinations (no visa/e-visa/on arrival). Not surprising then that we are witnessing a considerable demand shift to Southeast Asia," Rajeev Kale - president and country head, holidays, MICE, visa - Thomas Cook (India), said.

The company has seen an uptick of 25-30% in demand for Singapore, Thailand, Indonesia and Malaysia. Kale said Australia is also seeing robust demand of 15-20% from both leisure and MICE (meetings, incentives, conferences and exhibitions) segments.

"Currently, we are witnessing definitive rise for our closer to home and easy visa destinations like Thailand, Singapore, Indonesia and the UAE, and also island destinations like Maldives and Mauritius - with demand up by 30-35% month-on-month," Daniel D'Souza - president and country head, holidays - SOTC Travel, said.

Yatra.com hotels and holidays senior vice-president Aditya Gupta said the falling value of the rupee has impacted the travel plans of Indian tourists.

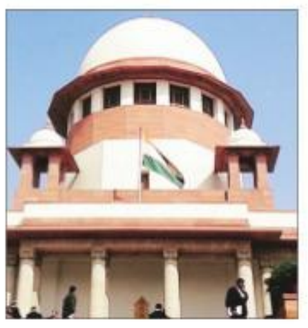

SC seeks response on HZL's Sindesar Khurd lease plea

INDU BHAN
New Delhi, July 28

THE SUPREME COURT on Thursday sought response from the Union mines ministry and the Rajasthan mining department on an appeal by Hindustan Zinc seeking to continue mining of deep seated minerals like lead, zinc and silver in the Sindesar Khurd mining lease area of the state.

A bench, led by Chief Justice N V Ramana, while seeking response from the Central government and the state mining authorities asked the parties to maintain status quo with regard to the mining in the Sindesar Khurd mining lease area.

HZL has moved the Supreme Court against the Rajasthan high court's September order that dismissed its application for amending its plea pursuant to deletion of Section 10C, which was introduced first time in the 2015 Amendment Act, to specifically cater to the mining of deep seated minerals by providing for the granting license-cum-mining lease or a mining lease.

Prior to 2015, the Mines and Minerals (Development and Regulation) Act, 1957 did not specifically cater to the existence and exploration of deep seated minerals and such miners incurred significant losses due to no return on the funds invested in exploration of the ore body, senior counsel CA Sundaram argued.

The Act, at present, once again does not contain any provision with regard to the deep seated minerals.

The HC had deprived HZL of its right to challenge the constitutionality and validity of the Amendments of 2021 (which has a direct bearing on its rights) and despite its writ petition continuing to be pending in the HC, the division bench of the HC had vacated the interim arrangement that allowed HZL to continue mining operations in the existing Sindesar Khurd mining lease area.
