Next-gen GST to open up economy, says Sitharaman

FM says asset quality of banks has improved a lot

FE BUREAU & PTI Chennai, September 2

THE NEXT GENERATION GST reforms would "absolutely" set the economy open and transparent with a further reduction in compliance burden, particularly benefiting small businesses, finance minister Nirmala Sitharaman said on Tuesday.

Speaking at the 120th Foundation Day celebrations of City Union Bank (CUB), where President Droupadi Murmu was the chief guest, Sitharaman said Prime Minister Narendra Modi recently announced a task force for next-generation reforms with a clearer mandate to simplify regulations, lower compliance costs, and build a more enabling ecosystem for startups, MSMEs and entrepreneurs.

"Complementing this, the planned rollout of the next generation GST reforms with the planned Council meeting tomorrow and the day after, will set an economy absolutely open and transparent in the coming months and with further reduction in compliance burden, making it easier for small businesses to thrive," she said.

President Droupadi Murmu and finance minister Nirmala Sitharaman during the 120th foundation day celebrations of City Union Bank, in Chennai on Tuesday

She said that if India is to advance towards its vision of Viksit Bharat 2047, banks are called upon not only to expand credit but also to provide momentum for infrastructure development, ensure timely and need-based funding for MSMEs, bring the unbanked into formal banking and meet diverse financial requirements. "The guiding principles for this transformation must be trust, technology and transparency," she noted.

The finance minister highlighted the progress in financial inclusion, with 560 million Jan Dhan accounts opened over the past 11 years and deposits of ₹2.68 lakh crore, the majority held by women. Citing an

IIM-Bengaluru study, she said Jan Dhan accounts had safeguarded savings and proved critical during COVID-19. "Bank account is not just a passbook. It is a passport to opportunities enabling access to credit, savings, insurance and dignity," she added.

Turning to the banking sector, Sitharaman said scheduled commercial banks (SCBs) have reported massive improvement in asset quality. "Gross non-performing assets of the scheduled commercial banks have come down to 2.3% as of March 31, 2025 while net NPAs were at 0.5%. I would think, at a time which is so challenging as this, our banks to achieve this is phenomenal," she said. Stress tests

show SCBs' aggregate capital levels will remain above the regulatory minimum even under adverse scenarios. Strong, wellcapitalised banks with nearrecord-low NPAs mean "cheaper, steadier credit for households, MSMEs and infrastructure, lower systemic risks and also sustained confidence in India's financial system." Sitharaman described pri-

vate sector banks as "indispensable" to nation-building and urged them to expand credit, support infrastructure, and provide timely funding for SMEs. Murmu, in her remarks, said banks can play a vital role in

transforming MSMEs into engines of growth. "Payments banks, digital wallets, and banking correspondents have taken financial services to the doorsteps of people residing in remote villages," she said.

CUB's MD & CEO N Kamakodi said the bank, with strong swadeshi roots, has completed 120 years of service with a consistent record of profitability and dividend declarations.

Praising its MSME focus, Sitharaman noted that 41% of its advances are to MSMEs, 17% to agriculture, and 3% to retail and wholesale trade, reflecting the principle that finance must support grassroots growth.

Chief Economic Advisor V Anantha Nageswaran is guest at Adda today

EXPRESS NEWS SERVICE New Delhi, September 2

FROM THE LINGERING impact of a once-in-a-century pandemic to multiple geopolitical conflicts and now a fullblown global trade war, the last half-decade has been among the most disruptive periods in the history of world economy. As the Chief Economic Advisor (CEA) to the government, V Anantha Nageswaran has had his work cut out in helping guide the economy through these turbulent times.

Appointed as the government's top economist less than a month before Russia invaded

Chief Economic Advisor V Anantha Nageswaran is guest at Adda today

Ukraine in February 2022 and given a two-year extension earlier this year, Nageswaran will be the guest at the Express Adda in Mumbai on Wednesday. He will be in conversation with P Vaidyanathan Iyer, Managing Editor, The Indian Express.

During Nageswaran's time as the CEA, the Indian economy has not only charted a recovery from the difficult pandemic years of 2020-2021, but gone on to record high growth rates, with the 7.8 per cent expansion of the Gross Domestic Product (GDP) during the first quarter

of the current fiscal consolidating India's position as the world's fastest growing large economy. Headline retail inflation has also fallen to the lowest in eight years.

Noting the performance of the Indian economy, S&P Global Ratings upgraded its sovereign credit rating on India to 'BBB' last month, 18 years after the last such move by the global ratings giant. However, the country is not out of the woods, with the US administration's cumulative 50 per cent tariff on

Economic Survey for 2024 25. tabled in Parliament on January 31, Nageswaran had highlighted the importance of deregulation, noting its significance for India as it looks to further industrialise. At the same time, he had called for a "tripartite compact" between the government, the private sector, and academia to ensure the gains from AI-driven productivity gains are widely distributed Inclusive growth, both from the perspective of labour and energy transition, have also been his key areas of focus.

Prior to his appointment as the CEA, Nageswaran also served as a part-time member of the Economic Advisory Council to the Prime Minister for two years starting October 2019. Earlier, he worked with leading investment banks, including UBS and Julius Baer, and also taught in India and Singapore.

PSBs overtake private peers in home loan market

PUBLIC SECTOR BANKS grew their home loan market share significantly in the April-June quarter despite witnessing higher incidence of stress, a credit information company said on Tuesday.

Share of public sector banks (PSBs) in the overall home loan outstanding grew to 46.2% in June 2025, from 37.6% in the year-ago period, the report by Crif High Mark said.

Private sector banks' share has reduced to 28.2% from 35.2% during the same period, the report said.

Over the last few months, major private sector lenders have complained about lack of sanity in the home loan market, calling the rate offerings as "irrational". Home loans are the largest component of retail lending because of the high ticket sizes and the strong securities of homes make them relatively lower stressed ones.

The report said PSBs' delinquencies on home loans are the highest, with 2.85% of the outstanding amounts not paid for between 31-90 days. As against this, only 1.04%

of the loans were unpaid for private sector lenders. The lower delinquency

rates at private sector banks indicate "robust underwriting and early risk detection," the report said.

India weighs easier approval route for Chinese FDI inflows

MUKESH JAGOTA New Delhi, September 2

MINISTER COMMERCE

PIYUSH Goyal on Tuesday hinted at an easing of the approval mechanism for foreign direct investment (FDI) proposals from China. The relations with China

are getting back to normal as the border issues move towards a resolution, he said here. Responding to a question whether the government might relax FDI conditions for countries sharing land borders with India as relations with China are reset, he said, "As the border issue gets resolved, I think the situation getting back to normal is a very natural consequence." "We had a problem in

Gawlan due to which we had a blip in the relationship," Goyal said. He, however, did not comment on whether the provisions of Press Note 3 will be eased for faster clearance of Chinese FDI proposals. Under the Press Note 3, a committee of officials decides on all FDI applications from neighbours.

Press Note 3 came in April 2020. In June 2020, the border clash between Indian and Chinese troops in Gawlan led to further chill in India-China ties. Apart from greater scrutiny of FDI, India banned many popular Chinese mobile apps.
