Management Comment

Commenting on this,

Mr Ajay Virmani,

Managing Director, Lords Chloro Alkali Ltd, said:

"We are pleased to commence FY27 on a strong note with another quarter of healthy operational and financial performance. During the quarter, our business benefited from improved realizations in caustic soda lye, steady demand across our key end-user industries, and continued focus on operational efficiencies, resulting in healthy growth in profitability. We are particularly pleased to report our highest-ever quarterly Total Income, EBITDA and Profit After Tax, reflecting the strength of our operating platform and disciplined execution. Our performance during the quarter reflects the benefits of disciplined execution, higher caustic soda production, improved product realizations, and prudent cost management. While revenue registered steady growth, enhanced operating efficiencies and effective management of operating expenses enabled us to deliver a robust improvement in earnings. We remain committed to optimising plant performance and strengthening operational reliability to drive sustainable productivity across our manufacturing operations. Looking ahead, we remain optimistic about the demand outlook for the chloro-alkali industry, supported by healthy industrial activity and favourable market dynamics. We will continue to focus on operational excellence, timely execution of our ongoing growth initiatives, disciplined capital allocation, and downstream value addition to further strengthen our competitive position and create sustainable long-term value for all our stakeholders."

Commenting on this,

Mr. Madhav Dhir,

Executive Director, Lords Chloro Alkali Ltd. said:

"The first quarter of FY27 reflects the strength of our operating platform and our continued focus on disciplined execution. During the quarter, we delivered our highest-ever quarterly Total Income, EBITDA and Profit After Tax, supported by improved realizations in our key products, higher caustic soda production and sustained emphasis on operational efficiency across our manufacturing facilities. Our priority continues to be enhancing plant productivity, improving process efficiencies and maintaining stringent cost discipline across all areas of the business. The improvement in our operating performance during the quarter demonstrates the effectiveness of these initiatives and reinforces our ability to deliver consistent and sustainable earnings growth.We are also making steady progress on our ongoing expansion initiatives, with a clear focus on timely execution while maintaining financial discipline. As we continue to strengthen our manufacturing capabilities and operational infrastructure, we remain well positioned to capitalise on emerging growth opportunities and enhance value for our customers and stakeholders. Going forward, we will continue to focus on operational excellence, efficient capacity utilisation, execution of our expansion projects, and continuous improvement in manufacturing efficiencies to build a stronger, more resilient and competitive business."
