# **L&T Wins Rs. 1,449 Crore Order from DB Power**

**Mumbai, October 19, 2010:** Larsen & Toubro (L&T) has bagged an order valued at Rs. 1449 crore from DB Power Limited, promoted by the Bhaskar Group. L&T will execute complete Balance of Plant (BOP) package for DB Power's 2x600 MW thermal power plant at Baradarha in the Janjgir-Champa district of Chhattisgarh. The entire plant will be commissioned within 31 months. The project was won following international competitive bidding, involving several domestic BOP bidders.

L&T will design, engineer, supply, erect and commission the BOP equipment & systems on an EPC basis, as well as associated services. The scope of work includes BTG & BOP civil, structural and architectural works; coal and ash handling plants, chimney, natural draft cooling towers, switchyard and BOP electrical, etc. L&T is a leading supplier of several of these packages which are engineered and manufactured in-house.

L&T's well established strengths in design, engineering, project execution and construction, quality and safety standards and on-time delivery are vital contributors to its success in the Power industry.

L&T is currently executing similar subcritical BOP contracts and several large supercritical EPC/BTG projects, as part of offerings for integrated EPC solutions. L&T has established joint ventures with Mitsubishi Heavy Engineering for the manufacture of supercritical boilers and turbines. In the supercritical segment, L&T has also set up manufacturing capabilities in Hazira for several crucial equipment and components including high pressure piping, coal pulverizers, ESPs and heavy forgings.

## **L&T's Capability Spectrum**

L&T is a USD 9.8 billion technology, engineering and construction group, with global operations. It is one of the largest and most respected companies in India's private sector.

A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.
