L&T Construction Wins Water Project Orders Valued ₹ 1141 Crs

Mumbai, September 02, 2013: The **Water & Renewable Energy Business** of L&T Construction, a leading player in the water infrastructure and renewable energy sectors in India, has secured new orders worth **₹ 1141 Crores** in August'13 in various business segments.

The **Water Supply & Distribution Business**, secured an order from the Public Health Engineering Department, Rajasthan for an integrated drinking water supply project linking towns and villages in Rajasthan. The scope includes supply and laying of transmission pipelines, construction of clear water reservoirs and pumping stations.

Another turnkey order was received from the Public Health Engineering Department, West Bengal for the design, construction and commissioning of a 52 MGD water treatment plant.

The Company also strengthened its position in Tamil Nadu by securing a water supply project for Cuddalore Municipality from the Tamil Nadu Water Supply & Drainage Board.

In the **Waste Water Business**, orders have been secured from Delhi Jal Board for the supply and laying of internal and peripheral sewer lines in various parts of Delhi.

The **Industrial Water Systems Business** has received a turnkey EPC order from an infrastructure provider for constructing plant water systems for an upcoming project near Raichur, Karnataka.

The **Water & Renewable Energy Business** caters to turnkey infrastructure projects including water supply & distribution, desalination plants, waste water networks, water & waste water treatment plants, industrial water systems and lift irrigation systems. In the field of renewable energy, the Business provides best-in-class EPC services for projects on photovoltaic and concentrated solar power plants, wind power plants, micro-grid systems, smart-grid systems and integrated security solutions. The Business is playing an important role in creating a water-surplus, energy-secure and green future.

Background:

Larsen & Toubro is a **USD 14 billion** technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. It is ranked 4th in the global list of Green Companies in the industrial sector by reputed international magazine *Newsweek*, and ranked the world's 9th Most Innovative Company by *Forbes International*. L&T is one of the largest and most respected companies in India's private sector. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.
