- Four products each from the LATL Chakan and Pantnagar plants have received the GreenPro Ecolabel Certification.

Management Commentary: *Commenting on the performance,* ***Mr. Anmol Jain, Managing Director, Lumax Auto Technologies Limited*** *said,*

"We are pleased to commence FY27 on a strong note, despite a challenging operating environment with revenue growth of ***33% year-on-year*** *and faster profitability growth of* ***83% year-on-year*** *(Profit After Tax before Minority Interest) significantly outperforming industry growth. This performance was broad-based across product categories, driven by the continued scale-up of existing products and increasing penetration of our value-added product portfolio.*

The automotive industry has delivered a strong start to FY27, with production witnessing healthy growth of 22% yoy with all major vehicle segments reporting good traction. The ongoing premiumization of vehicles, rising adoption of advanced technologies, and increasing content per vehicle continue to create significant opportunities for auto component manufacturers, supporting both volume and value growth.

At Lumax, we remain focused on staying ahead of industry trends through continuous innovation and the development of technologically advanced products. We are committed to strengthening our wallet share with existing customers, expanding our presence across new vehicle platforms, adding new customers across geographies and further enhance our product portfolio. These strategic initiatives position us well to sustain our growth trajectory while creating long-term value for all our stakeholders."
