Fraudsters are much more advanced

The problem of ATM Frauds is global in nature and its ramifications have been felt in India as well. ATM Frauds in India are increasing at an alarming rate. If we add to it the cases of Credit Card Frauds, Internet Banking Frauds and frauds committed using Phishing techniques, the numbers are really shocking. With mobile phones being increasingly used for transactions, instances have been reported of fraudsters intercepting one-time passwords by obtaining duplicate SIM cards. The ATMs need to be highly secured as cardholders are ignorant about such tricks. ATM Frauds happen when someone leaves his/her credit card unattended in a vehicle or changing room or allows anyone else to use the card or loses the card that is misused by others or discloses the Personal Identifiable Number (PIN) to others, etc. Fraudsters are much more advanced. The Technology can also be used to minimize cases of ATM Frauds in India. The technological mechanisms like Designated time, Microchip technology, Biometric tokens, Enhanced security, ATM Monitoring, Customised software, Customer motivation, Alerts, etc can be used to minimize and prevent ATM frauds in India. It not only causes financial loss to banks but they also undermine customer confidence in the use of ATMs. It is one of the

most common types of fraud but there are some measures that people who own credit cards and debit cards can take to avoid theft of their identity. Criminals are scoring top marks for their devious ways. Statistically, card skimming is now the preferred method of ATM fraud, though it's not only limited to the ATM environment. Skimming was once solely limited to credit cards, but the reality is that it now also includes debit cards. The ATM fraud is not the sole problem of banks alone. It is a big threat and it requires a coordinated and cooperative action on the part of the bank, customers and the law enforcement machinery. Being a Bank employee I would like to point out that today, everyone is keeping a bank account with an ATM card. Many write the PIN in the space provided for signature, and this is an open invitation to thieves. The security of the password need not be overemphasized with increasing thefts and frauds on the Internet. It is high time to revoke the Cyber Law of India as soon as possible and enact Strong and Effective Laws in this regard. Till we have suitable and apt laws, we must apply existing laws in a purposeful and updating manner. There is thus a need to take precautionary and insurance measures that give greater "protection" to the ATMs, particularly those located in less secure areas.

All over India people will celebrate the Independence Day of India on 15th August. India will celebrate its 79th Independence Day to pay tribute and remember all the

freedom fighters who had contributed a lot and fought for the Independence of India. Everyone knows that our country got freedom from the 300 years of British Rule at the stroke of midnight as India moved towards August 15, 1947.

The midnight of August 15, 1947 one of the most memorable for every Indian on earth, as it is the time, when India gained independence from the stranglehold of the mighty British. The day is a celebration and to realize freedom. Thousands of our freedom fighters sacrificed their lives and millions of them struggled in order to drive away British rulers and constituted a system of democracy centered around us. How our nation has fared over the last 69 years is something we cannot change

but the future is in our hands. India's Independence Day is a day of great significance for the people of India. At this day India got freedom from the British rule after long years of slavery. This is a special day when we remember the great sacrifices of Bhagat Singh, Sukhdave, Raj Guru, Gandhiji and other dared freedom fighters for their unforgettable contribution in the independence of India.

Don't we forget the importance of this day soon after the evening? Aren't we attaching too much importance to our individual freedom rather than to the national independence? Why is there little sense of pride in the country about what our parents and grandparents managed to achieve against all odds? The awakening of masses by Gandhi and the

activities of Bose behind the scenes (of strengthening Indian National Army) which had intensified during 1940s were already a cause of concern for the British.

It was Lord Mountbatten who had personally decided the date of August 15 because he had considered that date to be "very lucky" for his career. During the World War II, it was on Aug 15, 1945 (Japan time zone) that the Japanese Army had surrendered before him (Lord Mountbatten) was the commander of the allied forces). In the midnight of 15 August 1947, India was proclaimed as independent country by the Pandit Jawahar Lal Nehru where he gave his speech over "Trust with destiny". He said during his speech that "Long years ago we made a tryst with

destiny, and now the time comes when we will redeem our pledge, not wholly or in full measure, but very substantially. At the stroke of the midnight hour, when the world sleeps, India will awake to life and freedom. A moment comes, which comes, but rarely in history, when we step out from the old to the new, when an age ends and when the soul of a nation, long suppressed, finds utterance. We end today a period of ill fortune, and India discovers herself again." Today our country is a well established democratic country all over the world. Gandhiji was great leader who taught us about effective way of freedom like ahimsa and satyagraha methods. Gandhi dreamed of an independent India with the non violence and peace. It was not so easy for the

India to get freedom from the Britishers however; various great people and freedom fighters of India made it a truth. Let us be grateful to those events responsible for the freedom in India. Indians were treated more badly than slaves by the Britishers just to fulfill their meaningless orders. Let us ensure that we exercise our rights and proudly participate in our democracy so that our nation heads in the right direction. The Celebration of Independence day is the same throughout the country and this is the day when we find whole country celebrating and rejoicing but the real celebration is to worship those patriots who shed their blood for achieving Freedom. Firing in Bopal, Ahmedabad, death of a stockbroker from Rajkot

Ahmedabad, A firing incident has created a stir in the Shivalki Row House near Kabir Enclave in Bopal area of Ahmedabad. Kalpesh Tadia, originally from Rajkot and living in Ahmedabad for the last 13 years, died after being shot in the leg. The incident, which took place at 8:45 pm on Tuesday night, was reported to Bopal police a quarter of an hour late, raising many doubts about the

root of the incident by connecting different links. Incident at Shivalki Row House in Bopal Kalpesh Tadia, originally from Rajkot and living in Ahmedabad for the last 13 years and involved in the business of sharebroking, lives with his daughter and mother in a rented house in Shivalki Row House near Kabir Enclave in Bopal. On Tuesday (August 5) at night, Kalpesh Tadia and his 14-year-old

daughter were present at their house. At that time, the father told his daughter that two people will come to meet him. If anyone comes, let me know. At night, two unknown people came to meet Kalpesh Tadia in a white car. The conversation between Kalpesh Tadia and the two people lasted for about an hour. After the incident, the daughter made a video call to inform her mother and showed her father's condition. The mother also immediately

and both of them got down. At this time, Kalpesh took something from the car and went back to his house. Within a few minutes, the sound of firing was heard and when the daughter who was giving a lecture downstairs went upstairs, her father was lying in a bloody state. So the daughter made a video call to inform her mother and showed her father's condition. The mother also immediately

rushed home. Kalpesh Tadia, who was in a bloody state, was immediately taken to Saraswati Hospital near Vakil Sahab Bridge. Where the doctor declared him dead. The incident that happened at 8:45 pm was reported to the police at 10 pm! The incident that happened at 8:45 pm in a constantly bustling area like Bopal was reported to the Bopal police at 10 pm after an hour and a quarter.

Black Box reports 28% YoY growth in PAT for Q1 FY26

Ahmedabad, Black Box Limited (BSE: 500463 | NSE: BBOX), a leading provider of digital infrastructure solutions, announced its unaudited financial results for the quarter ended June 30, 2025. The Company delivered a resilient performance with year-over-year improvement in both operating profit and net profitability, despite the ongoing global tariff uncertainty that impacted project execution timelines. Building on the strong operational foundation laid in FY25, when the Company completed its multi-year turnaround and achieved significant margin expansion,

Q1 FY26 reflected continued discipline in execution, robust profitability, and an expanding order book. Revenue for Q1 FY26 stood at 21,387 crore compared to 21,423 crore in Q1 FY25. The delay in equipment procurement by certain clients, because of the prevailing tariff environment, resulted in deference of the service execution and revenue recognition. EBITDA for the quarter was 7116 crore, representing a 1% year-on-year growth. EBITDA margins improved by 30 basis points to 8.4% in Q1 FY26 year-on-year, despite lower fixed cost turnaround and impact of decrease in revenues.
