**Mumbai, Naples, Berlin, October 13, 2025:** Global pharma major Lupin Limited (Lupin) will present data from its Phase 1a clinical trial evaluating LNP3693, a STING agonist, at the ESMO Congress in Berlin, Germany, from October 17 to October 21, 2025. The presentation, titled "**A phase 1 dose escalation study of LNP3693 (STING agonist) in patients with advanced or metastatic solid tumors & lymphoma,**" will be featured in the **Investigational Immunotherapy** session (**Presentation Number 1553P**).
