Lupin Receives EIR from US FDA for its Injectable Facility in Nagpur

Mumbai, April 17, 2025: Global pharma major Lupin Limited (Lupin) today announced that it has received the Establishment Inspection Report (EIR) from the United States Food and Drug Administration (US FDA), for drug-medical device combination products at its injectable facility in Nagpur, India. The EIR was issued following an inspection of the facility conducted from June 10 to June 13, 2024.

Nilesh Gupta, Managing Director, Lupin said, "We are very pleased to have received the EIR from the US FDA for drug-device combination products at our Nagpur injectable facility. We remain committed to producing complex generic and essential products that address unmet needs."

About Lupin

Lupin Limited is a global pharmaceutical leader headquartered in Mumbai, India, with products distributed in over 100 markets. Lupin specializes in pharmaceutical products, including branded and generic formulations, complex generics, biotechnology products, and active pharmaceutical ingredients. Trusted by healthcare professionals and consumers globally, the company enjoys a strong position in India and the U.S. across multiple therapy areas, including respiratory, cardiovascular, anti-diabetic, anti-infective, gastrointestinal, central nervous system, and women's health. Lupin has 15 state-of-the-art manufacturing sites and 7 research centers globally, along with a dedicated workforce of over 23,000 professionals. Lupin is committed to improving patient health outcomes through its subsidiaries - Lupin Diagnostics, Lupin Digital Health, and Lupin Manufacturing Solutions.
