Subject: Clarification regarding typographical error in the Secretarial Audit Report forming part of the Annual Report for FY 2025-26

Ref: Madhusudan Masala Limited |SYMBOL: MADHUSUDAN | ISIN: INE0P6701019

Respected Sir/ Madam,

This is with reference to the Annual Report of our company Madhusudan Masala Limited for the Financial Year 2025-26 submitted to the Stock Exchange on September 08, 2026.

The Company wishes to bring to the notice of the Stock Exchange that, upon review of the Annual Report, an inadvertent typographical/clerical error has been noticed in Observation No. 3 of the Secretarial Audit Report (Form MR-3) appearing on Page No. 65 of the Annual Report.

In the said Observation No. 3, the amount of CSR contribution made by the Company has inadvertently been mentioned as ₹2,39,500 (Rupees Two Lakh Thirty-Nine Thousand Five Hundred only) instead of the correct amount of ₹39,500 (Rupees Thirty-Nine Thousand Five Hundred only).

Accordingly, the relevant portion of Observation No. 3 of the Secretarial Audit Report shall be read as under:

"The Company has contributed an amount of ₹39,500 towards CSR activities to certain organizations which did not have valid CSR-1 registration/CSR Registration Number as required under Rule 4(2) of the Companies (CSR Policy) Rules, 2014."

The aforesaid observation of the Secretarial Auditor, including the amount of CSR contribution, has also been reproduced/referred to in the Board's Report appearing on Page No. 51 of the Annual Report. Accordingly, the amount of ₹2,39,500 appearing in the corresponding reference in the Board's Report shall also be read as ₹39,500 (Rupees Thirty-Nine Thousand Five Hundred only).

Accordingly, wherever the aforesaid observation is reproduced or referred to in the Annual Report, including in the Secretarial Audit Report (Form MR-3) on Page No. 65 and the corresponding reference in the Board's Report on Page No. 51, the amount of ₹2,39,500 shall be read as ₹39,500.

For the avoidance of doubt, the actual amount of CSR contribution made by the Company in relation to the aforesaid observation was ₹39,500, and the reference to ₹2,39,500 was solely due to an inadvertent typographical/clerical error.

The aforesaid correction is limited to the amount stated in the relevant observation/reference, and there is no change in the substance of the observation or the underlying facts. All other contents, disclosures, statements and financial information contained in the Annual Report for FY 2025-26 remain unchanged.

The Company is submitting the corrected relevant pages of the Annual Report, incorporating the aforesaid correction in the Secretarial Audit Report and the corresponding reference in the Board's Report, to the Stock Exchange and shall also make the same available on the website of the Company at: <https://madhusudanmasala.com/investors/financials-result-and-reports.html>.

Kindly take the above information on record.

Thanking you

Yours faithfully

For, **Madhusudan Masala Limited**

■ CORPORATE OVERVIEW MADHUSUDAN AT A GLANCE

An established heritage brand transformed into an integrated FMCG platform.

Founded in 1977 and listed on the EMERGE platform of the National Stock Exchange in September 2023, Madhusudan Masala Limited manufactures, processes and markets spices and allied grocery products from Jamnagar, Gujarat, through four brands and a wholly owned subsidiary at Metoda, Rajkot.

What we make

The Company manufactures and markets more than thirty-two varieties of spices under four brands — Double Hathi, Maharaja, Mantavya and 77 Green. The range extends across ground spices, whole spices, blended recipe masalas, tea and a group of allied grocery products including rajgira flour, papad, soya products, asafoetida, achar masala, sanchar, sindhalu and kasuri methi.

Where we operate

Manufacturing and processing operations are located at Hapa Road, Jamnagar. The Company's wholly owned subsidiary, Vitagreen Products Private Limited, operates from GIDC Lodhika, Metoda, Rajkot. A third facility at Sanosara, on the Rajkot-Jamnagar highway, is under construction and will replace the Metoda unit, taking planned installed capacity to 12,000 MT on commissioning.

CORPORATE OVERVIEW CHAIRMAN AND MANAGING DIRECTOR'S STATEMENT

“Seventy per cent of what we now sell carries our own name on it. Five years ago most of it did not.”

Rishit Kotecha

Chairman cum Managing Director · DIN 00062148

Dear Shareholders,

Your Company completed its fifth financial year since incorporation and its third year as a listed entity, alongside forty-nine years of blending spices in Jamnagar. The business was converted from a partnership firm into a company in 2021 and listed on the EMERGE platform of the National Stock Exchange on 27 September 2023.

Consolidated revenue grew 26.32% to ₹291.71 crore and consolidated profit after tax grew 23.16% to ₹18.50 crore. On a standalone basis, profit after tax grew 38.54%.

Those numbers matter less to me than what sits behind them. Branded sales reached ₹203.88 crore — 69.9% of what we sold, against 62.7% a year earlier. Ground spices grew 64.4%. Other grocery grew 77.4%. The commodity half of the business, where we compete on price and earn little, shrank slightly. That is the transition we said we would make, and it is happening faster than we projected.

What the numbers do not show

I want to be direct about the part of our performance that still needs work. Operating cash flow remained negative during the year, notwithstanding the improvement in reported profit. The position improved very substantially against the preceding year, but it improved from a large deficit to a small one, and I would rather describe it that way than call it a turnaround.

The reason is working capital. Spices are bought at harvest and sold through the year, so inventory must be funded ahead of revenue. Extending distribution into newer markets lengthens the receivables cycle before it shortens it. Neither is a failure of execution — both are what growth in this business costs. But they are why our borrowings rose in absolute terms during the year, and converting profit into cash is the operating priority I have set for the year ahead.

THE YEAR IN FIGURES

CONSOLIDATED REVENUE ₹291.71 cr	REVENUE GROWTH +26.3%	EBITDA ₹33.02 cr	PROFIT AFTER TAX ₹18.50 cr
PAT GROWTH +23.2%	BRANDED MIX 69.9%	GROUND SPICE GROWTH +64.4%	EARNINGS PER SHARE ₹12.78

■ CORPORATE OVERVIEW CHAIRMAN AND MANAGING DIRECTOR'S STATEMENT — CONTINUED

“Spices in India are consumed everywhere and standardised nowhere. We have treated that variation as the basis of our business.”

Why regional taste is our strategy

What a kitchen expects from chilli or turmeric changes between states and between communities within them. A single national formulation satisfies none of those markets well. We have treated that variation as the basis of our business rather than an obstacle to scale.

Chilli, turmeric and coriander account for all of our branded ground spice revenue, and we manufacture the same three commodities to different specifications for

different regions — more than thirteen varieties of chilli powder alone. It is why a regional manufacturer can hold its own against national brands in its own markets, and it is not something a competitor can replicate quickly.

Alongside that sits our smallest and most valuable category. Blended spices grew 50.8% during the year. Unlike ground spices they travel, because the recipe rather than regional preference carries the proposition, and they earn materially more. Building that category is where the new facility comes in.

Blended spices grew 50.8% during the year. Unlike ground spices they travel, because the recipe rather than regional preference carries the proposition.

Capacity

Both our units ran at full capacity through the year — 99% at Jamnagar and 100% at Metoda. We are currently outsourcing part of our grocery and blended spice manufacture because we have nowhere to make it. We are building a greenfield facility at Sanosara on the Rajkot–Jamnagar highway, in two phases.

Phase 1 adds 6,000 MT of annual capacity, taking planned installed capacity to 12,600 MT against 6,600 MT today, and brings the outsourced production back in-house. Construction was underway through the year and production is expected from September 2026.

Governance and people

Our statutory auditors have issued unmodified opinions on both the standalone and the consolidated financial statements, with no key audit matters reported. The Board has noted the observations raised by the Secretarial Auditor during the year and management has responded to each; we have strengthened our monitoring of disclosure timelines accordingly.

During the year we implemented an employee stock option scheme and granted 66,800 options, extending an ownership interest to the people who build this company.

My thanks to our shareholders, our bankers, our distributors and retailers, and to every colleague at Jamnagar and Metoda.

■ CORPORATE OVERVIEW WHOLE-TIME DIRECTOR'S MESSAGE

“Running at capacity is a good problem, but it is still a problem.”

Hiren Vijaykumar Kotecha

Whole-time Director · DIN 02519243

Dear Shareholders,

My responsibility at Madhusudan Masala Limited covers procurement, production and sales. Those three functions are where the branded transition either happens or does not, and I want to set out plainly what changed in each of them during the year.

Procurement

Spices are an agricultural commodity, and the single largest decision we take each year is when to buy. We procure a substantial share of our annual requirement during the harvest season, when quality is at its best and price at its lowest, and hold it through the year in our own cold storage. That facility, 4,029 MT and commissioned for captive use in 2024, removed our dependence on rented storage and gave us control over both the cost and the condition of raw material.

It is also the reason our inventory is high and our operating cash flow negative. Buying at harvest funds a full year of production ahead of the revenue it generates. That is a deliberate choice, not a lapse, and it is what allows us to hold specification consistently across a year in which raw material prices move.

Production

Both units ran at or close to full capacity through the year — 99% at Jamnagar and 100% at Metoda. We modernised spice processing at Jamnagar with continuous rotary drying, drum cooling, pneumatic conveying and centralised electrical control, and strengthened the in-house testing laboratory.

Running at capacity is a good problem, but it is still a problem. We are outsourcing part of our grocery and blended spice manufacture because we have nowhere to make it. The greenfield facility at Sanosara adds 6,000 MT in its first phase and brings that production back in-house.

Sales and distribution

During the year we added more than 21,000 retail grocery stores, over 770 wholesalers, more than 120 distributors and between ten and fifteen super stockists, and entered two new states. Our branded footprint now covers fifteen states, with a dedicated field team of 101 people.

What converts new distribution is assortment. With more than 500 stock-keeping units across four brands, a distributor can consolidate a wide range with a single supplier — a structural advantage over regional commodity players who carry a narrow range without formal quality specification. My thanks to our procurement, production and sales teams at Jamnagar and Metoda.

■ CORPORATE OVERVIEW VISION AND MISSION

A regional manufacturer building a national brand, one taste at a time.

VISION

To be a pioneering force in India's vibrant spices industry, leveraging our legacy of quality, purity and innovation to become a household name. By 2030, we envision achieving a 1% market share, symbolising our commitment to excellence and customer satisfaction. We aspire to lead the industry in setting new benchmarks for quality, sustainability and customer delight, while fostering a culture of continuous improvement, innovation and social responsibility.

MISSION

To craft a legacy of trust and excellence, our mission is to deliver unparalleled quality, purity and freshness in every spice that bears our name. We are dedicated to innovating and improving continuously, ensuring our products meet the evolving needs of our customers. By expanding our reach, strengthening our distribution network and deepening our relationships with stakeholders, we aim to make Madhusudan Masala Limited a preferred choice for millions.

Spices in India are consumed everywhere and standardised nowhere. We have treated that variation as the basis of our business rather than an obstacle to scale.

How the vision translates into operating choices

Region before scale

The same three commodities are manufactured to different specifications for different regions, rather than one national formulation sold everywhere.

Branded before volume

Revenue is being moved deliberately from commodity trading, which earns little, into packed branded goods that carry a quality claim and a premium.

Capacity before demand

Both units ran at capacity through the year. The greenfield facility at Sanosara adds headroom ahead of the distribution expansion rather than behind it.

■ CORPORATE OVERVIEW OUR JOURNEY

Forty-nine years from a single brand in Jamnagar's grain market to a listed manufacturer.

1977	Birth of the "Double Hathi" brand.	2016	Obtained FSSAI certification.
1980	Acquired own premises in the Grain Market Area of Jamnagar for selling ready spices under the Double Hathi brand.	2018	Established a multi-commodity cold storage facility on lease for storing raw spices.
1981	Established the first small spice manufacturing unit in the Industrial Area at Hapa, near Jamnagar.	2021	Converted the partnership firm into a company under the name Madhusudan Masala Private Limited.
1982	Formed M/s Madhusudan & Co., a partnership firm. Registered the Double Hathi trademark and obtained AGMARK certification.	2023	Converted into a public limited company and listed on the EMERGE platform of the National Stock Exchange on 27 September 2023.
1996	Began selling spices in polypacks, in sizes from 50 g to 1 kg.	2024	Established an owned cold storage facility of 4,029 MT for captive use. Acquired a 100% equity stake in Vitagreen Products Private Limited.
2000	Received AGMARK certification under the Agricultural Produce (Grading and Marketing) Act, 1937.	2025	Implemented the Madhusudan Employee Stock Option Scheme 2025, approved by members on 26 April 2025.
2003	Launched the Maharaja brand for ground spices in the economy price segment for rural markets.	2026	Modernised spice processing at Jamnagar with continuous drying, cooling and automated conveying systems, and strengthened the in-house food testing laboratory.
2015	Established a state-of-the-art manufacturing plant on one lakh square feet at the Industrial Area, Hapa.		

Four phases of the business

1977 to 2000 — Building a local brand

From a single brand sold in Jamnagar's grain market to a registered trademark, an AGMARK certification and a first manufacturing unit at Hapa. The business established itself in Saurashtra on quality and consistency rather than price.

2003 to 2015 — Multi-brand and scale

The Maharaja brand extended the portfolio into the economy segment for rural markets, and a state-of-the-art plant on one lakh square feet at Hapa gave the business the capacity to serve beyond its home district.

2016 to 2023 — Formalisation and listing

FSSAI certification, cold storage capability, conversion from a partnership firm into a company in 2021, and listing on the EMERGE platform of the National Stock Exchange on 27 September 2023.

2024 to 2026 — Integration and branded shift

Acquisition of Vitagreen Products Private Limited, owned cold storage of 4,029 MT, an employee stock option scheme, plant modernisation at Jamnagar, and branded sales reaching 69.9% of consolidated revenue.

■ CORPORATE OVERVIEW HOW WE CREATE VALUE

Crop to counter: an integrated chain from harvest procurement to branded shelf.

Spice consumption in India is universal but never uniform. The Company treats that variation as the basis of its business rather than an obstacle to scale, and controls the chain from seasonal procurement through to the retail shelf.

WHAT WE DRAW ON

Forty-nine years of regional blending formulations. Procurement across multiple spice-growing belts. Processing and cold storage capability at Jamnagar. An in-house testing laboratory. Four brands across price tiers. A multi-tier distribution network.

WHAT WE DO

Buy crop at harvest, when quality and price are best. Hold and condition raw material through the year. Mill and blend to regionally specific formulations. Test at intake and before despatch. Pack for consumer, bulk and institutional channels. Distribute through stockists, distributors and retail.

WHAT IT PRODUCES

Consolidated revenue of ₹291.71 crore and profit after tax of ₹18.50 crore. Operating margin expansion ahead of revenue growth. Spices matched to regional taste rather than averaged across markets. Employment and community investment in Jamnagar.

■ CORPORATE OVERVIEW DISTRIBUTION REACH AND OPERATING PRIORITIES

Extending reach across five channels and fifteen states.

The Company reaches retail through a multi-tier structure: super stockists appointed region by region, each supporting ten to fifteen distributors, with each distributor serving forty to fifty retailers.

Distribution reach

CHANNEL	ADDED DURING FY 2025-26	POSITION AT FY 2024-25	POSITION AT FY 2025-26

Additions during FY 2025-26 as disclosed at the Q4 and FY 2025-26 earnings call held on 27 May 2026. Opening and closing counts for retail grocery stores, wholesalers, distributors and super stockists have not been stated by the Company and are shown as not available.

Our operating priorities

Convert profit to cash

Shorten the receivables cycle and manage the seasonal inventory build so that reported profitability reaches operating cash flow.

Deepen before widening

Increase throughput in markets already served before extending the distribution footprint into new ones.

Shift the mix

Continue moving revenue from bulk and semi-branded supply toward packaged consumer brands, where margin sits.

One lakh square feet equipped with modern machinery and automation. Owned cold storage of 4,029 MT for captive use, removing dependence on rented storage. Located near the APMC in Jamnagar for direct access to raw material. Modernised during FY 2025-26 with continuous rotary drying, drum cooling, pneumatic conveying and centralised electrical control.

Unit 2 — Vitagreen Products Private Limited

GIDC Lodhika, Metoda, Rajkot, Gujarat

50,000 square feet including administration office and plant building, with storage, warehousing, in-house research and a modern laboratory. Grinding, pulverising and flour mixing machines with automatic and semi-automatic packing lines. Wholly owned subsidiary since July 2024.

Manufacturing process

1

Drying

Spices such as red chillies are laid out in a single layer on concrete patios or wire mesh trays to dry in the sun, and brought inside at night to avoid moisture buildup.

2

Cleaning

Raw spices are cleaned of impurities, dirt and contaminants using methods such as air jets, vibratory sieves or manual sorting.

3

Grinding

Spice particles are finely ground using machines such as hammer mills, pin mills or ball mills.

4

Blending

Ground spices are blended in precise proportions to create the regional formulations and recipe masalas the Company sells.

5

Sieving

Spice particles are separated by size using sieves or vibrating screens to ensure uniformity of grind.

6

Packing

Automated filling and packaging into consumer, bulk and institutional formats ready for distribution.

Capacity and utilisation figures as disclosed at the Q4 and FY 2025-26 earnings call held on 27 May 2026. Process descriptions as set out in the Company's Q4 and FY 2025-26 investor presentation.

■ CORPORATE OVERVIEW BUILDING CAPACITY · SANOSARA

Engineering scale: a greenfield platform at Sanosara, in two phases.

Structural steel frame at Sanosara, April 2026.

What Sanosara enables

In-house manufacture of blended spices and instant mixes currently outsourced. Capacity headroom ahead of distribution expansion. A dedicated site for the highest-margin categories in the portfolio.

Why the expansion matters

Both existing units ran at or close to full capacity — 99% at Jamnagar and 100% at Metoda in the fourth quarter. Consolidated volume for the year was 24,604 MT, of which branded products accounted for 16,197 MT, against combined in-house installed capacity of 6,600 MT. The balance is met through third-party manufacture and traded goods.

Sanosara is a two-phase greenfield project. Phase 1 adds 6,000 MT of annual capacity across 2,00,000 sq ft, built on a turnkey basis with an experienced technical partner. Construction was underway through the year; production is expected to commence from September 2026.

Dedicated to value-added categories

The facility is planned around blended spices and instant mixes rather than ground spice volume, matching capacity to where margin sits.

Removes outsourcing

Grocery and blended spice manufacture currently placed with third-party vendors returns in-house, with direct control of specification.

Built to global standards

Cleaning, cold-air processing and cryogenic grinding, designed to meet stringent food-safety norms for spices and related products.

CORPORATE OVERVIEW BRAND PORTFOLIO

Four brands, one manufacturing base, one distribution network.

Positioned across price tiers and regional preferences, with more than 500 stock-keeping units between them. A distributor can consolidate a wide assortment with a single supplier — the principal reason new distribution converts.

Growth by category

Branded revenue by category, ₹ in lakh

What moved the mix

Ground spices grew fastest in absolute terms, adding ₹35.16 crore. Other grocery grew fastest in percentage terms at 77.4%, as the Company moved staples from loose sale into packed formats. Non-branded whole spices declined 10.1%, and that contraction is deliberate — it is the commodity half of the business, where margin is thin and competition is on price alone.

■ CORPORATE OVERVIEW CHILLI, TURMERIC AND CORIANDER

Mastering regional palates: chilli, turmeric and coriander.

Ground spices are the Company's growth engine, and three commodities account for all of it. The strategy is not one national formulation but region-specific taste blends of the same three powders.

Why region-specific blends

What a kitchen expects from chilli powder changes between states and between communities within them — in pungency, in colour, and in grind. A single national formulation satisfies none of those markets well. The Company therefore manufactures the same three commodities to different specifications for different regions, and it is this that allows a regional manufacturer to hold its own against national brands in its own markets.

Blended spices, the value-added category

Where ground spices drive volume, blended spices are the Company's value-added category and carry materially higher margins. Blended spices grew 50.8% during the year to ₹11.76 crore, and unlike ground spices they travel: a recipe masala performs consistently across regions, because the blend itself rather than regional taste preference carries the proposition. This is why the new Sanosara facility matters — it is dedicated to blended spices and instant mixes.

Why packaging carries the premium

An unbranded spice sold loose from a sack competes only on price. The same spice in a specified, sealed, labelled pack can carry a quality claim, a consistent weight, a batch code and a premium, and can be stocked by a retailer who has no way of assessing the contents himself.

Why grocery grew fastest

Cartons and sealed packs are what allow a spice company to sell a non-spice staple credibly. The format signals a packaged food product rather than a loose commodity. Moving papad, soya, salts and asafoetida from loose sale into packed formats is what produced 77.4% growth, and it uses distribution the Company already has.

Tea as a regional proposition

Kathiyawadi Tea is blended for the strong, boiled preparation of Saurashtra rather than a national palate — the same regional-taste logic the Company applies to spices, carried into an adjacent category. The wider grocery range includes rajgira flour, kasuri methi, sanchar black salt, sindhalu, katlu powder, fennel, dry ginger, black pepper and amchur.

The Achar Masala and Gol Keri packs shown carry Gujarati language artwork for the home market.

■ **ANNEXURE E** REGULATION 34 READ WITH SCHEDULE V PART B

Management Discussion & Analysis

For the financial year ended 31 March 2026, pursuant to Regulation 34 read with Schedule V Part B of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Industry structure and developments

India's spice industry occupies an unusual position within packaged foods. Consumption is near-universal and largely non-discretionary, yet the product itself resists standardisation. Preferences for pungency, colour, grind and blend composition vary sharply between states, and within states between communities. A blend that performs in one market frequently fails in another without reformulation.

The consequence is a market that remains substantially unbranded and regionally fragmented, in contrast to categories such as edible oil or flour where national brands consolidated earlier. Loose and semi-branded spices continue to hold a significant share of household consumption, particularly outside metropolitan markets.

Three developments are reshaping this position. Food safety enforcement under the Food Safety and Standards Act has tightened materially, raising the compliance cost of informal processing and favouring organised manufacturers with laboratory capability. Packaging and labelling requirements under the Legal Metrology (Packaged Commodities) Rules have had a similar effect. And consumer willingness to pay for verified purity has risen following adulteration incidents reported in the sector.

For an organised manufacturer this creates an opening that is regional rather than national in character. The opportunity is not to build a single uniform product for India, but to build the manufacturing discipline, distribution reach and quality assurance of a national company while retaining formulations that are regionally specific.

■ **MANAGEMENT DISCUSSION & ANALYSIS** CONTINUED

How the category is changing.

Food safety enforcement

Enforcement under the Food Safety and Standards Act has tightened materially. The compliance cost of informal processing has risen, favouring manufacturers with in-house laboratory capability and documented process control. The Company operates its own testing laboratory and tests at intake and again before despatch.

Packaging and labelling

Requirements under the Legal Metrology (Packaged Commodities) Rules have had a similar effect. A specified, sealed and labelled pack carries a quality claim, a consistent weight and a batch code that loose product cannot. This is the mechanism by which a commodity becomes a branded good.

Consumer expectation

Consumer willingness to pay for verified purity has risen following adulteration incidents reported in the sector. This favours manufacturers able to evidence sourcing, processing and testing, and disadvantages those competing on price alone.

Where the Company sits in that shift

The Company manufactures and markets more than thirty-two varieties of spices under four brands — Double Hathi, Maharaja, Mantavya and 77 Green — together with whole spices, ground spices, tea and a range of allied grocery products.

Its position rests on regional formulation rather than national uniformity. Chilli, turmeric and coriander account for the whole of branded ground spice revenue, and the same three commodities are manufactured to different specifications for different regions. More than thirteen varieties of chilli powder alone are produced within the ground spice range.

This is a structural advantage over both ends of the competitive field. National brands carry greater advertising capacity but cannot economically hold regional formulations at this granularity. Regional and unorganised players hold local taste knowledge but operate without formal specification, laboratory capability or the assortment depth that converts distribution.

■ **MANAGEMENT DISCUSSION & ANALYSIS** CONTINUED

Distribution depth is the binding constraint.

Distribution depth, rather than manufacturing capacity or product acceptance, is what limits branded growth in this category. Expansion of the retail counter base, the distributor network and the super-stockist tier therefore translates relatively directly into branded volume.

The Company reaches retail through a multi-tier structure. Super stockists are appointed region by region, each supporting ten to fifteen distributors, with each distributor serving forty to fifty retailers. A dedicated field team of 101 people supports that structure across fifteen states.

What converts new distribution is assortment. With more than 500 stock-keeping units across four brands, a distributor can consolidate a wide range with a single supplier rather than dealing with several — a structural advantage over regional players carrying a narrow range.

Distribution added during FY 2025-26

CHANNEL	ADDED DURING THE YEAR
Retail grocery stores	21,000+
Wholesalers	770+
Distributors	120+
Super stockists	10 to 15
New states entered	2

Additions during the year as disclosed at the Q4 and FY 2025-26 earnings call held on 27 May 2026. Opening and closing counts have not been stated by the Company.

Manufacturing base supporting the expansion

Both manufacturing units operated at or close to full capacity throughout the year — 99% at the Company's plant at Hapa, Jamnagar, and 100% at the Vitagreen facility at GIDC Lodhika, Metoda, Rajkot. Part of the Company's grocery and blended spice manufacture is currently placed with third-party vendors because in-house capacity is fully committed.

A greenfield manufacturing platform is under development through the wholly owned subsidiary, Vitagreen Products Private Limited, at Sanosara on the Rajkot–Jamnagar highway. As at 31 March 2026 the project remained under development, and its planned capacity is accordingly not included in the Group's installed manufacturing capacity for FY 2025-26.

■ MANAGEMENT DISCUSSION & ANALYSIS SECTION 2

Opportunities & Threats

Opportunities

Continued branded conversion

The Company's principal opportunity is the continued conversion of its business from bulk and semi-branded supply toward packaged consumer brands. This shift carries a structurally higher realisation per unit and reduces exposure to commodity price pass-through. Branded sales reached 69.9% of consolidated revenue during the year, against 62.7% a year earlier.

Distribution-led growth

Distribution depth remains the binding constraint on branded growth in this category rather than manufacturing capacity or product acceptance. Expansion of the retail counter base, the distributor network and the super-stockist tier therefore translates relatively directly into branded volume.

Multi-brand positioning

The Company's multi-brand structure allows differentiated positioning across price tiers and regions without cannibalisation. The adjacent grocery range — including flours, papad, soya products, asafoetida, pickle masala, salts and dry fenugreek — permits basket expansion through the same distribution infrastructure at low incremental cost.

Manufacturing platform

The greenfield manufacturing platform being developed through the wholly owned subsidiary, Vitagreen Products Private Limited, is intended to add processing capability to support this expansion.

Threats

Agricultural input volatility

Agricultural input prices are volatile and driven by monsoon performance, sowing patterns and crop disease, none of which the Company controls. Procurement is concentrated in defined spice belts, and adverse conditions in those geographies affect both cost and availability.

Competition at both ends

The category remains highly competitive at both ends — from established national brands with greater advertising capacity, and from regional and unorganised players competing on price with lower compliance overheads.

Working capital intensity

Working capital intensity is high. Seasonal procurement requires inventory to be built ahead of consumption, and extending distribution into new markets lengthens the receivables cycle before it improves. This is discussed further in the section on financial performance.

Regulatory and food safety risk

Regulatory risk in food safety is meaningful. A quality failure in a consumer-facing food product carries reputational consequences disproportionate to its financial cost.

■ **MANAGEMENT DISCUSSION & ANALYSIS** SECTION 3

Our Business

Madhusudan Masala Limited manufactures, processes and markets spices and allied grocery products from Jamnagar, Gujarat, through four brands and a wholly owned subsidiary at Metoda, Rajkot.

What we make

More than thirty-two varieties of spices across ground spices, whole spices and blended recipe masalas, together with tea and a range of allied grocery products including rajgira flour, papad, soya products, asafoetida, achar masala, sanchar, sindhalu and kasuri methi.

Where we operate

Manufacturing and processing operations are located at Hapa Road, Jamnagar. The Company's wholly owned subsidiary, Vitagreen Products Private Limited, operates from GIDC Lodhika, Metoda, Rajkot. Branded distribution extends across fifteen states.

How we sell

Through a multi-tier structure of super stockists, distributors, wholesalers and retail grocery stores, supported by a dedicated field team of 101 people, alongside institutional and bulk channels served under the Hotel Special range.

Mission & Vision

Vision

To be a pioneering force in India's vibrant spices industry, leveraging our legacy of quality, purity and innovation to become a household name. By 2030, we envision achieving a 1% market share, symbolising our commitment to excellence and customer satisfaction.

Mission

To craft a legacy of trust and excellence, delivering unparalleled quality, purity and freshness in every spice that bears our name, expanding our reach and strengthening our distribution network to make Madhusudan Masala Limited a preferred choice for millions.

Segment-wise or Product-wise Performance

The Company operates in a single reportable segment — manufacturing, processing and trading of spices and allied grocery products. Accordingly, segment reporting under Accounting Standard 17 is not applicable, and the discussion is presented on a product-category basis for the information of members.

Consolidated

Revenue from operations rose 26.32% to ₹29,171.46 lakh. Profit after tax rose 23.16% to ₹1,850.12 lakh. The prior-year comparative includes an exceptional item; excluding it, consolidated profit before tax grew 46.70% on a like-for-like basis.

Outlook

The Company enters FY 2026-27 with a heavily utilised manufacturing base, a branded mix approaching seventy per cent of revenue, and a greenfield manufacturing platform under development through its wholly owned subsidiary. The operating priority for the year ahead is the conversion of reported profitability into operating cash flow.

Future Outlook

Deepen before widening

Increase throughput in markets already served before extending the distribution footprint into new ones. Distribution depth, not manufacturing capacity, is what limits branded growth.

Shift the mix further

Continue moving revenue from bulk and semi-branded supply toward packaged consumer brands, and within that toward blended spices, which carry the highest realisation in the portfolio.

Build the platform

Progress the greenfield facility at Sanosara, designed around automation, controlled processing and integrated packaging, to bring currently out-sourced production in-house.

Statements describing the Company's outlook are forward-looking and subject to the cautionary statement set out later in this report.

■ **MANAGEMENT DISCUSSION & ANALYSIS** SECTION 9

Our Competitive Strength

The Company competes against national brands with greater advertising capacity at one end, and regional and unorganised players with lower compliance overheads at the other. Its position rests on five things neither set of competitors readily replicates.

Regional formulation at granularity

The same three commodities — chilli, turmeric and coriander — are manufactured to different specifications for different regions, with more than thirteen chilli powder varieties in the ground spice range alone. National brands cannot economically hold formulations at this granularity; regional players hold the taste knowledge but not the manufacturing discipline.

Assortment depth

More than 500 stock-keeping units across four brands allow a distributor to consolidate a wide range with a single supplier rather than dealing with several. This is the principal reason new distribution converts, and it is a structural advantage over players carrying a narrow range.

Integrated procurement and storage

Crop is bought at harvest when quality is best and price lowest, and held through the year in the Company's own 4,029 MT cold storage, commissioned for captive use in 2024. This removed dependence on rented storage and gave control of both cost and condition of raw material.

Quality infrastructure

An in-house testing laboratory tests at intake and again before despatch. As food safety enforcement tightens, laboratory capability shifts from a cost to a competitive advantage over informal processors.

Four decades of blending knowledge

The business has blended spices in Jamnagar since 1977. Regional formulations developed over four decades reside with technical personnel and cannot be acquired quickly. This is both a competitive strength and, as noted under risks and concerns, a dependency on key personnel.

■ **MANAGEMENT DISCUSSION & ANALYSIS** SECTIONS 10 TO 12

Risks and Concerns

Raw material price and availability

Spice crops are exposed to monsoon variability, sowing decisions and disease. The Company mitigates this through seasonal procurement at harvest, cold storage capability and sourcing across multiple growing regions, but cannot eliminate the exposure.

Working capital and liquidity

The combination of seasonal inventory and lengthening receivables absorbs cash. The Company funds this substantially through short-term borrowings, which exposes it to interest rate movements and to the continued availability of working capital limits.

Concentration of receivables ageing

An aged cohort of ₹906.01 lakh remains outstanding. No amount was outstanding beyond three years at either balance sheet date and no receivable has been classified as doubtful.

Competition

The Company competes against national brands with greater marketing resources and against unorganised players with lower compliance costs.

Food safety and product quality

The Company operates an in-house testing laboratory and maintains applicable certifications. Notwithstanding this, a product quality failure would carry consequences beyond its direct financial cost.

Regulatory compliance

The Company's securities are listed and it is subject to continuous disclosure obligations. During the year under review certain lapses in timeliness were identified by the Secretarial Auditor and are disclosed in the Directors' Report, together with management's response. The Company has strengthened its monitoring of disclosure timelines.

Key personnel

The business depends on the continuity of promoter management and on technical personnel with knowledge of regional blending formulations developed over four decades.

Internal Financial Control Systems and their Adequacy

The Company maintains internal control systems commensurate with the size, scale and nature of its operations, designed to safeguard assets, ensure the accuracy and completeness of accounting records, prevent and detect fraud, and secure compliance with applicable law. M/s P. R. Nakum & Associates, Chartered Accountants, act as Internal Auditor and conduct periodic reviews of operational and financial functions, reporting to the Audit Committee and the Board.

The Statutory Auditor has reported on internal financial controls over financial reporting under Section 143(3)(i) of the Companies Act, 2013 and has expressed an unmodified opinion, concluding that such controls were adequate and operating effectively as at 31 March 2026. The Audit Committee has reached the same conclusion under Section 177. The auditors further reported that the accounting software operated with an audit trail throughout the year and that no instance of tampering came to their notice.

Financial Performance and Review of Operations

Revenue growth of 26.32% on a consolidated basis was accompanied by EBITDA growth of 36.2%, so operating margin expanded during the year — from 10.5% to 11.3% excluding other income. This reflects the shift in mix toward branded goods, which carry a structurally higher realisation than bulk and semi-branded supply.

Revenue and profitability

Revenue from operations on a standalone basis rose to ₹26,154.05 lakh

revenue rose to ₹29,171.46 lakh from ₹23,092.48 lakh, an increase of

Profit before tax rose 40.48% to ₹2,168.39 lakh on a standalone basis and profit after tax rose 38.54% to ₹1,616.20 lakh. On a consolidated basis profit after tax rose to ₹1,850.12 lakh from ₹1,502.25 lakh.

Finance costs and capital structure

Finance costs were broadly flat at ₹624.31 lakh against ₹619.10 lakh. Total debt on a standalone basis rose to ₹6,908.13 lakh from ₹6,525.26 lakh — **absolute borrowings therefore increased during the year**. The debt-equity ratio improved from 0.71 to 0.59, but this reflects growth in the equity base rather than any reduction in borrowings, and the Company does not characterise the year as one of deleveraging.

Shareholders' funds rose to ₹11,797.25 lakh from ₹9,131.02 lakh, reflecting both retained earnings and the conversion of 7,70,000 warrants into equity shares on 27 March 2026, which brought in ₹1,045.28 lakh.

Working capital and cash flow

Operating cash flow remained negative during FY 2025-26, notwithstanding the improvement in reported profitability. Operating profit before working capital changes was ₹2,991.02 lakh; working capital movements absorbed a substantially larger amount. The position improved materially year on year — but from a large negative to a small negative, and the Company does not present this as a turnaround.

The two drivers are inventory and receivables. Inventory build reflects seasonal procurement and is intrinsic to the business model rather than a deterioration in efficiency. Receivables growth reflects extension of the distribution network into newer markets, where credit terms are necessarily longer during the establishment phase.

Working capital movement

MOVEMENT	FY 2025-26
Increase in trade receivables	(1,487.94)
Increase in inventories	(1,570.69)
Increase in trade payables	288.63
Loans and advances	311.13
Other liabilities and provisions	(321.67)

₹ in lakh, standalone. After income tax paid of ₹517.63 lakh, net cash used in operating activities was negative.

Receivables ageing

AGEING	FY26	FY25
Less than 6 months	3,977.02	2,586.00
6 months to 1 year	171.95	79.40
1 to 2 years	53.91	955.54
2 to 3 years	906.01	—
More than 3 years	—	—
Total	5,108.88	3,620.94

The increase in the two-to-three-year bucket is a single ageing cohort moving forward by one year, reduced from ₹955.54 lakh to ₹906.01 lakh by collections of ₹49.53 lakh. It does not represent new delinquency arising in FY 2025-26.

■ **MANAGEMENT DISCUSSION & ANALYSIS** SECTIONS 14 AND 15

Next Steps Towards Success

Convert profit to cash

Shorten the receivables cycle and manage the seasonal inventory build so that reported profitability reaches operating cash flow. This is the operating priority the Board has set for the year ahead.

Deepen distribution

Increase throughput in markets already served before extending the footprint further. Distribution depth rather than manufacturing capacity is what limits branded growth in this category.

Complete the platform

Progress the greenfield facility under development through the wholly owned subsidiary, bringing currently outsourced grocery and blended spice manufacture in-house.

Material Developments in Human Resources and Industrial Relations

The Company had **73 employees on its standalone rolls as at 31 March 2026**. Employee benefits expense for the year was ₹575.54 lakh on a consolidated basis against ₹562.19 lakh in the preceding year.

Industrial relations remained cordial throughout the year. The Company is in compliance with the Maternity Benefit Act, 1961. No complaint of sexual harassment was received during the year under review.

During the year the Company implemented the Madhusudan Employee Stock Option Scheme 2025, approved by members through postal ballot on 26 April 2025. The Nomination and Remuneration Committee granted 66,800 options on 24 February 2026 at a grant price of ₹10 per option, extending an ownership interest to eligible employees.

The business depends on technical personnel carrying knowledge of regional blending formulations developed over four decades. Retention of that knowledge, and its transfer to the next generation of production staff, is treated by the Board as an operational priority rather than a personnel matter.

Human resources at a glance

Employees, standalone	73
Employee benefits expense	₹575.54 L
Prior year	₹562.19 L

Key Financial Ratios

Disclosed pursuant to Schedule V Part B of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, on a standalone basis. An explanation is given for every ratio where the change exceeds 25%.

PARTICULARS	F.Y. 2025-26	F.Y. 2024-25	% OF CHANGE	REASONS
Current ratio (times)	2.29	2.15	6.92	—
Debt equity ratio (times)	0.59	0.71	(18.06)	—
Debt service coverage ratio (times)	2.62	2.44	7.32	—
Interest service coverage ratio (times)	4.68	3.65	28.26	The Interest Service Coverage Ratio has increased during the year on account of the increase in EBITDA, which resulted in higher coverage of interest service.
Return on equity ratio (times)	0.15	0.17	(9.07)	—
Inventory turnover ratio (times)	1.52	1.93	(21.53)	—
Trade receivables turnover ratio (times)	5.99	6.01	(0.36)	—
Trade payables turnover ratio (times)	61.23	79.34	(22.84)	—

Net profit ratio (%)	6.18	5.39	14.68	—
Return on capital employed (%)	25.11	28.33	(11.38)	—

Figures in brackets denote a decrease. Ratios are computed on a standalone basis and correspond to Note 55 to the standalone financial statements. The Interest Service Coverage Ratio is the only ratio crossing the 25% threshold requiring explanation under Schedule V.

Working capital ratios

Inventory turnover fell from 1.93 to 1.52 times as average inventory rose from ₹6,544.76 lakh to ₹9,627.35 lakh, reflecting seasonal procurement at harvest ahead of consumption.

Capital structure

The debt-equity ratio improved from 0.71 to 0.59, driven by growth in shareholders' equity from ₹9,131.02 lakh to ₹11,797.25 lakh rather than by any reduction in borrowings.

Returns

Return on capital employed moved from 28.33% to 25.11% as average capital employed rose from ₹7,633.06 lakh to ₹11,122.21 lakh following the conversion of warrants into equity.

The Auditors' Report on the financial statements of the Company for the financial year 2025-26 forms part of this Annual Report. The Notes to the Financial Statements, as referred to in the Auditors' Report, are self-explanatory and do not call for any further comments under Section 134 of the Companies Act, 2013.

There are no qualifications, reservations, adverse remarks, or disclaimers made by the Statutory Auditors in their Report

MAINTENANCE OF COST RECORDS

As per the provisions of Section 148(1) of the Companies Act, 2013 read with the applicable rules, the Company is not required to maintain cost records for the financial year 2025–26 as prescribed by the Central Government.

REPORTING OF FRAUDS BY AUDITORS

During the year under review, the Statutory Auditors have not reported any instance of fraud committed by the Company, its officers or employees under Section 143(12) of the Companies Act, 2013.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Pursuant to Regulation 34 read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Management Discussion and Analysis Report for the year under review forms an integral part of the Annual Report and is annexed herewith as Annexure – E.

SECRETARIAL AUDITOR AND THEIR REPORT

In compliance with the provisions of Section 204 of the Companies Act, 2013, read with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company has appointed M/s. Mittal V. Kothari & Associates, Practicing Company Secretaries, Ahmedabad, as the Secretarial Auditor to carry out the Secretarial Audit for the financial year 2025–26.

The Secretarial Audit Report is annexed as Annexure – F to this Board Report.

There are no qualifications, reservations, adverse remarks or disclaimers made by the Secretarial Auditor in their Report except as may be stated below:

SR. NO.	COMPLIANCE REQUIREMENT (REGULATIONS/ CIRCULARS / GUIDELINES INCLUDING SPECIFIC CLAUSE)	DEVIATIONS	OBSERVATIONS/ REMARKS OF THE PRACTICING COMPANY SECRETARY	REPLY BY MANAGEMENT						
1.	As per Regulation 30 read with Schedule III, Part A, Clause 15(b)(i) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the audio recordings of post-earnings or quarterly calls are required to be promptly made available on the website of the listed entity and, in any case, before the next trading day or within twenty-four hours from the conclusion of such calls, whichever is earlier.	Delay of One day in uploading the link of audio recording of the Earnings Call held for the financial results of the half year ended on September 30, 2025.	Earnings call for the financial results for the Half Year Ended on September 30, 2025 was made available on the website of the company and was not submitted to the Stock Exchange within the prescribed timeline. <table><thead><tr><th>DATE OF EARNINGS CALL</th><th>AUDIO LINK UPLOADED ON THE EXCHANGE</th><th>TIMELINE FOR WHEN IT SHOULD HAVE BEEN UPLOADED</th></tr></thead><tbody><tr><td>18-11-2025</td><td>19-11-2025</td><td>18-11-2025</td></tr></tbody></table>	DATE OF EARNINGS CALL	AUDIO LINK UPLOADED ON THE EXCHANGE	TIMELINE FOR WHEN IT SHOULD HAVE BEEN UPLOADED	18-11-2025	19-11-2025	18-11-2025	The Company acknowledges the observation regarding the one-day delay in uploading the audio recording of the Earnings Call. The delay was due to an inadvertent administrative lapse. The recording was subsequently uploaded on 19 November 2025. Management has advised the concerned team to ensure closer monitoring of statutory disclosure timelines and timely completion of future filings.
DATE OF EARNINGS CALL	AUDIO LINK UPLOADED ON THE EXCHANGE	TIMELINE FOR WHEN IT SHOULD HAVE BEEN UPLOADED								
18-11-2025	19-11-2025	18-11-2025								
2.	As per Regulation 29(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.	Intimation for Board meeting was not given two days prior to the meeting of Board of Directors for considering the revised financial results for the quarter ended on December 31, 2025.	The company failed to give the requisite intimation within the prescribed timeline of two working days prior to the Board Meeting held on January 18, 2026, for considering the revised financial results for the quarter ended December 31, 2025. Consequently, NSE imposed a penalty vide letter dated February 13, 2026 for the delay.	The Company notes the observation regarding the delay in providing the requisite intimation to the Board. The delay occurred inadvertently. The Company has duly taken note of the penalty imposed by NSE and has paid the same.						

SR. NO.	COMPLIANCE REQUIREMENT (REGULATIONS/ CIRCULARS / GUIDELINES INCLUDING SPECIFIC CLAUSE)	DEVIATIONS	OBSERVATIONS/ REMARKS OF THE PRACTICING COMPANY SECRETARY	REPLY BY MANAGEMENT
3.	As per Section 135 of the Companies Act, 2013 read with Rule 4(1) and Rule 4(2) of the Companies (CSR Policy) Rules, 2014	The Company has contributed an amount of ₹ 39,500 towards CSR activities to certain organizations which did not have valid CSR-1 registration/ CSR Registration Number as required under Rule 4(2) of the Companies (CSR Policy) Rules, 2014.	The contribution made to such organizations is not in compliance with the provisions of Rule 4(2) of the Companies (CSR Policy) Rules, 2014, as the organizations did not possess the requisite CSR Registration Number at the relevant time.	The contribution of ₹ 39,500 was released in bona fide pursuit of community welfare activities. While the recipient entities were established non-profit organizations, there was an inadvertent administrative lapse in verifying the filing status of Form CSR-1 prior to the disbursement, which will be rectified in the due course of time.

Further,

Certain information on the Company's website was not updated in a timely manner during the year under review, and a warning was issued by NSE in this regard. However, as on the date of this Report, the website has been duly updated.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO.

(Pursuant to Section 134 (3) (m) of the Companies Act, 2013 and rule 8(3) of the Companies (Accounts) Rules, 2014)

A. Conservation of energy –

- i. **The steps taken or impact on conservation of energy:** The Company has implemented a stringent energy management system and continuously monitors power consumption to promote maximum energy efficiency and minimize energy wastage. Daily power consumption is monitored, and various measures have been undertaken to conserve energy and optimize the use of electrical power. Key initiatives undertaken by the Company include:
 - VFD-based controlled operation of applicable motors and equipment to optimize power consumption.
 - Centralized process controls and equipment interlocking for efficient and coordinated operation of machinery.
 - Automated and pneumatic material conveying systems to improve process flow and reduce energy consumption associated with material handling.
 - Modern drying, cooling and chilling arrangements for controlled and energy-efficient processing.
 - Reduction in unnecessary manual handling and intermediate material movement, thereby improving overall process efficiency.
 - Improved dust collection and closed processing arrangements to enhance operational efficiency.
 - Better utilization and control of processing equipment through automation and process optimization.
- ii. **The steps taken by the Company for utilizing alternate sources of energy:** The Company has not taken any step for utilizing alternate sources of energy.
- iii. **The capital investment on energy conservation equipment:** During the year under review, Company has not incurred any capital investment on energy conservation equipment.

B. Technology absorption –

- i. **The effort made towards technology absorption:** During the year, the Company undertook significant modernization and technology upgradation of its spice processing facilities, particularly for **Chilli, Turmeric and Seed Spices**.

The major technological improvements include:

- Advanced Chilli Cleaning, Crushing, De-seeding, Grinding and Blending systems.
 - Continuous Rotary Drying System for controlled processing.
 - Continuous Drum Cooling System with Air Chilling.
 - Dedicated Air Chilling Units for temperature-controlled spice processing.
 - Advanced Turmeric and Seed Spices processing systems.
 - Pneumatic Conveying Systems and Rotary Air Lock arrangements for closed and hygienic material movement.
 - Automated/centralized electrical control panels with interlocking and safety arrangements.
 - Variable Frequency Drives (VFDs) for controlled operation of applicable equipment.
 - Advanced De-stoning, Sieving and Anti-clogging systems.
 - Closed-type Dust Collection Systems with Reverse Pulse Jet arrangements.
 - Reduction in manual material handling through automated conveying and integrated processing.
 - Use of food-grade stainless-steel product-contact components, including **SS-316L** in applicable processing equipment.
 - Modernization of blended-spice processing and allied systems.
- ii. **The benefit derived like product improvement, cost reduction, product development or import substitution:**

The above technology upgradation is aimed at improving process control, product consistency, hygiene, food safety, productivity and operational efficiency, while reducing manual intervention and improving overall processing standards.

iii. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year) –

a. The details of technology imported: None

b. The year of import: None

c. Whether the technology has been fully absorbed: None

d. If not fully absorbed, areas where absorption has not taken place, and the reasons thereof: None

iv. The expenditure incurred on Research and Development: During the year under review, the Company has undertaken steps to strengthen its **in-house Food Laboratory, quality testing and analytical capabilities**, thereby enabling various raw-material and finished-product quality parameters to be evaluated internally, including certain tests which were earlier dependent upon external laboratories.

During March 2026, the Company placed a Purchase Order of approximately **₹7.13 lakh** (inclusive of applicable GST) for laboratory instruments, equipment, glassware and related laboratory requirements.

Major laboratory equipment includes:

- UV-Visible Double Beam Spectrophotometer
- Halogen Moisture Meter
- Digital Laboratory Balance
- Digital Muffle Furnace
- Digital Hot Air Oven
- Soxhlet Apparatus
- Stainless Steel Water Bath
- Magnetic Stirrer with Hot Plate

I have relied on the representation made by the Company and its officers for system and mechanism framed by the Company for compliances of the said laws.

During the year under the report, the provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above read with circulars, notifications and amended rules, regulations, standards etc. issued by the Ministry of Corporate Affairs, Securities and Exchange Board of India and such regulatory authorities for such acts, rules, regulations, standards etc. as may be applicable, from time to time issued for compliances, have been complied by the Company, except to the following observations;

SR. NO.	COMPLIANCE REQUIREMENT (REGULATIONS/ CIRCULARS / GUIDELINES INCLUDING SPECIFIC CLAUSE)	DEVIATIONS	OBSERVATIONS/ REMARKS OF THE PRACTICING COMPANY SECRETARY
i.	As per Regulation 30 read with Schedule III, Part A, Clause 15(b)(i) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the audio recordings of post-earnings or quarterly calls are required to be promptly made available on the website of the listed entity and, in any case, before the next trading day or within twenty-four hours from the conclusion of such calls, whichever is earlier.	Delay of One day in uploading the link of audio recording of the Earnings Call held for the financial results of the half year ended on September 30, 2025.	Earnings call for the financial results for the Half Year Ended on September 30, 2025 was made available on the website of the company and was not submitted to the Stock Exchange within the prescribed timeline.
ii.	As per Regulation 29(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.	Intimation for Board meeting was not given two days prior to the meeting of Board of Directors for considering the revised financial results for the quarter ended on December 31, 2025.	The company failed to give the requisite intimation within the prescribed timeline of two working days prior to the Board Meeting held on January 18, 2026, for considering the financial results for the quarter ended December 31, 2025. Consequently, NSE imposed a penalty vide letter dated February 13, 2026 for the delay.

SR. NO.	COMPLIANCE REQUIREMENT (REGULATIONS/ CIRCULARS / GUIDELINES INCLUDING SPECIFIC CLAUSE)	DEVIATIONS	OBSERVATIONS/ REMARKS OF THE PRACTICING COMPANY SECRETARY
iii.	As per Section 135 of the Companies Act, 2013 read with Rule 4(1) and Rule 4(2) of the Companies (CSR Policy) Rules, 2014	The Company has contributed an amount of ₹ 39,500 towards CSR activities to certain organizations which did not have valid CSR-1 registration/CSR Registration Number as required under Rule 4(2) of the Companies (CSR Policy) Rules, 2014.	The contribution made to such organizations is not in compliance with the provisions of Rule 4(2) of the Companies (CSR Policy) Rules, 2014, as the organizations did not possess the requisite CSR Registration Number at the relevant time.

Further,

Certain information on the Company's website was not updated in a timely manner during the year under review, and a warning was issued by NSE in this regard. However, as on the date of this Report, the website has been duly updated.

During the Period under review, provisions of the following Acts, Rules, Regulations, Guidelines, Standards, etc. were not applicable to the Company:

- i. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; - the Company is not registered as Registrar to an Issue & Share Transfer Agent.
However, the Company has appointed KFin Technologies Limited as Registrar & Share Transfer Agent as per the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- ii. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
- iii. Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
- iv. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; and
- v. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Overseas Direct Investment and External Commercial Borrowings.

I further report that –

The Board of Directors of the Company is duly constituted with an appropriate mix of Executive, Non-Executive, and Independent Directors, as required under Section 149(4) of the Companies Act, 2013.

The changes in the composition of the Board of Directors / appointment / re-appointments of Directors during the period under review were otherwise carried out in compliance with the provisions of the Act and Listing Regulations.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance (One of the meetings were convened at shorter notice for which necessary approvals were obtained as per applicable provisions), and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board meetings and Committee meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

Since none of the members have communicated dissenting views in the matters / agenda proposed from time to time for consideration of the Board and Committees thereof, during the year under the report, hence were not required to be captured and recorded as part of the minutes.

I further report that -

There are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I Further Report for the Period Under Review:

During the year under review, the Company undertook the following significant actions and approvals:

1. Appointment of Ms. Rashmi Kamlesh Otvani (DIN: 06976600) as Non-Executive Independent Director of the company w.e.f August 20, 2025 for a term of 5(five) years.

INDEPENDENT AUDITOR'S REPORT

AUDIT REPORT TO THE SHARE HOLDERS OF MADHUSUDAN MASALA LIMITED

Report on the Standalone Financial Statements

Opinion:

We have audited the accompanying Standalone financial statements of MADHUSUDAN MASALA LIMITED, having CIN L15400GJ2021PLC127968 which comprise the Balance Sheet as at 31st March, 2026, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no Key Audit Matters Reportable as per SA 701 issued by ICAI.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Management's Responsibility for the Financial Statements

Management is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including accounting standards referred to in section 133 of the Act, as applicable.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatement in the financial statement that, individually or in aggregate, makes it probable that the economics decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative

factors in (i) planning the scope of our audit and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statement.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure A", a statement on the matter specified in the paragraph 3 and 4 of the Order.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the company and operating effectiveness of such controls, referred to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - (a) The Company does not have any pending litigations as at 31st March 2026 on its financial position in its financial statement.
 - (b) The Company does not have any long-term and derivative contracts as at March 31, 2026.
 - (c) There has been no delay in transferring amounts, require to be transferred, the Investor Education and Protection Fund by the Company during the year ended March 31, 2026.
- h) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on the audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

- i) With respect to the other matters to be included in the Auditors Report in accordance with the requirements of section 197(16) of the act, as amended:

In our opinion and to the best of our information and according to the explanation given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the act.

- j) The Company has not paid any dividends during the year and hence, the provisions of Section 123 of the Act are not applicable to the Company.

- k) Based on our examination, which included test checks, the company has used accounting software for maintaining books of account for the financial ended march 31, 2026 which has a feature of recording audit trail (audit log) facility and the same has operated throughout the year for all related transaction recorded in the software. Further during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As provision to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2024, reposting under Rule 11(g) of the Companies (Audit & Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention has been fulfilled for the financial year ended March 31, 2026.

ANNEXURE "B" TO AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

Opinion

We have audited the internal financial controls over financial reporting of MADHUSUDAN MASALA LIMITED ('the Company') as of 31st March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to the Standalone Financial Statements and such internal financial controls were operating effectively as at 31 March, 2026 based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statement.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Information Other than the Financial Statements and Auditor's Report Thereon

The parent's Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the consolidated financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. Other information related to subsidiaries is traced from their audited Financial Statements.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Management's Responsibility for the Financial Statements

The holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including accounting standards referred to in section 133 of the Act, as applicable.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility on the Consolidated Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The Consolidated Financial Statement includes the results for the year ended on 31st March, 2026 being the balancing figure between the audited figures in respect of the full financial year and published year to date figures up to the end of first half year of respected financial year. Also, the figures up to the end of the half year had only been reviewed and not subject to audit.

The Consolidated Financial Statement includes audited financial statements of following subsidiary.

- **Vitagreen Products Private Limited**

Being Audited by other Auditors, whose financial Statement/Financial Result/Financial Information reflects total Assets of Rs. 3,209.92 Lakhs as on 31st March, 2026, total revenue of Rs. 4,001.47 Lakhs for the year ended 31st March 2026 considered in the consolidated Financial Result.

This Financial Information have been audited by other auditors whose report have been furnished to us by the management and our opinion on the statement, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is solely based on the respective reports of other auditor and procedures performed by us as stated under auditor's responsibilities section above.

Our report on the statement is not modified in respect of the above matters with respect to our reliance on the work done and the report of another Auditor.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE "B" TO AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

Opinion

We have audited the internal financial controls over financial reporting of MADHUSUDAN MASALA LIMITED ('the holding Company') and its subsidiary (together referred to as the group) as of 31st March, 2026 in conjunction with our audit of the consolidated financial statements of the group Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to the Consolidated Financial Statements and such internal financial controls were operating effectively as at 31 March, 2026 based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statement.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

- II. Deferred Tax Assets and liabilities are measured at the tax rates that are expected to apply to the period when the assets is realized or the liability is settled, based on tax rates (and the tax) that have been enacted or enacted subsequent to the balance sheet date.

n) Discontinuing Operations :-

During the year the company has not discontinued any of its operations.

o) Provisions Contingent liabilities and contingent assets:-

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as Contingent Liability.

A disclosure for a Contingent Liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Possible obligation that arises from the past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation is reported as Contingent Liability. In the rare cases, when a liability cannot be measured reliably, it is classified as Contingent Liability. The Company does not recognize a Contingent Liability but disclosed its existence in the consolidated financial statements.

p) Event after Reporting Date:-

Where events occurring after the Balance Sheet date provide evidence of condition that existed at the end of reporting period, the impact of such events is adjusted within the consolidated financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

All the events occurring after the Balance Sheet date up to the date of the approval of the consolidated financial statement of the Company by the board of directors on May 25, 2026 have been considered, disclosed and adjusted, wherever applicable, as per the requirement of Accounting Standards.
