MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT

Business

Madras Fertilizers Limited (MFL) incorporated in the year 1966 as a PSU under the administrative control of the Department of Fertilizers (DOF), Ministry of Chemicals & Fertilizers, and Government of India.

MFL is engaged in the manufacture of Ammonia, Urea and Complex Fertilizers at Manali, Chennai-68. MFL is also engaged in manufacturing Bio-fertilizers and marketing of eco-friendly Organic fertilizers and Neem Pesticides under the brand name “VIJAY”.

Overview of the Economy

The government has continued its focus on augmenting farmer income through various steps. Increased allocation across the schemes to drive irrigation facilities, improve agricultural markets, augment the allied sectors supporting income, setting-up of FPOs, crop insurance schemes and income supplementation schemes are major positive. With these steps, a positive effect on fertiliser off-take is expected.

Industry Structure and Development

Fertilizer industry is one of the most industrial sectors that contributes mainly to achieve food security and sustainable agricultural development.

Indian fertilizer sector witnessed a sustained high growth in consumption. The Government has taken a number of initiatives for promoting balanced fertilization to accelerate agricultural growth.

Besides this, there have been efforts on the technological development in production processes that keep pace with the latest global production methods and environmental requirements.

Improvement in demand due to a good monsoon which resulted in higher sowing aided the increase in production. Overall Fertilizers Sales too have increased buoyed by a good monsoon and harvest season. As overall cost of production of urea produced using RLNG has seen decrease in the working capital intensity of the fertilizer manufacturers and it will also act as a relief for the fiscal spending of the government while disbursing the urea subsidy.

Agricultural Situations prevailed in Southern States:

Tamil Nadu:

The State received actual rainfall of 1134.22 mm against the normal of 879.643 mm and CPLY of 1098.45 mm, which is 28% & 3% higher than normal & CPLY respectively. The State recorded normal to excess rains during the year. Districts adjacent to Western Ghats & Southern districts like Tirunelveli, Kanyakumari received heavy rains during Dec-March 2025 period. Some of the interior districts recorded normal rains. Due to poor storage in initial part of the year ie during June 2024, Mettur dam was not opened for Kuruvai cultivation. Cyclonic rains during Nov.2024 especially in Cuddalore, Perambalur, Mayiladuthurai & Tiruvarur districts heavily damaged the standing Paddy crop. Nearly 1,15,000 acres of Paddy got damaged. Unseasonal heavy rains during Feb-March 2025 affected the Thalady crop at its harvesting stage in delta districts. The rains also damaged 14000 acres of summer cotton in delta districts. Very hot summer during April-May months reduced the Summer Paddy acreages in Ranipet & Tiruvallur districts & in-turn which reduced the fertilizer application. Produce price of Paddy is 2500/Qtl, Maize: 2400- 2700/ Qtl, Sugarcane-Rs 2950/ MT, Coconut: Rs 60/ Kg, Cotton- Rs 6750/ Qtl, Rubber- Rs 10000/Qtl, Black Pepper- Rs 680/Kg, Cardamom- Rs 287/Kg. Urea supply was surplus throughout the year. No demand prevailed for Urea. Demand prevailed for DAP & 20-20-0-13 during third quarter of the year but later supplies were made good. All companies supplied sufficient quantity of fertilizer's thru rake. Over all the year was good with normal or excessive rains with good storage in reservoirs & normal crop coverage even though some problems faced in few of the districts.

Puducherry:

Received 1818.50 mm of Actual rainfall against the normal of 1453.3 mm which is 23% higher than normal. Area under crop coverage are Paddy - 51,500 acres, Sugarcane - 3,500 acres, Pulses - 3,800 acres, G Nut – 1,300 acres, Fruits & Vegetables – 5,800 acres, Coconut - 3,900 acres and other crops – 10,300 acres. Paddy price ranged between Rs 1,300 to Rs 1,650 per bag of 77 kgs. During North East monsoon, Fengal Cyclone damaged 70 % of Paddy cropping area which affected December & January sales of Fertilizers. Major sugarcane area converted into Casuarina due to labour shortage & high input cost. No major reservoirs in Puducherry. Cultivable area is coming down due to Urbanization & commercial activities. FACT made good supply of 20-20-0-13, MOP & Ammonium sulphate during this year. MFL had taken 67.45% share in urea supply followed by SPIC-28.5%. In NP segment FACT 20-20-0-13 is the major supplier in Puducherry. In POS sales, achieved 100.77% against supply of urea in 2024-25.

Telangana:

Received 1056.10 mm rainfall against normal of 876.50 mm, which is 20% higher than normal leading to normal Agricultural seasonal conditions. Major Agriculture in Telangana depends on South-West Monsoon. The South West Monsoon is crucial for the Agriculture Sector. During Kharif major crops like Paddy, Maize, Jowar, Cotton, Chillies, Pulses, Oil Seeds and other crops including Vegetables sown in an area of 129.89 lakh acres against normal of 129.32 lakh acres. During Rabi, Paddy, Maize, Groundnut, Pulses and other crops sown in an area of 76.07 lakh acres against normal of 63.54 lakh acres. The crop coverage area for Paddy is 12244475 acres, Coarse grains are 7511311 acres, Total Pulses is 890236 acres and total Oil Seeds is 738440 acres. The MSP for Paddy is Rs. 2300/quintal, Jowar is Rs. 2500/quintal, Maize is Rs.2350/quintal, Blackgram is Rs. 7400/quintal, Groundnut is Rs.6783/quintal, Sunflower is Rs. 5500/quintal and Cotton is Rs.7521/quintal. Urea demand was observed in Aug/Sep 2024 and January/February 2025. But overall supplies are more than demand.

Andhra Pradesh:

Overall, the average rainfall received in Andhra Pradesh from 01.06.2024 to 19.03.2025 is recorded as 963.80 mm against the normal as on date of 883.20 mm showing by 9.1% excess. All the major reservoirs are holding 371.06 tmc as on 19-03-25. By this time last year, the level had stood at 205.55 tmc. Major agriculture of AP depends on South West Monsoon. The South-West monsoon set over in Kerala on 30th May 2024 against the normal date of 01st June, 2024. The South west monsoon has entered in some parts of Rayalaseema Region in AP on 02nd June 24, and in Coastal AP on 04th June, 24. The North East monsoon generally enters the state in the month of October. It provides almost 28.9% of state's rainfall and mostly covers in the districts of Chittoor, Tirupati, Nellore, Annamayya and some parts of Prakasam, Kadapa & Anantapuram, Sri Satya Sai. The total area sown in the State is 18.56 lakh ha (86%) as against the normal area of 21.52 lakh ha. & normal as on date is 21.52 lakh ha (86%). Paddy crop coverage is 20.25 lak hectares, Coarse Grains is 4.84 lak hectares, Total Pulses is 11.36 lak hectares and Total Oil Seeds is 4.09 lak hectares. The MSP for the Paddy is Rs.2300/quintal, Jowar is Rs. 3371/quintal, Maize is Rs.2225/quintal, Urad (Blackgram) is Rs.7400/quintal, Groundnut is Rs. 6783/quintal, Sun flower is Rs.7280/quintal, Moong (Greengram) Rs.8682/quintal, Tur (Redgram) Rs.7550/Quintal and Cotton (long staple) is Rs.7521/quintal. Overall MSP are increased reasonably by Government of India compared than last year. All the Fertilizer grades are available as per the demand more or less, but slight demand observed for DAP in the months of Sep & Oct, whereas demand observed for 20-20-0-13 in some parts of the State during the months of Dec,24 & Jan, 25.

Karnataka:

During the year, Karnataka received 1411 mm of rainfall against the normal of 1185 mm and CPLY of 881 mm, which is 19% & 60% higher than normal & CPLY respectively. The state recorded approximately 100 rainy days. The above-normal rainfall resulted in all reservoirs reaching full capacity by the middle of the Kharif season, supporting normal cropping patterns and acreage across the state. Karnataka experiences three cropping seasons – Kharif, Rabi, and summer – covering a total cropped area of 275 lakh acres. The Kharif season accounts for approximately 65% of the total crop coverage, followed by Rabi at 25%, with the remainder under summer crops. Major crops cultivated in the state include Paddy (25 lakh acres),

Sugarcane (16 lakh acres), Maize (30 lakh acres), Ragi (15 lakh acres), Red Gram (18,000 acres), Groundnut (8 lakh acres), Coffee (5.75 lakh acres), along with various horticultural and vegetable crops. Except for a few Kharif crops, the productivity of other crops remained normal. However, market prices for produce varied. Chilly prices fell significantly to Rs. 8,000 per tonne against the usual range of Rs. 18,000 to Rs. 25,000 per tonne. In contrast, Coffee fetched record-high prices, ranging from Rs. 26,800 to Rs. 27,600 per 50 kg of parchment Arabica. Arecanut cultivation continues to expand, particularly in the central districts of Davanagere and Shimoga, due to consistently good yields over recent years. Fertilizer availability across all grades was sufficient to meet demand. Market prices remained steady, although 20-20-0-13 continued to be in surplus. Total fertilizer consumption for the year stood at 45.73 lakh tonnes, comprising of Urea -17.3 lakh tons, DAP - 4.94 lakh tons, MOP - 2.45 lakh tons, NPK - 7.24 lakh tons and 20-20-0-13 - 9.89 lakh tons. Overall, fertilizer supply aligned well with the agricultural activities in the state.

Kerala:

The state received 3085.450 mm of rainfall against a normal of 2948.600 mm shows a 5% excess. With normal precipitation levels, all major reservoirs, including Malampuzha, had adequate water storage. Water release for agricultural purposes was ensured from 15th November 2024 to 15th January 2025. In Kerala, major irrigated crops include Paddy, Banana, Vegetables, and Arecanut, while rainfed crops include Banana, Rubber, Coconut, Arecanut, and Pineapple. During the 2024 Kharif season, the actual cropped area was 25.68 lakh acres against the normal of 26.57 lakh acres. Out of that, 16.00 lakhs acres of Paddy and 43000 acres Banana, 1.80 lakh acres of Rubber, 5.70 lakhs acres of Coconut, 2.20 lakh acres of Arecanut has been cultivated. In the Rabi season, 74,900 acres of Paddy, 37300 acres of Banana, 11000 acres of Pineapple were grown. In Rabi, the cropped area stood at 1.71 lakh acres, exceeding the normal area of 1.57 lakh acres, reflecting good overall crop coverage in 2024–25. Farmers realized good market prices for most crops including Pineapple, Ginger, Banana, Coffee, Tea, Cardamom, Pepper, and Nutmeg, contributing to higher incomes and encouraging increased fertilizer usage. Rubber prices also improved significantly, averaging Rs. 200 per kg, enhancing the financial position of rubber growers. There were no reported shortages of Urea or other fertilizers in any district throughout the cropping seasons.

STRENGTH, WEAKNESS, OPPORTUNITIES & THREATS

Strengths

MFL's strength is its Highly skilled manpower, its flagship product Brand viz., Vijay and its dedicated far and wide reach of marketing network throughout South India are its strength. It has its presence in the market over 5 decades and receive continuous support from the GoI. It has already converted its feed stock from Naptha to RLNG which is being supplied by M/s IOC located at the close proximity of MFL.

Weaknesses

Agro-climatic condition has a large effect on the performance of the Company. NPK raw materials which are imported are subject to severe volatility in terms of its availability and affordable price. Variation in the foreign currency exchange rates will also affect the profitability of the Company.

Opportunities

There is a compelling need for alternate fertilizers which will have lesser wastage and reduced fertilizer usage while keeping the same or more yield. This opens up for new investment with better return while ensuring food security.

Business diversification like Trading of fertilizer products will improve the bottom line of the company.

Threats

High volatility in the prices of raw material of NPK resulting in an adverse impact on production of NPK and marketing plans which eventually affects the bottom line of the company.

Outlook

The outlook for the fertilizer sector is positive on expectations of good monsoon. The underlying macros for the Indian fertilizer industry look promising. With surplus reservoir levels, forecasts for a good monsoon season, demand for the procurement of fertilizers seems also promising.

Risks and Area of Concern

The company face low operating margin due to working capital limitation for NPK production. But, the company ensured uninterrupted supply of vital plant nutrients besides ensuring safety of the plants and personnel including contract labor.

For Complex fertilizers, NBS is applicable from 1.4.2010 where the subsidy is being fixed by Government of India and the MRP is allowed to be fixed by manufacturers based on market dynamics. Due to fluctuations' in international prices of raw-materials during the year 2024-25, the subsidy for NPK 17-17-17 was marginally increased from Rs 11937/MT and fixed at Rs 13281/MT in Kharif & Rs 12954/MT in Rabi'2024-25. Similarly for NPK 20-20-0, the Subsidy was increased from Rs 13568/MT and fixed at Rs 15148/MT in Kharif & Rs 14764/MT in Rabi'2024-25. Overall, the average subsidy extended for NPK Complexes 17-17-17 & 20-20-0 during the year 2024-25 was declined by 24.22% and 19.30% respectively against previous year.

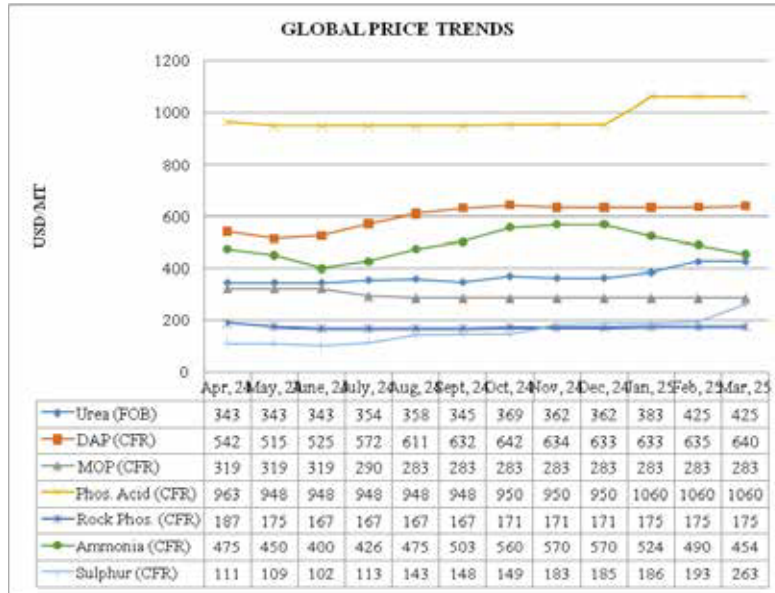

The consumption of UREA has surged by 8.3% over CPLY due to favorable agricultural situation across the nation and NP/ NPK/NPKS (Other than DAP) drastically increased by 28.30% over CPLY, there is a marginal decrease in consumption of both NC Urea & NPK fertilizers in MFL's marketing territory.

- MFL Improved the Rail Road ratio to the ever highest of 87:13 against the DoF norms of 80:20 and the previous best of 86:14 recorded during 2022-23 & 2023-24.
- For the 6th Consecutive year since 2019-20, MFL products were marketed without any additional rebates & credit periods, thereby saved a huge financial outgo on marketing costs, whereas Competitors offered various rebates & extended credit periods liberally.
- For the 7th consecutive year, achieved 100 % on RTGS/online payments for all the sales transactions.

Global Scenario:

Trend in International prices of fertilizers

The trends of average international prices of fertilizers since April, 2024 are given below:

- Price of Urea (FOB) has increased by about 23.91% from USD 343/MT in April, 2024 to USD 425/MT in March, 2025.
- The price of DAP (CFR) has increased by about 18.10% from USD 542/MT in April, 2024 to USD 640/MT in March, 2025.
- The price of MOP (CFR) has decreased by about 11.29% from USD 319/MT in April, 2024 to USD 283/MT in March, 2025.
- The price of Phosphoric Acid (CFR) has increased by about 10.10% from USD 963/MT in April, 2024 to USD 1060/MT in March, 2025.
- The price of Rock Phosphate (CFR) has decreased by about 6.42% from USD 187/MT in April, 2024 to USD 175/MT in March, 2025.
- The price of Ammonia (CFR) has decreased by about 4.42% from USD 475/MT in April, 2024 to USD 454/MT in March, 2025.
- The price of Sulphur (CFR) has increased by about 136.9% from USD 111/MT in April, 2024 to USD 263/MT in March, 2025.

Production, Imports and Consumption of Major Fertilizers (All India Basis) :

In the landscape of India’s Agricultural and Fertilizer sectors, the Fiscal Year 2024-25 stands out as a beacon of success of strategies implemented by Ministry of Fertilizers, Govt of India adorned with remarkable achievements and significant milestones. The nation has witnessed a remarkable surge in consumption of key Fertilizers, propelling the total production to an impressive 45.74 million tons.

Leading this charge is Urea, spearheading the fertilizer production with a monumental output of 30.64 million tons. Closely trailing behind the surge are the essential NPKs, contributing 11.33 million tons, and DAP with a contribution of 3.77 million tons. This collective accomplishment underscores India’s unwavering commitment to bolstering its agricultural infrastructure and ensuring food security for its populace.

The figures of production, imports and consumption of major fertilizers viz. Urea, complexes in India for the years 2023-24 and 2024-25 are given below:

The Demand forecast for nutrients and corresponding fertilizers are based on anticipating favorable onset of monsoon, availability of irrigation, production, imports, cropping pattern etc. And it is based on existing product nutrient ratio also. However, with Nutrient Based subsidy scheme and programs like soil health management and promotion of balanced fertilizer nutrients application, the demand for complex fertilizers will get rationalized in the coming years.

Nutrient Based Subsidy (NBS) for Phosphatic & Potassic Fertilizers

The Government of India introduced the Nutrient Based Subsidy Phase-I with effect from 1.4.2010. This scheme is applicable for DAP, MOP, MAP, SSP, TSP and for other twenty two grades of P & K fertilizers.

Under NBS Scheme, Subsidy for the product 'Potash Derived from Molasses' (PDM-0:0:14.5:0) was decreased to Rs 345/-MT from Rs 2304/MT to Manufacturers effective October'2023 in line with reduction applicable for other P&K fertilizers. Any

fortified fertilizers with secondary & micro-nutrients like Boron & Zinc will continue to be eligible for additional per MT subsidy of Rs 300/- & Rs 500/- respectively.

The per kg Nutrient Based Subsidy for Nutrients 'N' 'P' 'K' for the period 2022-23 to 2024-25 Season wise is given below:

COMPLIANCE CERTIFICATE ON CORPORATE GOVERNANCE
*[Pursuant to Regulation 34 (3) and Clause E of Schedule V of SEBI
(Listing Obligations and Disclosure Requirements) Regulations, 2015]*

To
The Members,
Madras Fertilizers Limited
Manali, Chennai 600 068

I have examined the compliance of conditions as stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 with respect to Corporate Governance by **Madras Fertilizers Limited**, for the year ended March 31, 2025.

The compliance of conditions of Corporate Governance is the responsibility of the management. My examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanation given to me and the representations made by the Directors and the Management, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 except that the Composition of the Board of Directors, Composition of Committees during the period under review are not in accordance with the provisions of SEBI (LODR) Regulations and there was delay in appointment of Company Secretary. However, being a Government Company it has taken up the matter with the Department of Fertilizers, Government of India to appoint sufficient number of Independent Directors to comply with the SEBI (LODR) Regulations.

I further state that such compliance is neither an assurance as to the future viability of the company nor the efficiency of effectiveness with which the management has conducted the affairs of the Company.

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

The company has installed Effluent Treatment Plants and Cooling Water Blow Down plants for treating the Effluents generated in the Plants.

1. COOLING WATER BLOWDOWN TREATMENT PLANT (Cap. 3840 KLPD)

We use UF membrane technology to remove salts and reduce TDS. The outlet from this plant is fed into Dedicated RO membranes for further reduction of Chlorides and other salts. The permeate from this plant is directly fed into the CW system.

**2. COMMON EFFLUENT TREATMENT PLANT (Cap. 480 KLPD)**

The Sanitary overflow and Effluents from both Staff and Labour Canteens are being treated in this plant. The BOD and the COD are reduced by Aeration method and the Clarifier Overflow after passing through DMF (Treated Water) are used for gardening purpose.

3. Effluent treatment Plant (cap. 360 KLPD)

The effluents generated from NPK plants are treated in this plant and the treated water is used in scrubbers instead of service water, thus saving Metro water.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To

The Members

Madras Fertilizers Limited

CIN: L32201TN1966GOI005469

Registered Office: Manali, Chennai 600 068, Tamil Nadu

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. **Madras Fertilizers Limited** (hereinafter called the "**Company**"), for the financial year ended **March 31, 2025 ("Audit Period")**. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company M/s. **Madras Fertilizers Limited's** books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the Audit Period, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period according to the provisions of:

- xi. The Companies Act, 2013 (**'Act'**) and the rules made thereunder;
- The company has complied with the procedure laid under the Companies Act, 2013 except the comments marked elsewhere in the report:
 - xii. The Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; wherever applicable;
 - xiii. The Securities Contracts (Regulation) Act, 1956 (**'SCRA'**) and the rules made thereunder;
 - xiv. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
 - xv. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (**'SEBI Act'**):
 - a. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (**'SEBI LODR Regulations'**).
 - b. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (**'SEBI SAST Regulations'**); - **Requisite disclosures are made.**
 - c. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 (**'SEBI PIT Regulations'**);
 - d. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021- **Since, the Company does not have any scheme approved during the Audit Period, the Regulations are not applicable.**

MADRAS FERTILIZERS LIMITED

- e. The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
- f. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018–**Since, the Company had not issued any securities during the Audit Period, the Regulations are not applicable;**
- g. The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021–**Since, the Company had not issued any non-convertible securities during the Audit Period, the Regulations are not applicable;**
- h. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993–**Since, the Company is not registered as a Share Transfer Agent, the Regulations are not applicable;**
- i. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009- **Not applicable during the Audit Period as the Company has not delisted its equity shares from any stock exchange;**

Management Reply to the Observations in the Secretarial Audit Report 2024–25:-

Point no. 1:

Mr. Ram Ganesh, resigned as Company Secretary on December 12, 2023 and Mr. J Srinivasa Saravanan was appointed as a Company Secretary and Compliance Officer with effect from 14.08.2024. There was no Company Secretary in place during the period 13.12.2023 to 13.08.2024 as the recruitment process for the new Company Secretary took time due to the need for a thorough selection and interview process. During the intervening period, the Company had appointed the CFO as Compliance Officer and on superannuation of CFO w,e,f 30.06.2024, the Deputy Manager – Finance was designated as the Compliance Officer.

Point no. 2:

The concerned banks and financial institutions are either closed or untraceable at the addresses available in our records. It is also pertinent to note that MFL has fully repaid all loans except the one with SBI, Chennai. The Company is taking necessary efforts to remove the charge IDs from Index of Charges.

Point no. 3.1:

Due to inadvertent delay there was a delay in submission of Related Party Transactions (RPTs) disclosure with the stock exchange. The Company will ensure that due compliance will be taken care in future.

Point no. 3.2:

The delay in the appointment of Company Secretary is due to time taken for a thorough selection and interview process and also to obtain necessary administrative approvals from the Government.

Point no. 3.3 to 3.8:

The appointment of Independent Directors falls under the purview of the Department of Fertilizers, Government of India, and is beyond the control of the Company. The Company is actively following up with DoF to ensure the necessary appointments are made at the earliest.

Point no. 5:

The Company has foreign nominee Directors and due to a technical issue in generating OTPs through the MCA portal, the DIN of foreign nominee directors were deactivated due to non-filing of director KYC form. The Company is taking all necessary steps to resolve the issue in coordination with the MCA.

Point no. 7:

The delay was inadvertent and occurred due to the non-availability of a Company Secretary during the relevant period.

Point no. 9:

The appointment of the Chairman and Managing Director (CMD) is vested with Govt. of India as MFL being a PSU. The Director Identification Number (DIN) was subsequently obtained based on appointment made by GOI.

INDEPENDENT AUDITOR'S REPORT

To

The Members of Madras Fertilizers Limited

Report on Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying Standalone Ind AS financial statements of Madras Fertilizers Limited (referred to as the "Company") which comprises the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including other comprehensive income), Statement of Cash Flows and Statement of changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information, in the manner so required, and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IND AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2025, the Profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter:

a. Penal Interest on GOI Loans:

Attention is drawn to the Note "No.30." to the Standalone Financial Statements, wherein the company has made a request to Government of India for the waiver of the interest and penal interest payable on the GOI loans as part of the revival package. Pending the disposal of the revival package, the Company has considered the penal interest at 2.75% p.a and amounting to Rs.394.68 crores upto the financial year ending 31.03.2025 as Contingent Liability only.

b. Subsidy accounting

Attention is drawn to Note No 30.19(a) to the Standalone Financial Statements, regarding the consideration of 10% of penalty leviable on account of non-fulfilment of targeted energy norms from the period commencing from 18.07.2024. The impact of the penalty reckoned as explained in the note amounted to reduction in subsidy income by Rs.155.61 crores for FY 2024-25.

Attention is drawn to the Note No.30.19 (b) to the Standalone Financial Statements, regarding the accounting for subsidy on Urea sales in accordance with policy parameters framed in this regard whereas subsidy claim received is based on the provisionally approved rate. As explained in the said note, the excess amount of Rs.160.55 crores have been received by the company and the same has not been considered as income under subsidy. The said sum is netted against the total amount receivable towards subsidy.

c. Provision for unutilised GST input

Attention is drawn to the Note No.30.6 to the Standalone Financial Statements, regarding the provision of Rs 50.54 Cr made in the accounts with respect to difference of GST input as per books and GST input as per electronic credit ledger. The above sum includes an amount of Rs 37.57 Cr, being the provision held as on 31.03.2024 and an additional provision of Rs 12.97 Cr made during the FY 2024-25 towards the above difference.

d. Attention is drawn to our remarks under the Qualified opinion on Internal Financials Controls over Financial Reporting (Annexure C to our report) regarding inadequate controls on the following:

- Lack of any systems audit conducted post implementation of new ERP software – SAP
- Coverage, procedures and frequency of physical verification of inventories

Our opinion is not modified in respect of these matters.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year ended March 31, 2025. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S No	Key Audit Matter	How our Audit procedures addressed the key audit matter
1	<p>Recognition / de-recognition and measurement of Subsidy income and recoverability of subsidy receivables</p> <p><i>(Refer to Note No.1.G and 18 to the standalone financial statements)</i></p> <p>Subsidy income pertaining to Urea is recognised on the basis of the rates notified by the Department of Fertilisers from time to time in accordance with the New Pricing Scheme (NPS) and Nutrient Based Subsidy ('NBS') policy on the quantity of fertilisers sold by the Company, after adjusting for increase / decrease on account of annual escalation / de-escalation in input prices in accordance with policy parameters in this regard.</p> <p>Adjustments, if any for differences between the subsidy as per Statement of Profit and Loss and the approved rate subsequently are accounted for during the year in which the final notification is received from GoI.</p> <p>During the current year ended March 31, 2025, the company has recognised subsidy income of Rs.2,157.61 Crores which constitute significant portion of its revenue from operations. The recognition and realisation of subsidy income depends on the rates and the period for which approval is issued by the GOI.</p> <p>While recognising income from subsidy, the company considers possible levy of penalty for non- achievement of targeted energy norms as a prudent measure.</p>	<p>Our principal audit procedures adopted in relation to recognition of subsidy income in the accounts for the Financial Year 2024-25 were as under:</p> <ul style="list-style-type: none"> • We have read the relevant notifications issued by the GOI and discussed with the management, to understand the underlying matters and basis for management judgement and estimates including necessary changes made in estimates to address variations noted in past. Also, ascertained the prevailing trade practice in the fertilisers industries for the recognition of Subsidy income; • We examined the statement showing the sales quantity considered for subsidy income to ensure the quantity were correlated with the actual sales made by the Company. We also verified the quantities sold as reflected in the records of the company were in agreement with the quantities reflected in customer acknowledgements as appearing in the IFMS portal of the Department of Fertilisers on a selective sampling basis keeping in view with the concept of materiality and tested the DBT claims (subsidy claim) made by the Company; • We examined the management estimate of urea concession price were in accordance with relevant New Pricing Scheme and adjustments towards the escalation/de-escalation in input prices; • Our verification procedures included that the adjustments for differences on account of the final approved rate are accounted during the year in which the final notification is received.

MADRAS FERTILIZERS LIMITED

	<p>Government Subsidy Receivables forms a significant part of the Company's current assets, amounting to Rs.382.21 Crores as at March 31,2025</p>	<ul style="list-style-type: none"> • Our audit procedures also included analysing the receipt of subsidy with a view to ensure that any amount of claim likely to be incurred due to non-compliance with conditions stipulated such as non-achievement of energy norms were not considered as income, pending the determination of final notification of subsidy. • We assessed the disclosures in the standalone financial statements in this regard; • Review of subsidy receivable from Department of Fertilizer (i.e. Sovereign Authority) is supported by the approved claims generated from IFMS (Integrated Fertilizer Management System); • Subsidy income remaining outstanding over significant period are discussed /enquired with management based on follow-up with Department of Fertilizers, Government of India including basis of management judgement and realisation certainty thereof; <p>Based on the above procedures performed, we ensured that the recognition of Subsidy Income and recoverability of subsidy receivable is in accordance with applicable financial reporting framework and relevant notifications issued by the Department of Fertilizers, GOI and fairly presented in the standalone financial statements.</p>
<p>2.</p>	<p>Estimation of Provision & Contingent Liabilities</p> <p>In the recognition and measurement of provisions, there is uncertainty about the timing or amount of the future expenditure required to settle the liability. In respect of contingent liabilities, there are estimates and assumptions made to determine the amount to be disclosed.</p> <p>As at the year ended 31 March 2025, the amounts involved are significant. There is a high degree of judgement required for the recognition and measurement of provisions and disclosure of contingent liabilities.</p> <p>There is a risk of material misstatement that the estimates are incorrect and that the provisions or contingent liabilities are materially misstated.</p>	<p>Our audit procedure included, but was not limited to the following :</p> <p>Analysing the managements internal instructions, process and control for determining and estimating the tax litigations, other litigations and claims and its appropriate accounting and / or disclosure.</p> <p>Discussed the pending matters with the Company's personnel with respect to status of cases of litigation and claims.</p> <p>Assessed management's conclusions through placing reliance upon the expert legal opinions, wherever obtained by the management.</p> <p>We have assessed the adequacy and appropriateness of presentation and disclosure of the Contingent liabilities in the standalone financial statements.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon:

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report and Management Discussion and Analysis, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibility of Management for the Standalone Financial Statements:

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and

estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the Standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements:

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatements of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence

that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- e. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation;

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors as in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

1. The company has eleven (11) Marketing Offices (i.e., named as regional offices (RO's) across India, wherein all the sales related matters are being undertaken. As part of our audit, we have visited and reviewed the operations of three (3) of the RO's and the operations of the RO are satisfactory in nature.

2. During the audit, we observed that most of charges already satisfied are still appearing in the records of 'Index of charges' under Ministry of Corporate Affairs (MCA) portal. The company has to take appropriate measures in order to clear the charges which are not live as on date.
3. The company makes provident fund contribution to the trust set up by the company under the name and style "MFL Employees Contributory Provident Fund Trust".

As per the audit report of the Trust, Auditor has qualified his opinion stating that the investment portfolio of the trust includes investments in IL&FS Transportation Network Limited, and SREI Infrastructure amounting to Rs 5.45 Cr and Interest accrued thereon amounting to Rs 1.72 Cr, and the said entities are under the process of insolvency, and no provision is made in the accounts of the Provident Fund Trust for the diminution in the value of the said Investments.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements:

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable. Our report thereon is enclosed as "**Annexure B**".
3. Non-Compliance of Composition of Board-SEBI Listing Obligation and Disclosure Requirements (LODR) Regulations, 2015. The Company is not having the required number of Independent

Directors on its Board due to vacancy arising out of expiry of term from 6th June, 2019 onwards. (Refer Note No. 30.31 to the Standalone Financial Statements)

4. The company has not complied with mandatory requirement of section 203 of the Companies Act 2013, regarding appointment of whole time Company secretary for the entire financial year. The Company had a whole-time company secretary only from 14.08.2024.
5. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books and proper adequate returns have been received from all the regional offices of the company;
 - c. The Company's Balance Sheet, the Statement of Profit and Loss (incl. Other Comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this report are in agreement with the books of accounts;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with The Companies (Indian Accounting Standards) Rules, 2015, as amended thereon.
 - e. The provisions of Section 164(2) of the Act in respect of disqualification of directors are not applicable to the Company, being a Government Company in terms of notification no. G.S.R.463

(E) dated 5th June, 2015 issued by Ministry of Corporate Affairs, Government of India;

f. With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate Report in “Annexure C”. Our report expresses a **Qualified opinion** on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting;

g. With respect to the other matters to be included in the Auditors’ Report in accordance with the requirements of section 197(16) of the Act, as amended:

The provisions of Section 197 read with Schedule V of the Act, relating to managerial remuneration are not applicable to the Company, being a Government Company, in terms of Ministry of Corporate Affairs Notification no. G.S.R. 463 (E) dated 5th June 2015

h. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note No.30.1 to the standalone financial statements;
- ii. The company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by

the Company except the following:

The company is in the possession of the three deposits amounting to Rs.54,000/-, having maturity value of Rs.60,198/- which were seized by the Income Tax department in the course of search and seizure operations carried at the premises of the depositor. The said deposits had matured during 2001, however due to the intimation received from the department, these are neither been en-cashed nor transferred to the fund in accordance with Companies Act, 2013.

- iv. a. The management has represented that, to the best of it’s knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall,
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b. The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall,

MADRAS FERTILIZERS LIMITED

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or
 - on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures as considered reasonable and appropriate in these circumstances, nothing has come to our notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.
- v. The company has not declared and/or paid any dividend during the year in accordance with Sec.123 of the Companies Act, 2013;

vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

ANNEXURE - B TO THE AUDITOR'S REPORT

Referred to in Paragraph 2 under "Report on Other Legal and Regulatory Requirements" section of our report to the Members of the Company of even dated

Based on the audit procedures performed and information and explanations given to us, we report that:

- i. In respect of the Company's Property, Plant and Equipment,
 - a. The company has maintained proper records showing full particulars with respect to
 - A. Property, Plant and Equipment including quantitative details and situation thereon and relevant details of right-of-use assets;
 - B. Intangible asset – SAP software;
 - b. According to the information and explanation given to us, physical verification of Property, Plant and Equipment, has been conducted by the company once during the financial year and there was no material discrepancies noticed on such physical verification undertaken. In our opinion, the frequency of the verification is reasonable, having regard to the size and the magnitude of the organization.
 - c. The company has clear title deeds of Lands held in its name.
 - d. During the year, the company has not revalued its Property, Plant and Equipment (Incl. Right of Use assets). Accordingly reporting under this clause does not arise.
 - e. According to the information and explanation given to us, there are no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder,

ii. In respect of the Inventories:

- a. Physical verification of inventories inside factory premises (excepting stores and spares) and at Chennai Port has been carried out by an independent surveyor at year end.

The stock of finished goods lying at warehouses is considered as per certification given by the management and same were duly confirmed through the IFMS portal maintained by Dept. of Fertilizers.

As explained to us, the physical verification of stores and spares was carried out by the management as at the year-end only and there were no material discrepancies of 10% or more in the aggregate for each class of inventory.

In our opinion the physical verification of inventories conducted by the management is not consistent with the requirements of this clause with regard to reasonable intervals and the coverage and procedure of such verification.

- b. The Company has been sanctioned a working capital limit (i.e, both fund and non-fund based facilities) in excess of five crore rupees, in aggregate from banks on the basis of the security of inventories and book debts including GOI subsidy receivable.

On the basis of examination of relevant records, the quarterly returns or statements filed by the company with bank are not in agreement with books of accounts. The particulars of difference are furnished in note no 30.29(g) to the Standalone Financial Statements.

- iii. During the year, the company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms

and limited liability partnerships or other parties covered under the register maintained under section 189 of the Companies Act, 2013.

Hence, the reporting under the provisions of clause (iii) (a), (b), (c), (d), (e) and (f) of the order are not applicable.

iv. According to the information and explanation given to us, the company has not granted any loans and advances to the parties coming within the purview of section 185 and 186 of the companies Act, 2013 and hence reporting under this clause is not applicable.

v. The company has not accepted any deposits coming within the purview of definition of deposits as per the provisions of the Companies Act, 2013 and accordingly reporting on the requirements under this clause is not applicable.

vi. The company is maintaining the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act for its fertilizer's products.

We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013 and are of the opinion that, prima facie, the prescribed cost records have been made and maintained.

We have, however not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. In respect of statutory dues:

a. The company is generally been regular in depositing undisputed applicable statutory dues including provident fund, employees' state insurance, income-tax, sales tax, and service tax, duty of customs, duty of excise, Goods and Services Tax, Cess and any other statutory dues applicable to it with the appropriate authorities;

There were no outstanding of aforesaid statutory dues as on March 31, 2025 for a period of more than six months from the date they became payable except for the following:

Nature of Dues	Amount (Rs.in Crores)
ESI	0.27
GST	1.40
Total	1.67

The above does not include a sum of Rs.2.81 Crores, being the amount withheld by the Company for dues by the contractors towards Provident Fund and Employee State Insurance, pending the receipt of communication from the concerned authorities for the demand for the said sum.

b. There were no dues of GST, Income Tax, value added tax, duty of customs, duty of excise and cess which have not been deposited on account of any dispute except in the following cases:

MADRAS FERTILIZERS LIMITED

Name of the Statute	Nature of Dues	Amount (In Crores)		Period to which the amount relates	Forum where dispute is pending
		Disputed	Deposited		
Income Tax Act, 1961	Income Tax	7.22	-	Assessment Year 2018-19	Commissioner of Income Tax (Appeals)

Customs Act, 1962	Differential Customs Duty, Redemption fine u/s 125(1) & Penalty u/s 114(A)	65.86	0.05	NA	Hon'ble High Court of Madras

viii. We have not come across any transactions that are not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Hence, the recording of unrecorded income in the books of accounts does not arise.

ix. a. The Company has not defaulted in repayment of loans or borrowings to any financial institutions, banks, or dues to debenture holders excepting default of repayment of the following Government of India (GOI) Loans:*

Nature of borrowing	Amount of Default (Rs. in Crores)	Whether principal or interest	Period of Default
Plan Loans	411.17	Principal	From FY 2004-05 to till the date
Non-Plan Loans	20.77		
Revamp Loans	122.30		
Total (A)	554.24	Interest	From FY 2004-05 to till the date
Plan Loans	712.60		
Non-Plan Loans	44.75		
Revamp Loans	188.35		
Total (B)	945.70		
Grand Total (A+B)	1,499.94		

- b. To the extent of our knowledge, the company has not been declared willful defaulter by any bank or financial institution or government or any government authorities.
- c. The company has not availed any term loan from the bank and hence reporting under this clause is not applicable.
- d. According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that the company has not used funds raised on short term basis for long-term purposes.
- e. The Company does not have any subsidiaries, associates or joint ventures. Accordingly, reporting with regard to borrowal of money in order to meet the obligations of its subsidiaries, associates or joint ventures does not arise.
- f. The Company does not have any subsidiaries, associates or joint ventures. Accordingly, reporting with relating to borrowal of money on pledge of securities held in its subsidiaries, joint ventures or associate companies does not arise.
- x. a. The Company has not raised money by way of initial public offer or further public offer (including debt instrument) during the period under audit. Accordingly, reporting under this clause does not arise.

- b. During the year, company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures. Therefore, reporting under this clause is not applicable to the company.
- xi. To the best of our knowledge,
- a. No fraud by the company or on the company has been noticed or reported during the year.
- b. No report has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government in accordance with section 143(12) of the Companies Act, 2013.
- c. As represented to us by the management, there are no whistle blower complaints received by the company during the year.
- xii. The company is not a Nidhi company. Hence, the reporting under the provisions of clause (xii) (a), (b) and (c) of the order are not applicable.
- xiii. In our opinion, all the related party transactions during the financial year are in compliance with Section 177 and 188 of Companies Act, 2013 and the details of the said transactions have been disclosed appropriately in the standalone financial statements in accordance with applicable Ind AS.
- xiv. a. In our opinion and based on our examination, **the company does not have an adequate internal audit system commensurate with the size and nature of its business.**
- b. We have considered the internal audit reports for the year under audit, issued to the company up to the quarter ending September 2024 in determining the nature, timing and extent of our audit procedures. **The observations mentioned in the internal audit reports were not rectified by the Company in a timely manner.**

The company has an internal audit system which is being entrusted to a professional firm of Chartered Accountants. In our opinion the internal audit procedures is non commensurate with the size and operations of its business. In particulars we observed the following shortcomings:

- (i) *There has been inordinate delay in undertaking the internal audit assignment and furnishing the report to the management, which has resulted in non-tabling of the reports before the Audit Committee at regular levels.*
- (ii) *Quantification of the adverse comments of the internal auditor has not been ascertained / disclosed in the reports to arrive at the material implication.*
- xv. In our opinion, the company has not entered into any non-cash transactions with directors or persons connected with him during the financial year under Section 192 of the Companies Act, 2013.
- xvi. The company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under the provisions of clause (xvi) (b) and (c) of the order does not arise. Further, in our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under this clause is not applicable to the company.
- xvii. The company has not incurred any cash losses in the financial year and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and accordingly reporting under this clause does not arise.

MADRAS FERTILIZERS LIMITED

xix. The Company has accumulated losses amounting to Rs.194.44 Cr (PY.Rs. 351.86 Cr) with a negative net worth of Rs.32.30 Cr (PY.Rs. 189.72 Cr). The current liabilities (which includes Loan from Government of India of Rs 554.24 Crores and interest of Rs 945.70 Crores due on the said loan) exceed its current assets by Rs.679.35 Cr (PY.Rs.754.95 Cr). The company has submitted proposal for restructuring of the loans received from Government of India. However, considering the strategic importance of the industry in which the company operates and constitution of the equity shareholders and stakeholders, the standalone financial statements of the company have been prepared on going concern basis.

On a consideration of the company's accumulated losses and strategic importance as stated above and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements of the company, our knowledge of the Board of Directors and management plans, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

xx. a. On the verification of books of accounts and other relevant records, it was observed that there was no unspent amount which is required to be transferred to a Fund specified in Schedule VII to the Companies Act, 2013 within a period of six months of the expiry of the financial year.

b. There are no amount remaining unspent in respect of ongoing projects. Accordingly, the company is not under obligation to transfer the unspent amount in respect of ongoing projects, to a Special Account as per sub-section (6) of section 135 of the Act.

xxi. There are no financial results of any other company which have been consolidated with the standalone financial statements of the company and accordingly, requirements as to the reporting under this clause (xxi) does not arise.

ANNEXURE – C TO THE AUDITOR'S REPORT

Referred to in Paragraph 5(f) under "Report on Other Legal and Regulatory Requirements" section of our report to the Members of the Company of even dated.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financials Controls over Financial Reporting of Madras Fertilizers Limited (referred to as the "Company") for the year ended March 31, 2025, in conjunction with our audit of the Standalone Ind AS financial statements of the company.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal

financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide us for our audit opinion on the company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that:

- a. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b. provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the

company are being made only in accordance with authorizations of management and directors of the company; and

- c. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses has been identified in the operating effectiveness of the Company's internal financial controls over financial reporting as at March 31, 2025:

- a. During the current financial year, the Company implemented new ERP software SAP for financial accounting and no systems audit has been conducted to test the efficacy of the new software implemented by the Company. We are of the opinion that the procedures for internal financial controls with regard to accounting need to be strengthened to reduce financial risk and liability that may arise.
- b. The Company's internal control system for inventory: In our opinion the physical verification conducted by the management is not adequate with regard to coverage, procedures used and frequency of the verification ; and

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial

reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim standalone financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the company has in all material respects, maintains adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2025 standalone financial statements of the Company, and these material weaknesses does not affect our opinion on the standalone financial statements of the Company and we have issued an unqualified opinion on the standalone financial statements.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

For the year ended March 31, 2025

Corporate Information

Madras Fertilizers Limited (MFL or the Company), is a Public Sector Undertaking (PSU) under the administrative control of the Department of Fertilizers (DOF), Ministry of Chemicals & Fertilizers, Government of India (GOI) and is registered under the erstwhile Companies Act, 1956 with its registered office located at Manali Industrial Area, Chennai -600 068.

The Company's equity shares are listed on the National Stock Exchange ('NSE'). MFL is engaged in the manufacture of Urea and Complex Fertilizers. It is also engaged in manufacturing Bio-fertilizers and trading eco-friendly Agro Chemicals, Organic Manure and City Compost under the brand name 'Vijay'.

Basis of preparation and Statement of compliance

- a. These financial statements have been prepared in accordance with applicable Indian Accounting Standards ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 (the 'Act') and the relevant provisions of the Act and Rules thereunder, as amended time to time.
- b. The financial statements have been prepared on a going concern basis, using the historical cost basis and on accrual method of accounting except for the items which are specifically indicated in the concerned accounting policies.
- c. These financial statements are prepared in Indian Currency (INR) which is also the company's functional currency. All amounts disclosed in the financials have been rounded-off to the nearest crores unless otherwise stated.
- d. Fair Value Measurement:

The Company's accounting policies and disclosures require the measurement of fair values for financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The Company regularly reviews significant unobservable inputs and valuation adjustments. In cases where fair values are to be computed by third parties, the Company assesses the evidence obtained by such third parties to support the conclusions that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- a. **Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities.
- b. **Level 2:** inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- c. **Level 3:** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Significant Accounting Policies

A. Property, Plant and Equipment (PPE):

Freehold land is carried at historical cost. All other items of Property, Plant and Equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items, net of recoverable taxes. Spare Parts are capitalized when they meet the definition of PPE.

Subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is de-recognized when replaced. All other repairs and maintenance are charged to Profit or Loss during the reporting period in which they are incurred.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Profit or Loss within other gains/(losses).

Capital Work in progress consists of costs incurred on projects and other capital works under feasibility/ commission stage. Cost includes expenses attributable to the work-in progress, net of recoverable taxes. Advances paid towards acquisition of Property, Plant and Equipment outstanding at each Balance sheet date is classified as capital advances under 'Other non-current assets. Assets under construction/ Capital Work in Progress included under Property, Plant and equipment are not depreciated as these assets are not yet available for use. However, they are tested for impairment if any.

Depreciation:

Depreciation on property, plant & equipment provided for under Straight Line Method in conformity with the estimated useful life as specified in Schedule II to the Companies Act, 2013 other than Plant & Equipment. In respect of plant and equipment, the depreciation is provided estimating the useful life as detailed hereunder.

Life Extension of Plant and Equipment:

With the feedstock conversion from Naphtha to RLNG, a technical assessment of the useful life of plant and machinery was made. As a result of the said assessment, from 01/04/2021 the useful life of Plant and Equipment was extended for a further period of 15 years, except for NPK Plant for which life was extended for 10 years from the said date and depreciation is provided on the extended useful life of the plant and equipment.

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets.

Assets costing less than INR 5,000 are capitalized and charged to the statement of profit and loss in the year of purchase by retaining a residual value of INR 1.

In respect of plant and equipment, buildings, roads & bridges and railway siding and capital spares, residual value is considered at 5% of the cost and INR 1 in respect of other property, plant and equipment include asset acquired out of Govt Grant.

In the year of commissioning / retirement of assets, depreciation is calculated on pro-rata basis, for which the period the asset is available for use.

De-recognition

An item of property, plant & equipment and intangible assets, is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

A. Intangible Asset:

Recognition and Measurement: Intangible assets acquired separately are measured on initial recognition at cost, net of recoverable taxes. Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less

accumulated amortisation and accumulated impairment losses, if any.

The intangible assets with a finite useful life are amortised using straight line method over their estimated useful lives. The management's estimates of the useful lives for various class of intangibles are as given below:

Computer Software	Technical evaluation of life or 10 Years, whichever is lower
Other intangible assets	5-10 Years

The estimated useful life is reviewed annually by the management. The Company has no intangible assets with infinite useful lives.

Expenditure on internally generated intangibles, excluding development costs, is not capitalized and is charged off in Statement of Profit and Loss in the period in which such expenditure is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognized if, and only if, all of the following have been demonstrated:

- The technical feasibility of completing the intangible asset so that it will be available for use or sale
- The intention to complete the intangible asset and use or sell it;
- The ability to use or sell the intangible asset;
- How the intangible asset will generate probable future economic benefits;
- The availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- The ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognized for internally generated intangible assets is the sum of the expenditure incurred from

the date when the intangible asset first meets the recognition criteria listed above. Recognition of costs as an asset is ceased when the project is complete and available for its intended use, or if these criteria are no longer applicable. Where development activities do not meet the conditions for recognition as an asset, any associated expenditure is treated as an expense in the period in which it is incurred.

Cost incurred on computer software/licenses purchased/ developed resulting in future economic benefits, other than specific software that is integral part of the related hardware, are capitalized as Intangible Asset. However, where such computer software/ license is under development or is not yet ready for use, accumulated cost incurred on such items are accounted as "Intangible Assets Under Development"

B. Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is any indication that an asset or a group of assets (cash generating unit) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset, which is the greater of its value in use and its net selling price. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

C. Leases:

The Company, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration. This policy has been applied to contracts existing and entered into on or after 1 April 2019.

Transition:

Effective April 01, 2019, the company adopted Ind AS 116 “leases” and applied the standard to all applicable lease contracts existing on April 1, 2019 using the modified retrospective method with cumulative effect of initially applying the standard recognised on the date of initial application. Accordingly, company has not restated comparative information and recognised right of use assets at an amount equal to lease liability.

Company as a Lessee:

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently amortised using the straight-line method from the commencement date to the end of the lease term. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if not readily determinable, using the Company’s incremental borrowing rate.

It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company’s estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., The higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent

of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense over the lease term.

Company as a Lessor:

At the inception of the lease, the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income over the lease term on a straight-line basis.

D. Investment properties:

Properties held to earn rentals and/or capital appreciation are classified as investment property and are measured and reported at cost, including transaction costs and borrowing cost capitalised for qualifying assets, in accordance with the Company’s accounting policy.

Depreciation is recognised using straight-line method so as to write off the cost of the investment property less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013. Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future benefits embodied in the investment property. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful life/

residual value is accounted on prospective basis. Freehold land is not depreciated.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

E. Inventories:

Inventories are measured at the lower of cost and net realizable value. The cost of inventories includes expenditure

incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In case of manufactured goods (finished goods) and work in progress, cost includes an appropriate share of fixed production overheads based on normal operating capacity.

The method of determination of cost of various categories of inventories is as follows:

1. Raw materials and packing materials Weighted Average Cost;
2. Stores and Spares and Catalyst (yet to be issued) – Monthly Moving Weighted Average Cost;
3. Finished goods – At Cost or NRV whichever is lower
4. Work-in-process (including Ammonia and Manufactured Bulk Urea) – Cost of production. Which comprises of direct material costs, direct wages and applicable overheads.;
5. Traded goods Weighted Average Cost;
6. Goods in transit/under inspection are valued at cost;
7. Off-Spec Manufactured products are Estimated at Net Realizable values.

Catalyst issued to production is charged off over its useful life as assessed by the Technical Department.

Net realizable value represents the estimated selling price, including subsidy income where ever applicable, of inventories less all estimated costs of completion and costs necessary to make the sale.

Non-moving/obsolete stores and spares: The Technical Committee will review the spares once a year and shortlist such spares as are considered obsolete /non moving, the same is written off from the books wit due approvals of the Board. Provision for obsolete / non-moving stores and spares are made upon the review by the Technical Committee once in a year, to reflect the impact of obsolescence, damage or other diminution in value of such items.

F. Revenue Recognition:

Revenue from sale of goods is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns,

if any, as specified in the contracts with the customers.

Sale of Goods

Revenue from sale of goods including subsidies is recognised upon transfer of the control over the goods to the customers. The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the goods are shipped to the customers or on delivery to the customer, as per applicable terms.

Accounting of Subsidy

The Company recognizes subsidy income as per Ind AS 20 'Accounting for Government Grants and Disclosure of Government Assistance' on the basis of the rates notified from time to time by the Government of India in accordance with the notified policies. The subsidy so recognised by the company is considered under 'Revenue from Operations'.

Income from services rendered is recognised based on the agreements/arrangements with the concerned parties and when services are rendered by measuring progress towards satisfaction of performance obligation for such services.

G. Government Grants (Subsidy from Govt):

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in statement of profit and loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets or deducting in the carrying amount of the respective assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in the statement of profit and loss in the period in which they become receivable in accordance with the notified policies as under:

- i. Subsidy due on urea sales is recognized on the basis of the rates notified from time to time by the Government of India on the quantity of urea sold by

the Company for the period for which notification has been issued after adjusting for increase /decrease on account of annual escalation/ de-escalation in input prices as estimated by the Management considering the policy parameters and norms prescribed from time to time. Adjustments are effected in respect of difference, if any, in the Statement of Profit and Loss for the year in which the final notification is received from the Government of India by carrying out the said adjustments in the subsidy income for the current year

- ii. Subsidy on Phosphatic and Potassic (P&K) fertilizers is recognized as per concession rates notified by the Government of India under Nutrient Based Subsidy (NBS) Scheme from time to time on the quantity of fertilizers sold by the Company for the period for which notification has been issued;
- iii. Uniform freight subsidy on Urea, P&K fertilizers and Imported Urea has been accounted in accordance with the parameters and notified rates;
- iv. Subsidy on City Compost is recognized based on rates, as notified by the Government of India
- v. Special Compensation due on conversion of feedstock to LNG is recognised in accordance with the the policy and guidelines notified by Government of India.

Other Income:

- a. Income from rentals for properties given on lease to third parties are recognized on accrual basis.
- b. All other claims are recognized when there is a reasonable certainty of recovery.

H. Borrowing Costs:

General and Specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets is substantially ready for their intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Capitalisation of borrowing costs is suspended when active development activity on the qualifying assets is interrupted other than on temporary basis and charged to the Statement of Profit and Loss during such extended periods.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

I. Foreign Currency Translation:

Functional and Presentation Currency:

Items included in the financial statement of the Company are measured using currency of the primary economic environment in which the entity operates ('the functional currency').

India being the primary economic environment of the Company, the Financial Statements are presented in Indian Rupee (INR), which is Company's functional and presentation currency.

Transactions and Balances:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognized in Profit or Loss.

J. Financial Instruments:

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in statement of profit and loss.

Financial Assets:

At initial recognition trade accounts receivables (in accordance with Ind AS 115) are measured at their transaction price.

For the purpose of subsequent measurement, financial assets are classified into the following categories:

- amortised cost
- financial assets at fair value through profit or loss (FVTPL)
- financial assets at fair value through other comprehensive income (FVOCI)

All financial assets except for those at FVTPL are subject to review for impairment at least at each reporting date.

Investments in equity instruments are recognized and subsequently measured at fair value. The Company's equity investments are not held for trading. In general, changes in the fair value of equity investments are recognized in the income statement. However, at initial recognition the Company elected, on an instrument-by-instrument basis, to represent subsequent changes in the fair value of individual strategic equity investments in other comprehensive income (loss) ("OCI").

Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and Cash Equivalents consist of balances with banks which are unrestricted for withdrawal and usage. Restricted cash and bank balances are classified and disclosed as other bank balances.

Financial Assets at Amortised cost:

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in the statement

of profit and loss and is included in the "Other income" line item.

Financial Assets at FVOCI:

On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to statement of profit and loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Dividends on these investments in equity instruments are recognised in statement of profit and loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in statement of profit and loss are included in the 'Other income' line item.

Financial Assets at FVTPL:

Financial assets at FVTPL include financial assets that are either do not meet the criteria for amortised cost classification or that are equity instruments held for trading or that meet certain conditions and are designated at FVTPL upon initial recognition. All derivative financial instruments also fall into this category. Assets in this category are measured at fair

value with gains or losses recognized in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

Impairment of Financial Assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables and other contractual rights to receive cash or another financial asset. The expected credit loss approach requires that all impacted financial assets will carry a loss allowance based on their expected credit losses. Expected credit losses are a probability-weighted estimate of credit losses over the contractual life of the financial assets.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

The impairment provisions for trade receivables are based on reasonable and supportable information including historic loss rates, present developments such as liquidity issues and information about future economic conditions, to ensure foreseeable changes in the customer-specific or macroeconomic environment are considered.

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Financial Liabilities:

The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined

based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognised in the statement of profit and loss.

Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

K. Fair Value Measurement:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement is the use of fair value (i.e., is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants)

at the measurement date in measuring the assets and liabilities of an entity. The Company opts to follow fair value measurement as per Ind AS 113 viz, in respect of financial assets and financial liabilities as stated in the notes no. 1.2;

L. Earnings Per Share:

The basic Earnings Per Share ("EPS") is computed by dividing the net profit / (loss) after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares. The Company did not have any potentially dilutive securities in the years presented.

M. Employee Benefits:

Short term employee benefits:

Short term employee benefits includes wages, salaries, incentives, short term leave salary etc. The liability towards employee benefits over and above the emoluments payable as per the terms and conditions of the employment are reckoned as a liability in the year in which the approval for the said benefits is approved by the competent authority.

Post-employment benefits:

a. Defined Contribution Plans:

Contributions paid/payable to defined contribution plans comprising of Superannuation and Provident Funds for employees covered under the respective Schemes are recognised in the profit or loss each year when employees have rendered service entitling them to the contributions.

b. Defined benefit plans:

Contributions towards gratuity and provident fund trust are considered as defined benefit plans and provided for in accordance with the Guidelines issued by Department of Public Enterprises. Out of the defined benefit plans in the Company only gratuity is a funded defined benefit plan.

The Company makes Provident fund contributions to the Trust set up by the company, at a specified percentage of the employees' salary. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the government. The company has an obligation to make good the short fall, if any,

between the return from the investment of the trust and the notified interest rate.

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of the plan assets.

The amount of defined benefit obligations is computed annually by an independent actuary using the projected unit credit method.

Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in Other Comprehensive Income (OCI). Net interest expense / income, service cost and other expenses related to defined benefit plans are recognized in the statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain / loss on curtailment is recognized immediately in the statement of profit and loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

c. Other long-term employee benefits:

Benefits under the Company's earned leave, post-retirement medical benefits and service awards constitute other long term employee benefits and are recognized based on an actuarial valuation using the projected unit credit method. These actuarial gains or losses are recognized in the statement of profit and loss in the period in which they arise.

N. Income Taxes:

Income tax expense comprises current and deferred tax. It is recognized in the statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in OCI.

Current Tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment

to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

Deferred Tax:

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit and loss;
- temporary differences related to investments in subsidiaries to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are adjusted accordingly.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

O. Non-Current Assets held for Sale:

Non-current assets and disposal group are classified as “Held for Sale” if their carrying amount is intended to be recovered principally through sale rather than through continuing use. The condition for classification of “Held for Sale” is met when the non-current asset or the disposal group is available for immediate sale and the same is highly probable of being completed within one year from the date of classification as “Held for Sale”.

Non-current assets and disposal group held for sale are measured at the lower of carrying amount and fair value less cost to sell. The same are not depreciated or amortized while they are classified as held for sale.

Non-current assets and disposal group that ceases to be classified as “Held for Sale” shall be measured at the lower of carrying amount before the non-current asset and disposal group was classified as “Held for Sale” adjusted for any depreciation/ amortization and its recoverable amount at the date when the disposal group no longer meets the “Held for Sale” criteria.

P. Operating Segments:

In accordance with Ind AS 108 Operating Segments, the operating segments used to present segment information are identified on the basis of internal reports used by the Company’s Management to allocate resources to the segments and assess their performance.

The CMD is the Company’s ‘Chief Operating Decision Maker’ or ‘CODM’ within the meaning of Ind AS 108. The indicators used for internal reporting purposes may evolve in connection with performance assessment measures put in place.

Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

Q. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Company has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. The amount recognized as a provision is the best estimate of the expenditure required to settle the present obligation

at the end of the reporting period. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non- occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognized. They are disclosed only when an inflow of economic benefit is probable from such assets.

Provisions, contingent liabilities and assets are reviewed at each balance sheet date.

R. Exceptional Items:

Exceptional items are disclosed separately in the Financial Statements where it is necessary to do so to provide further understanding of the financial performance of the company. They are material items of income or expense that have been shown separately due to the significance of their nature or amount.

S. Current and Non-Current classification:

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind AS 1 Presentation of Financial Statements.

Operating cycle : Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

T. Cash flow statement

Cash flow statement is prepared in accordance with the indirect method prescribed under Ind AS 7 Statement of Cash Flows.

Cash flows are reported using the indirect method, whereby profit / (Loss) for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Critical Accounting estimates and judgments:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and related disclosures concerning the items involved as well as contingent assets and liabilities on the date of the financial statements and the reported amount of income and expense during the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes, requiring a material adjustment in the carrying amounts of assets or liabilities in future periods. Difference between the actual results and estimates are recognized in the period in which the results are known or materialized.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

MADRAS FERTILIZERS LIMITED

- f. Income tax department has raised a demand of ₹ 7.22 Cr (PY – ₹7.22Cr) on April 22, 2021 for the A.Y 2018-19 for which the Company has filed an appeal before CIT (Appeals) Chennai. Further, the Income Tax Department has initiated the penalty proceedings and levied penalty of ₹20,000/-.
- g. Department of Commercial Tax, Kerala has preferred an appeal against the Company for the AY 2009-10 and 2010-11 before the Hon'ble Supreme Court for considering the subsidy received from the Government as a part of turnover in order to levy the value added tax. The total tax demanded by the Department is ₹5.11 Cr inclusive of interest of ₹1.10 Cr (PY-₹5.11 Cr). The case is pending before the Court.
- h. In respect of Tax deducted at source (TDS), department has raised a demand due to short-deduction and/or short payment of ₹0.20 Cr (PY- ₹0.34 Cr), for which the company is in the process of rectification.
- i. In 2007 Pay Revision, GOI has increased the gratuity ceiling from ₹3.50 lakhs to ₹10.00 lakhs effective from 01.01.2007 whereas the Payment of Gratuity Act has amended only from 24.05.2010. In view of above, employees separated during the period from 01.01.2007 to 30.04.2010 were paid gratuity reckoning the ceiling as ₹3.50 lakhs. Some of the employees separated during the above period filed appeal before the High Court of Madras for the differential Gratuity amounting to ₹2.85 Cr (PY – ₹2.85Cr) and the matter is sub-judice. The matter is stayed by the Hon'ble Madras High Court with an order that the enhanced Gratuity is not payable with retrospective effect based on SC order on the issue.
- j. As per the DPE guidelines on wage revision effective 01.01.2017, the package includes higher gratuity of ₹20 lakhs from that date. During the current FY, the company has given effect to wage revision w.e.f 01.04.2023. The Company is paying the enhanced gratuity to all the employees who are separated from the Company after the amendment made in the payment of Gratuity Act with effect from 29.03.2018. Some of the employees who have retired prior to 29.03.2018, have gone to labour court claiming gratuity amounting to ₹ 5.70 Cr (PY – ₹5.70 Cr) for the period from 01.01.2017 to 28.03.2018 which was dismissed by the Labour Court and separated employees have filed an appeal in Hon'ble High Court of Madras. The said appeal is pending for disposal by the Hon'ble High Court as on the date of the Balance sheet.
- k. Tamil Nadu Pollution Control Board (TNPCB) has issued a Show cause Notice for non-compliance of emission norms by levying an environmental compensation of ₹0.37 Cr. u/s 5 of the Environment (Protection) Act, 1986. The Company has represented the matter before the appropriate authority. Decision of the TNPCB is yet to be received.
- l. The Company has requested GOI for waiver of Interest accrued and penal interest on GOI loans as a part of revival package. However, as per the office memorandum on 'Loans and Advances by the Central Govt.- interest rate and the other terms and conditions', in case of non-acceptance of revival package submitted by the Company, the Company is under obligation to pay penal interest of 2.75% p.a amounting to ₹ 394.68 Cr for the current year (PY – ₹351.68 Cr).

2. Disclosure of Contingent Asset

The Company filed a recovery suit against M/s Hastalloy India Ltd, having business transactions of supply of Uranus Rods amounting to ₹0.08 Cr together with interest of ₹0.04 Cr before Hon'ble Court of Principal District Judge at Tiruvallur. In 2007, the Court ordered the decree in favour of the company for an amount of ₹0.12 Cr, as claimed in the suit and to reimburse the cost of suit of ₹0.01 Cr along with the interest @ 18% from the date of decree to till date of realization. Subsequently for transfer of decree necessary executive petition papers were filed in the District Court, Tiruvallur. Since the jurisdiction of supplier lies in Visakhapatnam, the Company initiated to transfer the executive petition for the recovery. Due to non-availability of virtual certainty of inflow to the company, it is disclosed as contingent asset.

Net Deferred Tax Asset/(Liability)	(109.09)	5.26	(27.78)	(86.57)

Deferred tax assets and liabilities have been offset wherever the company has a legally enforceable right to setoff current tax assets against current tax liabilities and where the deferred tax assets and deferred tax liabilities relate to income taxes levied by the Income Tax Authority.

The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the year in which the temporary differences become deductible. Management considers the scheduled reversals of deferred income tax liabilities, projected future taxable income and tax planning strategies in making the assessment.

Based on the level of historical taxable income and projections for future taxable income over the years in which the deferred income tax assets are deductible, management believes that the company will realize the benefits of those deductible differences. The amount of deferred income tax assets considered realizable could be reduced in the near term if estimates of future taxable income during the carry

forward periods are reduced.

Vacant Land in Guindy	71.86	65.33

13. The Company has 70 acres of surplus land at Manali, which has been approved by the shareholders through special resolution during the FY 2019-20. Initially, CPCL has shown its interest to purchase the entire 70 acres of land. Later on, CPCL has conveyed its willingness to purchase 4.98 acres of land only. Accordingly, the company has classified the 4.98 acres of Manali land under "Assets held for Sale" amounting to ₹18,484/- (valued at cost price), whose fair value as on the March 31, 2025 is ₹ 71.59 Cr.

For the remaining 65.02 acres of surplus land, the company has made communication to all the PSUs and Government of Tamil Nadu, the availability of land for sale. The company decided to classify the 65.02 acres of land under "Investment Property" due to lack of marketability of the land and the same was informed to DIPAM for further action.

Further, during the 310th Board Meeting, the Board of Directors approved for sale of Guindy property having an area of 19 grounds & 1064 sq.ft, subject to approval of Dept. of Fertilizers, Govt. of India and Shareholders. Pending approval from the shareholders, the same is retained under "Investment Property". During the year, the Board has approved appointment of NBCC (India) limited as a land management agency for said property for which MOU is yet to be entered.

14. Employee Benefit Expenses

Defined Benefit Plans:

The Company has floated the following defined benefit plans i) Gratuity, ii) Post-retirement medical benefits, iii) Compensated absences, iv) Service awards and v) Contribution to Provident Fund trust.

Funding:

Gratuity is the only defined benefit plan that is funded by the

Company. The funding requirements are based on the fund's actuarial measurement framework set out in the funding policies of the plan. The funding of the plan is based on a separate actuarial valuation for funding purpose.

The Company has determined that in accordance with the terms and conditions of the defined benefit plan, and in accordance with statutory requirements, the present value of refunds or reductions in future contributions is not lower than the balance of the total fair value of the plan asset less the total present value of obligations.

Movement in net defined benefit (Asset) / Liabilities

Gratuity

The cost of providing such defined benefit is determined using the projected unit credit method of actuarial valuation made at the end of the year and is administered through a fund maintained by Life Insurance Corporation of India. This defined benefit plan exposes the Company to actuarial risks, such as longevity risk, interest rate risk and market (investment) risk.

Every employee who has rendered continuous service of five years or more is entitled to gratuity at 15 days salary (15/26 * last drawn basic salary plus dearness allowance) for each completed year of service subject to a ceiling of ₹ 0.20 Cr on superannuation, resignation, termination excepting in the case of death or disablement for which the condition of continuous service does not apply. The Company has carried out actuarial valuation of gratuity benefit considering the enhanced ceiling.

Other Benefits

Obligations on post - retirement medical benefits, compensated absences and service awards are provided using the projected unit credit method of actuarial valuation made at the end of the year. These are unfunded plans.

16. Capital Management:

For the purpose of the Company's Capital management, capital includes equity capital and all other reserves. The Company's capital management objective is to maximize the total shareholder return by optimizing cost of capital through flexible capital structure that supports growth.

The Company manages its capital structure and makes adjustments in the light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings less cash and short-term deposits.

Gearing Ratio:

(₹Cr)

17. Financial Risk Management

In course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational / financial performance. These include market risk (including currency risk, interest rate risk and equity risk), credit risk and liquidity risk.

The Board of Directors reviews and approves risk management framework and policies for managing these risks and monitors suitable mitigating actions taken by the management to minimize potential adverse effects and achieve greater predictability to earnings.

Borrowings, trade payables and other financial liabilities constitute the Company's primary financial liabilities and

investment in unquoted equity shares, trade receivables, loans, cash and cash equivalents and other financial assets are the financial assets.

a. Credit Risk

Trade receivables

Credit risk refers to the risk of default on the receivables to the Company that may result in financial loss. The maximum exposure from trade receivables is amounting to ₹ 382.93 Cr as of March 31, 2025 (₹ 321.32 Cr as of March 31, 2024).

Trade receivables mainly constitute subsidy receivable from Government of India and from sale of manufactured and traded fertilizers to dealers. As far as Government portion of receivables is concerned, risk of default is nil

or insignificant, subject to approval of subsidy rate by Government of India. In the case of dealers, credit risk is being managed through credit approvals, establishing credit limits and monitoring the creditworthiness of customers to allow credit terms in the normal course of

business. In the case of the Company, the credit period offered varies between 30 to 60 days. There have been few cases of impairment historically for which the Company has made requisite provisions.

Investment in unquoted equity shares

The Company has investments in unquoted equity shares of Indian Potash Limited and Fortune Bio-Tech Limited. The Company does not expect any losses from non-performance by the investee companies and hence no impairment is recognized in the Statement of Profit and Loss.

Loans and Advances

The company provides loans / advances to its employees on concessional or interest free basis. The company manages its credit risk in respect of such loans to employees through recovery of the same in a number of predetermined installments.

Cash and cash equivalents, deposits with banks and other financial Assets

The credit risk on cash and bank balances is limited because the counterparties are banks with high credit ratings. Therefore, the risk of default is considered to be insignificant.

In case of other financial Assets, there are certain credit impaired cases mainly due to breach of contract arising due to default, or bankruptcy proceedings.

Summary of exposures to financial assets provided below:**(₹Cr)**

Financial asset	Exposure as at	
	March 31,2025	March 31,2024

Other financial assets	17.89	13.01
Total	1602.35	1385.57

Provision for expected credit losses**Financial assets for which loss allowance is measured using life time expected credit losses**

The Company's customer base is the Government of India and a number of dealers. Historically the risk of default is very low. Further, management believes that the unimpaired amounts that are past due by more than 60 days are still collectible in full, based on historical payment behavior and extensive analysis of customer credit risk.

The company establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables excluding Subsidies from the Government and other financial Assets. The provision matrix of ECL for Trade Receivables at the end of reporting period is as follows:

MADRAS FERTILIZERS LIMITED

b. Liquidity risk

The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk through cash credit limits and undrawn borrowing facilities by continuously monitoring forecast and actual cash flows. The Company invests its surplus funds in bank fixed deposit which carry minimal mark to market risks.

Maturities of financial liabilities

c. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk for the entity comprises three types of risk: currency risk, interest rate risk and equity risk.

Financial instruments affected by market risk include borrowings, trade payables in foreign currency and investment in unquoted equity shares. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

d. Currency risk

The Company executes import agreements for the purchase of raw materials, stores & spares and Property Plant & Equipment. These are not hedged by the Company owing to the materiality of such foreign exchange gain / loss values.

The currency profile of financial liabilities is as below:

(₹Cr)

Particulars	March 31, 2025	March 31, 2024
Trade payables	-	-

Sensitivity analysis

A strengthening / weakening of the Indian Rupee, as indicated below, against the foreign currency as at 31 March would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for previous year, except that the reasonably possible foreign exchange rate variances were different, as indicated below.

(₹Cr)

Particulars	As at March 31,2025		As at March 31,2024	
	Profit and loss		Profit and loss	
10% movement	Gain on appreciation	Loss on depreciation	Gain on appreciation	Loss on depreciation
Trade payables denominated in foreign currency	-	-	-	-

**e. Interest rate risk**

The Company is not exposed to any interest rate risk as the interest rate on the sole borrowing from GOI is fixed in nature.

At the reporting date the interest rate profile of the Company's interest-bearing financial instruments is as follows:

(₹Cr)

Particulars	March 31, 2025	March 31, 2024
Financial assets		
Fixed-rate instruments		
Employee loans	10.59	21.40
Financial liabilities		
Fixed-rate instruments		
GOI Term loan	554.24	554.24
Cash Credit from bank	109.92	153.43

Fair value sensitivity analysis for fixed-rate instruments

The company's fixed rate instruments are carried at amortized cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

f. Equity price risk

Equity price risk is related to the change in market reference price of the investments in quoted equity securities. In the case of the Company, the sole investment in equity shares is unquoted and therefore, the Company is not exposed to equity price risks. However there can be changes in fair value of equity investments based on valuations done at different reporting periods owing to the operations and general business environment in which the investee operates. In general, the investment is not held for trading purposes.

Balance outstanding as 31/03/2025	7.13

24. Disclosure as per Ind AS 108 'Operating segments'

Basis for segmentation

In the case of the Company, Chairman & Managing Director(CMD) is considered to be the Chief Operating Decision Maker (CODM). The CMD reviews the performance of the Company and allocate resources based on the various management information reports provided by the respective departments of the Company.

The CODM reviews the performance of the Company primarily as two segments:

- Fertilizers (Urea and NPK);
- Other activities (Trading activities and Bio fertilizers);

MADRAS FERTILIZERS LIMITED

However, since the revenue from other activities constitutes less than 5% of the reported revenue and no significant assets are employed for these activities, the management is of the view that the Company has only one reportable segment that relates to manufacture of sale of fertilizers.

Geographical information

The Company is in the operation of manufacture and sale of fertilizers within India, the entire revenue is domestic and all non-current assets are situated in India only.

Revenue from major customer

There is no single customer that accounts for more than 10% of the Company's revenue, other than subsidy from Government of India.
