"Bihar's sugar industry is witnessing renewed policy support, with the Sugarcane Industry Investment Promotion Policy 2026 aimed at attracting fresh investments, reviving closed mills and modernising integrated sugar, ethanol and co-generation infrastructure.

The broader sugar industry outlook remains favourable, supported by decade-low inventories, expectations of lower production and firm domestic sugar prices. Potential changes in ethanol diversion policies could further influence sugar availability and profitability, while distillery operations remain an important growth driver.

At Magadh, we remain focused on operational efficiency, sugarcane development and optimal utilisation of our integrated assets. Through prudent capital allocation and disciplined execution, we aim to strengthen business resilience and create sustainable long-term value for all stakeholders."
