  2. **A MEMBER ENTITLED TO ATTEND AND VOTE AT THE ANNUAL GENERAL MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE AND SUCH PROXY NEED NOT BE A MEMBER OF THE COMPANY.** A person can act as proxy on behalf of members not exceeding fifty (50) and holding in aggregate not more than 10% of paid-up share capital of the Company. However, a member holding more than 10% of the total share capital of the Company may appoint a single person as proxy provided that such person shall not act as proxy for any other person or member. A Proxy Form is annexed to this notice.
  3. If a Proxy is appointed for more than fifty (50) Members, he/she shall choose any fifty (50) Members and confirm the same to the Company before the commencement of period specified for inspection of proxy lodged. In case the Proxy fails to do so, the Company shall consider only the first fifty proxies received as valid.
  4. The form of proxy shall be duly completed and deposited at the Registered Office of the Company not less than 48 hours before the commencement of the meeting. During the period beginning 24 hours before the time fixed for the commencement of the meeting and ending with the conclusion of the meeting, a member would be entitled to inspect the proxies lodged, at any time during the business hours of the Company, provided not less than 3 days' written notice is given to the Company.
  5. An instrument of Proxy duly filled, stamped, and signed is valid only for this Annual General Meeting including any adjournment thereof.
  6. Corporate/Institutional Members are entitled to appoint authorized representatives to attend the AGM on their behalf and cast votes through remote E-voting or physical voting at the AGM. Corporate/ Institutional Members intending to authorize their representatives to participate and vote at the Meeting are requested to send a certified copy of the Board Resolution/Authorization letter to the Company at [singh.madhvendra@mahindra.com](mailto:singh.madhvendra@mahindra.com), authorizing its representative(s) to attend and vote on their behalf at the Meeting, pursuant to Section 113 of the Act.
  7. Members/Proxies/Representatives are requested to bring the attendance slip, annexed herewith, for attending the meeting, duly completed, and signed mentioning therein details of their DP ID and Client ID/ Folio No.
  8. In case of joint holders attending the Meeting, only such a joint holder whose name appears as the first holder in the Register of Members will be entitled to vote at the Meeting.
  9. The relevant documents referred to in the Notice are available for inspection by the members at the Registered Office of the Company during business hours on any working day (i.e., except Saturdays, Sundays & Public Holidays) between 10.00 a.m. IST to 5.00 p.m. IST up to the date of the Meeting.
  10. Members who have not registered their e-mail address so far are requested to register their e-mail address with Depository Participant/ Registrar and Transfer Agents for receiving all the communications including Annual Reports, Notices, etc. in electronic mode.
  11. Rule 3 of Companies (Management and Administration) Rules, 2014 (as amended) prescribes that Register of Members should include details pertaining to e-mail, PAN/CIN, UID, Occupation, Status and Nationality. We request all the Members of the Company to update the said details with their respective Depository Participants in case of shares held in electronic form and with the Company's Registrar and Transfer Agents in the case of physical holding
  12. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD\_RTAMB /P/CIR/2022/8 dated January 25, 2022 has mandated the Listed Companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate; claim from Unclaimed Suspense Account; Renewal/Exchange of securities certificate; Endorsement; Sub-division/Splitting of securities certificate; Consolidation of securities certificates/ folios; Transmission and Transposition.
- Accordingly, Shareholders are requested to make service requests by submitting a duly filled and signed Form ISR-4, the format of which is available on the website of RTA i.e. <https://ris.kfintech.com/faq.html>. It may be noted that any service request can be processed only after the folio is KYC compliant. SEBI vide its notification dated January 24, 2022, has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various

benefits of dematerialization. Members are advised to dematerialize the shares held by them in physical form. Members can contact the Company or RTA, for assistance in this regard.

13. Members are requested to note that, dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ('IEPF'). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. In view of this, Members/Claimants are requested to claim their dividends from the Company, within the stipulated timeline. The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an application to the IEPF Authority, in Form No. IEPF-5 available on [www.iepf.gov.in](http://www.iepf.gov.in).
14. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/mobile numbers, PAN, registering of nomination, power of attorney registration, Bank Mandate details, etc., to their DPs in case the shares are held in electronic form and to the RTA in prescribed Form ISR-1 and other forms pursuant to SEBI Circular No. SEBI/ HO/MIRSD/MIRSD\_RTAMB/P/CIR/2021/655 dated November 03, 2021. Further, Members may note that SEBI has mandated the submission of PAN by every participant in securities market.
15. The Register of Directors and Key Managerial Persons and their shareholding maintained under Section 170 of the Act and Register of Contract maintained under Section 189 of the Act and relevant documents referred in the Notice will be available for inspection without any fee from the date of circulation of this Notice up to the date of AGM i.e., May 29, 2026, can send an email to [singh.madhvendra@mahindra.com](mailto:singh.madhvendra@mahindra.com).
16. **Route Map:** Since this AGM is held physically, Route Map showing the location of and directions to reach the venue of the 44<sup>th</sup> AGM is attached, pursuant to Secretarial Standard-2 on General Meetings.
17. **Remote e-Voting:** In compliance with the provisions of Section 108 of the Companies Act, 2013, Companies (Management and Administration) Rules, 2014, and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide members facility to exercise their right to vote on resolutions proposed to be considered at the Annual General Meeting (AGM) by electronic means and the businesses may be transacted through E-voting services. Kindly refer to Page No. 18 below for detailed instructions for remote e-voting.
18. The remote E-voting period commences on Tuesday, May 26, 2026 (9.00 A.M. IST) and ends on Friday, May 28, 2026 (5.00 p.m. IST) (both days inclusive). During this period, Members holding shares, as on the Cutoff date i.e., Friday, May 22, 2026 may cast their vote electronically or for participation and voting in the AGM. A person whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the depositories as on the closure of business hours on cut-off date shall be entitled to vote on the resolutions through the facility of Remote e-Voting or participate and vote in the AGM. Once the vote on a resolution is cast by the Member, he/she/it shall not be allowed to change it subsequently.
19. Pursuant to SEBI Circular No. SEBI/HO/CFD/ CMD/ CIR/P/2020/242 dated December 09, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote E-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple E-voting service providers (ESPs) providing E-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. To increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable E-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ web sites of Depositories/Depository Participants. Demat account holders would be able to cast their vote without having to register again with the E-voting service providers, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in E-voting process. Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update the mobile number and email Id in their demat accounts to access E-voting facility.
20. The resolutions as set out in this Notice are being conducted through E-voting. The said resolutions will not be decided by show of hand at the AGM. The members can opt for only one mode of voting i.e., either by remote E-voting or by ballot paper at the meeting. The members who have cast their vote by remote E-voting are eligible to attend the AGM but shall not be entitled to cast their vote again. In case of any unforeseen technical failure or eventuality resulting into non- functionality of the electronic voting system at the meeting, members would be provided the ballot paper for casting their vote at the meeting.

21. In this Notice and Annexure(s) thereto the terms “Shareholders” and “Members” are used interchangeably.
22. Pursuant to Rule 22(5) of the Companies (Management and Administration) Rules, 2014, the Board of Directors of your Company at its meeting held on April 21, 2026, has appointed Mrs. Sujata Raje Bahadur, Practicing Company Secretary as the Scrutinizer to scrutinize the voting and remote E-voting process in a fair and transparent manner. The Company has opted to provide “Ballot Paper” for all those members who are present at the AGM and have not cast their votes by remote E-voting facility. However, we encourage members to use e-voting facilities during e-voting period. After the conclusion of voting at the AGM, the Scrutinizer will submit a report to the Chairman of the Company or any other person authorized by the Chairman, after taking into account votes cast at the AGM as well as through remote E-voting in accordance with provisions of Rule 20 of Companies (Management and Administration) Rules, 2014, as amended. The consolidated results in respect of voting along with the Scrutinizer’s Report will be sent to Stock Exchanges and will also be uploaded on website of the Company and KFin Technologies Limited.
23. Electronic copy of the full annual report for 2025-26 is being sent to all the members whose email IDs are registered with the Company/Depository Participant(s) for communication purposes. Electronic copy of the Notice of the 44<sup>th</sup> Annual General Meeting of the Company inter alia indicating the process and manner of E-voting along with Attendance Slip and Proxy Form is being sent to all the members whose email IDs are registered with the Company/Depository Participants(s) for communication purposes. The Company, in accordance with Regulation 36(1) (b) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, will be sending separate letter to those Members who have not registered their email addresses with the Company, providing web-link of the Annual Report 2025-26.
24. The notice and the Annual Report is being sent to all the members, whose names appeared in the Register of Members as on Thursday, April 30, 2026. The Notice alongwith Annual Report can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) respectively and the same is also available on the website of KFin Technologies Limited at the website address <https://evoting.kfintech.com/>.
25. The Register of Members of physical shareholders of the Company will remain closed from Monday, May 25, 2026 to Friday, May 29, 2026 (both days inclusive).
26. All documents referred to in the accompanying explanatory statement are available for inspection upto the date of the AGM on the website of the Company at the following weblink: <https://www.mahindrairrigation.com>. Members seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company on or before May 27, 2026 through email on [singh.madhvendra@mahindra.com](mailto:singh.madhvendra@mahindra.com). The same will be replied by the Company and will be available for inspection in electronic mode.
27. Procedure for registering the email addresses and obtaining the Annual Report, AGM notice and e-voting instructions by the shareholders whose email addresses are not registered with the Depositories (in case of shareholders holding shares in Demat form) or with RTA (in case the shareholders holding shares in physical form)
- Those members who have not yet registered their email addresses are requested to get their email addresses registered by following the procedure given below:
    - Members holding shares in demat form can get their e-mail ID registered by contacting their respective Depository Participant.
    - Members holding shares in physical form may register their email address and mobile number with Company’s Registrar and Share Transfer Agent, KFin Technologies Limited by sending an e-mail request at the email ID [einward.ris@kfintech.com](mailto:einward.ris@kfintech.com) along with signed scanned copy of the request letter providing the email address, mobile number, self-attested PAN copy and copy of share certificate for registering their email address and receiving the Annual report, AGM Notice and the e-voting instructions.
  - Those members who have registered their e-mail address, mobile nos., postal address and bank account details are requested to validate/update their registered details by contacting the Depository Participant in case of shares held in electronic form or by contacting KFin Technologies Limited, the Registrar and Share Transfer Agent of the Company, in case the shares are held in physical form.
28. The Securities and Exchange Board of India (SEBI) vide its circular dated April 20, 2018, has mandated registration of Permanent Account Number (PAN) and Bank Account Details for all securities holders. Members holding shares in physical form are therefore, requested to submit their PAN and Bank Account details by sending a duly signed letter along with self-attested copy of PAN Card and original cancelled cheque. The original cancelled cheque should bear the name of the Member. In the alternative Members are requested to submit a copy of bank passbook/statement attested by the bank. Members holding shares in demat form are requested to submit the aforesaid information to their respective Depository Participant.

29. SEBI vide Circulars dated July 31, 2023, and August 4, 2023, read with Master Circular dated July 31, 2023 (updated as on August 11, 2023), has established a common Online Dispute Resolution Portal (“ODR Portal”) for resolution of disputes arising in the Indian Securities Market. Pursuant to above mentioned circulars, post exhausting the option to resolve their grievances with the RTA/Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>).
30. In terms of Regulation 40(1) of SEBI Listing Regulations, as amended from time to time, transfer, transmission and transposition of securities shall be effected only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialization, Members are advised to dematerialize the shares held by them in physical form. Members can contact the Company or KFintech, for assistance in this regard.

## PROCEDURE FOR REMOTE E-VOTING

- i. - II) **Login method for e-Voting for shareholders other than Individual's shareholders holding securities in demat mode and shareholders holding securities in physical mode.**

- (A) Members whose email IDs are registered with the Company/ Depository Participants (s), will receive an email from Kfintech which will include details of E-Voting Event Number (EVEN), USER ID and password. They will have to follow the following process:
- i. Launch internet browser by typing the URL: <https://evoting.kfintech.com/>
  - ii. Enter the login credentials (i.e. User ID and password). In case of physical folio, User ID will be EVEN (E-Voting Event Number) xxxx, followed by folio number. In case of Demat account, User ID will be your DP ID and Client ID. However, if you are already registered with Kfintech for e-voting, you can use your existing User ID and password for casting the vote.
  - iii. After entering these details appropriately, click on "LOGIN".
  - iv. You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A- Z), one lower case (a-z), one numeric value (0-9) and a special character (@,#,\$, etc..). The system will prompt you to change your password and update your contact details like mobile number, email ID etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.
  - v. You need to login again with the new credentials.
  - vi. On successful login, the system will prompt you to select the "EVEN" i.e., 9692 'Mahindra EPIC Irrigation Limited - AGM' and click on "Submit".
  - vii. On the voting page, enter the number of shares (which represents the number of votes) as on the Cut-off Date under "FOR/ AGAINST" or alternatively, you may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/ AGAINST" taken together shall not exceed your total shareholding as mentioned herein above. You may also choose the option ABSTAIN. If the Member does not indicate

either “FOR” or “AGAINST” it will be treated as “ABSTAIN” and the shares held will not be counted under either head.

- viii. Members holding multiple folios/demat accounts shall choose the voting process separately for each folio/ demat accounts.
- ix. Voting has to be done for each item of the notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.
- x. You may then cast your vote by selecting an appropriate option and click on “Submit”.
- xi. A confirmation box will be displayed. Click “OK” to confirm else “CANCEL” to modify. Once you have voted on the resolution (s), you will not be allowed to modify your vote. During the voting period, Members can login any number of times till they have voted on the Resolution(s).
- xii. Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI etc.) are also required to send scanned certified true copy (PDF Format) of the Board Resolution/Authority Letter etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to cast its vote through remote e-voting. - f. A declaration that he is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to his registration with the data bank of independent directors maintained by the Indian Institute of Corporate Affairs.

A brief profile of Mr. Balram Singh Yadav (DIN: 00294803) is as follows:

Mr. Balram Singh Yadav has spent his professional career at Godrej Agrovet since 1990, and has built a transformative legacy since he took over as MD of the food and agribusiness conglomerate in 2007. As his first challenge as MD, he successfully led the turnaround of GAVL, which was then a loss-making entity. The company has since seen a 17% CAGR in topline and 22% CAGR in valuation. Growth came as a combination of greenfield investments, inorganic moves and investment in 3 R&D centres as a moat. A key milestone was when Balram took the company public in 2017 (1200 Cr primary and secondary) and the issue

was subscribed 96+ times. Growth has been balanced and sustainable – diversity improved from 2% in 2014 to 12% in 2025; not a single day was lost to employee relations issues in 58 manufacturing locations in the country.

In addition to management experience, Balram has experience as a Board member, and in new business building. He served as MD of Godrej Foods Ltd. He was a Director of ACI Godrej Agrovet, Creamline Dairy and Astec Life Sciences. Currently, he is an Independent Director outside the agribusiness industry with DAM Capital Advisors. He is also an active angel investor mentoring a slew of next-generation entrepreneurs, an Advisory Board Member for First Bridge Capital, and an LP in several funds.

With his deep knowledge of agri and food value chains, Balram has regularly advised Central and State Government stakeholders on formulating practical policies, building ecosystems, and implementation approach. His inputs were instrumental in formulating the National Mission on Edible Oil – Oil Palm. He has served in several committees of Ministry of Agriculture, Ministry of Fisheries & Animal Husbandry, CII and FICCI.

His views are constantly in demand from institutional investors, PE firms, and industry bodies. Balram is the current Chairman of Agriculture Skill Council of India. He is a regular speaker at several fora of food and agri sector. He has played a key role in bringing together companies in the various agribusiness sub-segments, towards common causes like industry representation, improving perception and collaboration. He has been a Chairman of CLFMA twice.

Mr. Balram's purpose as a professional in Godrej Agrovet and the broader industry is to guide people and businesses to perform to potential, leveraging an entrepreneurial spirit. He believes in inspiring teams with incredible stories from his rich experience in the field. He is guided by 7 life lessons, the primary of which is 'Never be guilty of not doing enough'

Mr. Yadav completed his B.Sc. (Hons.) in Agricultural Science at Haryana Agricultural University, where he ranked 2<sup>nd</sup> in his class. He earned his MBA from IIM Ahmedabad.

He is a regular contributor to National & International fora in areas of Food & Agriculture.

Mr. Balram Singh Yadav serves as Director on the Board of Agriculture Skill Council of India and DAM Capital Advisors Limited. The Nomination and Remuneration Committee considers candidates having experience and expertise across industries for appointments on the Board. It also deliberates on various factors including current tenure of Directors, skill matrix including skill-gaps, diversity, time commitment and statutory requirements while considering the appointment of any person on the Board. This ensures smooth transitions in key Board positions.

Further, in the opinion of the Nomination and Remuneration Committee and the Board the appointment of Mr. Yadav on the Board of the Company would be beneficial to the Company considering his vast experience.

The Board noted that Mr. Yadav's skills, background and experience are aligned to the role and capabilities identified by the NRC and that he is eligible for appointment as a Non-Executive Independent Director.

Mr. Balram Singh Yadav fulfills the criteria of independence as specified in the Companies Act, 2013. The disclosures under Regulation 36 of the Securities and Exchange Board of India (Listing Obligation and Disclosure Requirement) Regulations, 2014 and Secretarial Standard-2, is provided at **Annexure A** of this Notice. The Company has also received notice from a Member under Section 160 of the Companies Act, 2013 proposing his re-appointment as a Director.

The resolution seeks the approval of members for the appointment of Mr. Balram Singh Yadav as a Non-Executive Independent Director of the Company for a term of five (05) years effective April 21, 2026 to April 20, 2031 pursuant to Sections 149, 152 and other applicable provisions of the Act and the Rules made thereunder including any statutory modification(s) or re-enactment(s) thereof and he shall not be liable to retire by rotation. In compliance with Section 149 read with Schedule IV to the Act and Regulation 25 of the LODR Regulations.

He holds membership of the Board Committee of DAM Capital Advisors Limited, details of the same are being provided in annexure attached herein below.

The letter of appointment of Mr. Balram Singh Yadav (DIN: 00294803) setting out the terms and conditions of appointment shall be available for inspection by the Members electronically at the Registered Office of the Company between 10.00 a.m. and 01.00 p.m. on all working days (except Saturdays, Sundays and Public Holidays, if any), from the date of dispatch of this Notice till the last date of remote e-voting i.e. Thursday, May 28, 2026, provided the Members seeking to inspect the same send an email to [singh.madhvendra@mahindra.com](mailto:singh.madhvendra@mahindra.com) in advance.

In line with the Company's remuneration policy for Independent Directors, Mr. Balram Singh Yadav will be entitled to receive commission & sitting fees as approved by the Board, reimbursement of expenses for participation in the Board/Committee(s) meetings.

The Board recommends the resolution as set out in the Notice for the approval of the Members of the Company as a Special Resolution.

Accordingly, approval of the members is being sought for the proposal contained in the Resolution set out at Item No. 07 of the Notice.

Save and except Mr. Balram Singh Yadav, being appointee, or his relatives, to the extent of their shareholding interest, if any, in the Company, none of the other Directors, Key Managerial Personnel (KMP) of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution to be passed as a Special Resolution set out at Item No. 07 of the Notice.

None of the Directors and KMP of the Company is inter-se related to each other. The Board commends the **Special Resolution** set out at Item No. 07 of the Notice for approval of the Members.

**Approval for Payment of Commission to Non-Executive Directors.**

As per the provisions of Sections 197, 198 and other applicable provisions, if any of the Companies Act, 2013 read with Schedule V and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 ("the Rules") and Regulation 17(6) of Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015 and taking into account the roles and responsibilities of the Directors, approval of the Members is being sought for payment of commission to the Non-Executive Directors of the Company.

It is proposed that the payment of commission not exceeding in aggregate 1% (one percent) of the net profits of the Company to and amongst the Non-Executive- Independent Directors & Non-Executive Non-Independent Directors for the period of three financial years i.e. From FY2025-26 to FY 2027-28, subject to condition that for FY2025-26 the commission shall be payable only to Ms. Aruna Rajendra Bhinge (Non-Executive Independent Director) & Mr. Viswanathan Kapilnandan (Non-Executive Independent Director) and Mr. Shriprakash Shukla (Non-Executive - Non Independent Director) ("Eligible Directors" for FY2025-26) and for the FY2026-27 & FY2027-28,

the commission may be payable to such Non-Executive-Independent Directors & Non-Executive Non Independent Directors, as may be recommended by the Nomination and Remuneration Committee and approved by the Board of Directors, from time to time for respective financial years, if deemed fit, subject to the Company earning profits in the relevant financial year, in such manner as may be determined by the Board of Directors calculated in accordance with the provisions of Section 198 of the Act, and such payments shall be made in respect of the profits of the Company.

It is pertinent to note that the eligible Directors of the Company bring with them significant professional expertise and rich experience across a wide spectrum of functional areas such as strategic leadership and management experience, technology and digital expertise, industry and sector experience / knowledge, financial and risk management, governance, global business / international expertise, public policy, etc. Their contributions, insights and guidance to the senior leadership in the management of the Company have played significant role in the growth journey of the Company. In recognition of their valuable contributions, corporate governance practices and increased responsibilities envisaged under the current statutory / regulatory framework, it is considered appropriate that they be compensated adequately in addition to sitting fees

The Directors attend the meetings of the Board of Directors and the Committees of which he/she is a part thereof thereby devoting their sufficient time and attention to its professional obligations for informed and balanced decision making, based on the recommendation of Nomination & Remuneration Committee and the Board of Directors, the consent of shareholders of the Company, be and hereby accorded for payment of remuneration, by way of commission, such amount not exceeding in aggregate 1% (one percent) of the net profits of the Company to and amongst the Eligible Directors, calculated in accordance with the provisions of Section 198 of the Act, and such payments shall be made in respect of the profits of the Company. Such that the overall managerial remuneration shall remain within the limits prescribed under Section 197 of the Act.

As per the provisions of Section 198 the net profit of the Company for FY 2025-26 is approx Rs. 3.06 Crores and maximum ceiling limit of overall remuneration to be payable to all executive/non-executive directors should be Rs. 0.33 Crores i.e. 11% of the net profits.

The commission payable to above directors is above the ceiling limit of 11% of the net profits while considering the approval for aforesaid remuneration payable to Mr. Ramesh Ramchandran at item no 05 and commission to other Non-Executive Directors.

However, in case Company has no profits or its profits are inadequate, during any financial Year, the Company shall pay commission to above category of directors, the approved remuneration as the Minimum Remuneration in accordance with the provisions of Schedule V to the Act. The effective Capital of the Company as on March 31, 2026 is above

100 crore but less than Rs. 250 Crores and in terms of Schedule V to the Act, the Company can pay to Managerial Person upto Rs. 120 lakhs for a Financial Year 2026-27

The Commission proposed to be paid to eligible directors shall be determined by the Board of Directors based on their roles, responsibilities, expertise, and contribution.

The aforesaid remuneration is exclusive of the fees payable to the Non-Executive Directors for attending the meetings of the Board or Committees thereof or for any other purpose whatsoever as may be decided by the Board of Directors and reimbursement of expenses for participation in the Board and other meetings.

The Company, therefore, seeks approval of the shareholders for paying such remuneration and the proposed commission is in compliance with Regulation 17(6) of SEBI LODR and is intended to align directors' remuneration with the Company's performance.

## Item No. 10

### **Ratification of Material Related Party Transaction(s) entered with Mahindra & Mahindra Limited (Holding Company/Promoter Group) for the financial year 2025-26**

This is to apprise to the members of the Company that during an internal compliance review, it was observed that an inter-corporate deposit (ICD)/Unsecured Loans was availed by the Company during March 2026 which was qualified as a related party transaction within the meaning of Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations").

This is to further that, as per Regulation 23(4) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR"), the Company is required to obtain prior approval of material related party transaction as defined in the SEBI LODR Regulations from its shareholders. The materiality threshold of Company for the related party transaction basis Audited Financials of FY2024-25 was ascertained as Rs. 27.20 Crores i.e. 10% of the consolidated turnover of the Company.

The Company initially availed an ICD of Rs. 25 Crore during the financial year 2025-26 which was within the permissible limit of Rs. 27.20 Crore, for which only a prior Audit Committee approval was considered sufficient. However, in the second instance on March 30, 2026 the Company had availed inter-corporate deposits ("ICD") of Rs. 20 Crores (in aggregated Rs. 45 Crore) from Mahindra & Mahindra Limited ("Promoter Group/Holding Company/Related Party") inadvertently exceeded aggregate threshold criteria of 10% of the Consolidated Turnover of the Company, without seeking shareholders' approval. The materiality thresholds of the Company w.r.t. related party transactions were breached since for the purpose of calculation of limits, the value of cumulative/aggregate transactions during the financial year is not considered.

The management upon realizing the same, immediately reversed the transaction within 11 days from the availing of the ICD i.e. on April 09, 2026.

It is relevant to note that as soon as the inadvertent potential non-compliance came to the attention of the Company, the Company immediately took steps to rectify the inadvertent non-compliance. The said lapse is procedural in nature and transaction is not prejudicial to the interest of the stakeholders and no harm or loss has been caused to any investor. Furthermore, the arrangement did not result in any preferential benefit to the related party or the Company and same was undertaken on commercially acceptable arm's length terms.

The said lapse has been discussed and ratified in Board Meeting followed by Audit Committee dated April 21, 2026 and in this regard the company would be suo-moto approaching the Securities Exchange and Board of India in accordance with the Securities and Exchange Board of India (Settlement

Proceedings) Regulations, 2018 for the contravention of Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In outcome of Board Meeting dated April 21, 2026, the Company has followed its best practices towards the corporate governance norms and accordingly disclosed the information about the said procedural lapse with the Stock-Exchanges (BSE-NSE).

In view of the above, the Company seeks to suo-moto and voluntarily settle all proceedings that may arise and engage with the Securities and Exchange Board of India on such terms as may be mutually acceptable, in accordance with the applicable regulations on settling the same by consent in full and final settlement of any and all proceedings that may be proposed or contemplated in this respect.

As per the provisions of Regulation 23(4) of the Listing Regulations, no related party shall vote to approve such resolutions whether the entity is a related party to the particular transaction or not. Accordingly, all related parties of the Company, including the promoter and promoter group, shall abstain from voting on the Resolution at item no. 10.

Since the nature & type of transaction are ordinary and omnibus in nature, the disclosure as provided under the SEBI Regulation on related parties as per NSE Circular dated 26.06.2025 read with applicable RPT Industry Standards w.r.t. different type(s) or nature(s) of the related party transaction(s) as mentioned for Item No 11 shall be suitably considered in the same manner/terms/conditions/details for Item No. 10, except value of the transactions.

None of the Directors, Key Managerial Personnel of the Company and their Relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item no. 10.

The Board recommends the Resolution under item no. 10 of the notice for approval of the Members as an **Ordinary Resolution**.

## Item No. 11

### **Approval of Material Related Party Transactions to be entered into with Mahindra & Mahindra Limited ("Holding Company/Promoter Group/Related Party") for the FY2026-27**

This is to apprise to the members that, the Company, in the ordinary course of its business and operational requirement, may avail funding support from its holding company, including by way of inter-corporate deposits/unsecured loans, to meet its working capital requirements and for general corporate purposes. Further, the Company may also have to enter a Related Party Transaction(s) in its day-to-day business requirements with its Group Companies.

Further, Mahindra & Mahindra Limited, being the holding company/promoter group of Mahindra EPC Irrigation Limited,

is a related party within the meaning of Section 2(76) of the Companies Act, 2013 and Regulation 2(1)(zb) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Considering the business requirements of the Company, the Board of Directors is of the opinion that the proposed availing of inter-corporate deposit(s)/unsecured loans along with other related party transaction (as mentioned hereinbelow) shall not exceed Rs. 150 Crores, from time to time, over one or more tranches, for the FY2026-27, and would be in the best interest of the Company.

The proposed transaction for availing inter-corporate deposit(s) alongwith other transactions from Mahindra & Mahindra Limited is proposed to be undertaken at arm's length basis and in the ordinary course of business on such terms and conditions as may be mutually agreed between the parties. However, in terms of Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, approval of the Members is required for material related party transactions.

The disclosure of minimum information as required by the SEBI Listing Regulations on related parties as per NSE Circular 26.06.2025 readwith RPT Industry Standards is provided below. Since the ICD transaction value exceeds the materiality threshold in terms of value as compared to other related party transactions i.e. 10% of the Annual Consolidated Turnover of the Company as on March 31, 2026, the comprehensive details of the information as required in Part A, Part B & Part-C has been provided for availing of inter-corporate deposits/unsecured loans & for other remaining transactions to be entered into by the Company with the said related party.

As per the provisions of Regulation 23(4) of the Listing Regulations, no related party shall vote to approve such resolutions whether the entity is a related party to the particular transaction or not. Accordingly, all related parties of the Company, including the promoter and promoter group, shall abstain from voting on the Resolution at item no. 11.

No valuation report or external party report was obtained or considered by the Audit Committee while approving the said Related Party Transaction. Accordingly, no web-link or QR Code is being provided.

The Audit Committee has reviewed the certificates provided by the CEO/Managing Director/ Whole Time Director/ Manager and CFO of the Listed Entity as required under the RPT Industry Standards. The material RPT, has been approved by the Audit Committee and Board of Directors in its meeting held on April 21, 2026.

Since, Mahindra and Mahindra Limited is the holding company and the promoter of the Company, the promoters and the members of the promoter group are requested to refrain from voting on the resolution.

None of the other Directors, Key Managerial Personnel (KMP) of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution set out in the Notice.

The Audit Committee and the Board of Directors recommend the Resolution No. 11 of the notice for the approval of the Members as an **Ordinary Resolution**.

Voting rights on the shares issued to employees under the ESOS are either exercised by them directly or through their appointed proxy.

### Corporate Governance & Management Discussion and Analysis Report

Your Company believes that sound practices of good Corporate Governance, Transparency, Accountability, and Responsibility are the fundamental guiding principles for all decisions, transactions, and policy matters of the Company. A Report on Corporate Governance, along with a certificate from the Statutory Auditors of the Company regarding the compliance of conditions of Corporate Governance as stipulated under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, (the “LODR Regulations”) forms part of this Annual Report.

Further, the Management Discussion and Analysis Report for the year under review, as stipulated under LODR Regulations, forms part of this Report as **Annexure No. I**.

### Risk Management

The Company has constituted a Risk Management Committee. The committee comprises of Mr. Ramesh Ramachandran, Mr. Viswanathan Kapilanandan and Ms. Aruna Rajendra Bhinge. Mr. Ramesh Ramachandran is the Chairman of this Committee. The Company has adopted the Risk Management Policy. The Committee is entrusted with the responsibility to assist the Board of Directors in:

- (a) overseeing and approving the Company’s enterprise-wide risk management framework; and
- (b) overseeing that all the risks that the organization faces such as strategic, financial, credit, market, liquidity, security, property, IT, legal, regulatory, reputational, sustainability (particularly, ESG related risks), information, cyber security risks and other risks have been identified and assessed.

There is an adequate mechanism in place for risks and uncertainties that can impact its ability to achieve its strategic objectives, risk assessment, risk mitigation and minimization procedures and periodical review.

Further, detailed terms of reference of the Risk Management Committee are included in the Report on Corporate Governance, which forms part of this Annual Report.

### Industrial relations

The Company believes that sustainable growth can only be achieved in an organization which focuses on a performance culture and where employees are engaged and empowered to be the best they can be.

Employees at all levels have contributed to the performance of your Company. Your Directors place on record the Cooperation of employees during the year under report. The Directors also place on record the unstinted Cooperation extended by the staff members during the period under review.

Our mission is to protect and enhance the well-being of our employees, visitors, and other stakeholders. A safe work environment is non-negotiable, for which we follow strict safety standards in all our facilities. Our safety practices ensure all possible safety hazards are identified and eliminated, not only at the workplace but also during employee travel. We promote holistic safety culture to improve safety beyond work.

The Management Discussion and Analysis Report gives an overview of the developments in Human Resources/Industrial Relations during the year.

### Safety, Health and Environmental Performance

Your Company’s commitment towards safety, health and the environment is being continuously enhanced and your Company encourages the involvement of all its employees in activities related to safety, including the promotion of safety standards. This is also demonstrated by the fact that there has been only one reportable incidence (Non-Fatal) of an accident in the last Ten years.

The Safety Committee, constituted for the same, regularly reviews the adherence to safety norms. Some of the programs undertaken by the Company include behaviour-based safety training, knowledge-based fire extinguisher training, fire-fighting training and safety awareness, etc.

Various health checkup programs for employees were regularly undertaken by the Company.

The requirements relating to various environmental legislations and environmental protection have been duly complied with by your Company.

### Contracts and Arrangements with Related Parties

During the financial year, all contracts/arrangements/transactions entered by the Company with related parties were in the ordinary course of business and on an arms-length basis. During the year, the Company had entered into a contract/arrangement/transaction with related parties which was material in nature, in accordance with the policy of the Company on the materiality of related party transactions, details of the same mentioned hereibelow.

All related party transactions were placed before the Audit Committee for approval, wherever applicable. Prior omnibus approval is also obtained from the Audit Committee for the related party transactions which cannot be foreseen and accordingly, the required disclosures are made to the Committee on a quarterly basis for its approval. However, during the year, the Company inadvertently entered into one material transaction of Rs.20 Crores (in aggregate 45 Crore) Inter Corporate Deposit availed from the Promoter Company i.e. Mahindra and Mahindra Ltd. without taking the prior approval of Shareholders. The Company immediately repaid the Inter Corporate Deposit on 9<sup>th</sup> April, 2026. The said transaction is not prejudicial to the minority shareholders.

Further, the Company is suo-motu taking a corrective action in this regard.

The Company's major related party transactions are generally with its holding and fellow subsidiaries or associate companies. The related party transactions are entered into based on considerations of various business exigencies, such as synergy in operations, and sales transactions through tenders or otherwise. All related party transactions are negotiated on an arms-length basis and are intended to promote the Company's interests.

The Policy on the materiality of related party transactions and dealing with related party transactions as approved by the Board of Directors may be accessed on the Company's website at the link:

## ANNEXURE I

### MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management Discussion and Analysis Report for the year under review, as per regulation 34(2) of SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 is presented as below.

#### ECONOMIC REVIEW:

##### A. Indian Economy

India continues to demonstrate resilience as one of the fastest growing large economies, supported by strong domestic demand, sustained public capital expenditure and policy continuity. For Mahindra EPC, the macroeconomic environment during F'26 remained broadly favourable, particularly in the context of agriculture, water management and rural infrastructure development except the last month of year which experienced the effects of Geopolitical challenges.

Agriculture and allied activities continue to play a critical role in the Indian economy, contributing approximately 18% to Gross Value Added (GVA) and providing livelihoods to a significant portion of the population. The Government of India (GoI) remains focused on improving farm productivity, income resilience and sustainability, with water-use efficiency identified as a key priority in the face of declining per-capita water availability and increasing climate variability.

Micro irrigation is recognised as a structurally important intervention to address these challenges. Despite cumulative coverage of close to one crore hectares under government programmes, penetration remains limited against the estimated potential, providing a long-term demand opportunity. The continued emphasis on “Per Drop More Crop”, climate-resilient agriculture and efficient use of natural resources align well with the Company’s purpose of enabling farmers to Rise through sustainable precision farming solutions.

##### Policy Environment and Sectoral Focus

During F'26, micro irrigation continued to be supported under the **Per Drop More Crop (PDMC)** component, implemented through umbrella schemes PM Rashtriya Krishi Vikas Yojana (**PM-RKVY**), with fair involvement of State Governments. While overall budgetary allocations and the disbursements under irrigation schemes have been moderated, the core policy intent towards water conservation, productivity improvement and sustainability remains intact.

State Governments play a decisive role in scheme execution, including allocation of funds both for state mandatory and Top Up share of subsidy, pricing, crop prioritisation and administrative processes. The pace of implementation therefore varies across states, reinforcing the importance of Mahindra EPC’s diversified geographic presence and calibrated risk approach.

A significant possible positive development is the increasing attempt to converge **major irrigation infrastructure with on-farm micro irrigation**, particularly through command area development, pressurised pipeline networks and community irrigation projects. Mahindra EPC’s has supported these initiatives with focus on project-based irrigation solutions and have helped reduce dependence on dynamics of subsidy-linked demand.

##### Rural Economy, Farmer Economics and Demand Trends

The rural economy during F'26 continued to remain influenced by:

- Extended Monsoon distribution and intensity
- Input cost dynamics (fertilisers, power, labour)
- Government support mechanisms

Rising cultivation costs and climate-related risks are increasing the relevance of solutions that improve input efficiency and productivity. Micro irrigation, by enabling savings in water, fertiliser, energy and labour while improving yields, continues to be viewed as a value-enhancing investment by farmers, rather than merely a capital expense.

For Mahindra EPC, these drivers will support the Company’s strategic emphasis on agronomy-led solutions, quality product and services, digital enablement and after-sales support, which strengthen long-term adoption and customer trust.

##### B. Global Economic Overview

As per the International Monetary Fund (IMF) – World Economic Outlook (WEO) Update, January 2026, global economic growth is projected at approximately 3.3% in 2026 (unless affected by the prevalent Geopolitical situation) and 3.2% in 2027, reflecting steady but uneven growth across regions. The IMF characterises the global economy as “*steady amid divergent forces*”, where progress on disinflation, technology investment and improved financial conditions is offset by geopolitical risks and climate-related disruptions. Global economic growth in 2025 was estimated to be subdued or slowing, generally hovering around 2.8% to 3.2%, as the world economy faces geopolitical crisis, trade tensions and increased tariff barriers. While showing resilience in some sectors, growth is expected to slow from 2024 levels, with advanced economies facing stricter constraints, while emerging markets like India and Indonesia maintain stronger momentum.

For the agriculture and water-intensive sectors, the WEO highlights that climate stress, resource constraints and geopolitical fragmentation are becoming structurally embedded risks rather than cyclical challenges.

### Climate Change, Water Stress and Agriculture – IMF Perspective

The IMF has consistently emphasized that climate change and water stress are among the most important macro-critical risks facing the global economy, with agriculture being the most exposed sector. According to IMF-aligned analysis and partner multilateral institutions, declining water availability and increasing climate volatility are already affecting:

- Crop yields and farm productivity
- Food price stability
- Rural employment and incomes

Regions facing chronic water stress are increasingly advised to invest in water-efficient irrigation technologies and climate-resilient farming practices to safeguard food security and economic stability.

From a sectoral perspective, this macro trend supports long-term global demand for micro irrigation, precision water management and resilience-focused Agri-infrastructure.

### Geopolitical Conflicts and Input Cost Volatility

The IMF WEO identifies escalation of geopolitical tensions as a key downside risk to global growth. Ongoing conflicts, particularly in energy-rich regions, have materially disrupted:

- Petrochemical and polymer supply chains
- Energy markets
- Global logistics and maritime trade routes

The IMF notes that disruptions at critical chokepoints such as the Strait of Hormuz have resulted in higher crude oil prices, elevated freight and insurance costs and volatility in petrochemical feedstocks. For sectors dependent on polymer-based inputs, including micro irrigation systems, such volatility translates into input cost pressures and margin sensitivity.

### Global Food Security and Investment in Irrigation

The IMF, along with institutions such as the World Bank and Food and Agriculture Organization of the United Nations (“FAO”), recognizes that food security risks are rising in many regions due to climate shocks, energy price volatility and supply chain disruptions. These risks are prompting governments and development agencies to prioritize investments in:

- Irrigation efficiency
- On-farm water management
- Sustainable agricultural productivity

Global policy discourse increasingly views micro irrigation not only as an agricultural input, but as a macroeconomic stabiliser that can mitigate food inflation, reduce water scarcity risks and improve resilience of rural economies.

### Implications for Emerging Economies and India

Emerging and developing economies are expected to contribute most of the global growth in the medium term, but remain more vulnerable to external shocks, commodity price volatility and climate stress. Countries like India, with large agricultural sectors and significant exposure to water scarcity, face a dual challenge:

- Protecting farmer incomes and food security
- Managing imported input costs and fiscal pressures

In this context, investments in water-efficient agriculture and micro irrigation are aligned with both domestic economic resilience and global sustainability goals, reinforcing the medium-to-long term relevance of the micro irrigation industry.

### Outlook for Micro Irrigation and Agri-Solutions Sector

#### Key Trends and Observations from CRISIL:

- **Policy-Driven Demand:** Demand for micro-irrigation is heavily dependent on state and central government subsidies and budgetary allocations. While the sector has seen long-term growth, short-term demand can be volatile, impacted by election cycles (e.g., in fiscal 2025) and agricultural policy changes.
- **Working Capital Intensity:** Companies in this sector, including key players, face high working capital requirements due to delayed payments from state governments, resulting in high receivable days.
- **Industry Restructuring:** Leading firms are shifting focus towards cash-and-carry models, reducing dependence on EPC projects with long payment cycles, and expanding into non-subsidy-based products to improve liquidity.
- **Operating Margins:** Profitability is sensitive to fluctuations in raw material prices (polymers like HDPE/PVC) and the ability to pass on cost increases to government bodies.
- **Market Position:** CRISIL highlights a strong market position for key players with established dealer networks and strong parent support

The global outlook for the micro irrigation and Agri-solutions sector over F'27 and beyond indicates few critical areas:

- Structural demand drivers arising from water stress, climate adaptation and food security concerns
- Near-term volatility in energy, polymer and logistics costs driven by geopolitical developments

- Increasing policy and institutional support for water-use efficiency and sustainable agriculture
- Greater emphasis on productivity-enhancing investments in emerging economies

While cost pressures may create short-term challenges, the IMF's assessment indicates that investment in water-efficient agricultural infrastructure is likely to accelerate globally, creating sustained opportunities for players with technology, scale and execution capabilities.

## Company Profile:

Mahindra EPC Irrigation Limited ("Mahindra EPC" or "the Company") is listed Subsidiary Company of the Mahindra & Mahindra Limited and one of the pioneers of Micro Irrigation in India. In the year 2026 the Company has completed its 40 years of operations. The Company enables farmers to *Rise* through Sustainable Precision Farming Solutions across Micro Irrigation, Water Management, Automation, Community Irrigation and Protected Cultivation.

Mahindra EPC is a part of Mahindra Agriculture Business. This brings in lot of synergies and strategic support.

Mahindra EPC responsibly carries the legacy of over 75-Year-old Diverse Mahindra Group. We work for '**Driving Positive Change in the lives of our community**' and believe in '**Only when we enable others to Rise will we Rise**' Together We Rise'.

To deliver on various solutions under this program, Mahindra EPC has a strong network of over 1000 channel partners which is supported by its branch

offices across India. The Company also has developed expertise in addressing needs of urban customers such as landscaping and other irrigation needs.

In recent years Mahindra EPC has moved beyond India to the African Continent through its channel partners and have executed a few irrigation projects in international markets.

Further, in India the Company has conceptualised, designed and executed many Community irrigation projects (CIPs) enabling communities to improve water use efficiency and improve farm productivity.

As a responsible corporate, we are aligned to Sustainability Commitments, have signed **Science Based Targets** and are committed to a **Carbon Neutrality** Road map.

## Overview:

With about 65 percent of the people in India engaged in agriculture and allied activities directly and about 55 percent of the workforce engaged in agriculture and allied activities, agriculture continues to be a critical sector to the sustenance and progress of the country. As per the Ministry of Statistics and Programme Implementation (MoSPI), first advanced estimates of the GVA for F'26 the agriculture sector GVA contributes to 18% to India's nominal GVA. Whereas the real GVA of Agriculture and allied sector has been estimated to grow by 2.4% during F'26 as compared to the growth of 3.8% witnessed during the last year, i.e., F'25. Apart from meeting domestic requirements, India has also rapidly emerged as the net exporter of agricultural products in recent years in last couple of years the exports of agricultural products from India have been in the range of \$48-53 Bn.

Further, rightly there is a focus on 'Atmanirbhar Bharat' and thus 'Make in India'. Which means a further required push for the secondary sectors while balancing the growth in Primary sector. With this background the availability of fresh water availability and its criticality to various sectors becomes crucial .

India has 18% of the world's population however, freshwater availability is merely about 4% of world's water resources. As per Central Water Commission, in India, the figure is a whopping 80% for the agriculture sector with just 7% for industries and power generation, 6% for domestic use and 7% for other use. The per capita water availability in India was relatively low at around 1,545 cubic meters per person per year in 2011 and it is expected to be at 1340 cubic meter in 2025 and 1140 cubic meter in 2050 with increasing population growth and urbanization. Further, the irrigation efficiency in India is estimated to be 38% which is much lower than many countries.

With this background and considering the required and actual rates of growth in Manufacturing, Construction as well as Services, larger share of water needs to be made available for these sectors. With a natural limit on sources of water, it needs to come from a reduced water consumption in Agriculture. Other than the surface/ ground water conservation/ recharge/ projects 'On Farm Water Management' and efficiency improvement is necessarily the way ahead.

Thus, the sustenance and growth story of Indian economy in general and Agriculture in particular will remain a challenge without Micro Irrigation.

Micro Irrigation addresses issues such as Water use efficiency, Productivity and Farmer income improvement, which aligns with Hon. Prime Ministers vision of doubling farmer income. Various studies have proved that Micro irrigation benefits the farmer by saving cost such as Fertiliser, Labour and Electricity in the range of 20-30% while improving the productivity by 30-40%.

Till date about 11 Mn Ha has been covered under Micro Irrigation so far. Which is about 16% of the total identified current potential for Micro Irrigation in India. The potential is based mostly on ground water availability and some portion of surface water. As there have been efforts to improve water use efficiency of surface water too, in case all the surface water irrigated land is considered the potential for Micro Irrigation just doubles.

Recognizing the importance of Micro Irrigation and its ability to save water as well as improve productivity, the Government of India (GoI) identifies Micro Irrigation as one of the key tools to improve water use efficiency and double farmer Income.

Though this is very encouraging, the funding from State Governments is equally important. As major part of the subsidy and execution is controlled by state, various critical aspects of the scheme such as pricing decision, are taken by state Governments whereas, GoI issues guidelines and defines boundary conditions such as the Unit cost norms.

### **INDUSTRY STRUCTURE AND DEVELOPMENTS**

The Micro Irrigation System (MIS) Industry in India has been broadly segmented based on types of micro irrigation systems (drip and sprinkler irrigation systems), applications of micro irrigation systems and with or without subsidy assistance. The subsidy business has been further segmented basis the approach of solution delivery and subsidy disbursement into the project market and open market. Project markets being the ones where the Company directly supplies and installs the solution at Farmers' field against the work orders received from the State Nodal Agency, whereas open markets are the

states in which the Company's solutions reach to farmers through its dealers and farmer claims the subsidy directly.

In the recent past the Industry after a steep drop in F'21 v/s F'20 and then a slow revival in F'22, F'23 and F'24, industry stood at 10.28 Lakh Ha V/s a 11.74 Lakh Ha of F'20 which is a -ve CAGR of 2.5% for F'20 to F'25 (All growth number are based on Industry Coverage data in Hectares published on official portal). F'26 was a better year, the industry faced certain challenges in the first half on account of incessant and extended rainfall up to October 2025 end, and a better second half of the year with states like AP and TG supporting the operations. Industry kept surprisingly low in some key states on account of fund availability and thus No/ Low farmer workorders.

Over last couple of years and based on the coverage in Hectares published by the GoI, industry is witnessing a higher rate of industry growth in some Northern and Eastern states compared to traditional states in Central and South India. This trend continued for few states in the year F'26.

Considering growth in the major states like AP and TG as well as few northern states and a likely degrowth in some other critical states, the industry is likely to improve over previous year number of 10.28 Lakh Ha by about 6-7%.

In the year F'26 GoI stabilised the process of SNA- SPARSH and despite issuing 50% of mother sanction in the month of April 2025, due to previous year pendency of few critical states the industry witnessed a far extended cash cycle.

This made it a play of individual Company's risk appetite, resulting in sporadic performance improvements of players in key states accompanied by increased receivables days for many players.

As discussed in earlier years too, the profitability of the industry is primarily driven by the Prices from State Governments and the Raw Material Prices which is the largest contributor to input costs. This year the state Government prices remained unchanged, and the Raw Material Prices remained stable/ soft for a significant part of the year. Only towards the end of the year, industry saw a sharp increase in raw material prices on account of ongoing Geopolitical challenges, though for a short time this affected overall supplies and viability thus restricting the overall industry performance.

Further, as we look at the various key states, states like AP, TG, TN and Gujarat have clarified their intent through improved budget allocations for F'27 and directionally looking positive on the implementation, states like Maharashtra may possibly come to normalcy towards second half of F'27 with POCRA implementation coming through, stable state like TN is likely to continue its support to the scheme. Also, few critical northern states will continue their growth trend.

The Government of India (GoI) strongly believes in Micro Irrigation as one of the key tools to save water as well as double farmer Income and thus Hon Prime Minister has been pushing for 20 Lakh Ha, a year target for Micro Irrigation.

With GST reduction from 12% to 5%, prices stabilised, range bound RM (Current peak can be considered as event drive abrasion), key states getting active and new states emerging, various Industry players expect a reasonable growth in the coming years.

## OPPORTUNITIES AND THREATS

Micro-irrigation being a proven solution to improve water use efficiency, productivity improvement and improving farmer income, stands as a compulsive tool to 'Double Farmer Income', 'Water conservation' and support the 'Growth of Sectors other than Agriculture'.

Further we are experiencing few trends such as:

Increased number of farmers are getting aware of the benefits of Micro Irrigation which may lead to improved demand; increasing 'Sustainability' awareness in urban regions may lead to improved usage of Micro irrigation and is likely to improve demand in retail markets too.

Most importantly the supportive policy environment:

Hon. PM is pushing for 1 Cr Ha to be covered in next five years, this translates to an Avg. of 2 Mn Ha a year v/s likely 1.5 Mn Ha of F'26; Key states such as AP is aiming to cover 3 Lakh Ha, a year over next four years; Few critical states have approved improved allocations for F'27 in their recent budget sessions. In F'27 several current active states are expected to remain active giving a positive push to the industry; As mentioned earlier, few states in the north are showing growth for last couple of years e.g., Uttar Pradesh, with processes becoming more transparent and these states are likely to contribute to the overall Industry; Multiple Ministries are actively working on laying a roadmap and also looking at convergence of schemes and policies e.g. Developing projects around identified clusters – connecting major irrigation to Micro Irrigation, Inclusion of pressurized piping systems in the detailed project reports (DPR) for Irrigation Infrastructure.

Further there are efforts being put by the GoI to improve/modernize the irrigation infrastructure, though it currently is aimed at the major irrigation projects, eventually in few years this will help improve Micro Irrigation potential.

These are early signs of a positive environment. These indicators will help both in the micro irrigation business as well as community irrigation projects business. The Company

will focus on small, faster cycle projects for which some early success is seen.

With these positive trends there are certain trends which could pose a challenge such as RM prices, after an almost two years of stable RM price environment the last month of the F'26 posed challenges with steep increase of RM prices in the month of March which may continue for a substantial period of Q1 F'27, with Geopolitical situation eventually getting normal the RM prices may start reverting to February 2026 levels by end of Q1 F'27, though these are not enough to take us to FY20 material cost levels they would definitely be better compared to March 2026 and Q1 F'27 prices. Only caveat is that there should not be any further deterioration of Geopolitical situation. Further, though F'27 is predicted by some agencies as on setting of El Nino effect there is still a possibility of near normal monsoon in F'27; With ground water situation improved on account of successive years of good monsoon in the recent past the year F'27 should pose minimal challenge on account of water availability for micro irrigation led crops.

However, to unlock opportunity and overcome possible challenges we also need strong coordination between Central and State governments and regularizing of fund disbursement. This is critical for the positive signs to convert into steady and healthy industry growth in the long term.

The overall Agriculture Space is experiencing a lot of technological interventions in precision agriculture, leaving possible opportunities for adoption, convergence, and collaboration.

### i. Strong Policy Continuity & Government Support (FY 2026-27)

The Government of India continues to position micro-irrigation as a cornerstone of its long-term strategy for water conservation, climate resilience, and sustainable agriculture, despite a moderation in overall PMKSY budgetary allocations. As of F'26, approximately 11 Mn hectares have been covered under the Per Drop More Crop (PDMC) programme; however, this represents only 16% of the estimated national potential, underscoring a significant latent demand opportunity.

PDMC remains operational under the PM-RKVY framework, with a shared funding mechanism between the Centre and States, ensuring policy continuity and decentralised execution. Further, the increasing deployment of Direct Benefit Transfer (DBT) mechanisms in some states and digital workflows is enhancing transparency and improving farmer participation as well as confidence in the system.

### **Opportunity:**

A stable and predictable policy environment with clear long-term intent enables industry participants to confidently invest in manufacturing capacity, product innovation, digital platforms, dealer networks, and the development of non-subsidy business models, subject to clarity of fund disbursements and openness for dynamic price revisions by the state Governments

### **ii. Command Area Development & Piped Irrigation Convergence**

A structurally transformative opportunity is emerging from the convergence of large irrigation infrastructure projects with micro-irrigation solutions at the farm level. The cabinet-approved ₹1,600 crore Command Area Development & Water Management (CADWM) sub-scheme provides for pressurised piped water supply up to the farm gate, fundamentally changing irrigation delivery architecture.

Importantly, micro-irrigation systems and pressurised pipelines are now explicitly incorporated into project DPRs, ensuring alignment between bulk water conveyance and efficient on-farm application. This integrated approach not only improves water-use efficiency but also reduces land acquisition challenges and operational losses associated with open canal systems.

### **Opportunity:**

This convergence drives demand for community-based irrigation projects, large-scale drip and sprinkler networks, and end-to-end irrigation solutions. It also reduces seasonality in demand and gradually lowers dependence on individual farm-level subsidies, supporting longer-term, institutional revenue streams.

### **iii. Climate Stress & Water Scarcity Increasing Adoption Pressure**

India's rapidly declining per-capita freshwater availability and rising climate variability are compelling states to either mandate or strongly incentivise micro-irrigation, particularly in drought-prone regions and water-intensive crops. Agriculture currently accounts for nearly 80% of India's freshwater consumption, making efficiency gains in this sector critical for overall water security.

Micro-irrigation systems deliver 30–40% water savings while simultaneously improving crop productivity and input efficiency. Increasingly, farmers are viewing micro-irrigation not merely as a cost input but as a risk-mitigation tool against rainfall uncertainty, groundwater depletion, and yield volatility.

### **Opportunity:**

These dynamics support sustained adoption beyond traditional crops, extending into horticulture, plantations,

orchards, and protected cultivation, thereby structurally expanding the addressable market.

### **iv. Global War Scenario – Indirect Demand Support**

The current global geopolitical environment, particularly ongoing conflicts in the Middle East and the Russia-Ukraine region, is indirectly reinforcing the case for efficiency-enhancing agricultural technologies. Rising fertiliser, energy, and logistics costs are increasing the economic pressure on farmers and governments alike to optimise resource utilisation and protect domestic food security.

In this context, governments are more likely to prioritise productivity-enhancing and cost-saving interventions that reduce dependence on volatile imported inputs and stabilise farm incomes.

But these events if not resolved at the earliest, also pose a threat on RM prices remaining high for a significant period of the year.

### **Opportunity:**

Micro-irrigation increasingly positions itself as a strategic hedge against input cost inflation, offering both immediate operational savings and long-term yield stability, thereby reinforcing its relevance in policy and procurement priorities.

### **v. Growth of Non-Subsidy & Institutional Markets**

Beyond subsidy-linked agricultural demand, micro-irrigation is witnessing growing traction in non-subsidy and institutional/Private player segments, including urban landscaping, industrial water management, protected cultivation, and export-oriented farming. Simultaneously, several states are promoting community-managed irrigation assets and Water User Association (WUA)-led models, expanding the scope of organised demand.

### **Opportunity:**

These segments offer moderate margins, faster execution cycles, decent cash flows, and moderate working capital intensity, providing a natural hedge against the cyclical nature of government subsidy disbursements and enhancing overall business quality.

## **THREATS**

### **Impact of Global Geopolitical Developments**

Ongoing global geopolitical conflicts and military tensions have introduced volatility in crude oil prices, polymer supply chains, logistics costs and foreign exchange markets. As polymers constitute a significant portion of the Company's raw material costs, any adverse movement resulting from war-related disruptions may exert pressure on input costs.

During F'27, the Company expects raw material prices to remain range-bound with intermittent volatility especially in the Q1 F'27. The Company continues to monitor geopolitical developments closely and has undertaken mitigation actions such as cost optimization, vendor diversification, inventory planning, value engineering and logistics & supply chains efficiency improvement.

Therefore, Company has identified and initiated to diversify the revenue streams, strengthen the prudence in working capital management, strong cost controls and expanding capability to execute non-subsidy and project-based businesses to navigate volatility and capitalize on long-term growth opportunities.

### **Operations and Financial Performance**

In F'26 despite incessant rains up to October 2025, the company performed better in the current financial year v/s F'25. Registered better revenue and profits. Throughout this year major markets like Maharashtra remained subdued and the state like Karnataka did not pick the usual way in second half of the year. This was compensated to some extent through active states like AP and TG which supported overall operations. Along with these, continued actions in the areas of developing new states, Irrigation Projects and overall non-subsidy focus resulted in improvement in overall business performance.

Overall, during the year, the RM prices remained range bound except the month of March 2026.

During the year F'26, the Company achieved a Sales Turnover of Rs. 312.09 Crores as compared to Rs. 272.67 crores in the preceding year, a growth of about 14.45%.

The Company continued its focus on debtor management and processes. But due to delays in fund release by key states of criticality the Company's debtor days increased in F'26, but as a process the operating management has ensured the steps needed to secure the payments as and when the funds are disbursed by the Government.

The Company consciously controlled the operations in certain states of strength to strengthen processes including Revenue Recognition, Debtor reduction etc. as well as for mitigating business concentration risks.

While doing so the Company worked on improving the product mix, state mix and segment mix. During this period Company achieved its highest ever Non-Subsidy Revenue. With continued efforts, the Company has developed a strong work order pipeline for irrigation projects.

As a result, in F'26, the Company has registered 35% of its revenue from non-subsidy segments, a stride towards reducing dependence on subsidy.

**The strategic actions taken by the Company are in the areas of:** Focus on few critical markets, strengthening new geographies, explore non-subsidy business avenues, optimize product mix, improve working capital efficiency, optimizing costs.

The Company continued its focus on serving the Customer's needs resulting in lower Customer complaints, Lower rejections across all production locations.

The Company further continued efforts on asset efficiency improvement and frugal engineering as well as the action on working capital to reduce the impact on the external changes impacting bottom line. The Company's commitment to sustainability (SBTi), social responsibility and delivering quality services to the farming community will strengthen further in times to come.

The Company continued its focus on Total Productive Maintenance (TPM), Total Quality Management (TQM) Continuous Improvement Team (CIT), Mahindra Yellow Belt Programme, Kaizen, Quality Parameters on all machines and Service Quality Index. These measures have resulted in improvements in production efficiencies, improving asset life, reduction in rejections and improvement in customer satisfaction levels.

The Company continues to provide support to farmers by way of the Agri Helpline for online support besides undertaking initiatives such as supporting farmers for productivity improvement through our Demo Plots and creating success stories for horizontal deployment of Drip Irrigation technology, organizing farmer meetings and agronomy services for farmers.

### **DETAILS OF SIGNIFICANT CHANGES (I.E. CHANGE OF 25% OR MORE AS COMPARED TO THE IMMEDIATELY PREVIOUS FINANCIAL YEAR) IN KEY FINANCIAL RATIOS, ALONG WITH DETAILED EXPLANATIONS THEREFOR, INCLUDING**

Details of significant change of 25% or more as compared to the immediately previous financial year in provided the following key financial ratios. The Company as such have shown improvement in all the parameters except Debtor Days, the improvement in the below mentioned financial ratios is evidence for the same. The said ratios are provided to the stakeholders for reference and better understanding purposes;

F'26 was a peculiar year with many business factors, external as well as internal impacting the working capital.

The first and the foremost, delayed collections from key states, some of these have still a pendency of receivables from F'24 and F'25. The Company has worked on its part of the responsibility to ensure clearance of inspections and completeness of documents and with this most of the receivables falling in these buckets for these states are at 'Final Payment' stage i.e., as and when the states Governments release the funds the Company will receive the same.

Further there was a delay in collections at an overall level due to critical state not achieving the smooth routing of State Top Up funds and in some cases even the State mandatory funds in time.

In the year F'26, 65% of the revenue came from H2 F'26 and thus with this revenue skew towards the year end, considering even the normal collection cycle i.e., Supply-Installation-Inspection-Collection, most of the revenue in Q4 for project markets is in queue for inspections and will be released in the F'27. As a result, the debtor days for the Company have increased by 48 days of sales. The impact to working capital to some extent got compensated by efficiently managing inventory and payables.

Thus, Company has managed the cash well with some change in the operating cash flow compared to the F'25.

With continued efforts, improvement in the collection process, as well as expected normalcy at the nodal agencies, we expect an improved performance in F'27.

The Company has done a detailed review of old receivables and taken actions to recover the same.

Personnel cost of F'26 includes Rs. 3.1 Cr., toward past service costs owing to notification of The Code on Social Security, 2020.

The Company in its efforts to optimise costs has managed to keep the fixed costs such as Employee Cost at a reasonable level compared to F'25 which is only 5% increase reflects the efficiency of cost optimization despite the inflations, salary increase for year. Further, over last three years the revenue has increased by a CAGR of 14% whereas the fixed costs went up by a CAGR of 5.3%.

## OUTLOOK

Low penetration levels of micro irrigation in India present a long-term structural growth opportunity. Supportive government policies, increasing farmer awareness, technological advancements and rising sustainability consciousness are expected to drive demand.

The growth outlook, however, remains contingent upon timely fund releases by State Governments, administrative efficiencies and stability in raw material prices.

However, Mahindra EPC is well positioned to leverage:

- Structural growth in micro irrigation adoption
- Increasing convergence of irrigation infrastructure and on-farm solutions
- Growth in non-subsidy, project-based and community irrigation segments

At the same time, the Company remains mindful of risks arising from raw material price volatility, state-level execution dynamics and working capital intensity associated with subsidy-linked business.

## RISKS AND CONCERNS

The major concerns faced by the industry are, absence of all year round working of the scheme in many states, delayed Opening of the scheme even in key states, lack of implementation of dynamic price revision and delayed funds release by certain State Governments. Though the intent of the GoI as well as State Governments is to increase the speed of MI coverage, these concerns presently remain.

However, the Key risks include delays in subsidy disbursements, geopolitical volatility impacting raw material costs, uneven rainfall distribution, policy changes and increased competition. The Company continues to mitigate these risks through diversification, prudent financial management and strong governance.

There are many deliberations and representations taking place through the competent Industry bodies and the importance of the same has been conveyed to the relevant authorities. With improving transparency of the State Nodal Agency Portals and GoI Fund disbursement process, the industry is assured that in the future consistent and cohesive Central and State policies will bring in effective solutions on the same. Till then tighter internal controls have been exercised for debtor monitoring along with rigorous cost controls.

In order to make it shock-proof, the Company has reduced business concentration risks in terms of specific states or geographies, and has strengthened processes and defined a tighter commercial policy towards balancing growth, profitability and working capital. The Company has continued to improve efficiencies and has kept a tight control on manpower costs and manufacturing efficiency. The Company has started improving coverage in emerging markets such as the North India.

Keeping in view a possible restriction on spending by the Government in the Subsidy business, the Company has undertaken initiatives to reduce dependence on subsidy markets. This has and will lead to maintaining sustainable business activity levels as well as improve on working capital.

Additionally, uneven distribution of rainfall, increasing presence of unorganized sector and high dependence on polymer prices are a few more risks. The risks due to seasonality and distribution of monsoon are mitigated with Company's diversified operations across different States.

Considering the impact and ever staring water crisis Micro Irrigation creates a strong case to address the key challenges surrounding the agriculture sector which include, innovation in technology and mechanisation with increased penetration. The Company has identified a latent need for technology intervention which possibly will become the order of the industry. To safeguard the Company from possible disruptions due technology play, the Company is working on technology

solutions for the farmers through its collaborations and tie-ups with various partners in this space.

With only 16% penetration of Micro Irrigation, Surface irrigation will still dominate as the primary irrigation method for some years, the efforts of the Government agencies to create policies that include connection of surface water to on-farm water management will further improve the scope for Micro Irrigation, and the area under micro-irrigation will continue to expand. The Company is continuously contributing to the policy advocacy for bringing more area under micro irrigation on its own as well as through various industry bodies. Thus, to prepare itself for such situations Company has initiated developing Projects Business for last couple of years. So far, the Company has developed capability to conceptualise, design and execute small/ medium size community irrigation projects which include the connect between major and micro irrigation.

### **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The Company has an effective and reliable internal financial control system commensurate with the nature of its business, the size, and the complexity of its operations. The internal financial control system provides for well-documented policies and procedures, that are aligned with Mahindra Group's standards, processes, and policies; and enable the Company to adhere to statutory requirements for the orderly and efficient conduct of business, safeguarding of assets, detection and prevention of frauds and errors, adequacy and completeness of accounting records and timely preparation of reliable financial information.

The Company uses an ERP System as a business enabler and to maintain its books of accounts. The transactional controls built in the ERP System provide segregation of duties and appropriate levels of approval mechanism and maintenance of audit trail. The ERP system and the Standard Operating Procedures are reviewed by the management and strengthened wherever required. These systems and controls are audited by the Internal Auditors and their findings and recommendations are reviewed by the Audit Committee. The Action Plan is prepared by the management for all the Audit findings and recommendations and is continuously monitored on monthly basis, while the action taken report is reviewed by the Audit Committee every quarter. The Company continuously makes efforts to automate its processes to enhance the controls.

The internal control framework covers all major business processes and the risks therein, bringing control and integrity. These are tested by the management based on the Risk Control Matrix, the same is reviewed by an external audit firm. The results of the same are shared with the audit committee.

Based on management's assessment and testing of controls, it is concluded that the Company has proper internal financial controls which are considered adequate and are operating effectively.

### **HUMAN RESOURCES AND INDUSTRIAL RELATIONS INCLUDING NUMBER OF PEOPLE EMPLOYED**

In line with its commitment to deliver superior performance through its dedicated, capable, and agile workforce in all spheres of business, the Company has focused on Collaboration at work, capability enhancement systems, new ways of Learning & Development and Work-Life Balance to ensure higher productivity. The Company emphasizes capability development, ethical conduct, safety, employee engagement and industrial harmony.

With the core purpose of *Together We Rise* philosophy, the introduction of Refresh Rise has shown the new path towards "Rise for a More equal world", "*Rise to be Future-Ready*", and "*Rise to create Value*" in the life of our communities.

Given the challenging environment and in line with Mahindra FES philosophy the Company has made changes to its performance management system and has brought in weightages to ECAB behaviours i.e., Ethical, Collaborative, Agile and Bold Behaviours, the employees would be assessed twice a year during the performance appraisal period. The process of performance assessment both for business as well as the employees covers all four aspects – financial perspective, customer perspective, and Internal business process. This also aligns with the long-term strategic initiatives of the Company. This practice ensures balance across multiple dimensions of the performance of employees.

Human resources initiatives such as skill level upgradation, online training courses, re-deployment of manpower for better utilization, productivity improvement of sales force through building crop-specific capability, appropriate reward and recognition systems and productivity improvement are the key focus areas for the development of the employees of the Company. In past two years there have been number of instances wherein the senior positions have been filled through internal talent, which is in line with our strong succession planning policy. This gives opportunities for individuals for job rotation, learning and strengthening the capabilities. As we look ahead, we are confident that our strong, positive people philosophy and practices will make us a preferred organization for talent.

In line with Mahindra culture of promoting 'Speak up' and 'Zero Tolerance on Ethics and Governance', the Company has a 'Ethics' help line which is promoted through all communications by senior management. The events reported are addressed by the Ethics Committee through a laid down process.

Further in line with the Mahindra Auto Farm Sector, the Company has implemented 'Safe2Express' drive which ensures progress towards an organization open to listen, understand and address the issues. This further ensures 'Emotional Safety'. The senior Management is assessed on the same through various surveys and in the due course this will be cascaded down the line.

This year in line with the M&M Limited Auto Farm Sector the Company launched **Rephrased Values** and conducted detailed awareness and training programs for the employees for better understanding and cascading.

The organisation has established a proactive Grievance handling mechanism and addressed issues at the very initial stage, to ensure industrial peace and higher productivity. The organisation engages with the union and opinion makers to ensure better engagement of the workforce leading to better productivity. In line with the wage settlement in force, the organisation has ensured to comply with long term settlement (LTS) with union to ensure harmony at the workplace.

The Company's employees proactively participate in 'Employee Social Options' and the Company is experiencing an overwhelming response by the employees to selflessly participate in 'Mahindra Volunteers' Day', which coincides with 'World Volunteer Day'.

The Company is also sensitizing its people to maintain all-around wellness to ensure the safety of themselves, their families and society at large. To note that the Company achieved 2,129 consecutive "Zero Accident Days" up to July 17, 2025. An inadvertent accident occurred on July 18, 2025. Thereafter, for the period from July 19, 2025 to March 31, 2026, the Company recorded 256 days of "Zero Accident Days". In the assessment of Safety processes, the Company was adjudged at 'Stage 4' in the Mahindra Group Safety Assessment, this is despite the assessment criteria getting stringent.

As of 31<sup>st</sup> March 2026, the Company had 327 employees. Further, during the year under review the Company has employed 38 number of people.

#### **DETAILS OF ANY CHANGE IN RETURN ON NET WORTH AS COMPARED TO THE IMMEDIATELY PREVIOUS FINANCIAL YEAR ALONG WITH A DETAILED EXPLANATION THEREOF**

Return on Net-worth for FY 2025-26 is 6.86% as compared to previous financial year of 4.18%. The reason for such increase is due to improved profit led by increased revenue from operations during the year as compared to previous year

#### **Disclosure of Accounting Treatment:**

The Company has followed the treatment laid down in the Accounting Standards prescribed by the Institute of Chartered Accountants of India, in the preparation of financial statements. There are no audit qualifications in the Company's financial statements for the year under review.

#### **CAUTIONARY NOTE**

Statement in this Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be 'forward-looking statements' within the meaning of applicable Securities Laws and Regulations.

Actual results could differ materially from those expressed or implied. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements, on the basis of any subsequent development, information or events or otherwise.

Important factors that could make a difference to the Company's operation include raw material availability and prices, cyclical demand and pricing in the Company's principal markets, changes in the governmental regulations, tax regimes, forex markets, economic developments within India and the countries with which the Company conducts business and other incidental factors.

## ANNEXURE IV

### POLICY ON APPOINTMENT OF DIRECTORS AND SENIOR MANAGEMENT AND SUCCESSION PLANNING FOR ORDERLY SUCCESSION TO THE BOARD AND THE SENIOR MANAGEMENT

#### DEFINITIONS

The definitions of some of the key terms used in this Policy are given below.

“**Board**” means Board of Directors of the Company.

“**Company**” means Mahindra EPC Irrigation Limited.

“**Committee(s)**” means Committees of the Board for the time being in force.

“**Employee**” means employee of the Company whether employed in India or outside India including employees in the Senior Management Team of the Company.

“**HR**” means the Human Resource department of the Company.

“**Key Managerial Personnel**” (KMP) refers to key managerial personnel as defined under the Companies Act, 2013 and includes:

- (i) Managing Director (MD), or Chief Executive Officer (CEO); or Manager; or Whole time Director (WTD)
- (ii) Chief Financial Officer (CFO); and
- (iii) Company Secretary (CS).

“**Nomination and Remuneration Committee**” (NRC) means Nomination and Remuneration Committee of Board of Directors of the Company for the time being in force.

“**Senior Management**” means personnel of the Company who are members of its Core Management Team excluding Board of Directors comprising of all members of management one level below the executive directors including the functional heads.

#### I. APPOINTMENT OF DIRECTORS

- The NRC reviews and assesses Board composition and recommends the appointment of new Directors. In evaluating the suitability of individual Board member, the NRC shall take into account the following criteria regarding qualifications, positive attributes and independence of director:
  1. All Board appointments will be based on merit, in the context of the skills, experience, independence and knowledge, for the Board as a whole to be effective.
  2. Ability of the candidates to devote sufficient time and attention to his professional obligations as Independent Director for informed and balanced decision making.

3. Adherence to the Code of Conduct and highest level of Corporate Governance in letter and in spirit by the Independent Directors.

- Based on recommendation of the NRC, the Board will evaluate the candidate(s) and decide on the selection of the appropriate member. The Board through the Whole Time Director will interact with the new member to obtain his/her consent for joining the Board. Upon receipt of the consent, the new Director will be co-opted by the Board in accordance with the applicable provisions of the Companies Act 2013 and Rules made thereunder.

#### REMOVAL OF DIRECTORS

If a director is attracted with any disqualification as mentioned in any of the applicable Act, rules and regulations thereunder or due to non - adherence to the applicable policies of the company, the NRC may recommend to the Board with reasons recorded in writing, removal of a Director subject to the compliance of the applicable statutory provisions.

#### SENIOR MANAGEMENT PERSONNEL

The NRC shall identify persons who are qualified to become directors and who may be appointed in senior management team in accordance with the criteria laid down above.

Senior Management personnel are appointed or promoted and removed/relieved with the authority of Whole Time Director based on the business need and the suitability of the candidate. The details of the appointment made and the personnel removed one level below the Key Managerial Personnel during a quarter shall be presented to the Board.

#### II. SUCCESSION PLANNING:

##### Purpose

The Talent Management Policy sets out the approach to the development and management of talent in the Mahindra Group to ensure the implementation of the strategic business plans of the Group and the Group Aspiration of being among the Top 50 globally most-admired brands by 2021.

##### Board:

The successors for the Independent Directors shall be identified by the NRC atleast one quarter before expiry of the scheduled term. In case of separation of Independent Directors due to resignation or otherwise, successor will be appointed at the earliest but not later than the immediate next Board meeting or three months from the date of such vacancy, whichever is later.

The successors for the Executive Director(s) shall be identified by the NRC from among the Senior Management or through external source as the Board may deem fit.

The NRC will accord due consideration for the expertise and other criteria required for the successor. The Board may also decide not to fill the vacancy caused at its discretion.

**Senior Management Personnel:**

A good succession-planning program aims to identify high growth individuals, train them and feed the pipelines with new talent. It will ensure replacements for key job incumbents in KMPs and senior management positions in the organization.

Significantly, we have a process of identifying Hi-pots and critical positions. Successors are mapped for these positions at the following levels:

1. Emergency successor
2. Ready now
3. Ready in 1 to 2 years
4. Ready in 2 to 5 years
5. Ready in more than 5 years

in order to ensure talent readiness as per a ladder approach.

**Policy Statement**

The Talent Management framework of the Mahindra Group has been created to address three basic issues :

- 1) Given the strategic business plans, do we have the skills and competencies required to implement them? If not, how do we create them – by developing them internally or through lateral induction from outside?
- 2) For critical positions, what is the succession pipeline?
- 3) What are the individual development plans for individuals both in the succession pipeline as well as others?

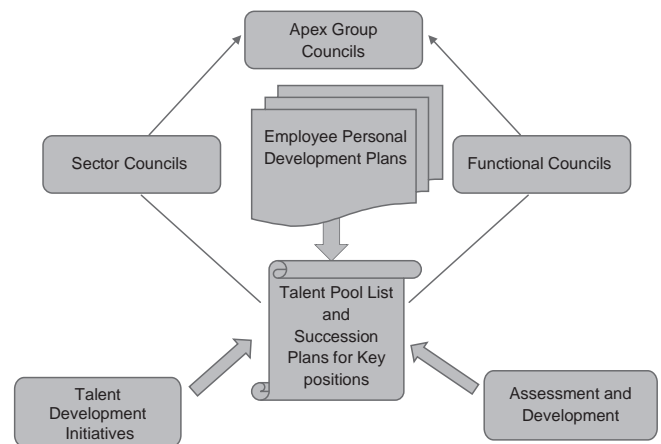

The framework lays down an architecture and processes to address these questions using the 3E approach :

- a) **Experience** i.e. both long and short-term assignments. This has 70% weightage
- b) **Exposure** i.e. coaching and mentoring – 20% weightage
- c) **Education** i.e. learning and development initiatives – 10% weightage

The Talent Management process is applicable to all employees. Over the years, the Talent Management framework

has become a well-structured and process-oriented system which is driven by an interactive and collaborative network of Talent Councils at the Group and Sector Levels. These Talent Councils, which consist mainly of Senior business leaders supported by HR, are a mix of Sector (Business) and Functional Councils coordinated by an Apex Talent Council, headed by the Group Chairman. The Apex Council reviews the work done by the Talent Councils and facilitates movement of talent across Sectors. The Sector / Functional Councils meet regularly throughout the year and the Apex Council interacts with each one of them separately once a year, and in addition conducts an integrated meeting where the Chairpersons of all the Councils are present.

The Talent Management process can be represented pictorially as under :

The talent pipeline is maintained and developed so as to ensure that there is a seamless flow of talent. An important part of this exercise is drawing up and implementing IDAPs (Individual Development Action Plans) for every Executive concerned using the 3E approach mentioned above.

## ANNEXURE V

### POLICY FOR REMUNERATION OF THE DIRECTORS, KEY MANAGERIAL PERSONNEL AND OTHER EMPLOYEES

#### Purpose

This Policy sets out the approach to Compensation of Directors, Key Managerial Personnel and other employees in Mahindra EPC Irrigation Limited.

#### Policy Statement

We have a well-defined Compensation policy for Directors, Key Managerial Personnel and all employees, including the Chairman, Presidents and other Members of the Group Executive Board who are employees of the Company. The overall compensation philosophy which guides us is that in order to achieve global leadership and dominance in domestic markets, we need to attract and retain high performers by compensating them at levels that are broadly comparable with the median of the comparator basket while differentiating people on the basis of performance, potential and criticality for achieving competitive advantage in the business.

In order to effectively implement this, we have built our Compensation structure by a regular annual benchmarking over the years with relevant players across the industry we operate in.

#### NON-EXECUTIVE INCLUDING INDEPENDENT DIRECTORS:

The Nomination and Remuneration Committee (NRC) shall decide the basis for determining the compensation, both Fixed and variable, to the Non-Executive Directors, including Independent Directors, whether as commission or otherwise. The NRC shall take into consideration various factors such as director's participation in Board and Committee meetings during the year, other responsibilities undertaken, such as membership or Chairmanship of committees, time spent in carrying out their duties, role and functions as envisaged in Schedule IV of the Companies Act 2013 and such other factors as the NRC may consider deem fit for determining the compensation. The Board shall determine the compensation to Non-Executive Directors within the overall limits specified in the Shareholders resolution.

#### Whole Time Director or Executive Director or Ceo:

The remuneration to Whole Time Director or Executive Director or CEO shall be recommended by NRC to the Board. The remuneration consists of both fixed compensation and variable compensation and shall be paid as salary, commission, performance bonus, stock options (where applicable), perquisites and fringe benefits as approved by the Board and within the overall limits specified in the Shareholders' resolution. While the fixed compensation is determined at the time of their appointment, the variable compensation will be determined annually by the NRC based on their performance or alternatively, the NRC may recommend to pay the consolidated remuneration.

#### Key Managerial Personnel (KMPs)

The terms of remuneration of Chief Financial Officer (CFO) shall be determined by the Audit Committee from time to time. The terms of remuneration of the Company Secretary shall be finalized/revised by the Whole Time Director or such other person as may be authorised by the Board from time to time.

The remuneration shall be consistent with the competitive position of the salary for similar positions in the industry and their Qualifications, Experience, Roles and Responsibilities. Pursuant to the provisions of Section 203 of the Companies Act 2013 the Board shall approve the remuneration at the time of their appointment.

The remuneration to directors, KMPs and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.

#### Employees

We follow a differential approach in choosing the comparator basket for benchmarking, depending upon the level in the organization:

- For all employees from Operational to Executive Band, we benchmark with a set of comparators from the same industry.
- For strategic band and above, we have a position-based approach and the comparator basket includes benchmarks from across relevant industries.

We have a CTC (Cost to Company) concept which includes a fixed component (Guaranteed Pay) and a variable component (Performance pay). The percentage of the variable component increases with increasing hierarchy levels, as we believe employees at higher positions have a far greater impact and influence on the overall business result. The CTC is reviewed once every year and the compensation strategy for positioning of individuals takes into consideration the following elements:

- Performance
- Potential
- Criticality
- Longevity in grade

Remuneration for the new employees other than KMPs and Senior Management Personnel will be decided by HR, in consultation with the concerned business unit head at the time of hiring, depending upon the relevant job experience, last compensation and the skill-set of the selected candidate.

The Company may also grant Stock Options to the Employees and Directors (other than Independent Directors and Promoter) in accordance with the ESOP Scheme of the Company and subject to the compliance of the applicable statutes and regulations.

**For the Financial Year Ended 31<sup>st</sup> March, 2026**

[Pursuant to section 204(1) of the Companies Act, 2013 and rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,  
The members,  
**Mahindra EPC Irrigation Limited**  
Plot No.H-109, MIDC Ambad, Nashik, 422010

I CS Prajot Vaidya proprietor of M/s. Prajot Vaidya & Co., Practicing Company Secretaries, have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Mahindra EPC Irrigation Limited (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

**Auditor's Responsibility:**

My responsibility is to express an opinion on compliance with the applicable laws and maintenance of records based on the audit. I have conducted the audit in accordance with the applicable Auditing Standards issued by the Institute of Company Secretaries of India. The Auditing Standards require that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of the secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2026 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2026 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to extent of Overseas Direct Investment (Foreign Direct Investment and External Commercial borrowings are not applicable to the Company during the audit period); **(Not Applicable to the Company during the audit period)**
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - (c) Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; **(Not applicable to the Company during the audit period)**;
  - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
  - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 **(Not applicable to the Company during the audit period)**;
  - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
  - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 **(Not applicable to the Company during the audit period)** and
  - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 **(Not applicable to the Company during the audit period)**

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India
- (ii) The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. except that the Company has inadvertently

entered into one material related party transaction exceeding 10% of the Annual Consolidated Turnover of FY 25-26, without taking the prior approval of shareholders as required under Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

**I further report that:**

The Board of Directors of the Company is duly constituted with the proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings and agenda items were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out either unanimously or majority as recorded in the

minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

**I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.**

I further report that the Company has allotted 8,278 equity shares of Rs. 10/- each pursuant to EPC Industries Limited Employee Stock Option Scheme – 2014.

## REPORT ON CORPORATE GOVERNANCE

### (1) PHILOSOPHY ON CODE OF GOVERNANCE

The Company believes in abiding by the Code of Governance so as to be a responsible corporate citizen and to serve the best interests of all the stakeholders' viz. the employees, shareholders, customers, vendors and the society at large. The Company seeks to achieve this goal by being transparent in its business dealings, by disclosure of all relevant information in an easily understood manner and by being fair to all stakeholders and is committed to maintain highest standards of corporate governance.

#### Creating Value

The Company also places great emphasis on values such as empowerment and integrity of its employees, safety of the employees and communities surrounding its plants, transparency in decision making process, fair and ethical dealings with all and accountability to all the stakeholders. These practices which are being followed since inception have contributed to the Company's sustained growth. The Company firmly believes, Corporate Governance is not just a destination, but a journey to constantly improve sustainable value creation.

#### Governance Structure

The Corporate Governance structure of the Company is as follows:

- Board of Directors
- Committees of the Board
- Chairman
- Managing Director
- Executive Director
- Non-Executive Directors, including Independent Directors

A detailed report on corporate governance pursuant to the requirements of the listing agreement and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time ("Listing Regulations"), forms part of the Annual Report. A certificate from the statutory auditors of the Company, confirming compliance of conditions of Corporate Governance as stipulated under Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 is given herein below.

### (2) BOARD OF DIRECTORS ("Board")

The composition of the Board of Directors is in conformity with the Regulations under Securities and Exchange

Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the Companies Act, 2013.

The Directors take active part in the deliberations at the Board and Committee Meetings by providing valuable guidance and expert advice to the Management on various aspects of business, policy direction, governance, compliance, etc. and play a critical role on strategic issues and add value in the decision-making process of the Board of Directors.

During the year under review, the Board has an optimum combination of Executive and Non-Executive Directors with the Chairman being Non-Executive Director. The number of Non-executive Directors comprising of three Independent Directors is more than one-half of the total number of Directors including two Women Directors.

However, as per the provision of SEBI (LODR) Regulations the Board has an optimum combination of executive and non-executive directors with one woman director and more than fifty per cent of the board of directors is comprises of non-executive directors.

Further, basis of recommendation of Nomination and Remuneration Committee the Board of Directors have appointed Mr. Balram Singh Yadav (DIN:00294803) & Dr. Purvi Mehta Bhatt (DIN:01596457) as an Additional Directors (Category: Independent Director; Sub-Category: Non-Executive Director) effective from April 21, 2026, subject to approval of the shareholding to be placed in the ensuing AGM.

The Board reviews and approves strategy and oversees the performance of the management to ensure that the long-term objectives of enhancing stakeholders' value are met.

The Management of the Company is entrusted in the hands of Key Managerial Personnel(s), headed by Mr. Ramesh Ramachandran – Managing Director, Mr. Abhijit Page - Chief Executive Officer (CEO), Mr. Giriraj Mohta - Chief Financial Officer and Mr. Ratnakar Nawghare, Company Secretary & Compliance Officer ("Key Managerial Personnel and Senior Management Personnel of the Company"), who operate under the supervision and control of the Board.

Mr. Shriprakash Shukla, Ms. Ami Vijaykumar Goda and Mr. Rajeev Goyal are the Non-Executive Director and Non-Independent, where as Mr. Ramesh Ramachandran is the Managing Director of the Company.

The remaining two Non-Executive Directors i.e. Ms. Aruna Rajendra Bhinge & Mr. Viswanathan Kapilanandan are Independent Directors and are professionals from diverse fields possess requisite qualifications and experience which enable them to discharge their responsibilities and enhance the quality of Board's decision-making process.

The maximum tenure of Independent Directors is in compliance with the Companies Act, 2013 ("the Act") and the Listing Regulations. All the Independent Directors have confirmed that they meet the criteria as mentioned in Regulation 16(1)(b) of the Listing Regulations and Section 149(6) of the Act. In terms of Regulation 25(8) of the SEBI Listing Regulations, all the Independent Directors have confirmed that they meet the criteria of independence as laid down under the Act and the Listing Regulations and the directors have also confirmed that they are not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact their ability to discharge their duties with an objective independent judgement and without any external influence.

Further, the Board after taking these declaration/disclosures on record and acknowledging the veracity of the same, opined that the Independent Directors are persons of integrity and possess the relevant expertise and experience fulfils the conditions specified in the Listing Regulations and the Act for appointment of Independent Directors and are Independent of the Management.

Further, the Independent Directors have also registered their names in the Data bank maintained by the Indian Institute of Corporate Affairs as mandated in the Companies (Appointment and Qualification of Directors), Rules, 2014 as amended. They have also given the online self-assessment proficiency test and cleared the same within the timelines as prescribed by MCA, to whomever it was applicable. Further, based on the declarations received from the Independent Directors, in the opinion of the Board, the Independent Directors fulfil the conditions specified in the Listing Regulations and are independent of the management.

Apart from reimbursement of expenses incurred and the commission paid in the discharge of their duties and the remuneration that a director may receive for professional services rendered to the Company through a firm in which he is a partner. None of the Independent Directors have any material pecuniary relationships or transactions with the Company, its Promoters, its Directors, its Senior Management or its Affiliates which in their judgment would affect their independence during the two immediately preceding financial years or during the current financial year. All the independent Directors have given confirmation in this regard.

None of the Directors of the Company are inter-se related to each other.

The Senior Management Personnel also have made disclosures to the Board confirming that there is no

material, financial and/or commercial transactions between them and the Company, which could have potential conflict of interest with the Company at large.

The Board has unfettered and complete access to any information within your Company. Members of the Board have complete freedom to express their views on agenda items and can discuss any matter at the Meeting with the permission of the Chairperson.

Your Company has formulated and adopted the Nomination and Remuneration Policy to ensure that the composition of the Board is optimum, balanced and diverse to benefit the Company from fresh perspectives, new ideas and broad experience.

### a) Composition of the Board:

The names and categories of Directors, the number of Directorships and Committee positions held by them in the name of the companies are given below. None of the Directors on the Board is a Member of more than 10 public limited companies (as prescribed in Section 165 of the Companies Act, 2013) or act as an independent director in more than 7 listed companies or 3 listed companies in case he/she serves as Whole Time Director in any listed company (as specified in applicable Regulation 25 of the Listing Regulations), across all the Companies in which he/she is a Director, including separately the names of the listed entities where the person is a director and the category of directorship.

None of the Directors on the Board is a member in more than ten Committees and Chairman of more than five committees across all the Companies in which they are Directors. All the Directors have made necessary disclosures regarding Committee positions occupied by them.

As on date, the Board comprises Eight (8) Directors, with an appropriate and balanced mix of Executive and Non-Executive Directors, including Independent Directors, thereby ensuring compliance with the applicable provisions of SEBI (LODR) Regulations, 2015, and the Companies Act, 2013.

Thus, the composition of the Board of Directors is in conformity with the Regulation 17 of SEBI Listing Regulations read with Section 149 of the Companies Act.

As per Regulation 17A of SEBI Listing Regulations, all directors meet the criteria of maximum number of directorships. Further, the Managing Director of the Company does not serve as an Independent Director in any listed entity.

**(a) Disclosure on materially significant Related Party transactions:**

During the financial year 2025-26, there were no materially significant transactions entered into between the Company and its Promoters, Directors or the Management etc. that may have potential conflict with the interest of the Company at large. Further details of related party transactions are given in Note No. 29 to the Financial Statements.

All the transactions with related parties were in the ordinary course of business and on arm's length basis. In terms of Regulation 23(2) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 the Company started obtaining prior approval of the audit committee for entering into any transaction with related parties. During the year under review, the Audit Committee has granted omnibus approval for certain transactions to be entered with the related parties. The policy on materiality of and dealing with related transactions is incorporated on the Company website: <https://www.mahindairrigation.com/wp-content/uploads/2026/04/Policy-on-Materiality-of-RPTs-and-dealing-with-RPTs.pdf>

Further, as per Regulation 23(4) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR"), the Company is required to obtain prior approval of material related party transaction as defined in the SEBI LODR from its shareholders. During the year ended March 31, 2026, the Company had availed intercorporate deposits ("ICD") of Rs.20 Crores (in aggregated Rs.45 Crore) on March 30, 2026 from Mahindra & Mahindra Limited ("Promoter Group/Holding Company/Related Party") inadvertently exceeded aggregate threshold criteria of 10% of the Consolidated Turnover of the Company, without seeking shareholders' approval. Immediately on identification of this contravention, the Company repaid entire ICD amount on April 09, 2026. The company is suo-moto approaching the Securities and Exchange Board of India in accordance with the Securities and Exchange Board of India (Settlement Proceedings) Regulations, 2018 for the contravention of Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Accordingly, the management continues to account for the aforesaid related party transactions.

In pursuance of this, the dividend remaining unclaimed in respect of dividends declared upto the financial year ended March 31, 2018 have been transferred to the IEPF.

The details of the unclaimed dividends so transferred are available on the Company’s website at <https://www.mahindrairrigation.com/wp-content/uploads/2025/12/Statement-of-Unclaimed-and-Unpaid-Dividend-Amount-for-FY-24-25.pdf> and on the website of MCA at [www.iepf.gov.in](http://www.iepf.gov.in).

In accordance with Section 124(6) of the Act, read with the IEPF rules, all the shares in respect of which dividend has remained unclaimed for a period of seven consecutive years or more from the date of transfer to the unpaid dividend account are required to be transferred to the demat account of the IEPF Authority. Accordingly, all the shares in respect of which dividends were declared upto the financial year ended March 31, 2018 and remained unclaimed were due to be transferred to the IEPF.

Members who have not encashed the dividend warrant(s) from the financial year ended March 31, 2018 onwards may forward their claims to RTA before they are due to be transferred to the IEPF. No claim shall lie against the Company in respect of the dividend/ shares so transferred.

**“Saksham Niveshak” campaign**

The IEPF Authority has launched Saksham Niveshak, a dedicated initiative aimed at creating empowered and informed investors. Its purpose is to educate investors about their rights, responsibilities, and safe investment practices, enhance financial literacy, and help investors make informed decisions while safeguarding them against frauds, mis-selling, and market malpractices. For details, claimants are advised to visit the IEPF Authority’s website at [www.iepf.gov.in](http://www.iepf.gov.in).

### **Process of claiming shares and dividend from IEPF:**

The Members whose unclaimed dividends or shares have been transferred to the IEPF can claim them by contacting the Company or RTA to obtain an Entitlement Letter (EL) upon submitting the necessary documents. Once the EL is issued, the Member is required to file the web-based Form IEPF-5 online at [www.mca.gov.in](http://www.mca.gov.in), attaching the EL and other required supporting documents. After submitting Form IEPF-5, Members have to upload the postal receipt under the "Pending for Action" tab and then send a physical copy of the self-attested Form to the Company. The said process reduces the instance of claim applications being rejected by the Company/ IEPF Authority on account of incomplete and/ or non-receipt of required documents. The Members can now track claim status via the "Grievances Ticketing System" on the MCA portal at <https://www.mca.gov.in>.

**Call center of IEPF Authority:** The IEPF Authority can now be contacted through the Interactive Voice Response System ("IVRS") and Call Center support by dialling five-digit short code "14453". The IVRS support is available 24/7, while call center can be reached from 9:30 a.m. to 5:30 p.m. Kindly note that toll free number 1800114667 has been discontinued.

## INDEPENDENT AUDITOR’S REPORT

To the Members of Mahindra EPC Irrigation Limited

### Report on the Audit of the Standalone Financial Statements

#### Opinion

We have audited the standalone financial statements of Mahindra EPC Irrigation Limited (the “Company”) which comprise the standalone balance sheet as at 31 March 2026, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

#### Revenue from sale of products

See Note 1(K) and 17 to the standalone financial statements

The Key Audit Matter	How the matter was addressed in our audit
<p>The Company’s revenue is derived primarily from sale of products. Revenue from sale of products is recognised when the control of the underlying products has been transferred to the customer.</p> <p>We have identified recognition of revenue as a key audit matter as revenue is a key performance indicator. There is a presumed fraud risk of revenue being overstated during the year on account of variation in the timing of transfer of control due to pressure to achieve performance targets and meeting the external expectations.</p>	<p>In view of the significance of the matter, we applied the following audit procedures in this area, to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> <li>• Obtained an understanding of the systems, processes and controls implemented by the Company around recognition of revenue.</li> <li>• We evaluated the Company’s accounting policies for revenue recognition in the context of the applicable accounting standards.</li> <li>• We evaluated the design, implementation and operating effectiveness of the key internal financial controls over recognition of revenue.</li> <li>• On sample basis, we tested the revenue transactions recorded during the year by verifying the underlying documents to assess where revenue is recognised appropriately when control is transferred.</li> <li>• We tested, on a sample basis specific revenue transaction recorded before and after the financial year-end date to assess whether revenue is recognised in the correct financial period in which control is transferred.</li> <li>• We verified journal entries on revenue recognised during the year, on specified risk-based criteria, to detect unusual or irregular items.</li> <li>• We assessed the adequacy of disclosure made in the standalone financial statements with respect to revenue recognised during the year as required by applicable Ind AS.</li> </ul>

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor’s Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

#### Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**Expected credit loss (ECL) on Trade receivable**  
**See Note 1(U) and 5 to the standalone financial statements**

The Key Audit Matter	How the matter was addressed in our audit
<p>Trade receivables comprise of receivables from state government owned enterprises and private dealers. We have identified impairment of trade receivables as a key audit matter on account of the significant judgments and estimates involved especially around the customer's ability and willingness to pay the outstanding amounts and probability of default for each customer over the expected life of the receivables.</p> <p>Based on this assessment, credit loss rate is determined after considering the experience of actual credit losses over past years adjusted to reflect the expected collections, current economic conditions and forecasts. The Company then records the impairment loss (loss allowance) towards trade receivables based on such credit loss rate.</p>	<p>In view of the significance of the matter, we applied the following audit procedures in this area, to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> <li>• We assessed the appropriateness of the Company's accounting policies towards measurement of impairment of trade receivable in the context of the applicable accounting standards.</li> <li>• We have obtained understanding of processes, evaluated the design, implementation and operating effectiveness of the key internal financial controls with respect to impairment of trade receivables.</li> <li>• We have verified the mathematical accuracy of impairment loss allowance working for trade receivables.</li> <li>• We have evaluated the historical accuracy of ECL towards trade receivables by examining the actual write-offs / reversals and new allowances recorded in the current year.</li> <li>• We have evaluated the appropriateness and reasonableness of the method, assumptions and data used in estimation model for loss allowance.</li> <li>• We have tested the ageing analysis and subsequent receipt of trade receivables on sample basis.</li> <li>• We assessed the adequacy of disclosure made in the standalone financial statements with respect to impairment of trade receivables as per relevant accounting standards.</li> </ul>

**Other Information**

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's and Board of Directors' Responsibilities for the Standalone Financial Statements**

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in

equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
  - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

- e. On the basis of the written representations received from the directors as on 1 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its standalone financial statements - Refer Note 30 to the standalone financial statements.
- b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- d. (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 35 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 35 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The Company has neither declared nor paid any dividend during the year.
- f. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Company as per the statutory requirements for record retention.
- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

**ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF MAHINDRA EPC IRRIGATION LIMITED FOR THE YEAR ENDED 31 MARCH 2026**

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of 2 years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.
- According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Name of the statute	Nature of the dues	Amount (Rs. in Cr)*	Period to which the amount relates	Forum where dispute is pending
Central Excise Act, 1944	Excise Duty	0.44	FY 1995-96 and FY 1997-98	Commissioner of Central Excise
CGST Act, 2017	Goods and Service Tax (GST), Interest and Penalty	**7.96	FY 2018-19	Deputy Commissioner of State Tax, Maharashtra

**ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF MAHINDRA EPC IRRIGATION LIMITED FOR THE YEAR ENDED 31 MARCH 2026**

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

**Opinion**

We have audited the internal financial controls with reference to financial statements of Mahindra EPC Irrigation Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

**Management's and Board of Directors' Responsibilities for Internal Financial Controls**

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls

with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

**Meaning of Internal Financial Controls with Reference to Financial Statements**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Notes forming part of standalone financial statements for the year ended March 31, 2026

### Note No. 1 - Corporate information and material accounting policies

#### A. Corporate Information

Mahindra EPC Irrigation Limited is a Public Limited Company listed on the Bombay Stock Exchange Limited and National Stock Exchange. It was incorporated on November 28, 1981 under the Companies Act, 2013. It is engaged in the business of Micro Irrigation Systems such as Drip and Sprinklers, Agricultural Pumps, Greenhouses and Land Scape Products. The Company is a public limited Company and domiciled in India. The address of its corporate office is H-109, MIDC, Ambad, Nashik, Maharashtra 422010. As at 31st March 2026 Mahindra & Mahindra Limited, the holding company own 54.20% of the Company's equity share capital.

#### B. Basis of preparation

##### a. Statement of compliance

These standalone financial statements of Mahindra EPC Irrigation Limited ('the Company') have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These standalone financial statements were approved by the Company's Board of Directors and authorised for issue on 21 April 2026.

##### b. Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle, paragraph 66 and 69 of Ind AS 1 and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013.

An asset is treated as current when it is

- a. Expected to be realised or intended to be sold or consumed in normal operating cycle;
- b. Held primarily for the purpose of trading;
- c. Expected to be realised within twelve months after the reporting period; or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when

- a. It is expected to be settled in normal operating cycle;
- b. It is held primarily for the purpose of trading;
- c. It is due to be settled within twelve months after the reporting period; or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

#### C. Basis of measurement and fair value

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments and net defined benefit liability that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)**

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**D. Functional and presentation currency**

These financial statements are presented in Indian Rupees ('Rupees') which is also the Company's functional currency. All amounts are rounded-off to the nearest rupee in crores (two decimals), unless otherwise indicated.

**E. Standards issued but not yet effective**

Ind AS 1 - Presentation of Financial Statements

If a covenant breach occurs on or before the reporting date and the liability becomes payable on demand, it must be classified as current, even if the lender subsequently agrees not to demand repayment. It is classified as current because, at the reporting date, the entity does not have the right to defer settlement for at least 12 months. However, if the lender has already provided—by the reporting date—a grace period extending at least 12 months beyond that date, during which the breach can be rectified and repayment cannot be demanded, the liability is classified as non-current.

This amendment is to be applied retrospectively for annual reporting periods beginning on or after 1 April 2026, in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

**F. Property, Plant and equipment :**

Property, Plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. Cost includes cost of acquisition or construction and is stated at historical cost.

Depreciation on all property, plant and equipment, is provided on Straight Line Method as per the estimated useful life. Leasehold Assets are depreciated over the shorter of the lease term and their useful lives. Depreciation on additions to assets or on sale / disposal of assets is calculated from the date of such addition or up to the date of such sale / disposal as the case may be.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Property, Plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately in the Balance Sheet.

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)**

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013 and based on the Company's expected usage pattern supported by technical assessment:

Estimated useful life of the assets are as follows:

Assets	Useful life as per Management	Useful life as per Schedule II
Buildings		
Factory Building	30 Years	30 Years
Office Building	60 Years	60 Years
Extrusion Machines	19 Years	8 Years
Other Machineries	10 Years	15 Years
Electrical Installations, factory Equipments, furniture	10 Years	10 Years
Moulds and Dies	10 Years	15 Years
Office Equipment	5 Years	5 Years
Computers	3 Years	3 Years
Vehicles - Cars (For employee use)	5 Years	8 Years

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on prospective basis.

The cost of property, plant and equipment at 1 April 2016, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

**G. Other Intangible Assets:**

Intangible assets with definite useful lives are amortised on a straight line basis so as to reflect the pattern in which the asset's economic benefits are consumed.

Intangible assets are recognised only when economic benefit attributable to the assets will flow to the enterprise and cost can be measured reliably. They are being amortised over the estimated useful life of 36 months.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates and the cost of the asset can be measured reliably. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Subsequent to initial recognition, intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the statement of profit or loss when the asset is derecognised.

The cost Intangible assets at 1 April 2016, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)****H. Impairment of Assets:**

The carrying value of assets / cash generating units at each balance sheet date is reviewed for impairment excluding inventories and deferred tax. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the fair value less costs of disposal and their value in use. Value in use is arrived at by discounting the future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss of the amount. They arrived at cost less accumulated amortisation and accumulated impairment losses.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years.

**I. Inventories:**

Inventories comprise of raw materials, work in progress, finished goods and stock in trade, are valued at costs of purchase, conversion and other costs incurred if any in bringing the inventories to their present location and condition. Inventories are stated at lower of cost and net realisable value. In the case of finished goods and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases when a decline in the price of materials indicates that the cost of the finished products shall exceed the net realisable value.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished goods. The comparison of cost and net realisable value is made on an item-by-Item basis.

Cost is determined on the basis of the weighted average method.

**J. Foreign Exchange Transactions:**

In preparing the financial statements transactions in other than the company's functional currency are recorded at the exchange rates prevailing on the date of transaction. At the end of each reporting period, monetary items denominated in foreign currencies are restated at the rates prevailing at that date. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be. Non - Monetary items that are measured in terms of historical cost in a foreign currency are not restated.

**K. Revenue recognition:****Revenue from contracts with customer**

Revenue from contracts with customer Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset. Revenue is measured based on the consideration specified in a contract with a customer, stated net of discounts, returns and Goods and Service tax.

The Company recognises revenue from the following major sources:

- a) Sale of Products; and
- b) Sale of services.

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)**

**a) Sale of Products**

The company sells Micro irrigation systems (MIS) both to the Open market and Project market. Sales-related warranties associated with MIS cannot be purchased separately and they serve as an assurance that the products sold comply with agreed-upon specifications. Accordingly, the Company accounts for warranties in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets (refer note no. 14).

For sales of MIS to open market, revenue is recognised when control of the good has transferred, being when the goods have been delivered to the dealer based on the terms and conditions in his agreement. Following delivery, the dealer has full discretion over the manner of distribution and price to sell the goods, has the primary responsibility while selling the goods and bears the risks of obsolescence and loss in relation to the goods.

For sales of MIS to project market, revenue is recognised when control of the good has transferred, being when the goods have been installed at the farmers' place as per the approved design and acknowledged by the implementing agency. Following which farmer has full control of the MIS.

A receivable is recognised by the Company when the goods are delivered to the distributor /MIS installation acknowledged by the implementing agency as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Revenue for fixed-price contracts is recognised using percentage-of-completion (PoC) method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine degree of completion of the performance obligation.

Project revenue is recognised on the basis of cost completion after the threshold limit of 30% of the cost to completed.

**b) Sale of Services**

Sale of services are recognised on satisfaction of performance obligation towards rendering of such services.

**L. Other income:**

Dividend income from investments is recognised in statement of profit and loss when the shareholders right to receive payment has been established.

Interest income from financial assets is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest method is a method of calculating the amortised cost of the financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets, to that asset's net carrying amount on initial recognition.

**M. Employee benefits:**

**a) Short term employee benefits**

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that services. Liabilities recognised in respect of other long -term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees upto the reporting date.

**b) Post-employment benefits**

**(i) Defined contribution plans**

The Company's contribution to provident fund, employee state insurance scheme and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employee.

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)****(ii) Defined benefit plans**

The employees' gratuity fund scheme, managed by Life Insurance Corporation (LIC) is a defined benefit plan. The present value of obligation is determined based on actuarial valuation carried out as at the end of each financial year using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities, of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in the statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

**(iii) Share based payment**

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 20.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate with a corresponding adjustment to the equity-settled employee benefits reserve.

**(iv) Other long-term benefits:**

**Compensated absences:** Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date using the Projected Unit Credit Method.

**N. Leases:**

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognise a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)**

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

The right-of-use asset is also assessed for impairment when such indicators exist.

**As a lessor:**

Income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term.

**O. Borrowing Costs:**

All borrowing costs are charged to the Statement of Profit and Loss except, borrowing costs that are attributable to the acquisition or construction of qualifying assets which are those that necessarily take a substantial period of time to get ready for their intended use or sale, which are capitalised as part of the cost of such assets.

**P. Product Warranty:**

In respect of warranties given by the Company on sale of certain products, the estimated costs of these warranties are measured on the basis of past experience of warranty expense & accrued at the time of sale. The estimates for accounting of warranties are discounted when required and are reviewed and revisions are made as required by the management of the company.

**Q. Income Tax:**

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Current tax is the expected tax payable/receivable on the taxable income/loss for the year using applicable tax rates for the relevant period, and any adjustment to taxes in respect of previous years. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to income tax is included in other income.

**Uncertain Tax position:**

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The provision is estimated based on one of two methods, the expected value method (the sum of the probability weighted amounts in a range of possible outcomes) or the single most likely amount method, depending on which is expected to better predict the resolution of the uncertainty.

Company recognises the temporary differences on Right of use assets (ROU) and lease liabilities on net basis as at reporting date.

- Current Tax

Income Taxes are accounted for in accordance with IND AS-12. Tax expenses comprise both current tax and deferred tax. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act 1961, and other applicable tax laws.

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)**

- **Deferred Tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

**R. Provisions, Contingent Liabilities and Contingent Assets:**

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits - Refer Note No. 28) are discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. Provisions & contingent liabilities are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities and assets are not recognised but are disclosed in the notes.

**S. Operating Segments**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified by the Company. The CODM of the company reviews the operation of the company as Precision Farming Products & Services.

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Managing Director (MD) to make decisions about resources to be allocated to the segments and assess their performance.

**T. Investment in Joint Venture**

The company accounts for its investments in Joint Venture at cost less accumulated impairment, if any.

**U. Financial instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

The Company has an established control framework with respect to the measurement of fair values.

Management has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

## Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)

The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the internal valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of the applicable financial reporting framework, including the level in the fair value hierarchy in which the valuations should be classified.”

Significant valuation issues are reported to the Company’s audit committee if any.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

### **Classification and subsequent measurement**

#### **Financial assets**

All regular purchases or sales of financial assets are recognised and derecognised on a trade date basis. These are financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### Classification of financial assets:

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **Trade Receivables**

Trade receivables are initially recognised at fair value except for those without a significant financing component which are initially measured at transaction price. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

All other financial assets are subsequently measured at fair value.

#### Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)**

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item.

**Impairment of financial assets**

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information. Assessment of whether there is significant increase in the credit risk of a particular customer is performed periodically basis a review of collection trends, credit worthiness and other macro economic factors.

**Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

**Derecognition of financial assets**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

**Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

**Financial liabilities subsequently measured at amortised cost:**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

**Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group is recognised at the proceeds received, net of directly attributable transaction costs.

## Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)

### V. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an on going basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

- useful life of property, plant and equipment and other intangible assets (Refer Note 1, Point F)
- estimation of defined benefit obligation (Refer Note 28)
- provision for warranty claims (Refer Note 14)
- income taxes - current and deferred taxes (Refer Note 7)
- impairment of trade receivables (Refer Note 5)
- recognition and measurement of provisions and contingencies

Detailed information about each of these estimates and judgements that have a significant risk of resulting in material adjustment within the next financial year is included in relevant notes for the above items.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

### W. Contingent Liabilities & Commitments

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made

- (i) It is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the pending resolution of the respective proceedings as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.
- (ii) The Company does not expect any reimbursements in respect of the contingent liabilities.
- (iii) The Company's pending litigations comprise of claims against the Company by employees and pertaining to proceedings pending with various direct tax, indirect tax and other authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required or disclosed as contingent liabilities where applicable, in its standalone financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its standalone financial statements.

### X. Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet includes cash at bank and on hand, deposits with banks & financial institutions, other short term highly liquid investments, with original maturities less than three months which are readily convertible into cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents as defined above is net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

### Y. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

To calculate diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Refer Note 24 for disclosures related to credit risk, impairment of trade receivables under expected credit loss model and related disclosures.

The Company applies the simplified approach to provide for expected credit losses prescribed by IND AS 109, which permits the use of the lifetime expected credit loss provision for all trade receivables. The company has expected credit losses based on a provision matrix which uses historical credit loss experience of the Company.

No trade or other receivables are due from directors or other officers of the company either severally or jointly with any other person. Nor any trade or other receivables are due from firms or private companies respectively in which any director is a partner, a director or a member.

Refer Note 29 for disclosures relating to receivables from related parties.

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

Trade receivables are hypothecated against the working capital facilities provided by the bank.

Refer Note 5A for trade receivables ageing schedule.

When the impairment is calculated under the simplified approach for trade receivables, an entity is not required to separately track changes in credit risk of trade receivables as the impairment amount represents "lifetime" expected credit loss. Accordingly, the disclosure of trade receivables in the manner as required by Schedule III for significant increase in credit risk is not required except when a company has a trade receivable for which credit risk is assessed individually. Further, the disclosure of 'trade receivables - credit impaired' will be made if such trade receivables meet the definition of 'credit impaired' as per Ind AS 109.

The company recognises revenue as per IND AS 115 'Revenue from contracts with customers'.

Accordingly, the Company recognises revenue when it transfers control of a product or service to a customer as and when it satisfies the performance obligation by transferring promised goods or services to a customer and customer obtains the control or benefit of the same.

The revenue is recognised on satisfaction of performance obligation / transferring control to the customer and hence the same is recognised at a point in time. The company believes that above disaggregation best depicts how the nature, amount, timing and uncertainty of revenues and cash flows are affected by industry, market and other economic factors.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors. The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is Rs 53.30 Crores out of which 100% is expected to be recognised as revenue in the next year. No consideration from contracts with customers is excluded from the amount mentioned above.

<b>Total Employee Benefit Expense</b>	<b>34.66</b>	<b>31.81</b>

Pursuant to the “Employees Stock Option Scheme – 2014” (ESOS) approved by the Shareholders in the Annual General Meeting held on July 31, 2014, the Company had granted 80,424, 3,228, 1,33,432, 11,129, 80,110 and 71,459 Stock Options to the eligible employees on October 28, 2014, October 31, 2015, November 22, 2016, November 22, 2017, February 28, 2019 and March 12, 2021 respectively as per the recommendations of the Nomination and Remuneration Committee, at an exercise price of Rs 10/- each. In respect of the options granted in 2014, 2016, 2017, 2019 and 2021 the equity settled options vest in 5 tranches of 20% each upon the expiry of 12 months, 24 months, 36 months, 48 months and 60 months, respectively from the date of grant. Each tranche is exercisable within one year from the respective date of vesting. The number of options exercisable in each tranche is minimum 20% of the options vested, except in case of the last date of the exercise, where the employee can exercise all options vested but not exercised till that date. In respect of options granted in 2015, the equity settled options vest in 4 tranches of 25% each upon the expiry of 12 months, 24 months, 36 months and 48 months, respectively from the date of grant. Each tranche is exercisable within one year from the respective date of vesting. The number of options exercisable in each tranche is minimum 25% of the options vested, except in case of the last date of the exercise, where the employee can exercise all options vested but not exercised till that date.

The difference between the fair price of the share underlying the options granted on the date of grant of option and the exercise price of the option representing share based payment expenses is expected over the vesting period.

Expected early exercise option is not considered in the assumption at the time of valuation. Hence relevant disclosure is not applicable.

The fair value of the employee share options has been measured using the Black-Scholes option Pricing formula.

Expected volatility has been based on an evaluation of the historical volatility of the Company's share price, particularly over the historical period commensurate with the expected term. The expected term of the instruments has been based on historical experience and general option holder behaviour.

## NOTE NO. 24 - FINANCIAL INSTRUMENTS

## I Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern.
- to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk.

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

**Financial Risk Management Framework**

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

**CREDIT RISK****Credit risk management**Definition of default

The financial services business considers a financial asset to be in "default" and therefore Stage 3 (credit impaired) for ECL calculations when the borrower becomes 90 days past due on its contractual payments.

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company. The company has dealings with government organisation for subsidy related transaction and with private parties. For private non government parties credit limits are set quarterly. The Company has adopted a policy of only dealing with creditworthy non government parties and obtaining security cheques, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure and credit worthiness of such parties are continuously monitored and controlled by counterparty limits that are reviewed by Credit Control function based on the approved process.

No interest is charged on overdue balance.

Trade receivables consist of a large number of customers, spread across geographical areas. On going credit evaluation is performed on the financial condition of accounts receivable. There are no non government customers who represent more than 5% of the total balance of trade receivable.

The Company applies the simplified approach to provide expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

The loss allowance provision is determined as follows:

## LIQUIDITY RISK

## (i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short - medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

## (ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

## (iii) Maturities of financial assets

The following table details the Company's expected maturity for its non-derivative financial assets. The table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

### MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

#### Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. As at the year end, there were no material foreign currency exposure.

The currency profile of financial assets and financial liabilities as at 31 March 2026 and 31 March 2025 are as below:

	Rs. in Crores			
	Trade receivables		Trade payables	
	As at March 31, 2026	As at March 31, 2025	As at March 31, 2026	As at March 31, 2025
<b>Exposure to foreign currency liabilities</b>				
USD	0.00	0.01	-	0.00
Equivalent INR	0.04	0.46	-	0.25

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to fixed deposits and borrowings from banks.

#### Exposure to interest rate

The Company's main interest rate risk arises from short term borrowings with variable interest rate and fixed interest rate carrying investments like fixed deposits with banks, which exposes the Company to cash flow interest rate risk.

Particulars	Rs. in Crores	
	As at March 31, 2026	As at March 31, 2025
<b>Fixed rate instruments</b>		
Financial assets (bank deposits)	3.23	2.70
Financial liabilities (Short term borrowings)	20.00	20.00
<b>Variable rate instruments</b>		
Financial liabilities (Short term borrowings)	25.21	5.19

#### Fair value sensitivity analysis for fixed-rate instruments

The Company's fixed rate bank deposits and inter corporate deposit are carried at amortised cost. They are therefore not subject to interest rate risk as defined in IND AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

#### Cash flow sensitivity analysis for variable-rate instruments

The sensitivity analysis for floating rate liabilities is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole period. A reasonable possible change of 100 basis points (100 bps) in interest rate at the reporting date would have increased / (decreased) profit after tax and equity by the amount shown below:

**Notes forming part of standalone financial statements for the year ended March 31, 2026 (Contd.)**

Particulars	Rs. in Crores			
	Profit or (loss)		Equity, net of tax	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
As at March 31, 2026				
Variable-rate instruments	(0.25)	0.25	(0.18)	0.18
As at March 31, 2025				
Variable-rate instruments	(0.05)	0.05	(0.04)	0.04

**Policy for write off of Financial Assets**

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the Company determines that the counter parties does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

**NOTE NO. 25 - FAIR VALUE MEASUREMENT**

The Company consider that the carrying amounts of financial assets and financial liabilities that are not measured at fair value, recognised in the financial statement approximate their fair values. All financial instruments are classified as Level 3.

**NOTE NO. 26 - LEASES (REFER NOTE 2B)**

In adopting Ind AS 116, the Company has applied the below practical expedients:

The Company has applied a single discount rate to a portfolio of leases with reasonably similar characteristics.

The Company has treated the leases with remaining lease term of less than 12 months as if they were “short term leases”.

The Company has excluded the initial direct costs from measurement of the right-of-use asset at the date of transition.

The Company has used hindsight, in determining the lease term if the contract contains options to extend or terminate the lease.

On transition to Ind AS 116, the Company has followed the Modified Retrospective Approach, accordingly recognised right-of-use assets amounting to Rs. 360.55 lakhs, lease liabilities amounting to Rs. 55.21 lakhs as at April 1, 2019. The Company has discounted lease payments using the applicable incremental borrowing rate as at April 1, 2019, which is 8.50% for measuring the lease liability. In view of this, the operating lease rent which was hitherto accounted under ‘Other expenses’ in previous periods has now been accounted as depreciation and finance costs.

The following is the movement in lease liabilities

### NOTE NO. 27 - OPERATING SEGMENT

The Company is engaged in the business of Precision Farming Products and Services. The Information reported to the chief operating decision maker (CODM) [Viz, The Managing Director] for assessment of performance of business and allocation of resources is under this segment.

Accordingly, The Company has identified a single segment under Ind AS 108 -"Operating Segments".

Refer Note 17 for the analysis of revenue from it major products and services.

There is no single customer contributing 10% or more of total revenue.

### NOTE NO. 28 - EMPLOYEE BENEFITS

#### (a) Defined Contribution Plan:

The Company's contribution to Provident Fund Rs. 1.12 Crores (year ended March 31, 2025 : Rs. 1.09 Crores) and Superannuation Fund Rs. 0.25 Crores (year ended March 31, 2025 : Rs. 0.42 Crores) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

#### (b) Defined Benefit Plans:

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India.

Through its defined plans the Company is exposed to a number of risks, the most significant of which are detailed below:

#### Asset Volatility

The plan liabilities are calculated using a discount rate set with reference to government bond yields; if plan assets under perform compared to the government bond discount rate, this will create or increase a deficit. The defined benefit plans hold on investment with LIC, which are expected to perform in line with government bonds in the long-term.

The company believes that due to the long-term nature of the plan liabilities, investments of funds with LIC is an appropriate element of the Company's long term strategy to manage the plans efficiently.

#### Changes in bond yields

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan assets.

#### Life expectancy

The plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities.

The sensitivity analysis of the defined benefit obligation to changes in the weighted principal assumptions is:

		Rs. in Crores		
		Impact on defined benefit obligation		
Principal assumption		Changes in assumption	Increase in assumption	Decrease in assumption
Discount rate	2026	1.00%	0.22	0.24
	2025	1.00%	0.11	0.11
Salary growth rate	2026	1.00%	0.20	0.19
	2025	1.00%	0.10	0.09

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

		Rs. in Crores	
Maturity profile of defined benefit obligation:		2026	2025
Within 1 year		1.61	1.03
1 - 2 year		1.29	0.60

3 - 4 year		0.97	0.48
4 - 5 year		0.84	0.48
5 - 10 year		2.17	1.15

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

## INDEPENDENT AUDITOR’S REPORT

To the Members of Mahindra EPC Irrigation Limited

Report on the Audit of the Consolidated Financial Statements

### Opinion

We have audited the consolidated financial statements of Mahindra EPC Irrigation Limited (hereinafter referred to as the “Company”) and its joint venture, which comprise the consolidated balance sheet as at 31 March 2026, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its joint venture as at 31 March 2026, of its consolidated profit and

other comprehensive loss, consolidated changes in equity and consolidated cash flows for the year then ended.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company and its joint venture in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Revenue from sale of products

See Note 1(L) and 17 to the consolidated financial statements

The Key Audit Matter	How the matter was addressed in our audit
<p>The Company’s revenue is derived primarily from sale of products. Revenue from sale of products is recognised when the control of the underlying products has been transferred to the customer.</p> <p>We have identified recognition of revenue as a key audit matter as revenue is a key performance indicator. There is a presumed fraud risk of revenue being overstated during the year on account of variation in the timing of transfer of control due to pressure to achieve performance targets and meeting the external expectations.</p>	<p>In view of the significance of the matter, we applied the following audit procedures in this area, to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> <li>• Obtained an understanding of the systems, processes and controls implemented by the Company around recognition of revenue.</li> <li>• We evaluated the Company’s accounting policies for revenue recognition in the context of the applicable accounting standards.</li> <li>• We evaluated the design, implementation and operating effectiveness of the key internal financial controls over recognition of revenue.</li> <li>• On sample basis, we tested the revenue transactions recorded during the year by verifying the underlying documents to assess where revenue is recognised appropriately when control is transferred.</li> <li>• We tested, on a sample basis specific revenue transaction recorded before and after the financial year-end date to assess whether revenue is recognised in the correct financial period in which control is transferred.</li> <li>• We verified journal entries on revenue recognised during the year, on specified risk-based criteria, to detect unusual or irregular items.</li> <li>• We assessed the adequacy of disclosure made in the consolidated financial statements with respect to revenue recognised during the year as required by applicable Ind AS.</li> </ul>

**Expected credit loss (ECL) on Trade receivable**

See 1(U) and Note 5 to the consolidated financial statements

The Key Audit Matter	How the matter was addressed in our audit
<p>Trade receivables comprise of receivables from state government owned enterprises and private dealers. We have identified impairment of trade receivables as a key audit matter on account of the significant judgments and estimates involved especially around the customer’s ability and willingness to pay the outstanding amounts and probability of default for each customer over the expected life of the receivables.</p> <p>Based on this assessment, credit loss rate is determined after considering the experience of actual credit losses over past years adjusted to reflect the expected collections, current economic conditions and forecasts. The Company then records the impairment loss (loss allowance) towards trade receivables based on such credit loss rate.</p>	<p>In view of the significance of the matter, we applied the following audit procedures in this area, to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> <li>• We assessed the appropriateness of the Company’s accounting policies towards measurement of impairment of trade receivable in the context of the applicable accounting standards.</li> <li>• We have obtained understanding of processes, evaluated the design, implementation and operating effectiveness of the key internal financial controls with respect to impairment of trade receivables.</li> <li>• We have verified the mathematical accuracy of impairment loss allowance working for trade receivables.</li> <li>• We have evaluated the historical accuracy of ECL towards trade receivables by examining the actual write-offs / reversals and new allowances recorded in the current year.</li> <li>• We have evaluated the appropriateness and reasonableness of the method, assumptions and data used in estimation model for loss allowance.</li> <li>• We have tested the ageing analysis and subsequent receipt of trade receivables on sample basis.</li> <li>• We assessed the adequacy of disclosure made in the standalone financial statements with respect to impairment of trade receivables as per relevant accounting standards.</li> </ul>

**Other Information**

The Company’s Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company’s annual report, but does not include the financial statements and auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management’s and Board of Directors’ Responsibilities for the Consolidated Financial Statements**

The Company’s Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and

consolidated cash flows of the Company including its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Company and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Company and of its joint venture are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the

Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and of its joint venture are responsible for overseeing the financial reporting process of each company.

## **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(f) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in

the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its joint venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Company and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

- c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors of the Company as on 1 April 2026 taken on record by the Board of Directors of the Company and its joint venture incorporated in India, none of the directors of the Company and its joint venture incorporated in India is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2026 on the consolidated financial position of the Company and its joint venture. Refer Note 30 to the consolidated financial statements.
- b. The Company and its joint venture did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2026.
- c. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Company and its joint venture incorporated in India during the year ended 31 March 2026.
- d (i) The respective management of the Company and its joint venture incorporated in India whose financial statements have been audited under the Act, have represented that, to the best of their knowledge and belief, as disclosed in the Note 37 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company and its joint venture to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company and its joint venture ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (ii) The respective management of the Company and its joint venture incorporated in India whose financial statements have been audited under the Act, have represented that, to the best of their knowledge and belief, as disclosed in the Note 37 to the consolidated financial statements, no funds have been received by the Company and its joint venture from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company and its joint venture shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The Company and its joint venture incorporated in India has neither declared nor paid any dividend during the year.
- f. Based on our examination which included test checks, the Company and its joint venture have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the

same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, except where the audit trail (edit log) facility was not enabled in the previous year, the audit trail has been preserved by the Company and above referred joint ventures as per the statutory requirements for record retention.

- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid during the current year by the Company and its joint venture to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Company and its joint venture is not in excess of the limit laid down under Section 197 of the Act. The Ministry of

Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

**Annexure B to the Independent Auditor's Report on the consolidated financial statements of Mahindra EPC Irrigation Limited for the year ended 31 March 2026**

**Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act**

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

**Opinion**

In conjunction with our audit of the consolidated financial statements of Mahindra EPC Irrigation Limited (hereinafter referred to as "the Company") as of and for the year ended 31 March 2026, we have audited the internal financial controls with reference to financial statements of the Company, as of that date.

In our opinion, the Company, have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

**Management's and Board of Directors' Responsibilities for Internal Financial Controls**

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to

financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

**Meaning of Internal Financial Controls with Reference to Financial Statements**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Note No. 1 - Corporate information and material accounting policies

#### A. Corporate Information

Mahindra EPC Irrigation Limited is a Public Limited Company listed on the Bombay Stock Exchange Limited and National Stock Exchange. It was incorporated on November 28, 1981 under the Companies Act, 2013. It is engaged in the business of Micro Irrigation Systems such as Drip and Sprinklers, Agricultural Pumps, Greenhouses and Land Scape Products. The Company is a public limited Company and domiciled in India. The address of its corporate office is H-109, MIDC, Ambad, Nashik, Maharashtra 422010. As at 31st March 2026 Mahindra & Mahindra Limited, the holding company own 54.20% of the Company's equity share capital.

#### B. Basis of preparation

##### a. Statement of compliance

These consolidated financial statements of Mahindra EPC Irrigation Limited ('the Company') and its Joint Venture have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

These consolidated financial statements were approved by the Company's Board of Directors and authorised for issue on 21 April 2026.

##### b. Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle, paragraph 66 and 69 of Ind AS 1 and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013.

An asset is treated as current when it is

- a. Expected to be realised or intended to be sold or consumed in normal operating cycle;
- b. Held primarily for the purpose of trading;
- c. Expected to be realised within twelve months after the reporting period; or
- d. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when

- a. It is expected to be settled in normal operating cycle;
- b. It is held primarily for the purpose of trading;
- c. It is due to be settled within twelve months after the reporting period; or
- d. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

#### C. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Mahindra EPC Irrigation Limited and its Joint venture.

##### Joint Arrangements

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have the rights to the net assets of the arrangement. The results, assets and liabilities of a joint venture are accounted using the equity method of accounting.

**Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)****D. Basis of measurement and fair value**

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments & net defined benefit liability that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such basis, except for share-based payment transactions that are within the scope of Ind AS 102, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**E. Functional and presentation currency**

These financial statements are presented in Indian Rupees ('Rupees') which is also the Company's functional currency. All amounts are rounded-off to the nearest rupee in crores (two decimals), unless otherwise indicated.

**F. Standards issued but not yet effective**

Ind AS 1 - Presentation of Financial Statements

If a covenant breach occurs on or before the reporting date and the liability becomes payable on demand, it must be classified as current, even if the lender subsequently agrees not to demand repayment. It is classified as current because, at the reporting date, the entity does not have the right to defer settlement for at least 12 months. However, if the lender has already provided—by the reporting date—a grace period extending at least 12 months beyond that date, during which the breach can be rectified and repayment cannot be demanded, the liability is classified as non-current.

This amendment is to be applied retrospectively for annual reporting periods beginning on or after 1 April 2026, in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

**G. Property, Plant and equipment:**

Property, Plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. Cost includes cost of acquisition or construction and is stated at historical cost.

Depreciation on all property, plant and equipment, is provided on Straight Line Method as per the estimated useful life. Leasehold Assets are depreciated over the shorter of the lease term and their useful lives. Depreciation on additions to assets or on sale / disposal of assets is calculated from the date of such addition or up to the date of such sale / disposal as the case may be.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Property, Plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately in the Balance Sheet.

**Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)**

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

The management's estimate of useful lives are in accordance with Schedule II to the Companies Act, 2013 and based on the Company's expected usage pattern supported by technical assessment:

Estimated useful life of the assets are as follows:

Assets	Useful life as per Management	Useful life as per Schedule II
Buildings		
Factory Building	30 Years	30 Years
Office Building	60 Years	60 Years
Extrusion Machines	19 Years	8 Years
Other Machineries	10 Years	15 Years
Electrical Installations, factory Equipments, furniture	10 Years	10 Years
Moulds and Dies	10 Years	15 Years
Office Equipment	5 Years	5 Years
Computers	3 Years	3 Years
Vehicles - Cars (For employee use)	5 Years	8 Years

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on prospective basis.

The cost of property, plant and equipment at 1 April 2016, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

**H. Other Intangible Assets:**

Intangible assets with definite useful lives are amortised on a straight line basis so as to reflect the pattern in which the asset's economic benefits are consumed.

Intangible assets are recognised only when economic benefit attributable to the assets will flow to the enterprise and cost can be measured reliably. They are being amortised over the estimated useful life of 36 months.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Subsequent to initial recognition, intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the statement of profit or loss when the asset is derecognised.

The cost Intangible assets at 1 April 2016, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

**I. Impairment of Assets:**

The carrying value of assets / cash generating units at each balance sheet date are reviewed for impairment. Carrying value of assets should exclude inventories and deferred tax / cash generating units. If any indication of impairment exists,

**Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)**

the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the fair value less costs of disposal and their value in use. Value in use is arrived at by discounting the future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss of the amount. They are arrived at cost less accumulated amortisation and accumulated impairment losses.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years.

**J. Inventories:**

Inventories comprise of raw materials, work in progress, finished goods and stock in trade, are valued at costs of purchase, conversion and other costs incurred if any in bringing the inventories to their present location and condition. Inventories are stated at lower of cost and net realisable value.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished goods. The comparison of cost and net realisable value is made on an item-by-Item basis.

Cost is determined on the basis of the weighted average method.

**K. Foreign Exchange Transactions:**

In preparing the financial statements transactions in other than the company's functional currency are recorded at the exchange rates prevailing on the date of transaction. At the end of each reporting period, monetary items denominated in foreign currencies are restated at the rates prevailing at that date. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be. Non - Monetary items that are measured in terms of historical cost in a foreign currency are not restated.

**L. Revenue recognition:****Revenue from contracts with customer**

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Revenue is measured based on the consideration specified in a contract with a customer, stated net of discounts, returns and Goods and Service tax.

The Company recognises revenue from the following major sources:

- a) Sale of Products; and
- b) Sale of services.
- a) **Sale of Products**

The company sells Micro irrigation systems (MIS) both to the Open market and Project market. Sales-related warranties associated with MIS cannot be purchased separately and they serve as an assurance that the products sold comply with agreed-upon specifications. Accordingly, the Company accounts for warranties in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets (refer note no. 14).

For sales of MIS to open market, revenue is recognised when control of the good has transferred, being when the goods have been delivered to the dealer based on the terms and conditions in his agreement. Following delivery, the dealer has full discretion over the manner of distribution and price to sell the goods, has the primary responsibility while selling the goods and bears the risks of obsolescence and loss in relation to the goods.

## Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)

For sales of MIS to project market, revenue is recognised when control of the good has transferred, being when the goods have been installed at the farmers' place as per the approved design and acknowledged by the implementing agency. Following which farmer has full control of the MIS.

A receivable is recognised by the Company when the goods are delivered to the distributor /MIS installation acknowledged by the implementing agency as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine degree of completion of the performance obligation.

Project revenue is recognised on the basis of cost completion after the threshold limit of 30% of the cost to completed.

### b) Sale of Services

Sale of services are recognised on satisfaction of performance obligation towards rendering of such services.

### M. Other income:

Dividend income from investments is recognised in statement of profit and loss when the shareholders right to receive payment has been established.

Interest income from financial assets is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest method is a method of calculating the amortised cost of the financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets, to that asset's net carrying amount on initial recognition.

### N. Employee benefits:

#### a) Short term and other long term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that services. Liabilities recognised in respect of other long -term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees upto the reporting date.

#### b) Post-employment benefits

##### (i) Defined contribution plans

The Company's contribution to provident fund, employee state insurance scheme and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employee.

##### (ii) Defined benefit plans

The employees' gratuity fund scheme, managed by Life Insurance Corporation (LIC) is a defined benefit plan. The present value of obligation is determined based on actuarial valuation carried out as at the end of each financial year using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities, of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

**Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)**

Past service cost is recognised in the statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

**(iii) Share based payment**

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 20.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate with a corresponding adjustment to the equity-settled employee benefits reserve.

**Other long-term benefits:**

**Compensated absences:** Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date using the Projected Unit Credit Method.

**O. Leases:**

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognise a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

The right-of-use asset is also assessed for impairment when such indicators exist.

**As a lessor:**

Income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term.

**P. Borrowing Costs:**

All borrowing costs are charged to the Statement of Profit and Loss except, borrowing costs that are attributable to the acquisition or construction of qualifying assets which are those that necessarily take a substantial period of time to get ready for their intended use or sale, which are capitalised as part of the cost of such assets.

## Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)

### Q. Product Warranty:

In respect of warranties given by the Company on sale of certain products, the estimated costs of these warranties are measured on the basis of past experience of warranty expense & accrued at the time of sale. The estimates for accounting of warranties are discounted when required and are reviewed and revisions are made as required by the management of the company.

### R. Income Tax:

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Current tax is the expected tax payable/receivable on the taxable income/loss for the year using applicable tax rates for the relevant period, and any adjustment to taxes in respect of previous years. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to income tax is included in other income.

#### Uncertain Tax position:

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The provision is estimated based on one of two methods, the expected value method (the sum of the probability weighted amounts in a range of possible outcomes) or the single most likely amount method, depending on which is expected to better predict the resolution of the uncertainty.

Company recognises the temporary differences on Right of use assets (ROU) and lease liabilities on net basis as at reporting date.

- **Current Tax**

Income Taxes are accounted for in accordance with IND AS-12. Tax expenses comprise both current tax and deferred tax. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act 1961, and other applicable tax laws.

- **Deferred Tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

### S. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits - Refer Note No. 28) are discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. Provisions & contingent liabilities are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities and assets are not recognised but are disclosed in the notes.

### T. Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating

**Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)**

segments, has been identified by the company. The CODM of the Company reviews the operation of the Company as Precision Farming Products & Services.

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Managing Director (MD) to make decisions about resources to be allocated to the segments and assess their performance.

**U. Financial instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

The Company has an established control framework with respect to the measurement of fair values.

Management has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the internal valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of the applicable financial reporting framework, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Company's audit committee if any.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

**Classification and subsequent measurement****Financial assets**

All regular purchases or sales of financial assets are recognised and derecognised on a trade date basis. These are financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

**Classification of financial assets:**

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Trade Receivables**

Trade receivables are initially recognised at fair value except for those without a significant financing component which are initially measured at transaction price. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

All other financial assets are subsequently measured at fair value.

## Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)

### Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Company has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item.

### Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables, other contractual rights to receive cash or other financial asset.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information. Assessment of whether there is significant increase in the credit risk of a particular customer is performed periodically basis a review of collection trends, credit worthiness and other macro economic factors.

### Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

### Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

### **Financial liabilities**

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

### Financial liabilities subsequently measured at amortised cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

**Notes forming part of consolidated financial statements for the year ended March 31, 2026 (Contd.)****Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group is recognised at the proceeds received, net of directly attributable transaction costs.

**V. Use of judgements and estimates**

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an on going basis. Revisions to estimates are recognised prospectively.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

- useful life of property, plant and equipment and intangible assets (Refer Note 1, Point G)
- estimation of defined benefit obligation (Refer Note 28)
- provision for warranty claims (Refer Note 14)
- income taxes - current and deferred taxes (Refer Note 7)
- impairment of trade receivables (Refer Note 5)
- recognition and measurement of provisions and contingencies

**W. Contingent Liabilities & Commitments**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made

- (i) It is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the pending resolution of the respective proceedings as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.
- (ii) The Company does not expect any reimbursements in respect of the contingent liabilities.
- (iii) The Company's pending litigations comprise of claims against the Company by employees and pertaining to proceedings pending with various direct tax, indirect tax and other authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required or disclosed as contingent liabilities where applicable, in its consolidated financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its consolidated financial statements.

**X. Cash and Cash Equivalents**

Cash and cash equivalents in the balance sheet includes cash at bank and on hand, deposits with banks & financial institutions, other short term highly liquid investments, with original maturities less than three months which are readily convertible into cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents as defined above is net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

To calculate diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

**Note for Impairment:**

The Board of Directors of Mahindra Top Greenhouses Private Limited (Joint Venture Company) have taken a decision to discontinue the business operations of the joint venture, the going concern assumption is not appropriate for the preparation of financial statements of the MTGPL as at and for the year ended 31 March 2024 & 31 March 2025. Accordingly, the financial statements of MTGPL have been prepared on a liquidation basis i.e. assets are measured at lower of carrying amount and estimated net realisable values and liabilities are stated at their estimated settlement amounts in the financial statements.

Refer Note 24 for disclosures related to credit risk, impairment of trade receivables under expected credit loss model and related disclosures.

The company applies the simplified approach to provide for expected credit losses prescribed by IND AS 109, which permits the use of the lifetime expected credit loss provision for all trade receivables. The company has expected credit losses based on a provision matrix which uses historical credit loss experience of the Company.

No trade or other receivables are due from directors or other officers of the company either severally or jointly with any other person. Nor any trade or other receivables are due from firms or private companies respectively in which any director is a partner, a director or a member.

Refer Note 29 for disclosures relating to receivables from related parties.

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

Trade receivables are hypothecated against the working capital facilities provided by the bank.

Refer Note 5A for trade receivables ageing schedule.

When the impairment is calculated under the simplified approach for trade receivables, an entity is not required to separately track changes in credit risk of trade receivables as the impairment amount represents “lifetime” expected credit loss. Accordingly, the disclosure of trade receivables in the manner as required by Schedule III for significant increase in credit risk is not required except when a company has a trade receivable for which credit risk is assessed individually. Further, the disclosure of ‘trade receivables – credit impaired’ will be made if such trade receivables meet the definition of ‘credit impaired’ as per Ind AS 109.

The company recognises revenue as per IND AS 115 'Revenue from contracts with customers'.

Accordingly, the Company recognises revenue when it transfers control of a product or service to a customer as and when it satisfies the performance obligation by transferring promised goods or services to a customer and customer obtains the control or benefit of the same.

The revenue is recognised on satisfaction of performance obligation / transferring control to the customer and hence the same is recognised at a point in time. The company believes that above disaggregation best depicts how the nature, amount, timing and uncertainty of revenues and cash flows are affected by industry, market and other economic factors.

Pursuant to the "Employees Stock Option Scheme – 2014" (ESOS) approved by the Shareholders in the Annual General Meeting held on July 31, 2014, the Company had granted 80,424, 3,228, 1,33,432, 11,129, 80,110 and 71,459 Stock Options to the eligible employees on October 28, 2014, October 31, 2015, November 22, 2016, November 22, 2017, February 28, 2019 and March 12, 2021 respectively as per the recommendations of the Nomination and Remuneration Committee, at an exercise price of Rs 10/- each. In respect of the options granted in 2014, 2016, 2017, 2019 and 2021 the equity settled options vest in 5 tranches of 20% each upon the expiry of 12 months, 24 months, 36 months, 48 months and 60 months, respectively from the date of grant. Each tranche is exercisable within one year from the respective date of vesting. The number of options exercisable in each tranche is minimum 20% of the options vested, except in case of the last date of the exercise, where the employee can exercise all options vested but not exercised till that date. In respect of options granted in 2015, the equity settled options vest in 4 tranches of 25% each upon the expiry of 12 months, 24 months, 36 months and 48 months, respectively from the date of grant. Each tranche is exercisable within one year from the respective date of vesting. The number of options exercisable in each tranche is minimum 25% of the options vested, except in case of the last date of the exercise, where the employee can exercise all options vested but not exercised till that date.

The difference between the fair value of the share underlying the options granted on the date of grant of option and the exercise price of the option representing share based payment expenses is expected over the vesting period.

Expected early exercise option is not considered in the assumption at the time of valuation. Hence relevant disclosure is not applicable.

The fair value of the employee share options has been measured using the Black-Scholes option Pricing formula.

Expected volatility has been based on an evaluation of the historical volatility of the Company's share price, particularly over the historical period commensurate with the expected term. The expected term of the instruments has been based on historical experience and general option holder behaviour.

### NOTE NO. 24 - FINANCIAL INSTRUMENTS

#### I Capital management

The company's capital management objectives are:

- to ensure the company's ability to continue as a going concern.
- to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk.

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of the statement of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e. equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Net Debt and Equity is given in the table below :

**Financial Risk Management Framework**

The Company’s activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

**CREDIT RISK**

**Credit risk management**

Definition of default

The financial services business considers a financial asset to be in “default” and therefore Stage 3 (credit impaired) for ECL calculations when the borrower becomes 90 days past due on its contractual payments.

Credit risk arises when a counterparty defaults on its contractual obligations to pay, resulting in financial loss to the Company. The company has dealings with government organisation for subsidy related transaction and with private parties. For private non government parties credit limits are set quarterly. The Company has adopted a policy of only dealing with creditworthy non government parties and obtaining security cheques, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company’s exposure and credit worthiness of such parties are continuously monitored and controlled by counterparty limits that are reviewed by Credit Control function based on the approved process.

No interest is charged on overdue balance.

Trade receivables consist of a large number of customers, spread across geographical areas. On going credit evaluation is performed on the financial condition of accounts receivable. There are no non government customers who represent more than 5% of the total balance of trade receivable.

The Company applies the simplified approach to provide expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and individual receivable specific provision where applicable. Forward-looking information (including macroeconomic information) has been incorporated into the determination of expected credit losses.

The loss allowance provision is determined as follows:

**Cash & Cash equivalents**

The Company held cash and cash equivalents with credit worthy banks of Rs. 0.03 Crores as at 31 March 2026 (Rs 1.69 Crores as at 31 March 2025) and fixed deposits of Rs. 1.79 Crores as at 31 March 2026 (Rs 2.10 Crores as at 31 March 2025).

**LIQUIDITY RISK****(i) Liquidity risk management**

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short - medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

**(ii) Maturities of financial liabilities**

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

**MARKET RISK**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk such as equity price risk and commodity price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

There has been no significant changes to the company's exposure to market risk or the methods in which they are managed or measured.

**Currency Risk**

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. As at the year end, there were no material foreign currency exposure.

## Notes to the consolidated financial statements for the year ended March 31, 2026 (Contd.)

### Exposure to currency risk

The currency profile of financial assets and financial liabilities as at 31 March 2025 and 31 March 2024 are as below:

	Rs. in Crores			
	Trade receivables		Trade payables	
	As at March 31, 2026	As at March 31, 2025	As at March 31, 2026	As at March 31, 2025
<b>Exposure to foreign currency liabilities</b>				
USD	0.00	0.01	—	0.00
Equivalent INR	0.04	0.46	—	0.25

### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to fixed deposits and borrowings from banks.

### Exposure to interest rate

The Company's main interest rate risk arises from short term borrowings with variable interest rate and fixed interest rate carrying investments like fixed deposits with banks, which exposes the Company to cash flow interest rate risk.

Particulars	Rs. in Crores	
	As at March 31, 2026	As at March 31, 2025
<b>Fixed rate instruments</b>		
Financial assets (bank deposits)	3.23	2.70
Financial liabilities (Short term borrowings)	20.00	20.00
<b>Variable rate instruments</b>		
Financial liabilities (Short term borrowings)	25.21	5.19

### Fair value sensitivity analysis for fixed-rate instruments

The Company's fixed rate bank deposits and inter corporate deposit are carried at amortised cost. They are therefore not subject to interest rate risk as defined in IND AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

### Cash flow sensitivity analysis for variable-rate instruments

The sensitivity analysis for floating rate liabilities is prepared assuming the amount of liability outstanding at the end of the reporting period was outstanding for the whole period. A reasonable possible change of 100 basis points (100 bps) in interest rate at the reporting date would have increased / (decreased) profit after tax and equity by the amount shown below:

Particulars	Rs. in Crores			
	Profit or (loss)		Equity, net of tax	
	100 bp increase	100 bp decrease	100 bp increase	100 bp decrease
As at March 31, 2026				
Variable-rate instruments	(0.25)	0.25	(0.18)	0.18
As at March 31, 2025				
Variable-rate instruments	(0.05)	0.05	(0.04)	0.04

**Notes to the consolidated financial statements for the year ended March 31, 2026 (Contd.)**

**Policy for write off of Financial Assets**

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the Company determines that the counter parties does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write- off. However, financial assets that are written off could still be subject to enforcement activities under the recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

**NOTE NO. 25 - FAIR VALUE MEASUREMENT**

The Company consider that the carrying amounts of financial assets and financial liabilities that are not measured at fair value, recognised in the financial statement approximate their fair values. All financial instruments are classified as Level 3.

**NOTE NO. 26 - LEASES (REFER NOTE 2B)**

In adopting Ind AS 116, the Company has applied the below practical expedients:

The Company has applied a single discount rate to a portfolio of leases with reasonably similar characteristics.

The Company has treated the leases with remaining lease term of less than 12 months as if they were “short term leases”.

The Company has excluded the initial direct costs from measurement of the right-of-use asset at the date of transition.

The Company has used hindsight, in determining the lease term if the contract contains options to extend or terminate the lease.

On transition to Ind AS 116, the Company has followed the Modified Retrospective Approach, accordingly recognised right-of-use assets amounting to Rs. 360.55 lakhs, lease liabilities amounting to Rs. 55.21 lakhs as at April 1, 2019. The Company has discounted lease payments using the applicable incremental borrowing rate as at April 1, 2019, which is 8.50% for measuring the lease liability. In view of this, the operating lease rent which was hitherto accounted under ‘Other expenses’ in previous periods has now been accounted as depreciation and finance costs.

**The following is the movement in lease liabilities**

**Notes to the consolidated financial statements for the year ended March 31, 2026 (Contd.)****NOTE NO. 27 - SEGMENT INFORMATION**

The Company is engaged in the business of Precision Farming Products and Services. The Information reported to the chief operating decision maker (CODM) [Viz, The Managing Director] for assessment of performance of business and allocation of resources is under this segment.

Accordingly, The Company has identified a single segment under Ind AS 108 -"Operating Segments".

Refer Note 17 for the analysis of revenue from it major products and services.

There is no single customer contributing 10% or more of total revenue.

**NOTE NO. 28 - EMPLOYEE BENEFITS****(a) Defined Contribution Plan:**

The Company's contribution to Provident Fund Rs. 1.12 Crores (year ended March 31, 2025 : Rs. 1.09 Crores) and Superannuation Fund Rs. 0.25 Crores (year ended March 31, 2025 : Rs. 0.42 Crores) has been recognised in the Statement of Profit or Loss under the head Employee Benefits Expense.

**(b) Defined Benefit Plans:**

The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the Payment of Gratuity Act, 1972 or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India.

Through its defined plans the Company is exposed to a number of risks, the most significant of which are detailed below:

**Asset Volatility**

The plan liabilities are calculated using a discount rate set with reference to government bond yields; if plan assets under perform compared to the government bond discount rate, this will create or increase a deficit. The defined benefit plans hold on investment with LIC, which are expected to perform in line with government bonds in the long-term.

The company believes that due to the long-term nature of the plan liabilities, investments of funds with LIC is an appropriate element of the Company's long term strategy to manage the plans efficiently.

**Changes in bond yields**

A decrease in government bond yields will increase plan liabilities, although this is expected to be partially offset by an increase in the value of the plan assets.

**Life expectancy**

The plan's obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plan's liabilities.

**Defined benefit plans - as per actuarial valuation**

<b>IV. The Major categories of plan assets</b>		
– Funds Managed By Insurer (LIC of India)	6.64	4.92
<b>V. Actuarial assumptions</b>		
1. Discount rate	6.44%	6.35%
2. Expected rate of return on plan assets	6.00%	6.00%
3. Salary escalation	6.00%	3.00%
4. Mortality Rate disclosure	IALM (2012-14) Ult.	IALM (2012-14) Ult.
5. Attrition rate	17.74%	17.23%

The sensitivity analysis of the defined benefit obligation to changes in the weighted principal assumptions is:

Principal assumption		Rs. in Crores		
		Changes in assumption	Increase in assumption	Decrease in assumption
Discount rate	2026	1.00%	0.22	0.24
	2025	1.00%	0.11	0.11
Salary growth rate	2026	1.00%	0.20	0.19
	2025	1.00%	0.10	0.09

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

The methods and types of assumptions used in preparing the sensitivity analyses did not change compared to previous period.

Maturity profile of defined benefit obligation:	Rs. in Crores	
	2026	2025
Within 1 year	1.61	1.03
1 - 2 year	1.29	0.60
2 - 3 year	1.02	0.59
3 - 4 year	0.97	0.48
4 - 5 year	0.84	0.48
5 - 10 year	2.17	1.15

The expected rate of return on plan assets is based on the average long term rate of return expected on investments of the fund during the estimated term of obligation.

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
