Mamata Machinery bags yet another EEPC India "Star Performer" Award for outstanding export performance

Ahmedabad, India – April 2, 2026: Mamata Machinery Limited ("Mamata" or "the Company"), a leading machinery solution provider in the flexible packaging industry, is pleased to announce that it has been honored with the prestigious "Star Performer" award for the year 2023-24 at the EEPC India Western Regional Export Performance Awards.

The award, presented by EEPC India (formerly Engineering Export Promotion Council), recognizes Mamata's exceptional export achievements in the Medium Enterprise category under "Heavy Industries – Industrial Machinery for Paper, Cement, Chemicals and Textiles." The Company will be felicitated for this award in May 2026.

This recognition adds to a long list of awards that Mamata Machinery has received from EEPC India since 1995, a remarkable validation of the Company's sustained export excellence and its notable position as one of India's foremost exporters of engineering and flexible packaging machinery solutions.

About the Company:

Mamata Machinery Limited is a leading global provider of total flexible packaging machinery solutions, offering a comprehensive range of products across the value-chain, from co-extrusion to converting and advanced packaging machinery. With over 35 years of industry experience, Mamata has established itself as a trusted engineering enterprise, boasting more than 5,000 machine installations in 80 countries worldwide. The Company is renowned for its consistent innovation and numerous industry-first product introductions, delivering cutting-edge solutions that address the evolving needs of the flexible packaging sector. Mamata's commitment to technology, quality, and customer-centric design has made it a preferred partner for businesses seeking reliable and efficient flexible packaging solutions on a global scale.
