Mamata Machinery has been granted a patent in India for the technology used in its Quadra 600 machine

Ahmedabad, India – August 21, 2026: Mamata Machinery Limited ('Mamata' or 'the Company'), a leading machinery solution provider in the flexible packaging industry, today announced that the Indian Patent Office (Intellectual Property India) has issued the grant order for its patent application relating to the production of 4-up BOPP bags on the Company's Quadra 600 machine.

With this grant, Mamata further strengthens the intellectual property protecting its converting machines and adds to a patent portfolio that reflects its continued focus on product innovation.

About the Company:

Mamata Machinery Limited is a leading global provider of total flexible packaging machinery solutions, offering a comprehensive range of products across the value-chain, from co-extrusion to converting and advanced packaging machinery. With over 35 years of industry experience, Mamata has established itself as a trusted engineering enterprise, boasting more than 5,400 machine installations in 80 countries worldwide. The Company is renowned for its consistent innovation and numerous industry-first product introductions, delivering cutting-edge solutions that address the evolving needs of the flexible packaging sector. Mamata's commitment to technology, quality, and customer-centric design has made it a preferred partner for businesses seeking reliable and efficient flexible packaging solutions on a global scale.
