Mamata Machinery resumes operations at its plant following a brief flooding-related disruption

Ahmedabad, India – July 31, 2026: Mamata Machinery Limited (‘Mamata’ or ‘the Company’), a leading machinery solution provider in the flexible packaging industry, announced that manufacturing operations at its Ahmedabad plant have resumed with effect from July 30, 2026, after a brief 5-day disruption caused by flooding on account of unprecedented heavy rainfall.

Ahmedabad and surrounding areas, including Changodar and Bavla, received extremely heavy rainfall, resulting in flood-like conditions and severe water logging in and around the Company's manufacturing unit at Survey No. 423/P, Sarkhej-Bavla Road, Moraiya, Sanand, Ahmedabad – 382213. Consequently, manufacturing operations and production at the plant were temporarily suspended, as intimated to the stock exchanges on July 25, 2026. With the flood water having substantially receded and necessary restoration and clean-up activities undertaken, manufacturing operations and production resumed with effect from July 30, 2026, as intimated on the same date.

All assets of the Company are safe and adequately insured and the matter has been intimated to the insurance company. Accordingly, no material financial impact is expected on account of this event. All efforts of the Company are currently focused on the complete restoration of operations and plant activity.

About the Company:

Mamata Machinery Limited is a leading global provider of total flexible packaging machinery solutions, offering a comprehensive range of products across the value-chain, from co-extrusion to converting and advanced packaging machinery. With over 35 years of industry experience, Mamata has established itself as a trusted engineering enterprise, boasting more than 5,400 machine installations in 80 countries worldwide. The Company is renowned for its consistent innovation and numerous industry-first product introductions, delivering cutting-edge solutions that address the evolving needs of the flexible packaging sector. Mamata’s commitment to technology, quality, and customer-centric design has made it a preferred partner for businesses seeking reliable and efficient flexible packaging solutions on a global scale.
