# France set to simplify visa norms for Indian students

**SANKET KOUL**  
New Delhi, 18 February

French President Emmanuel Macron on Wednesday said that his country will simplify visa and sourcing procedures and expand courses taught in English in an effort to get 30,000 Indian students to study in France by 2030 from the current level of 9,000-10,000 annually.

Macron held bilateral talks with Prime Minister Narendra Modi in Mumbai on Tuesday, and landed in the national capital from Mumbai on Wednesday afternoon, where he is scheduled to attend the AI Impact Summit on Thursday.

On Wednesday evening, the French President launched a research centre dedicated to artificial intelligence (AI) in health care, involving collaboration between Sorbonne University, All India Institute of Medical Sciences (AIIMS), New Delhi and the Paris Brain Institute. India and France have placed AI and digital health at the core of their strategic cooperation in the sector. Addressing the gathering at AIIMS, Macron said France currently sees an annual inflow of approximately 9,000 to 10,000 Indian students.

"We have decided with Prime Minister Modi to increase this number to 30,000 per year by 2030," the French President said. He said that France wants to welcome more Indian students and have more French students coming to India. "From the French side, we will work on streamlining procedures to make them more practical and aligned with students' expectations," Macron said.

The French President inaugurated the Indo-French Centre for AI in Health (IF-CAIH). The centre will focus on advancing AI-driven research, medical education and clinical innovation to address complex health care challenges in priority areas such as digital health, Antimicrobial Resistance (AMR), human resources for Health and the responsible use of health data. The

French President Emmanuel Macron and his wife Brigitte Macron before their departure for New Delhi from Mumbai on Wednesday. The French President later inaugurated the Indo-French Centre for AI in Health at AIIMS, New Delhi PHOTO:PTI

centre will also draw academic collaboration from Indian Institute of Technology (IIT), Delhi and leading French institutions, promoting interdisciplinary research in AI, brain health, and global health care systems. On the subject of AI cooperation between the two countries, Macron said both India and France are committed to developing the computing capacity and talent necessary to build "our own trusted AI systems, as we cannot rely solely on technologies created and managed elsewhere."

Apart from deepening their defence collaboration, India and France are also set to cooperate on railway and high-speed railway development in India, and sign a joint declaration on it soon, the joint statement released on Tuesday evening said.

It also said that Macron invited Modi to attend this year's G7 Summit which France is hosting. He invited India to participate actively in the discussions and preparatory work ahead of the Summit, mainly on the key issues of tackling global macroeconomic imbalances and defining a new paradigm for international partnerships and

solidarity. He also asked the PM to participate in the "Africa Forward: Partnerships between Africa and France for Innovation and Growth" Summit, to be held on May 11 and 12, 2026, in Nairobi, Kenya.

On mobility, the two leaders welcomed the announcement of the upcoming visa free transit of Indian nationals through French airports, which will be reviewed after a six-month pilot period, the joint statement said. The two sides also signed a pact for greater cooperation in the fields of skill development, vocational education and training that would strengthen opportunities for mobility of youth and professionals. The joint statement said that the two leaders' shared vision for India-France ties is that the partnership should "act as a force for global good that can help build not only prosperity and resilience in their economies and advance their countries' security, but also work towards addressing challenges in an increasingly uncertain global environment and, thus, help build a stable rules-based international order."

# SAIL approaches court after CCI notice on suspected cartelisation

**SAKET KUMAR**  
New Delhi, 18 February

State-run Steel Authority of India Ltd (SAIL) has approached the court after it received a notice from the Competition Commission of India (CCI) over suspected cartelisation of steel.

A senior industry executive, requesting anonymity, told *Business Standard* that the company has not yet been provided with the detailed reasoning behind the regulator's conclusions and SAIL has initiated legal steps to obtain the material.

"Since no details are available from CCI, there is a confidentiality ring that is being created. SAIL has approached the court and CCI. Then CCI will be providing detailed information on how they have come up with this. Only after look-

**A SENIOR INDUSTRY EXECUTIVE SAYS THE COMPANY HAS NOT YET BEEN PROVIDED WITH THE DETAILED REASONING BEHIND THE REGULATOR'S CONCLUSIONS**

ing at that, we can say (anything)," he said.

*Business Standard* had earlier reported that an investigation by the CCI has found that Tata Steel, JSW Steel and SAIL, along with several other steel-makers, allegedly entered into anti-competitive agreements to collude on prices.

According to a January 6 report by news agency Reuters, 28 steel companies have been found in the alleged breach of antitrust law.

The CCI investigation has also held 56

senior executives liable for price collusion over varying periods between 2015 and 2023, the report said.

The executive added that SAIL would respond substantively only after examining the report. "Unless we know the report, how they are reaching that conclusion, it is difficult to comment," he said.

Under the Competition Act, cartelisation, which is defined as agreements between competing enterprises to fix prices, limit supply, or control markets, is presumed to have an appreciable adverse effect on competition.

Such agreements are void under Section 3 of the Act.

If the CCI's findings are upheld in the final order, companies and executives could face significant monetary penalties under the competition law.

# Can't say when I'll return to India from UK due to travel curbs: Mallya to Bombay HC

**BHAVINI MISHRA**  
New Delhi, 18 February

Fugitive businessman Vijay Mallya on Wednesday told the Bombay High Court that he would be unable to specify when he would return to India from the United Kingdom, citing restrictions on his travel.

The submission was made during the hearing of his plea, which assailed the constitutional validity of the Fugitive Economic Offenders Act, 2018. A Bench of Chief Justice Shree Chandrashekhar and Justice Gautam Ankhad reiterated that if Mallya seeks adjudication of his challenge, he must submit to the jurisdiction of Indian courts.

Responding to the court's query, Senior Advocate Amit Desai, appearing for Mallya, read out a statement explaining that his client's passport had been revoked in 2016 and that a UK court order bars him from leaving England and Wales or applying for, or pos-

sessing, any international travel document.

"He is not permitted to leave or attempt to leave England and Wales or apply for or be in possession of any international travel document. In any event, the petitioner is unable to precisely state when he will return to India," Desai submitted.

Desai contended that Mallya's physical presence in India was not a prerequisite for the High Court to examine his challenge to the vires of the statute. He also informed the Bench that an appeal has been filed against the trial court's order declaring Mallya a fugitive economic offender.

# Bail norms in heinous crimes apply equally to serious economic offences: SC

**BHAVINI MISHRA**  
New Delhi, 18 February

The Supreme Court has held that the yardsticks applied while considering bail in grave and violent crimes must be applied to cases involving serious financial wrongdoing, noting that economic offences can erode the financial security and overall quality of life of ordinary citizens.

A Bench of Justices Sanjay Kumar and K Vinod Chandran annulled a decision of the Lucknow Bench of the Allahabad High Court granting bail to an accused described as a repeat offender. The court found that the High Court had relied primarily on parity with co-accused, without examining crucial aspects such as the accused's specific role, prior criminal record.

The Court referred to earlier rulings, including *Neeru Yadav v. State of Uttar Pradesh* (2014) 16 SCC 508 and *Sudha Singh v. State of Uttar Pradesh* (2021) 4

SCC 781, which caution against granting bail where there is a risk to witnesses or public order.

Though those cases arose from violent offences, the Bench clarified that the rationale underlying them applies with equal force to large-scale financial fraud.

"Though the observations made in some of the above cases were in the context of heinous offences, which is not the case presently, we may note that the value of life and liberty of members of society is not limited only to their 'person' but would also extend to the quality of their life, including their economic well-being. In offences of a pecuniary nature, where innocent people are created of their hard-earned monies by connen, who make it their life's pursuit to exploit and feast upon the gullibility of others, the aforesaid factors must necessarily be weighed while dealing with the alleged offenders' pleas for grant of bail," the Court observed.

## ALL IN A DAY

### SC to accord final hearing on pleas against Places of Worship Act

The Supreme Court on Wednesday agreed to list for final hearing the pleas challenging the validity of provisions of a 1991 law which prohibit filing of a lawsuit to reclaim a place of worship or seek a change in its character from what prevailed on August 15, 1947. A bench comprising Chief Justice Surya Kant and justices Joydymalya Bagchi and Vipul M Pancholi was urged by senior advocate Rakesh Dwivedi, appearing for petitioner Ashwini Upadhyay, that the final hearing be accorded as the questions were framed way back on October 12, 2022. PTI

### Advantage BJP in March 16 RS elections for 37 seats

The BJP is set to gain strength in the Rajya Sabha when 37 seats go for biennial polls on March 16 as it has governments or is an alliance partner in six of the 10 states where seats are falling vacant. The 37 seats fall vacant on April 2 and 9. According to the Election Commission, the states where seats are falling vacant are Maharashtra (7 seats), Odisha (4 seats), Telangana (2 seats), Tamil Nadu (6 seats), Chhattisgarh (2 seats), West Bengal (5 seats), Assam (3 seats), Haryana (2 seats), Himachal Pradesh (1 seat) and Bihar (5 seats). PTI

### India reaffirms strong support for Maldives' public welfare

India assisted the Maldives in building a high-speed ferry, the first among 12, required to begin transport link services between two of the atolls, according to a local media report. India has reaffirmed its commitment to supporting the Maldives in establishing essential public services and projects that directly benefit communities, Indian High Commissioner to the Maldives G Balasubramanian was quoted as saying by the state-run PSM News. India will provide 12 high-speed ferries to the Maldives as part of an agreement. PTI

### Delhi HC seeks Centre's stand on plea against provisions of data law

The Delhi High Court on Wednesday sought the Centre's stand on a petition challenging certain provisions of the Digital Personal Data Protection Act, 2023, for enabling surveillance and excessive control of the executive as well as undermining judicial independence. A bench of Chief Justice D K Upadhyaya and Justice Tejas Karia issued a notice to the Central government on the petition filed by Chandresh Jain, and listed it for hearing in April. PTI

### Form panel to draft norms for judicial approach in sex offence cases: SC to National Judicial body

Observing that there is a need to inculcate sensitivity in the judicial approach, the Supreme Court has asked the National Judicial Academy to constitute a committee of experts to draft guidelines for approach of judges when dealing with cases of sexual offences. The top court said the committee shall consider the previous measures undertaken, whether on the judicial side or the administrative side. PTI

### Maha govt cancels 5% Muslim quota in jobs and education

The Maharashtra government has cancelled the five per cent reservation to members of the Muslim community in jobs and education. A Government Resolution (GR) was issued to this effect on Tuesday, as the previous ordinance about the five per cent reservation has lapsed and there is an interim court stay on that decision. The previous Congress-NCP government had issued an ordinance to grant a 16 per cent quota to Marathas and five per cent to Muslims. PTI

### Gujarat tables ₹4.08 trn Budget; big push for tourism, sports

Gujarat Finance Minister Kanubhai Desai on Wednesday presented a ₹4.08 trillion Budget for 2026-27 in the Assembly with a focus on tourism promotion, digital governance, regional growth, and creation of sports infrastructure ahead of the 2030 Commonwealth Games.

The Budget, with an estimated surplus of ₹974 crore and no new taxes, continued the 5 per cent tax rebate for electric vehicles. The total outlay increased by ₹37,803 crore or 10.2 per cent to ₹4.08 trillion over the previous financial year, Desai said. A major highlight of the Budget was the state government's road map to develop Ahmedabad as an "Olympic Ready City" ahead of the 2030 Common-

wealth Games, which Gujarat will host. The minister proposed an allocation of ₹1,278 crore for infrastructure related to the upcoming Games. This includes the development of international level sports complexes and stadiums, and strengthening urban transport connectivity around key venues. A total provision of ₹1,331 crore has been made for the sports department. Of this, ₹500 crore has been earmarked for developing Ahmedabad as an "Olympic Ready City" and for the SVP (Sardar Vallabhbhai Patel) Sports Enclave. Another ₹165 crore has been allocated for developing sports complexes in various districts. An amount of ₹100 crore each has been proposed for creating Olympic-level infra-

structure at Karai and setting up a Para High Performance Centre in Gandhinagar. A further ₹90 crore has been set aside for constructing a world-class hockey stadium. Tourism was another key thrust area in the Budget. Announcing 2026 as 'Gujarat Tourism Year', the minister said the state aims to position itself prominently on national and international tourism maps. To strengthen tourism infrastructure, ₹236 crore has been allocated for enhancing facilities in and around the Statue of Unity. The iconic site has emerged as a major global attraction and boosted local employment, particularly among tribal communities, the finance minister said. PTI

### Banks to tiptoe into acquisition financing

"It will happen slowly because we must be careful with the first few deals before the model is fine-tuned," the senior official said, adding that the 20 per cent eligible-capital condition still limits banks' ability to underwrite very large-ticket transactions.

Initially, lenders expect to lean on existing relationships with mid-sized and large companies. In the mid segment, banks may support acquisition-led financing needs in cases where they maintain exclusive ties. "It will be opportunistic, and it will be slow," the banker said.

Valuation methodology, a key regulatory concern, is addressed through requirements that banks appoint an independent valuer for listed targets and adopt the lower of two independent valuations for unlisted companies. "The intent of the framework appears to be fostering acquisitions in the MSME segment so that viable assets are not wasted and businesses can scale

up," said another executive at a state-owned bank. "MSME acquisitions are relatively manageable in size and risk, making them a more feasible starting point," the executive said, noting that many lenders will need time to build specialised teams with expertise in acquisition financing.

Some large lenders, including State Bank of India, and major private-sector banks are preparing to enter the segment once board approvals are secured. Bankers said they are already witnessing interest but stressed they will remain selective rather than proactively chase deals. "We have not zeroed in on any target companies. For those who have approached us, we've said we will consider proposals once the guidelines come into effect," said the state-owned banker cited earlier. The lender is now drafting internal policies for board approval, after which standard operating procedures will be rolled out.
