MAN Industries Secures Prestigious INR 1,700 Crores Line Pipe Order for Gas Pipeline Project

Outstanding Order Book Reaches a Record INR 4,700 Crores

Mumbai, 03rd September 2025: *MAN Industries (India) Limited*, one of India's leading Large Diameter Pipe manufacturing companies, is pleased to announce the receipt of a prestigious export order valued at approximately INR 1,700 Crores from a top-tier international client.

This order significantly demonstrates the Company's robust strength and market credibility in global markets and highlights MAN Industries' growing reputation as a trusted supplier in the international pipeline industry. The order entails supplying different types of coated pipes to a respected international customer, with execution expected within the next 6 to 12 months.

Furthermore, this order involves value-added SAW pipes with advanced coatings, offering higher realizations and strong margins.

With this new order, the Company's total unexecuted order book has reached an all-time high of INR 4,700 Crores, reflecting continued customer confidence in its technological expertise, quality assurance, and execution capabilities. Exports contributing ~80%+ of the orderbook. Additionally, the Company is actively bidding for ~15,000+ crore worth of line pipe projects across domestic and international markets.

Mr. Nikhil Mansukhani, Managing Director of MAN Industries, said, *"This prestigious order is a strong reaffirmation of our technological leadership, global credibility, and unwavering commitment to product excellence and timely execution. We are confident of sustaining this momentum through the year and remain on track to deliver the guided 20% topline growth for this fiscal, while continuing to serve both domestic and international markets with distinction. In parallel, our expansion projects in Saudi Arabia and Jammu are progressing well, which will further strengthen our global footprint, enable synergistic product diversification, and expand domestic capacity to meet the rising demand."*

About MAN Industries (India) Limited:

MAN Industries (India) Ltd, the flagship company of the MAN Group, was founded by the Mansukhani Family in 1970 and has since evolved under the visionary leadership of Dr. R.C. Mansukhani. Originally starting operations as an aluminium extruder in 1988, MAN Industries has emerged as one of the largest and most respected manufacturers and exporters of large diameter carbon steel line pipes in India, with world-class capabilities in LSAW (Longitudinal Submerged Arc Welded), HSAW (Helical Submerged Arc Welded), and ERW (Electric Resistance Welded) pipe technologies, as well as advanced pipe coating solutions.

The company holds ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certifications, reflecting its strong commitment to quality, environmental sustainability, and occupational health and safety standards. Today, MAN Industries supplies critical infrastructure to high-pressure transmission systems for oil & gas, petrochemicals, water, fertilizers, dredging, hydrocarbon, and city gas distribution (CGD) sectors across India and global markets.

The company operates two state-of-the-art manufacturing facilities — one in Pithampur, Madhya Pradesh, and the other in Anjar, Gujarat — with a combined installed capacity of over 1.2 million+ tonnes per annum (MTPA).

MAN is undertaking significant capital expenditure to expand its geographical footprint and diversify its product portfolio. The company is entering into the manufacturing of stainless-steel seamless pipes, a strategic foray into a high-value product segment. Additionally, setting up a new plant in Dammam, Saudi Arabia, with a total capex for both the above projects of ~₹1,200 crores. These initiatives are aimed at enhancing the company's capabilities, strengthening its global presence, and tapping high-growth opportunities in international markets.
