Press Release | Q3FY26

Q3FY26 revenue at Rs 905.7 crore, up by 4.2% Y-o-Y**Continued strong momentum with 26+ new AI deals in this quarter**

- Operating EBITDA margin at 16.1%, up 60 bps Q-o-Q
- PAT at Rs 108.4 crore, up 11.2% Q-o-Q
- Total order backlog grew by 36.6% and 12 months order backlog grew by 24.3% Y-o-Y in rupee terms

Mumbai, India 21st January 2026: Mastek, a trusted AI-first, digital engineering and cloud transformation partner, announced today its financial results for the **Third Quarter and Nine months of FY26** ended on 31st December 2025.

Commenting on the Q3FY26 results, Umang Nahata, Chief Executive Officer, Mastek, said:

"In Q3FY26, our revenue declined by 3.7% Q-o-Q in rupee terms, primarily due to higher furloughs, planned project go-lives in the US and AMEA, and right-shift of a few engagements. Despite these near-term headwinds and seasonal softness, we continue to execute with operational discipline and AI led efficiencies resulting in another quarter of healthy EBITDA Q-o-Q growth of 60 bps. Our 12 months order backlog grew 7.0% sequentially, and the pipeline remains strong across the UK, US and AMEA. We see good demand in Healthcare segment and AI-led solutions globally.

Our AI-led services continue to scale, we closed 26+ new engagements delivering significant ROI for our customers using Generative and Agentic AI deployments. We added 17 new clients in the quarter, taking the total active client to 333.

We remain committed to drive innovation and value for our clients, leveraging our AI-first approach. We are confident in our long-term strategy and our ability to deliver sustainable and profitable growth."

Commenting on the Q3FY26 results, Deepak Kedia, Chief Financial Officer, Mastek, said:

"We reported operating EBITDA margin of 16.1%, an increase of 60 bps Q-o-Q, this was after factoring in the impact of labour code changes and furloughs. Our PAT grew by 11.2% sequentially, with a 149 bps expansion in PAT margin resulting in increase of EPS to Rs. 34.7. We had a strong quarter adding Rs.210 crores in terms of operating cash . We have declared an interim dividend of 160% or Rs 8 per share."

Key wins for the quarter

- Mastek secured a three-year contract with a **UK** central **government** agency to support a national biometrics platform vital for immigration and law enforcement. The project enhances security, scalability, while introducing new capabilities using Agile delivery, AI-powered DevSecOps, and managed services. Integration of national databases further positions Mastek as a reliable partner for high-security public systems.
- Mastek secured a deal was from a **UK**-based **financial** statutory regulator to strengthen their Digital Delivery Hub and ensure reliable regulatory service delivery. The engagement aims to enhance digital engineering and service management, modernising processes with agile, iterative, and AI-assisted DevOps methods. Mastek's selection was based on its engineering expertise, regulatory experience, and history of successful, compliant transformations.
- Mastek secured a strategic consulting engagement from a **US**-based global **asset manager** to modernize their enterprise data platform for faster, scalable, and compliant decision-making. The engagement involves designing an AI-ready framework and migrating from Netezza to AWS Redshift, resulting in improved performance and regulatory compliance.
- Mastek secured a strategic partnership with an **Australian** local **government** to modernise the City's operations using Oracle ERP Cloud, EPM Cloud, and optimising Fusion Projects modules delivered through ADOPT AI. The engagement improves project management, transparency, and fiscal accountability through AI-driven insights. Mastek was chosen for its public-sector expertise and customised solutions.
- Mastek was engaged by **England's Healthcare** System to support Digital Prevention Portfolio by delivering national-scale digital services that improve reach, reliability, and scalability of public health programmes. The engagement includes product development, architecture, and national platforms for vaccination, cancer screening, and data management using AI analytics. This enhances the portfolio's capacity to build scalable digital and data products for population health.

- Mastek secured a strategic engagement from a **US-based global dental** products company to provide centralized program management services, ensuring consistent quality, regulatory compliance, and predictable delivery across global initiatives. The solution uses Salesforce AI-enabled performance insights and standardized measures to improve delivery efficiency and business alignment, supported by a scalable operating model.
- Mastek secured an engagement from a **global Fortune 500 clinical research** provider to scale an Agentic AI-powered data quality automation platform from pilot to enterprise production improving reliability and confidence in critical data used across the organisation. Supported by cloud-ready architecture, the solution enhances data reliability, simplifies investigation and reporting, and supports faster insights, improved governance, and robust decision-making.
- Mastek secured a strategic engagement from a leading **UK port** to transform core enterprise operations through **Oracle** ERP Cloud across 26 legal entities. Using ADOPT AI, the program streamlines operations, boosts financial agility, and enhances control in a complex multi-terminal setting enabling greater efficiency and future-ready processes.
- Mastek, as a strategic partner of a major **American Fortune 500 recreational vehicle** company secured multiple engagements to drive **enterprise modernisation** across customer-facing and operational platforms. Delivered through ADOPT AI, the initiatives improve consumer engagement, operational efficiency, and business scalability. The scope also includes optimisation of warehouse operations using **Oracle** WMS and infrastructure services, strengthening supply chain performance and supporting sustained growth.
