Dear Sir/Madam,

**Sub: Clarification regarding news article in Business Standard and spurt in share price**

**Ref: NSE Scrip code: MATRIMONY**

With reference to the above-referred communication from the Exchange seeking clarification from the Company, we would like to submit that the Company has not made any material announcement having an impact on its operation and performance in recent times. As regards the news article published by Business Standard, we would like to clarify that it is not a rumour and the information published by the news agency is provided by the Company to them as part of routine marketing information to help our customers. Further to clarify, weddingloan.com is just a platform and the Company will act only as a facilitator for the customers to get loans from the financial institutions partnered with us for this service. We will not be involved in lending activity to the customers. This should not be considered a new line of business nor price sensitive as it does not involve any significant investment, warranting disclosure under Regulation 30 of SEBI LODR. This is just only an adjacent business to our existing matchmaking and marriage services business. This is a routine communication to the news agency for the benefit of the customers. The same was also discussed during the recently held analyst call on November 7, 2024, and the transcript of the same was disclosed to the Stock Exchange and uploaded to our website.

The reason for the movement in the price of the shares of the Company is not as a result of any announcement or pending announcement made or to be made by the Company. The Company has not shared any price-sensitive information with any market intermediary or any other party and therefore the movement in the price of the shares of the Company is not known to the Company. The discovery of price of security is a function of several factors and is carried out purely on the Exchange platform. We do not have any influence on the movement of the price of the shares of the Company. We would like to highlight the price movement for the past couple of weeks for the Exchange to take note of it
