AVIONICS

Driving Innovation through Proprietary Aviation & Travel Technologies

AVIONICS PORTFOLIO

AERO HUB
aerohub.aero

- Wireless IFEC Platform
- Passenger engagement
- IFEC Solution:
  - Aircraft-Powered
  - Battery-Powered
- Ancillary growth opportunity

skyview

- Inflight software platform
- Hardware agnostic
- Customisable IFE portal
- Certified by all major Hollywood Studios

inviseo

- Patented aircraft tray-table advertising solution
- High-visibility advertising medium
- Worldwide patent rights
- Approved by the FAA and EASA

aerolab MEDIA

- Motion Picture Association of America (MPAA) Certified Lab in Mumbai
- Trusted partner network (TPN) certified - highest compliance standards
- Handle's all technical services
- (pre-post production)
- Satellite facility for business continuity in Delhi

AeroHub & SkyView: A Next-generation IFEC Ecosystem

AeroHub is Maxposure's proprietary In-Flight Streaming and Connectivity (IFEC) platform designed to enhance passenger experience while enabling airlines to unlock new ancillary revenue streams. The platform delivers entertainment, information, commerce and engagement services directly to passenger devices through a lightweight wireless architecture, eliminating the need for expensive seatback systems.

International Patent No. WO 2026/053187 A1

Key Highlights

- **Supports up to 100 concurrent users per device**
- **Plug-and-play deployment architecture**
- **No heavy aircraft modifications required**
- **Compatible with smartphones, tablets and laptops**
- **Up to 8TB content storage capacity**
- **Power-on time of less than one minute**
- **Designed for full-service, regional, charter and low-cost carriers**

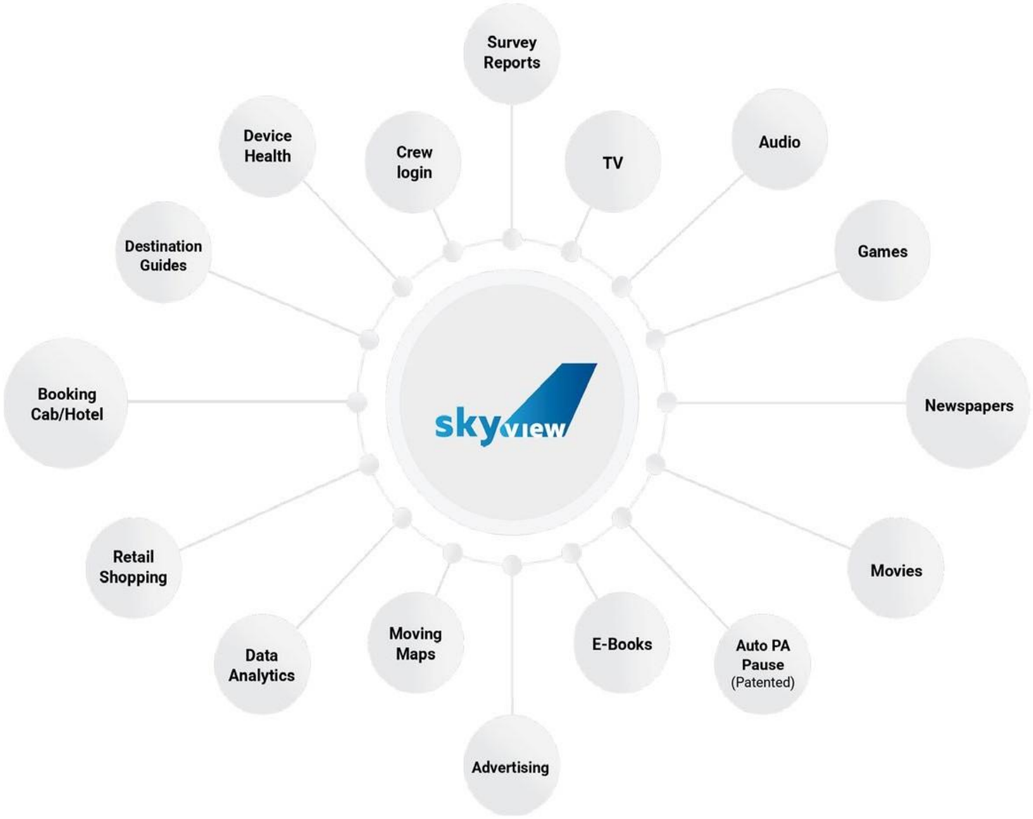

AeroHub & SkyView: A Next-generation IFEC Ecosystem

SkyView is Maxposure's proprietary in-flight passengerengagement platform built on the AeroHub IFEC ecosystem. Itdelivers entertainment, real-time flight information, onboardshopping, and interactive services through a single, intuitiveinterface, helping airlines enhance passenger experience andgenerate ancillary revenue.

Key Highlights

- **CMM enables seamless curation, scheduling and delivering of content**
- **Collaborative Media upload**
- **Timeline & Cycle Management**
- **Metadata & Asset Management**
- **Certified by the Motion Pictures of America**

Why AeroHub?
Addressing A Large Industry Need

Challenges with Traditional IFE Systems

- High installation and maintenance costs
- Significant aircraft modification requirements
- Long deployment timelines
- Limited flexibility for fleet operators
- High hardware dependency

How AeroHub Solves These Challenges

- Plug-and-play deployment architecture
- Lightweight and portable solution
- Faster implementation timelines
- Lower total cost of ownership
- Scalable across different fleet configurations
- Supports both short-haul and long-haul operations

Beyond Entertainment: A Passenger Engagement & Monetisation Ecosystem

Engagement: Movies, TV, Audio, Games, E-books & Newspapers

Commerce: AirShop, Dining, Hotel Booking & Cab Booking

Travel Experience: Flight360, Cityscape & Qibla Compass

Revenue: Dynamic Ad Engine, Cabinly Seat Upgrades & Sponsored Content

inviseo

Inviseo.Table® is a patented aircraft tray-table advertising solution that transforms unused tray-table space into a **high-visibility advertising medium,** enabling **brands to engage** airline passengers through continuous in-flight visibility and **40+ minutes** of passenger dwell time.

Maxposure acquired the Inviseo.Table® design and worldwide patent rights from Inviseo Media Holdings Ltd. in **2019,** adding a differentiated aviation advertising asset to its media portfolio.

35,000 per IVT fitted aircraft per month	An Almost **Competition-Free** Advertising Space	Unparalleled **"Added Value Effect"** in Conjunction with Other Media	Guaranteed Dwell Time: **More Than 40 minutes** per Passenger per Flight (During Take-off And Landing)	**Fully approved by the FAA** (Federal Aviation Administration), **the EASA** (European Aviation Safety Agency) and the **LBA** (Luftfahrtbundesamt)

Patent No. 8540309

Incredible India

Maxposure is a leader in content marketing, combining **strategy, creativity and technology** to deliver impactful brand narratives. Its integrated capabilities span **content strategy, design,**

digital marketing, multimedia production, experiential marketing, multilingual localisation (40+ languages), AI-powered optimisation and omnichannel distribution — driving visibility, engagement and measurable business outcomes.

Global award-winning team of content creators, designers, strategy planners and marketers

Suite of Services

1

Content Strategy & Creation

With our award-winning team of content creators & strategist, we help brands strategise, communicate & engage effectively through quality content across print & digital platforms.

2

Branding & Design Services

Provides high quality branding & design services with contemporary ideas that creatively represent a brand's philosophy and ethos across different communication channels and platforms.

3

Immersive and Interactive Solutions

Pioneers in creating immersive and interactive solutions in metaverse; blending technology, aesthetics and business requirements to create new realities and achieve the desired ROI for the brand.

4

Digital Marketing

We are a one-stop solution for a brand's digital needs. We leverage online platforms to promote brands with marketing strategies, targeting audiences through SEO, social media, influencer and email campaigns, & content marketing.

5

PR & Advertising

With strong ties to both Indian and international media, we have extensive experience in managing organic and paid releases and advertisements across all platforms and formats — including a strong presence in in-flight publications.

6

Technology

Our AI-powered Content Operating System delivers adaptive, real-time, behaviour-driven and predictive experiences. Complementing it is the Smart Trip Planner, an intuitive platform creating personalised itineraries from inspiration to booking.

7

Pre- Press & Print

The group has experience and expertise in print and pre-press on web and offset printing. We have working relationships with the leading press in India and abroad to achieve quality, quantity, and timelines for large print runs.

8

Translation

We are multilingual experts and create content in more than 25 Indian and global languages. We have a large pool of translators and linguists on our panel and a trusted partner for translation work for government bodies in India.

9

Shoots & Production Services

Maxposure's creative wing executes shoots (still & dynamic) and has implemented multiple product, celebrity and travel shoots. It's state-of-the-art production lab with editors, videographers, visualisers, animators, etc to execute any project in 2D or 3D.

Content Marketing

Maxposure is one of the leading content and digital marketing company in India, delivering data-driven, technology-enabled strategies across platforms. It partners with government entities and leading brands to enhance reach, engagement, influence and digital performance through innovative campaigns.

Strategy-led storytelling:

Develop content strategies aligned to brand objectives, audience behaviour, KPIs and ROI, creating an omnichannel content ecosystem rather than isolated campaigns.

End-to-end capability:

From content planning and creation to distribution, amplification, monetisation and analytics, Maxposure offers an integrated content marketing ecosystem built to turn content into measurable business value.

Content across formats:

Create compelling content across print, digital, social, websites, video and branded platforms, with expertise spanning travel, tourism, aviation, hospitality, automobiles and more.

Dgital & social amplification:

Extend the life and reach of content through social media marketing, SEO, Google advertising, influencer marketing and other digital channels.

Brand publishing:

Build and manage content-led platforms including magazines, websites, social channels and branded publications.

Multilingual communication:

Extend brand conversations across markets through translation, localisation and transcreation, working with more than 25 Indian and international languages.

Content that delivers ROI:

Content is supported by monetisation, research, social listening, performance measurement and analytics,

allowing campaigns to be refined based on audience response and business outcomes.

AI-powered generative filmmaking to create
cinematic visual content and compelling brand storytelling.

CATHAY PACIFIC

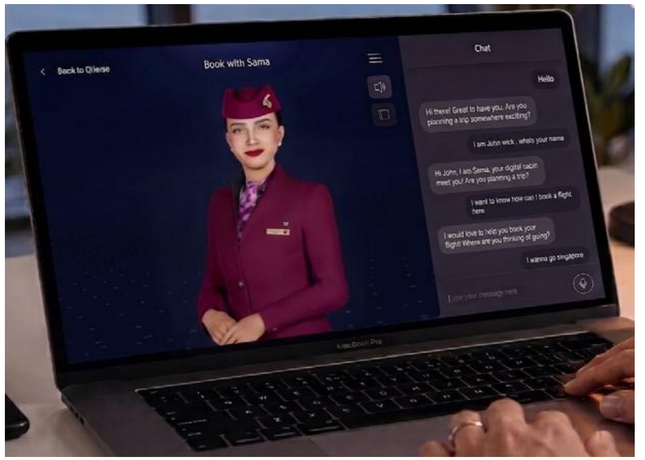

Immersive & Interactive

Virtual Reality, Web-VR, Digital Twin

QVerse – An award-winning immersive digital twin of Doha International Airport, enabling customers to explore Qatar Airways' Premium, Business & First Class lounges, and Qatar Duty Free through immersive VR and web-based 3D experiences.

VR Experience of Qverse

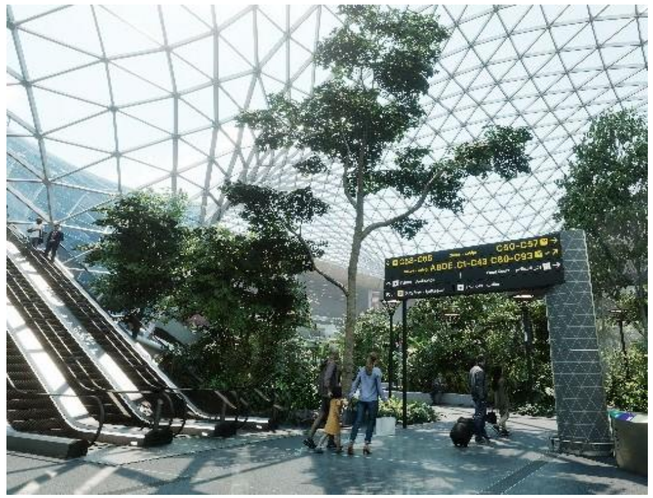

Conversational AI / Digital Human / AI Powered application

AI-powered 3D digital human, SAMA, for Qatar Airways to provide intelligent, conversational passenger interactions.

Qatar Airways Interactive Seat Viewer for QSuite

Qatar Airways The Orchard Digital Twin

Museum

The Museum of the Bible VR Experience allows users to explore over 20 iconic biblical sites and interactive museum exhibits from home using a smartphone or headset.

Interactive Softwares

An interactive, future-facing concept tool to showcase Safran's vision for next-generation luxury air travel, encouraging meaningful discussion with airline customers before fully engineered products existed.

IFEC + Real Estate

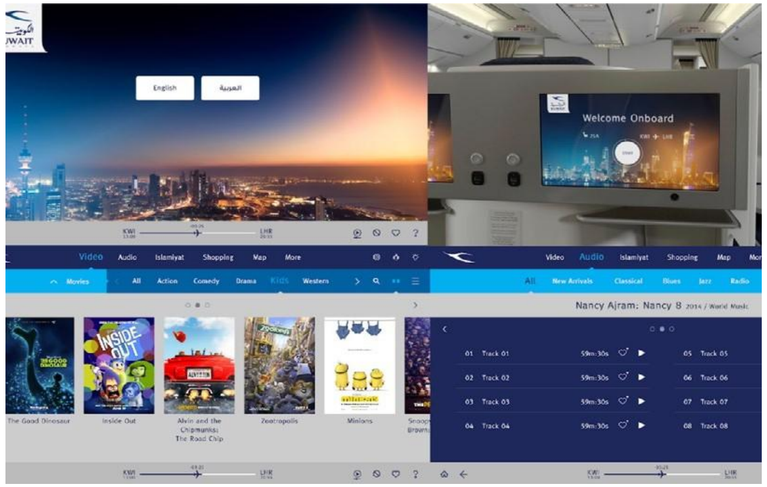

IFE Connectivity

Viasat Capacity Unleashed - Interactive 3D application with dynamic data visualisation to showcase Viasat's satellite network capacity and capabilities.

Digital Marketing Suites for Real Estate

The Capston, Digital Marketing Suites - a premium digital marketing suite combining interactive 3D visualisation, apartment discovery and immersive sales tools to showcase the development to global buyers.

IFE GUI

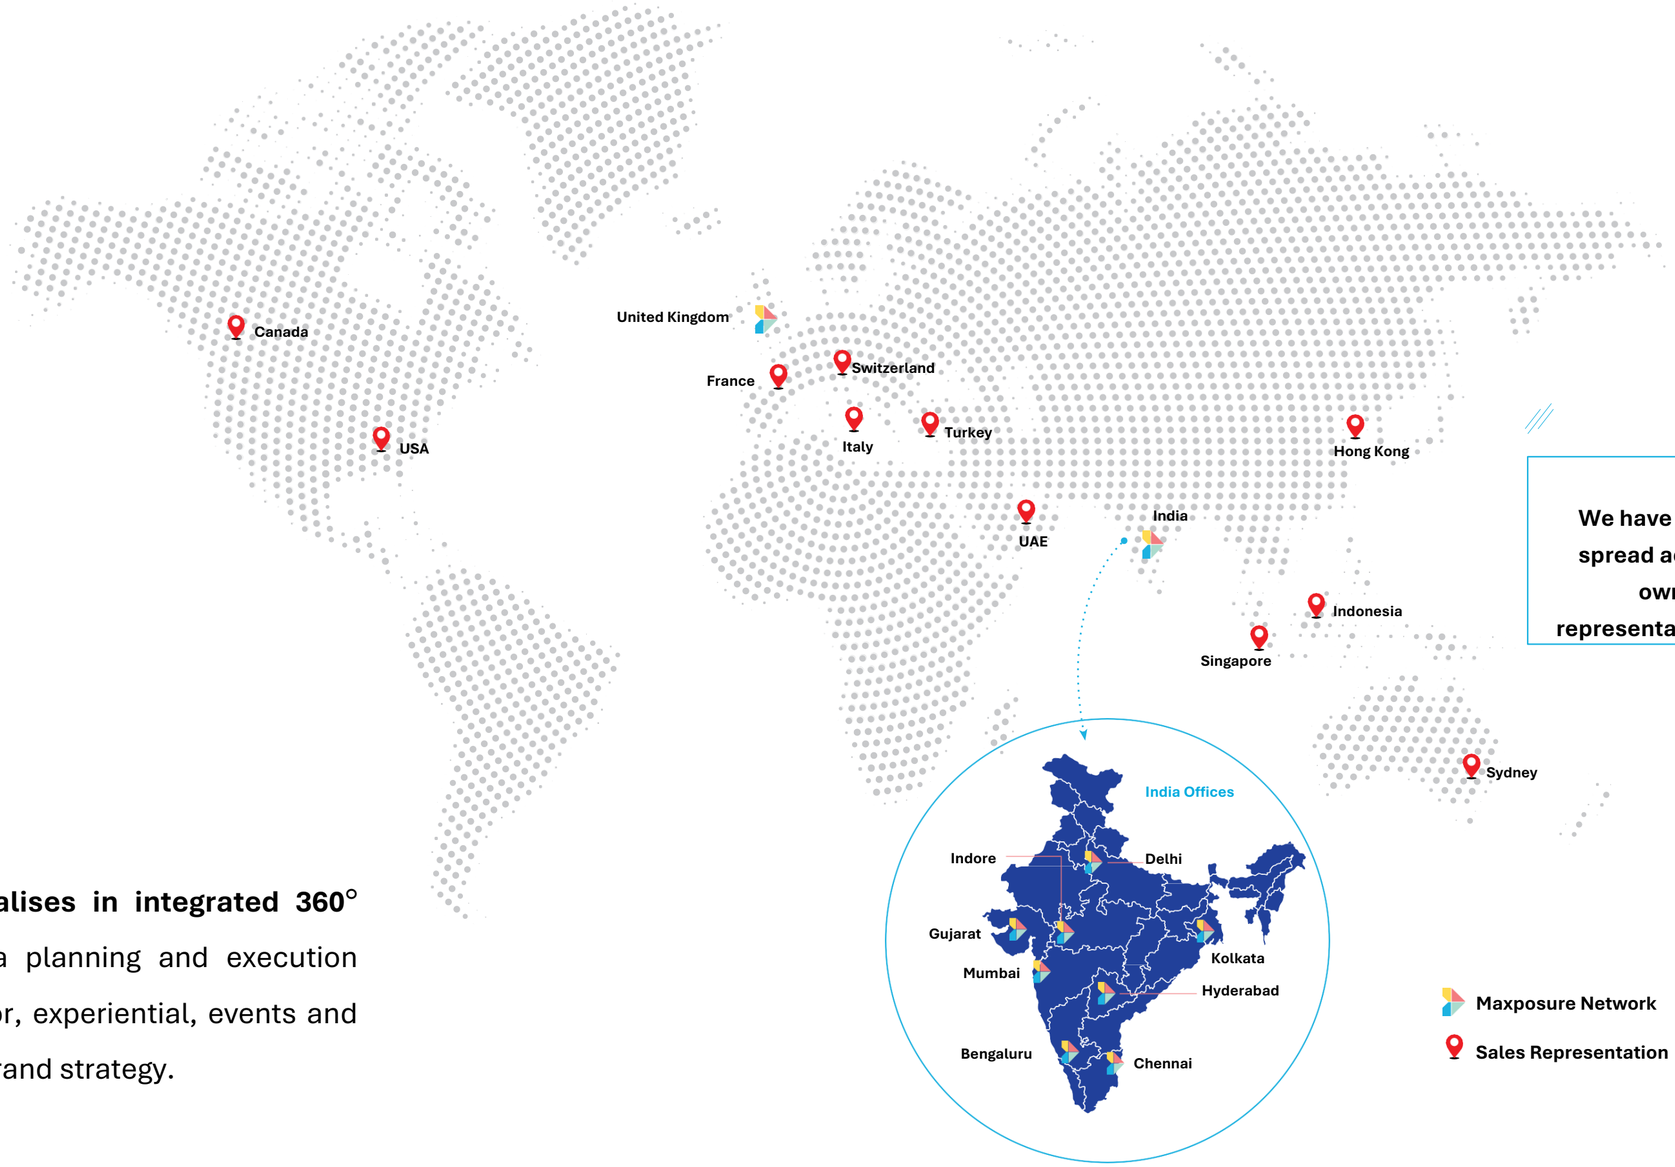

GUI for Kuwait Airways' rebranding, combining its signature colour palette with custom photography and a passenger-focused interface.

ArchitecturalRendering

Brentford Marketing Suite - architectural CGI and visualisation to bring the development, spaces and design vision to life for prospective buyers.

Integrated Advertising & Media Solutions

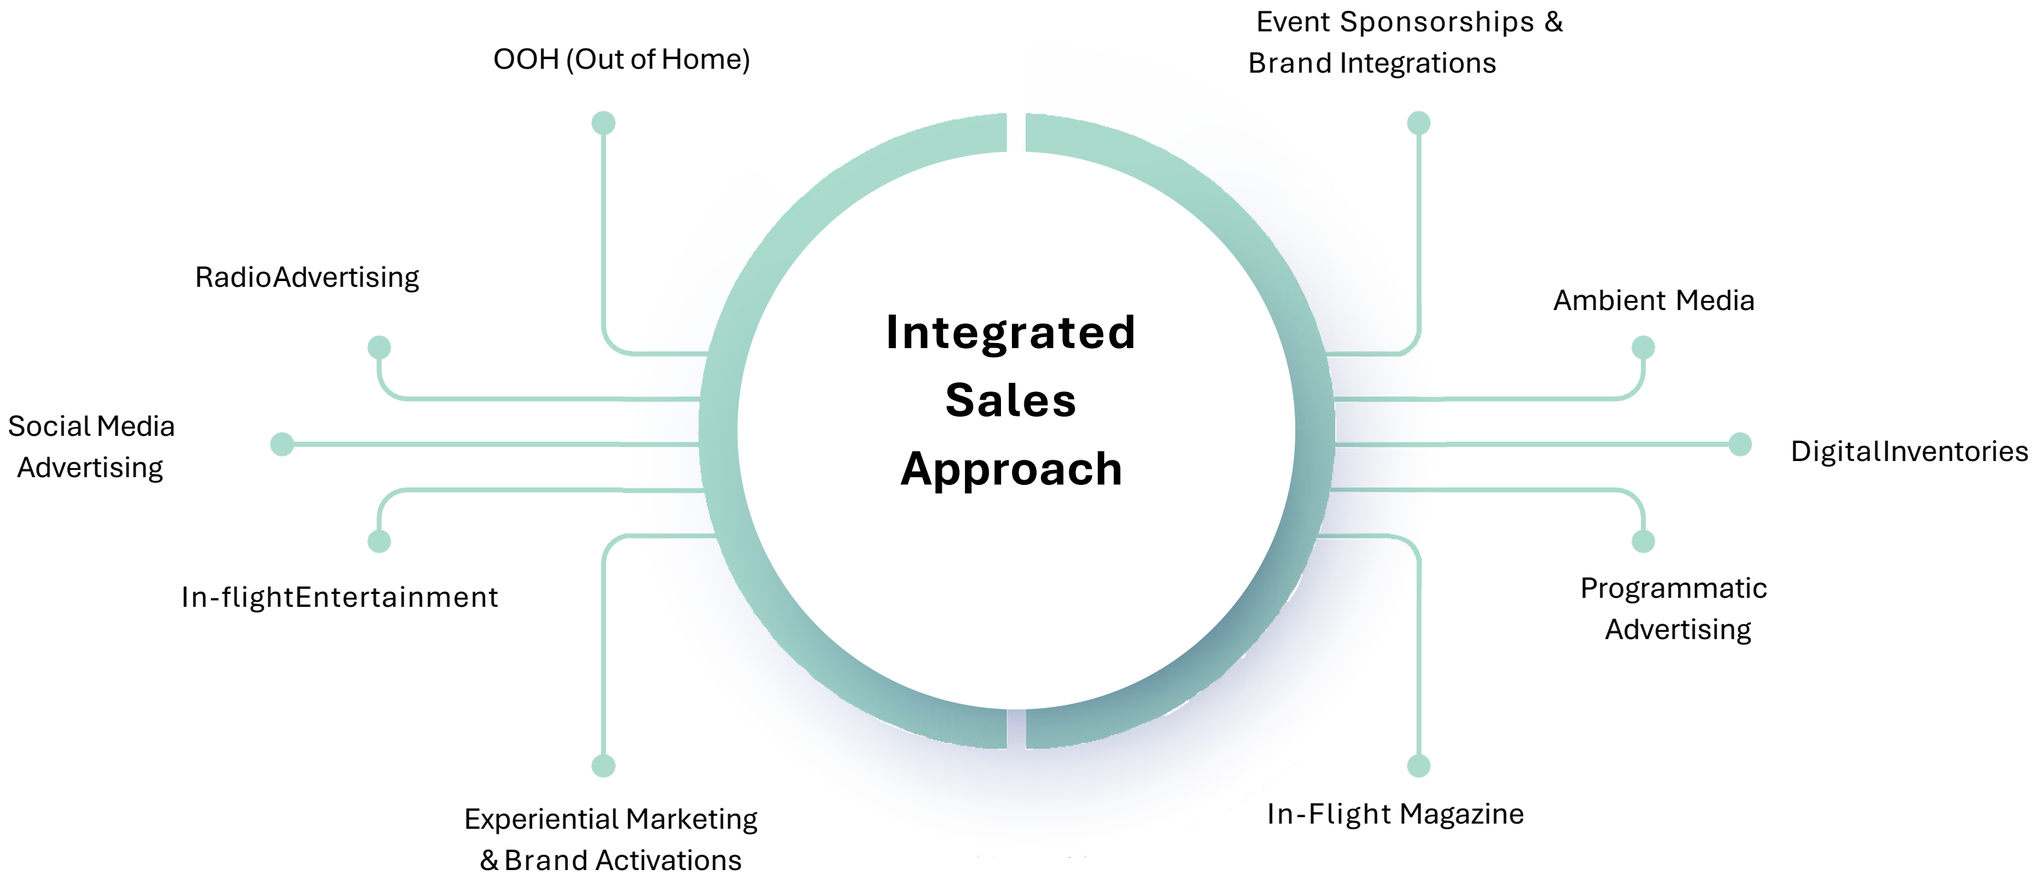

We have our advertising network spread across the world with our own offices and sales representations in over 20 countries.

The media-tech group specialises in integrated 360° campaigns: End-to-end media planning and execution combining print, digital, outdoor, experiential, events and emerging media into a unified brand strategy.

Integrated Sales Approach

The Group's experienced sales team delivers integrated advertising solutions across both traditional and digital media platforms. By combining the strengths of legacy media with new-age channels, the team develops customized campaigns that maximize brand visibility, audience engagement, and overall advertising effectiveness.

The Group offers advertisers access to a diverse portfolio of media assets, enabling brands to connect with audiences across multiple touchpoints:

INVESTMENT RATIONALE

Strategic Priorities For The Next Phase Of Growth

Leverage the Dual Businesses: Avionics & Media
The Company will Scale its two distinct but complementary businesses—Aviation Technology and Media- to create cross-selling opportunities, deepen client relationships and build a differentiated global Media as a Service (MAAS) proposition.

Scale Avionics-led Technology Businesses
Accelerate the global expansion of AeroHub, Skyview and other proprietary technology platforms, with a focus on aviation, passenger engagement, connectivity and digital services. Build scalable and recurring technology-led revenue streams.

Expand High-Value Immersive & Digital Solutions Scale capabilities in CGI, 3D visualisation, AR/VR/ XR, AI-enabled experiences, UX/UI and interactive media, while expanding beyond aviation into travel, tourism, real estate, cultural institutions and other experience-led sectors.

Enhance Monetisation and Strengthen Content & Strategic Communications
Leveraging the strengths in content marketing, government and destination marketing, and multilingual communications to deliver digital-first, audience-led, measurable solutions while driving monetisation through advertising, branded content, digital platforms, passenger engagement, IP's and technology-enabled services.

Drive Integrated Solutions
Leverage the Company's complementary businesses to offer clients integrated solutions spanning content marketing, advertising, digital, experiential, immersive and technology services- to increase the client wallet share.

Pursue Strategic Partnerships & Selective Acquisitions
Identify partnerships and targeted acquisitions that provide access to new geographies, technologies, capabilities and client relationships, while maintaining disciplined capital allocation.

VISIONARY LEADERSHIP
