Sub: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Bhoomi Pujan of proposed 10 GWh Lithium Battery Pack Facility at Aligarh, Uttar Pradesh

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you that **MaxVolt Energy Industries Limited** is conducting the **Bhoomi Pujan ceremony for its proposed 10 GWh Lithium Battery Pack Facility at Aligarh, Uttar Pradesh**, on **Wednesday, 23 September 2026**.

The Bhoomi Pujan ceremony is scheduled for **11:30 AM on 23 September 2026**, followed by addresses by the Company's management and invited dignitaries. A media interaction is also scheduled as part of the programme. The proposed facility is expected to support the Company's expansion in lithium-ion battery pack manufacturing for electric mobility, energy storage and industrial applications.

This intimation is being submitted for information of the members and other stakeholders.

Thanking you,

For MaxVolt Energy Industries Limited

Amisha Swain
Company Secretary & Compliance Officer

Khyamai, Aligarh

Dear Stakeholders,

It is our honour to welcome you to the Bhoomi Pujan of MaxVolt Energy's new battery pack facility. Aligarh, famed as India's City of Locks, now adds clean-energy manufacturing to its proud industrial legacy, and your gracious presence makes this beginning truly special.

■ WHAT IT MEANS

+ For India

Large-scale domestic battery pack capacity for electric mobility and energy storage, advancing Hon'ble Prime Minister Shri Narendra Modi Ji's vision of Make in India

+ For Uttar Pradesh

A major clean-energy investment, supporting Hon'ble Chief Minister Shri Yogi Adityanath Ji's vision of a USD 1 trillion economy

+ For Aligarh

Jobs for local youth and new business for local MSMEs and suppliers

We are grateful to the Government of Uttar Pradesh and the Aligarh District Administration for their support, and to you for your time and good wishes.

With warm regards,

Co-Founders & Management

Maxvolt Energy Industries Limited

■ ABOUT MAXVOLT ENERGY

We make lithium-ion battery packs for electric two- and three-wheelers, energy storage and industrial applications, including inverters, telecom backup and medical equipment. We assemble every pack ourselves, importing cells and integrating battery management, at our own facility in Ghaziabad, Uttar Pradesh, and test each one to government safety standards before it ships. Founded in 2019 and listed on the National Stock Exchange (NSE Emerge) since 2025, we sell through a network of 950+ dealers across India. In FY26, our revenue grew 176% to INR 296.8 crore. MaxVolt ReEarth, our recycling arm and subsidiary, extends this into manufacturing, deployment, service and recovery under one group.
