By Order of the Board of Directors
For **Madhya Bharat Agro Products Limited**

Dated: 29/08/2023
Place: Bhilwara

(Pallavi Sukhwal)
Company Secretary & Compliance Officer

Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013

Item No. 4

The Board of Directors of the Company, on the recommendation of the Audit Committee, approved the appointment and remuneration of M/s K.C. Moondra & Associates, Cost Accountant, to conduct the cost audit of the Company for the financial year ending 31st March, 2024. In terms of the provisions of Section 148(3) of the Companies Act, 2013 read with Rule 14(a) (ii) of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor is required to be ratified by the Members of the Company. Accordingly, consent of the Members is sought to ratify the remuneration payable to the Cost Auditors.

None of the Directors or Key Managerial Personnel and their relatives, are concerned or interested (financially or otherwise) in this Resolution.

The Board recommend the resolution for approval of members.

Item No. 5

in order to issue and allot the Bonus shares to the shareholders and in order to meet business requirement, it is required to raise further capital in the Company, hence it is necessary to increase the Authorized Share Capital of the Company and also to amend Capital Clause V of Memorandum of Association of the Company.

Present Authorized Capital of the Company is ₹ 50,00,00,000/- (Rupees Fifty Crore only) divided into, 5,00,00,000 (Five Crore) Equity Shares of ₹ 10/- (Rupees Ten) each. After the increased Authorized Capital would be ₹ 110,00,00,000/- (Rupees One hundred and ten Crore only) divided into 11,00,00,000 (Eleven Crore) Equity Shares of ₹ 10/- (Rupees Ten) each by creation of additional 6,00,00,000 (Six Crore) Equity Shares of ₹ 10/- (Rupees Ten) each ranking pari-passu in all the respect with the existing equity shares of the Company.

The proposed increase in the authorized capital requires alteration of the Memorandum of Association of the Company and the Board of Directors recommends the passing of this resolution as ordinary resolution.

The Directors are deemed to be interested or concerned in this resolution to the extent of their holding of equity shares of the company.

Item No. 6

In order to maximizing shareholders wealth by capitalizing the profit, the Board of Directors ("Board"), at its meeting held on August 29, 2023, after considering the available reserves, subject to the consent of the Shareholders of the Company and all other requisite approvals, permissions, sanctions had approved and recommended to capitalize to the extent of

₹ 43,81,34,700/- (Rupees Forty Three Crore Eighty one Lakhs Thirty Four Thousand Seven Hundred only) or such other amount from and out of the Securities Premium and/or Free Reserves and/or Retained Earnings, for issue and allotment of bonus shares in the ratio of 1 (One) new equity shares of ₹10/- (Rupees Ten only) each for every 1 (One) existing equity shares of ₹10/- (Rupees Ten only) each of the Company held by the existing Shareholders as on the 'Record Date' to be determined by the Board.

Article 121 of the Articles of Association of the Company permits capitalization out of securities premium account and/or Free Reserves and/or Retained Earnings, for the purpose of issue of bonus equity shares.

Pursuant to the provisions of Section 63 and other applicable provisions, if any, of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014, and subject to applicable statutory and regulatory approvals, if any, the issue of bonus shares of the Company requires the approval of the Shareholders of the Company. Accordingly, approval of the Shareholders of the Company is hereby sought by way of ordinary resolution as set out in this Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out in this Notice, except to the extent of their shareholding in the Company.

The Board recommends the Resolution as set out in the notice for the approval of Shareholders.

Agriculture continues to support the livelihood of a substantial portion of the Indian population. With the government's aim of doubling farmers' income and creating an opportune landscape for crop growers, the agrochemical sector continues to play an integral role in improving the lives of farming communities.

At Madhya Bharat Agro Products Limited, our focus on developing and delivering superior quality agrochemicals keeps us aligned with the government's vision of empowering farmers. Leveraging our advanced manufacturing capability, we are improving capacity, exploring opportunities to introduce organic products and strengthening our presence in different markets across the country. Moreover, we are embracing latest technology to upgrade our processes and improve our product portfolio. It not only enables us to add value to the lives of farmers but, also empowers us to keep pace with an evolving business landscape - thereby contributing to the growth of India's agro economy.

Introducing Madhya Bharat Agro Products Ltd.

Madhya Bharat Agro Products Limited, being the pioneer and foremost integrated manufacturing plant for SSP (single super Phosphate), DAP (di-Ammonium Phosphate)/NPK (Nitrogen-Phosphorus-Potassium) complex fertilizer in the state of Madhya Pradesh. Our commitment to excellence and innovation has established us as one of the leading manufacturers of SSP and Granulated Single Super Phosphate (GSSP) fertilizer in the region.

We have strategically secured a reliable supply of rock phosphate through long-term agreements with both domestic and overseas suppliers. This ensures a steady and uninterrupted flow of raw materials, allowing us to maintain the highest standards in our manufacturing process.

As a part of our integrated operations, we have our own Sulphuric Acid plant with an impressive installed capacity of 99,000 MT per annum. Our integrated plant also includes Benefitted Rock Phosphate (BRP) plant with crushing capacity of 189000 MT per annum.

This plant ensures a reliable and consistent supply of high-quality Sulphuric Acid, a crucial component in the manufacturing of fertilizers .

In addition to our Sulphuric Acid plant, we also have a state-of-the-art manufacturing facility for phosphoric acid. With an annual production capacity of 49500 MT per annum, we are equipped to meet the growing demands of the agricultural sector. The phosphoric acid and oleum produced in our facility are vital ingredients in the production of various fertilizers, contributing to their effectiveness and nutritional value for crops.

Over the years, we earned a reputation as a quality-focused and customer-centric Company. With a team of experienced agronomists and scientists, we strive to develop and promote sustainable agricultural practices for a greener and more productive future. We believe in supporting the growth of the farming community and contributing to India's agricultural progress by empowering farmers with necessary tools and knowledge.

Chairman message

I would like to express my gratitude to our shareholders for their unwavering support, encouragement, and faith in us.

Dear Shareholders,

It is with great pleasure and pride that I present to you the 26th Annual Report of Madhya Bharat Agro Products Limited (MBAPL) for the year 2022-23. I am delighted to inform you that we have successfully achieved our vision of becoming a leading quality fertilizer company.

During the financial year 2022-23, we have made significant progress in enhancing our production capacity, specifically in di-Ammonium Phosphate and Nitrogen and Phosphorus (DAP/NPK Complex fertilizer), which now stands at 2,40,000 MT per annum. This expansion in production capacity is

expected to drive our growth and improve our overall margin profile and return ratios. We are confident that we will achieve our target of reaching ₹ 1,000 Crores ahead of our planned timeline for Fiscal Year 2024.

In the last fiscal, we achieved a turnover of ₹ 982.05 Crore with PBT of ₹ 176.17 grown by 117.01% in comparison to the previous year, and our Profit After Tax (PAT) is ₹ 124.20 Crore shown a remarkable growth of 117.82%, a testimony to our relentless growth. Additionally, we have achieved a healthy EBITDA of ₹ 214.98 Crore which is 21.98% of revenue from operations.

We also initiated action for setting up another 1,000 TPD DAP/NPK Complex fertiliser plant together with 600 TPD SSP Plant with appropriate backward integrated production facilities.

Our prudent financial performances have also translated into healthy return on investment for our investors and shareholders. The board has allotted Bonus Equity Shares in the

ratio of 1:1 and proposed a dividend of 5% per share, amounting to ₹ 0.50 per share.

We also realise our responsibility towards communities we serve. Our Corporate Social Responsibility (CSR) initiatives focus on improving the quality of life of farmers as well as people from economically underprivileged backgrounds and enhance community development through targeted efforts.

Before I conclude, I would like to express my gratitude to our shareholders & Members on the board for their unwavering support, encouragement, and faith in us. With your continued support from Banks & co-operation from employee, along with the backing of the government, we are confident of taking Madhya Bharat Agro Products Limited to greater heights of success.

Warm regards,

Mahendra Kumar Ostwal
Chairman

CFO's message

Looking ahead, we will focus on optimising our capacity utilisation and implementing brand promotional activities to enhance our market visibility.

Dear Shareholders,

It is a privilege for me to convey my first message to you today.

Despite a plenitude of macroeconomic challenges, the past year has been remarkable for our company. Our record financial performance in the reporting year is a testament to our adaptability and dedication to creating long-term value for all. I would like to appreciate our team members, who have continued to steer us towards success.

At MBAPL, we have bolstered our liquidity buffer to fund our growth prospects. I am delighted to share that our current ratio has consistently remained above 1.4, demonstrating our ability to cover short-term liabilities without any constraints. Moreover, we have had an average working capital limit utilisation of approximately 80% showing enough cushion to meet any eventuality of immediate fund requirement. Our strategy of backward integration and developing manufacturing facilities for raw materials has enabled us to

produce cost-effective fertilisers. This approach also enables us to manage inventory levels effectively, ensuring seamless, uninterrupted operations.

Looking ahead, we will focus on optimising our capacity utilisation and implementing brand promotional activities to enhance our market visibility. We are also in the process of establishing a new project of DAP/NPK of 3,30,000 MTPA capacity and SSP capacity of 1,98,000 MTPA to cater to the farmers of Maharashtra, the biggest market for phosphatic fertilizer. This involves the backward integration of phosphoric acid and sulphuric acid. This project is scheduled to commence production by the end of fiscal year 2025-26 and is expected to be a major contributor to our long-term profitability.

Allow me to shed some light on our capital expenditure plans and allocations for FY 2023-24. At our existing production facilities in MBAPL, we have planned a capital expenditure of ₹ 70.00 crore, which will be financed by the internal accruals. In addition, we will require a capital expenditure of ₹ 100.00 crore for our new DAP/NPK

project.

In closing, I would like to reaffirm our commitment to expanding our business and contributing to India's growth trajectory going forward. To sustain our competitive edge, we will continue to leverage best-in-class technologies and develop quality products that meet customer expectations. We are also initiated action for implementation of SAP for seamless coordination among various department and for better MIS. We are also launching many technological initiatives for better connectivity with farmers.

I am deeply thankful to our stakeholders for having faith in our vision and capabilities.

We look forward to building a prosperous future together.

Best Regards,

Mr. Sourabh Gupta

Quality control

We prioritise quality control to ensure the production of superior quality products. Through the implementation of Programmable Logic Controllers (PLCs) for material balance, we have witnessed remarkable improvements in product quality. Furthermore, our NABL accredited laboratory allows us to fulfil our promise of quality assurance. We continuously engage in research and development activities to explore new manufacturing approaches and improve quality standards.

To ensure the quality of goods procured from suppliers, we meticulously check and test them in our laboratory. We also arrange third-party or government-approved lab testing to maintain a stringent focus on quality. Our purchase orders incorporate clauses for prior inspection and performance guarantee, emphasising our unwavering commitment to delivering superior quality products within required timelines.

Our laboratories are NABL accredited and ISO/IEC 17027:2017 & ISO-9001:2015 certified

Inventory management

We recognise the importance of efficient inventory management to ensure smooth operations. To achieve this, we employ advanced software to maintain accurate and up-to-date information on inventory. We have also implemented standard procedures to calculate and maintain minimum inventory levels based on quantity and transit time. Our store or inventory department provides daily reports to the relevant departments and the purchase department, to ensure seamless communication about stock levels. We understand the significance of coordinating with other departments to identify critical and risky items. It allows us to maintain adequate inventory and ensure timely order fulfilment.

Our Future Projects

We are currently establishing a new 1,000 TPD DAP/NPK project with backward facility of manufacturing Phosphoric Acid & Sulphuric Acid. We intend to begin commercial production in 2026. The total cost of the project is ₹700 crores, with another ₹300 crores required for financing working capital need. We aim to finance this requirement through a mix of Bank Loans, Fresh Equity Issue & Internal Accruals.

Along with above we plan to expand our Sulphuric acid plant capacity in October 2023 by 66,000 MT per annum totally to 1,65,000 MT per annum.

Building a stronger supply chain

At MBAPL, we prioritise efficient supply chain management to enable timely delivery of products.

The strategic location of our godowns allow us to store and distribute products more efficiently. We have also improved rake movement and optimised transportation logistics to streamline delivery. We have also forged strong relationships with suppliers to ensure reliable and consistent supply of raw materials. Our association with local vendors has also enabled us to ensure timely product availability.

We have implemented direct supply arrangements with vendors to effectively manage inventory carrying costs. Our Annual Maintenance Contracts (AMC) for key equipment and items also helps to prevent bottlenecks in the supply chain.

We ensure clear and transparent communication with suppliers through detailed contracts outlining expectations regarding delivery times, quality standards, and pricing. To identify reliable, reputed and experienced suppliers, we conduct thorough market research for selecting partners who can efficiently meet our requirements.

Along with regular communication and engagement sessions with suppliers, we provide feedback to highlight areas of improvement. We also conduct supplier audits to ensure adherence to quality standards.

Our procurement processes

We follow a standardised procurement process to leverage economies of scale and enable cost-efficiency. Along with strong relationships with suppliers, our emphasis on sustainable sourcing allows us to procure superior quality raw material required for manufacturing specialised agrochemical products.

The use of advanced technology has allowed us to automate the procurement process. It has not only resulted in enhancing accuracy and efficiency across the process but, has also helped to save time. It also allows us to keep a track of the entire procurement process and gather real-time information. Moreover, it empowers us to develop efficient strategies for sourcing raw material and negotiating favourable contracts.

Strengthening enduring bonds with customers

We believe in fostering strong relationships with customers, built on trust and reliability. Our commitment to engage with farmers, understand their needs and develop products on the basis of evolving market requirements keeps us aligned with market trends.

Engaging with Farmers

Our aim is to provide farmers a comprehensive range of products that meet diverse needs. To ensure proper usage and understanding of our products, we engage with farmers through Farmers Training Programmes, Jeep Campaigns, and Mass Contact Programmes. We have also expanded our product portfolio to introduce Water-Soluble Fertilizers and different types of imported fertilizers that help to fulfil various requirements for enhancing farm productivity.

We have developed a dedicated mobile App, Krishi Yodha, to keep farmers informed about the latest technologies and farming practices. Krishi Yodha, serves as a platform for farmers to access valuable information and helps to educate farmers about the necessary resources for enhancing crop yield.

Enhancing our sales

To improve our reach, we continue to enhance our sales and marketing network. Resting on strong relations with dealers, we have strengthened our position in a competitive market. During the year, we achieved a significant milestone by introducing SSP and NPK products in the states of Haryana, Punjab, and Rajasthan. Additionally, we have ventured into the production of organic fertilizers such as PDM, Prom, and Casma, to fulfil the growing demand for organic alternatives.

Empowering our people

We recognise the value of a diverse and inclusive workforce to build a futuristic and dynamic workforce. Our people centric policies are centred around employee welfare and are designed to motivate people to aspire for professional as well as personal growth.

Diversity and inclusion

We believe in offering equal opportunities to every individual, regardless of their gender, ethnicity or background. To promote gender diversity, we aim to recruit more female employees and create a conducive working environment that fosters creativity and success.

To address concerns or grievances, we conduct regular meetings where employees can freely express their thoughts, voice their concerns, and provide feedback. Besides, to create a safe and respectful workplace, we have established an internal complaint committee for addressing complaints related to harassment, discrimination, or other workplace issue.

Employee engagement

We have implemented various measures to motivate and recognise the contribution of our people. Along with an incentive scheme to reward exceptional performance, we foster healthy competition and encourage individuals to strive for excellence. We also offer target-based rewards, wherein individuals or teams who meet or surpass predefined targets are acknowledged and rewarded.

We have also developed specialised training programmes to address skill gaps and empower employees. By identifying specific areas of improvement, we provide opportunities for continuous learning and development, allowing our people to develop necessary skills and thrive in challenging circumstances.

Performance management

We conduct monthly or quarterly reviews to monitor progress and assess performance. Goals are set for every department, to provide clear direction for objectives to be achieved within certain timeframes. Every member is expected to take ownership of their work and act with responsibility.

We have also established a mechanism for gathering employee feedback through forms and surveys that enable us to assess employee satisfaction, identify areas of improvement, and make informed decisions that enhance the overall employee experience.

Responsibly creating value

At MBAPL, we recognise the importance of sustainable value creation. It empowers us to engage in eco-conscious activities, improve our contribution to communities and strengthen a culture of good governance.

Environment

Waste management

We prioritise effective waste management practices to minimise our environmental footprint and promote sustainability. To fulfil this objective, we also engage in the collection of torn HDPE bags and metal scrap generated from our operation. Adhering to the guidelines set by the Central Pollution Control Board (CPCB) and the Ministry of Environment and Forests (MoEF), we ensure proper segregation and disposal of plastic waste. We also seek opportunities to reuse waste materials to further optimise resource utilisation and reduce waste generation.

Water conservation

To ensure optimum utilisation of water, we have implemented a zero liquid discharge policy. It allows us to recover, treat, and reuse wastewater generated from our processes, reduce water consumption and minimise our impact on the environment.

Sustainability measures at MBAPL

To nurture a sustainable future, we have created a green belt over 35% of our premises. Besides, to reduce energy consumption, we have installed 10 solar lights on the roads and installed LED lighting across all our plants. Furthermore, we prioritise environmental compliance by

installing online monitoring systems in each stack, ensuring real-time data submission to the Central Pollution Control Board (CPCB) as well as the Madhya Pradesh Pollution Control Board (MPPCB).

We also focus on sustainable resource utilisation and strive to minimise waste generation across our operations. Our Sewage Treatment Plant (STP) allows us to treat waste water and

utilise it for gardening purposes. We also take great pride in operating a zero effluent discharge facility as we ensure recycling and reusing of water within our processes. Additionally, we have established rainwater harvesting structures to collect runoff water and recharge groundwater levels.

Social

CSR

At MBAPL, corporate social responsibility (CSR) is an integral part of our values and operations. We are committed to promoting sustainable practices through various initiatives that have a positive impact on society and the environment. In line with our commitment to supporting local communities, we sponsor local events and provide financial assistance to uplift and empower people.

We also make provision for free education to provide access to quality education. Our emphasis on eradicating hunger, poverty, and malnutrition within communities also helps to improve the quality of life of economically disadvantaged people. Simultaneously, through food distribution drives, we aim to alleviate hunger and provide access to nutritious meals.

Governance

At MBAPL, we place great importance on corporate governance to ensure transparency, accountability, and ethical practices within our operations. Our corporate governance framework is designed to align with our business strategy and goals, enabling effective decision-making and strategic oversight. We adhere to governance frameworks that are in line with relevant laws and regulations, providing a strong foundation for our governance practices.

To maintain transparency and accessibility, we document our processes and procedures, ensuring that they are readily available to all stakeholders, including shareholders and employees. Effective board reporting, agenda setting, and minute documentation are integral to our governance practices. We also initiated action to implement SAP for better MIS & monitoring of various aspects for better performance of the company.

Furthermore, we realise the significance of stakeholder engagement in corporate governance. To address stakeholder concerns and foster open communication, we have established a Stakeholder Committee to address investor complaints and prioritise their best interest.

NOTES: -

1. The Ministry of Corporate Affairs (MCA) vide its General Circulars dated April 8, 2020, April 13, 2020, May 5, 2020, January 13, 2021, December 14, 2021 and December 28, 2022 (collectively referred to as MCA Circulars) and all other relevant circulars issued from time to time, has permitted the holding of the Annual General Meeting (AGM) through Video Conferencing (VC)/ Other Audio-Visual Means (OAVM), without the physical presence of the Members at a common venue. Further, the Securities and Exchange Board of India (SEBI) vide its circulars dated May 12, 2020, January 15, 2021, May 13, 2022 and January 5, 2023 (SEBI Circulars) and all other relevant circulars issued from time to time, has provided certain relaxations from compliance with certain provisions of the SEBI (Listing Obligations and Disclosure Requirements Regulations, 2015 (SEBI Listing Regulations)).
2. Further, pursuant to the MCA and SEBI Circulars, the Notice of the AGM along with the Annual Report for FY 2022-23 is sent in electronic form only to those Members whose email addresses are registered with the Company/ Depositories. The Notice calling the 26th AGM has been uploaded on the website of the Company at wwmbapl.com. The Notice can also be accessed from the websites of the Stock Exchange i.e. The National Stock Exchange of India Limited ("NSE") at www.nseindia.com and on the website of National Securities Depository Limited ("NSDL") (agency for providing the Remote e-Voting facility) i.e. www.evoting.nsdl.com.
3. The explanatory Statement pursuant to Section 102 of the Companies Act, 2013 in respect of the Business under Item No. 4 to 8 of the accompanying notice is annexed hereto.
4. In respect of Resolution at item no. 3 a statement giving additional information on Directors seeking appointment/re-appointment is annexed herewith as required under SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (SEBI Regulations).
5. Pursuant to the provisions of the Companies Act, 2013, a member entitled to attend and vote is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC or OAVM, physical attendance of Members has been dispensed with. Accordingly, in terms of the above-mentioned MCA and SEBI circulars, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
6. Members attending the meeting through VC or OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act 2013.
7. Members seeking any information or clarification are requested to send in written queries to the Company, in advance, before the date of the meeting by mail at secretarial@mbapl.com.
8. Corporate members intending to send their authorized representative to attend the AGM through VC or OAVM or to vote through remote e-voting, pursuant to Sections 112 and 113 of the Act, are requested to send a certified copy of the board resolution to the Scrutinizer by e-mail at Sourabh.bapna12@gmail.com with a copy marked to evoting@nsdl.co.in, authorizing their representative to attend and vote on their behalf at the AGM.
9. In case of joint holders attending the meeting, only such joint holder who is higher in the order of name will be entitled to vote.
10. The Notice is being sent to all the Members, whose names appear in the Register of Members/List of Beneficial Owners, received from National Securities Depository Limited (NSDL)/Central Depository Services (India) Limited (CDSL) as on Friday, 18th August 2023 for those shareholders whose email ids are not registered with the Depositories, for procuring user id and password, Notice and Annual Report, are requested to provide their Mail Id at secretarial@mbapl.com.
11. The Members are requested to note that the Company is pleased to provide a two-way Video Conferencing Facility (VC) to view the live streaming of the proceedings of the AGM and facilitate participation of Members at the AGM through VC or asking their questions through a Chat box facility. The Members will be able to view the proceedings on NSDL's e-Voting website www.evoting.nsdl.com.
12. Members may use this facility by using the same login credentials as provided for remote e-Voting. Members on the day of the AGM will login through their user ID and password on e-Voting website of NSDL. The link will be available in Member login where the EVEN of Company will be displayed. On clicking this link, the Member will be able to view the webcasting of the AGM proceedings. For this purpose, the shareholder may submit the above documents (PDF / JPG Format) by e-mail to secretarial@mbapl.com.

15. The Ministry of Corporate Affairs (vide circular nos. 17/2011 and 18/2011 dated April 21 and April 29, 2011 respectively), has undertaken a 'Green Initiative in Corporate Governance' and allowed companies to share documents with its shareholders through an electronic mode. Members are requested to support this green initiative by registering / updating their e-mail addresses, in respect of shares held in dematerialized form with their respective Depository Participants and in respect of shares held in physical form with Bigshare Services Private Limited.

16. Members holding shares in dematerialized form are requested to intimate all changes pertaining to their bank details such as bank account number, name of the bank and branch details, MICR code and IFSC code, mandates, nominations, power of attorney, change of address, change of name, e-mail address, contact numbers, etc., to their depository participant (DP). Changes intimated to the DP will then be automatically reflected in the Company's records which will help the Company and the Company's Registrars and Transfer Agents, Bigshare Services Private Limited to provide efficient and better services. Members holding shares in physical form are requested to intimate such changes to Bigshare Services Private Limited.

17. As per the provisions of Section 72 of the Act and SEBI Circular, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the same in Form ISR-3 or SH-14 as the case may be. Members are requested to submit the said details to their DP in case the shares are held by them in dematerialized form and to Company's Registrars and Transfer Agents, Bigshare Services Private Limited in case the shares are held in physical form.

18. Voting Through Electronic Means: The details of the process and manner of e-voting are explained herein below:

In compliance with Sections 108 and 110 of the Companies Act, 2013 and the Rules made thereunder, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as venue voting on the date of the AGM will be provided by NSDL. The instructions for e-voting are given herein below. The resolutions passed by the Members through e-voting are deemed to have been passed as if they have been passed at AGM.

The Members who have cast their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.

The remote e-voting period begins on 23th September, 2023 (9:00 A.M.) and ends 25th September, 2023 (5:00 P.M.). The remote e-voting module shall be disabled by NSDL for voting thereafter. The Board of Directors of the Company, on the recommendation of the Audit Committee, approved the appointment and remuneration of M/s K.C. Moondra & Associates, Cost Accountant, to conduct the cost audit of the Company for the financial year ending 31st March, 2024. In terms of the provisions of Section 148(3) of the Companies Act, 2013 read with Rule 14(a) (ii) of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor is required to be ratified by the Members of the Company. Accordingly, consent of the Members is sought to ratify the remuneration payable to the Cost Auditors.

None of the Directors or Key Managerial Personnel and their relatives, are concerned or interested (financially or otherwise) in this Resolution.

The Board recommend the resolution for approval of members.

Item No. 5

in order to issue and allot the Bonus shares to the shareholders and in order to meet business requirement, it is required to raise further capital in the Company, hence it is necessary to increase the Authorized Share Capital of the Company and also to amend Capital Clause V of Memorandum of Association of the Company.

Present Authorized Capital of the Company is ₹ 50,00,00,000/- (Rupees Fifty Crore only) divided into, 5,00,00,000 (Five Crore) Equity Shares of ₹ 10/- (Rupees Ten) each. After the increased Authorized Capital would be ₹ 110,00,00,000/- (Rupees One hundred and ten Crore only) divided into 11,00,00,000 (Eleven Crore) Equity Shares of ₹ 10/- (Rupees Ten) each by creation of additional 6,00,00,000 (Six Crore) Equity Shares of ₹ 10/- (Rupees Ten) each ranking pari-passu in all the respect with the existing equity shares of the Company.

The proposed increase in the authorized capital requires alteration of the Memorandum of Association of the Company and the Board of Directors recommends the passing of this resolution as ordinary resolution.

The Directors are deemed to be interested or concerned in this resolution to the extent of their holding of equity shares of the company.

Item No. 6

In order to maximizing shareholders wealth by capitalizing the profit, the Board of Directors ("Board"), at its meeting held on August 29, 2023, after considering the available reserves, subject to the consent of the Shareholders of the Company and all other requisite approvals, permissions, sanctions had approved and recommended to capitalize to the extent of

₹ 43,81,34,700/- (Rupees Forty Three Crore Eighty one Lakhs Thirty Four Thousand Seven Hundred only) or such other amount from and out of the Securities Premium and/or Free Reserves and/or Retained Earnings, for issue and allotment of bonus shares in the ratio of 1 (One) new equity shares of ₹10/- (Rupees Ten only) each for every 1 (One) existing equity shares of ₹10/- (Rupees Ten only) each of the Company held by the existing Shareholders as on the 'Record Date' to be determined by the Board.

Article 121 of the Articles of Association of the Company permits capitalization out of securities premium account and/or Free Reserves and/or Retained Earnings, for the purpose of issue of bonus equity shares.

Pursuant to the provisions of Section 63 and other applicable provisions, if any, of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014, and subject to applicable statutory and regulatory approvals, if any, the issue of bonus shares of the Company requires the approval of the Shareholders of the Company. Accordingly, approval of the Shareholders of the Company is hereby sought by way of ordinary resolution as set out in this Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out in this Notice, except to the extent of their shareholding in the Company.

The Board recommends the Resolution as set out in the notice for the approval of Shareholders.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY SCENARIO AND DEVELOPMENTS

The Company is mainly engaged in the manufacturing of fertilizer and chemical products. Out of three Primary nutrients viz N, P & K, which every soil requires, we are dealing in N and P nutrients through SSP and DAP/NPK complex Fertilizer. The winner in this field is those manufacturers who have integrated facilities and we are one among them. Demand of P has regularly increased and the same is ever growing with additional land coming under cultivation. The product being a part of agriculture revolution, received always Govt. support.

India still has capacity less than the demand and the deficit is met by imports. In India Less than 10% of total phosphate consumption fulfilled through indigenous rock.

OPPORTUNITIES

MBAPL to increase its market share in Fertilizer and chemical industries and thus enhanced its competitive strength with efficient operations. After commissioning of its DAP/NPK Plant, the Company has started focusing on strengthening its reach in the existing territories and expansion in new geographies in India through a concerted brand building approach, which offers an opportunity to the Company to enhance its sales volumes and market share. Following opportunities are also available for MBAPL:

- Government's focus on agriculture and agri reforms.
- Huge demand and import dependency in case of phosphoric fertilizers in the Country provides an opportunity to Company for expanding its NPK fertilizer base.
- MBAPL has completed another Backward integration plant to produce in-house Phosphoric Acid, sulphuric acid for its DAP/NPK/Complex Fertilizer.
- Growing area under micro irrigation and demand for nutrient based fertiliser.
- Enhanced focus on digital platform for better connectivity with end consumers via social media and mobile applications.

THREATS

- The demand variation due to change in monsoon pattern.
- Large scale variations in input costs and inability/delay of Government to synchronise such changes in their policies for fertilizer industry.
- Government regulation. Though for betterment of farmers but many time cause of anxiety.

- Potential threat of new entrants which could adversely impact leading market position in several products.
- Volatility in the prices of Raw material and variation in the foreign exchange rates may affect business.

FUTURE OUTLOOK

The demand for both Nitrogenous & Phosphatic fertilizers in India is increasing steadily, With the domestic production almost stagnant and the demand increasing, the supply deficit of final as well as raw material has to be met from imports.

To meet this challenge, the group has entered into an agreement with Jordan Phosphate Mines Company (JPMC), Jordan (A government undertaking) to import substantial quantity of Raw material to meet the growing demand and has also finalized supply arrangements with certain local manufacturers of fertilizers, to augment total fertilizer availability in our marketing territory through our own marketing channel.

Further, Company has started manufacturing of its rich value-added highly demanding products DAP & NPK Complex fertilizer variants in various regions in India with installed capacity of 2,40,000 MTPA. The Financial Year 2024 would be full-fledged year of functioning of this new project.

RISK & CONCERN

Changes in Government policy, currency risk, fluctuation in input prices may have an impact on Company's profitability.

The Fertiliser industry is subject to Government regulations and dependent upon subsidy policies of the Government of India. The changes in such policies and higher dependence on subsidy may sometimes adversely affect the Company.

Possible non-availability of indigenous raw materials & fertilizers and their rising prices for non-urea fertilizers are matters of concern. Considering the Company's plans for higher imports. Increase in operating costs, mainly finance costs on working capital etc. may adversely affect profitability.

Our business is mostly dependent upon the growth of agriculture and Agri-products which are subject to substantial risks faced by the Monsoon in India. Weather condition such as delayed monsoon or less rainfall may affect our business. These are all factors which are beyond the control of the private enterprise and would continue to be a challenge.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The company has in place an adequate internal control system, which is commensurate with the size, scale and complexity of

the company. The internal auditors independently evaluate the adequacy of internal controls and concurrently audit the majority of the transactions in value terms. Independence of the audit compliance is ensured by the direct reporting of Internal Audit Division and Internal Auditors to the Audit Committee of the Board.

During the period under review the Internal Financial Control were tested and no reportable material weakness in the design or operation were observed.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE

Based on the management approach as defined in Ind AS 108 - Operating Segments, the Chief Operating Decision Maker (CODM) evaluates the company's performance and allocates

resources based on an analysis of various performance indicators of business segment/s in which the company operates. The Company is primarily engaged in the business of Fertilizer manufacturing and other products are backward integration therefore management and CODM recognise Fertilizer segment as the sole business segment. Hence, disclosure of segment-wise information is not required and accordingly not provided.

OPERATIONAL PERFORMANCE

During the year under review, company has reported a turnover of ₹ 982.05 Crore as against of ₹ 491.49 Crore growing by 99.81% over last Financial Year and similarly Profit after tax at ₹ 124.20 Crore as against 57.02 crores in previous year was up by 117.82%.

Independent Auditor's Report

To
The Members of
MADHYA BHARAT AGRO PRODUCTS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of MADHYA BHARAT AGRO PRODUCTS LIMITED (the "Company"), which comprise the Balance Sheet as at March 31st, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows year ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2023, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the

Context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting

policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going Concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1) As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31st, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31st, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company does not have any pending litigations which would impact its financial position;
 - ii) The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses;
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.
 - iv) a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v) As stated in Note 13.2 to the standalone financial statements
 - a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
 - b) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- 2) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” to the Independent Auditor’s Report

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of MADHYA BHARAT AGRO PRODUCTS LIMITED of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **MADHYA BHARAT AGRO PRODUCTS LIMITED** (the “Company”) as of March 31st, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Central Goods and Service Tax Department	Goods and Service Tax	34.03	2017-18	Reply submitted against SCN issued by Assistant Commissioner, Central GST Department, Sagar

- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. a) The Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- c) On an overall examination of the financial statements of the Company, term loans were applied for the purpose for which the loans were obtained.
- d) On an overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies, and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- x. a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x) (a) of the Order is not applicable.
- b) The Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (x) (b) of the Order is not applicable to the Company.
- xi. a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- c) We have taken into consideration the whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. And hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable.
- b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi) (d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of

meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. a) There are no unspent amounts towards Corporate Social Responsibility (CSR) accordingly, reporting under clause 3(xx) (a) of the Order is not applicable for the year.
- b) There are no unspent amounts towards Corporate Social Responsibility (CSR) in respect of any ongoing project accordingly, reporting under clause 3(xx) (b) of the Order is not applicable for the year.
- xxi. Since this report is in relation to standalone financial statements accordingly, reporting under clause 3(xxi) of the Order is not applicable for the year.

Notes to the Financial Statement

for the year ended March 31st, 2023

CORPORATE INFORMATION:

Madhya Bharat Agro Products Limited ("the Company") is a public limited Company, incorporated and domiciled in India having its registered office at 5-O-21, Basement, R.C. Vyas Colony, Bhilwara (Rajasthan) 311001. The equity shares of the Company are listed on NSE Limited. The Company is engaged in the manufacturing of fertilizers & chemicals having manufacturing facility located Unit I at Village Rajoua, Dist. Sagar (M.P.) & Unit II at Sourai, Industrial Area, Village Sourai, Teh. -Banda Distt. Sagar (M.P.)

The financial statements of the Company for the year ended 31st March, 2023 are approved for issue by the Company's Board of Directors on 24th April 2023.

1. SIGNIFICANT ACCOUNTING POLICIES & KEY ACCOUNTING ESTIMATES & JUDGEMENTS

1.1 Basis of Preparation of Financial Statements:

A. Statement of compliance:

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") [Companies (Indian Accounting Standards) Rules, 2015] Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These Ind AS had been adopted w.e.f. 1st April, 2018 as notified by Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015.

The Financial Statements includes Balance Sheet as at 31st March, 2023, the Statement of Profit & Loss including Other Comprehensive Income, Cash Flows Statement, and Statement of Change in Equity for the year ended 31st March, 2023 and significant accounting policy and other explanatory information.

B. Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest Lakhs, except as stated otherwise.

C. Basis of measurement

The financial statements have been prepared under the historical cost convention on accrual basis. The following items are measured on each reporting date as under:

- Defined benefit plans - plan assets at fair value

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

D. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23rd, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

Ind AS 16 – Property Plant and Equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1st, 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be

Notes to the Financial Statement

for the year ended March 31st, 2023

incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1st, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

E. Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note no. 1.2.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the standalone financial statements.

1.2 Use of Critical Judgments, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures, and the disclosure of contingent liabilities.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to carrying amounts of assets and liabilities within the next financial years are described below. The Company based its assumptions and estimates or parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

A. Useful life of property, plant and equipment and Intangible assets

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life.

The useful life and residual values of Company's assets are determined by management at the time the asset is acquired. The life is based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

B. Employee benefits

Defined benefit plans and other long-term benefits are evaluated with reference to uncertain events and based upon actuarial assumptions including among others discount rates, expected rates of return on plan assets, expected rates of salary increases, estimated retirement dates, mortality rates. The significant assumptions used to account for employee benefits are described in Note no M.

C. Revenue recognition

The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Judgement is also required to determine the transaction price for the contract. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Notes to the Financial Statement

for the year ended March 31st, 2023

D. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

E. Taxes

Deferred tax assets are recognized for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

F. Contingencies

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies and obligations. Obligations relating to Project Executions is largely depends upon performance of services by respective contractors. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognised until the contingency has been resolved and amounts are received or receivable.

2. SIGNIFICANT ACCOUNTING POLICIES:

A. Current and non-current classification

Any asset or liability is classified as current or non-current based on Company's normal- operating cycle and other criteria as set out in the Division II of schedule III to the Companies Act, 2013.

Asset/ Liability is classified as current, if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets/ liabilities are classified as noncurrent.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of product and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

B. Property, plant and equipment (PPE)

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to the costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful life's, these components are accounted for as separate items.

Notes to the Financial Statement

for the year ended March 31st, 2023

All other items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discount or rebate is deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the statement of profit and loss as and when incurred.

Capital work-in-progress includes cost of property, plant and equipment not ready for the intended use as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as 'capital advances' under other non-current assets.

The cost and related accumulated depreciation are eliminated from the Financial Statements upon sale or retirement of the property, plant and equipment and the resultant gains or losses are recognised in the statement of profit and loss. Property, plant and equipment to be disposed of are reported at the lower of the carrying value or the fair value less cost of disposal.

The Company had elected to continue with the carrying value of all of its property, plant and equipment appearing in the financial statements prepared as per accounting standards notified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 (Generally Accepted Accounting Standards "Previous GAAP") as the deemed cost of the property, plant and equipment in the opening balance sheet under Ind As effective 1st April, 2018.

C. Depreciation and amortization

Depreciation method, estimated useful life's and residual values are determined based on technical parameters / assessment, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

The estimated useful life of Property, Plant & Equipment are as follows:

Assets	Useful life (Years)
Buildings	30 -60
Plant and Machinery	8 -20
Office Equipment	5
Furniture & Fixtures	10
Vehicles	8 -10
Computers	3
Energy Saving Equipment	15
Pollution Control Equipment	15
Electric Installations	10

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the Property, Plant and Equipment are likely to be used.

Depreciation on property, plant and equipment is provided on pro rata basis using the straight-line method based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 in consideration with useful life of the assets as estimated by the management.

Depreciation on an item of property, plant and equipment sold, discarded, demolished or scrapped, is provided up to the date on which such item of property, plant and equipment is sold, discarded, demolished or scrapped.

The estimated useful life's, residual values and methods of depreciation of property, plant & equipment are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate and adjusted prospectively, if any.

The Company had reassessed the useful life of plant & machinery installed at PAP & SAP plant whose useful life was reduce due to wear & tear. The aforesaid reassessment had been done as per analysis & certificate of mechanical chartered engineer. (refer note 3.4).

Notes to the Financial Statement

for the year ended March 31st, 2023

D. Impairment of assets

As at the end of each accounting year, the Company reviews the carrying amounts of its property, plant and equipment (PPE) and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any. The intangible assets with indefinite life are tested for impairment each year.

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined:

- a) In the case of an individual asset, at the higher of the net selling price and the value in use; and
- b) In the case of a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

The amount of value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.

For this purpose, a cash generating unit is ascertained as the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss is recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Statement of Profit and Loss.

E. Leases:

As a Lessee

The Company implemented a single accounting model as per Ind AS 116, requiring lessees to recognize assets and liabilities for all leases excluding exceptions listed in the standard. The Company elected to apply exemptions to short term leases or for leases for which the underlying asset is of low value.

Based on the accounting policy applied the Company recognizes a right-of-use asset and a lease liability at the commencement date of the contract for all leases conveying the right to control the use of an identified assets for a period of time. The commencement date is the date on which a lessor makes an underlying asset available for use by a lessee.

The right-of-use assets are initially measured at cost, which comprises:

- The amount of the initial measurement of the lease liability,
- Any lease payments made at or before the commencement date, less any lease incentives,
- Any initial direct costs incurred by the lessee,
- An estimate of costs to be incurred by the lessee in dismantling and removing the underlying assets or restoring the site on which the assets are located.

After the commencement date the right-of-use assets are measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any re-measurement of the lease liability. Depreciation is calculated using the straight-line method over the shorter of lease term or useful of underlying assets.

The lease liability is initially measured at the present value of the lease payments that are not paid at that date. These include:

- fixed payments, less any lease incentives receivable;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable by the lessee under residual value guarantees;
- The exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

Notes to the Financial Statement

for the year ended March 31st, 2023

The lease payments exclude variable elements which are dependent on external factors. Variable lease payments not included in the initial measurement of the lease liability are recognized directly in the profit and loss. The lease payments are discounted using the Company's incremental borrowing rate or the rate implicit in the lease contract.

F. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Financial assets

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition and adjusted for transaction costs that are attributable to the acquisition or issues of financial assets and financial liabilities in case of financial assets or financial liabilities not at fair value through profit or loss account.

Where the fair value of financial assets and financial liabilities at initial recognition is different from its transaction price, the difference between the fair value and transaction price is recognised in the statement of profit and loss.

However, trade receivables that do not contain a significant financing component are initially measured at transaction price.

Financial assets are subsequently classified as measured at:

- amortized cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVTOCI)

i. Financial assets measured at amortised cost

A financial asset is subsequently measured at amortised cost if both of the following conditions are met:

- If it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to trade receivables, loans and other financial assets of the Company measured using the Effective Interest Rate (EIR) method less impairment, if any, and the amortisation of EIR and loss arising from impairment, if any is recognised in the statement of profit and loss.

ii. Financial assets measured at fair value

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- If it is held within a business model whose objective is to hold these assets in order to collect contractual cash flows and to sell these financial assets, and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income.

A financial asset not classified as either amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Notes to the Financial Statement

for the year ended March 31st, 2023

De-recognition of Financial Assets

A financial asset is de-recognised only when

- The contractual rights to cash flows from the financial asset expire;
- The Company has transferred the contractual rights to receive cash flows from the financial asset or;
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through the statement of profit and loss. loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL.

ii) Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method.

Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Financial liability

Trade and other payables are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Interest bearing loans and overdrafts are initially measured at fair value, and are subsequently measured at amortised cost using effective interest rate method. Any difference between proceeds (net of transaction cost) and the settlement amount of borrowing is recognised over the terms of the borrowings in the statement of profit and loss.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or has expired.

iii) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Notes to the Financial Statement

for the year ended March 31st, 2023

G. Fair value measurement

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability and the Company has access to the principal or the most advantageous market.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows: -

- Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 - inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

H. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of the assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

I. Income tax

Income tax expense for the year comprises current tax and deferred tax.

Current tax

Current tax is the amount of income tax payable in respect of taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Notes to the Financial Statement

for the year ended March 31st, 2023

Current tax is determined on the basis of taxable income and tax credits computed for Company, in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit under the IT Act.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affects neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized.

Deferred tax assets (including unused tax credits such as MAT credit) are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws in force. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT credit is recognized as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized. Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

Current and deferred tax are recognized in statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

J. Inventories

Raw Materials, Packing Materials, Consumable Stores and Spares including Fuel and Finished goods are valued at the lower of cost or net realizable value as under:

(i)	Raw materials, packing materials, stores and spares including fuel	At Cost on FIFO basis
(ii)	Stock in trade and Finished Goods	At Cost plus appropriate overheads

The cost of purchase comprises of the purchase price including duties and taxes (other than those subsequently recoverable by the Company from the taxing authorities), freight inward and other expenditure directly attributable to the acquisition but net of trade discount, rebates, and other similar items.

The cost of Inventories of finished goods comprises the cost of purchases, the cost of conversion and the cost of packing materials.

The cost of conversion comprises of depreciation and repairs and maintenance of plant and machineries, power and fuel, factory management and administration expenses and consumable stores and spares.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated cost to make sale.

Notes to the Financial Statement

for the year ended March 31st, 2023

K. Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

L. Foreign currency translation

The functional currency and presentation currency of the Company is Indian Rupee.

Transactions denominated in foreign currencies entered into by the Company are recorded in the functional currency (i.e. Indian Rupees), by applying the exchange rate prevailing on the date of transaction.

Foreign currency denominated monetary items is restated at the closing exchange rates.

Non-monetary items are recorded at exchange rate prevailing on the date of transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured.

Exchange differences arising out of these translations are recognized in the statement of profit and loss.

The forward exchange contracts are marked to market and gain/loss on such contracts are recognised in the statement of profit and loss at the end of each reporting period.

M. Employee benefits

i) Short-term benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

ii) Post-employment benefits:

i. Defined benefit plan

Gratuity liability is a defined benefit obligation and is provided for on the basis of actuarial valuation on Project Unit Credit Method made at the end of each financial year. The scheme is maintained and administered by Life Insurance Corporation of India to which the Company makes periodical contributions through its trustees.

Remeasurement actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the statement if changes in equity and in the balance sheet.

ii. Defined contribution plan

A Defined Contribution Plan is plan under which the Company makes contribution to Employee's Provident Fund administrated by the Central Government. The Company's contribution is charged to the statement of profit and loss.

iii) Other long-term employee benefits - Leave Salary

The liability towards leave salary which is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services is recognized based on actuarial valuation carried out using the Projected Unit Credit Method.

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

Notes to the Financial Statement

for the year ended March 31st, 2023

N. Provision and contingent liabilities

The Company sets up a provision when there is a present legal or constructive obligation as a result of a past event and it will probably require an outflow of resources to settle the obligation and a reliable estimate can be made. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or where reliable estimate of the obligation cannot be made. Contingent liabilities are disclosed on the basis of judgment of the management/ independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

O. Revenue recognition:

Revenue from contracts with customer is recognized when the Company satisfies a performance obligation by transferring the promised goods or services to a customer at a transaction price. The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer as per contract, excluding amount of taxes collected on behalf of the government. The transaction price is adjusted of trade discount, cash discount, volume rebate and other variable considerations as per the terms of contract.

a. Sale of goods

Revenue from sale of products is recognised at a point in time when the control on the goods have been transferred to a customer i.e. when material is delivered to the customer or as per shipping terms, as may be specified in the contract.

b. Government subsidy

Subsidy has been recognized by the Company on the basis of the notification received from the ministry of Chemicals and fertilizers from time to time.

c. Other operating revenue

- i. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the applicable interest rates.
- ii. Claim lodged with insurance companies is recognized as income on acceptance by the insurance Companies.
- iii. Rental income is recognised in the statement of profit and loss on straight line basis.

P. Segment accounting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. Chief Operating Decision Maker review the performance of the Company according to the nature of products manufactured, traded and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting financial statements of the Company as a whole.

Based on the management approach as defined in Ind AS 108 - Operating Segments, the Chief Operating Decision Maker (CODM) evaluates the company's performance and allocates resources based on an analysis of various performance indicators of business segment/s in which the company operates. The Company is primarily engaged in the business of Fertilizer manufacturing and other products are backward integration therefore management and CODM recognise Fertilizer segment as the sole business segment. Hence, disclosure of segment-wise information is not required and accordingly not provided.

Q. Earnings per share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Company had restated the earning per share and diluted earning per share as the company has allotted Bonus Equity Shares to the shareholders of the company in the proportion of 1 new fully paid-up Equity Share of Face Value of Re. 10/- each for every 1 existing fully paid-up Equity Share of Face Value of Re. 10/- each. Hence the issued, subscribed and paid-up capital of the Company as on 31st March 2023 changes to 4,381.34 Lakhs comprising of 438.13 Lakhs shares of 10/- each. therefore, in Previous financial year 2021-22 in numerator earnings are same but in denominator weighted average number of equity shares are taken after considering bonus effect, due to that EPS & Diluted EPS both change in previous year.

R. Statement of cash flow

Cash flows are reported using the indirect method prescribed in Ind AS 7 'Statement of Cash Flows', whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

S. Government grant & government assistance

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grant if relates to an expense item are recognised in the statement of profit and loss on a systematic basis over the periods in which the Company recognise as expenses the related costs for which the grants are intended to compensate.

Post amendment in Ind AS 20, the government grant related to assets, including non-monetary grant shall be presented at fair value in balance sheet either by setting up the grant as deferred income or by grant by adjusting in the carrying amount of the asset.

II. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- credit risk;
- liquidity risk; and
- Market risk

i. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the processes to ensure that executive management controls risks through the mechanism of property defined framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed by the board annually to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

Notes to the Financial Statement

for the year ended March 31st, 2023

32. FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT (Contd..)

The Company's Audit Committee oversees compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

ii. Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk for trade receivables and financial guarantees for dealers, derivative financial instruments and other financial assets.

The Company assess the counter party before entering into transactions and wherever necessary supplies are made against advance payment. The Company on continuous basis monitor the credit limit of the counter parties to mitigate or minimise the credit risk.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The Company Management has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank references.

Based on the credit aging of individual customer, the management considers that no provision on such receivables has been recognised as on the reporting date.

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of surplus funds, bank loans and inter corporate loans.

Exposure to liquidity risk

iv. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and commodity prices which will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market exposures within acceptable parameters, while optimising the return.

Foreign currency risk

Foreign currency risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to import of raw materials. When a derivative is entered for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure.

The Company evaluates exchange rate exposure arising from foreign currency transactions. The Company follows established risk management policies and standard operating procedures.

(Amount in USD)

Particulars	As at March 31, 2023	As at March 31, 2022
Trade and other payables	1,10,04,563	45,94,000

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term borrowing. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

Notes to the Financial Statement

for the year ended March 31st, 2023

32. FINANCIAL INSTRUMENTS – FAIR VALUES AND RISK MANAGEMENT (Contd..)

The exposure of the Company's financial liabilities to interest rate risk based on liabilities as at reporting date is as follows:

(Rs. in Lakhs)

Increase in interest rate by 100 basis points	(126.91)	(61.44)
Decrease in interest rate by 100 basis points	126.91	61.44

Commodity price risk

Commodity price risk for the Company is mainly related to fluctuations of raw materials prices linked to various external factors, which can affect the production cost of the Company. Company actively manages inventory and in many cases sale prices are linked to major raw material prices. To manage this risk, the Company enters into long-term supply agreement for Raw Material, identifying new sources etc. Additionally, processes and policies related to such risks are reviewed and managed by senior management on continuous basis.

33. CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximize shareholder value.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The Company monitors capital using a gearing ratio, which is calculated by dividing Net Debt from the Equity. The Company includes within Net Debt, interest bearing loans and borrowings less cash and short-term deposits (including other bank balance) and under Equity, the Equity Share Capital plus other Equity (excluding Preference Share Capital) is considered:

	Gratuity	Earned Leave	Gratuity	Earned Leave
1. Financial Assumptions used in determining the Defined Benefit Obligation				
A) Discount rate (per annum)	7.10%	7.29%	7.10%	7.10%
B) Salary escalation rate (per annum)	7.00%	7.00%	7.00%	7.00%
2. Demographic Assumptions used to determine the Defined Benefit Obligation				
A) Retirement Age	60 Years		60 Years	
B) Mortality Table	IALM (2012-2014)		IALM (2012-2014)	
C) Employee Turnover/Attrition Rate	5.00%		5.00%	

(Rs. in Lakhs)

H) Sensitivity Analysis:-	For the year ended 31 st March 2023			
	Gratuity		Earned Leave	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	91.11	109.96	35.88	42.87
Expected rate of future salary increase (1% movement)	109.42	91.26	42.74	35.93

I) Maturity Profile of Defined Benefit Obligation:-	For the year ended 31 st March 2023	
	Gratuity	Earned Leave
Within 1 Year	14.06	7.81
1-5 Years	28.64	11.42
Beyond 5 Years but up to 10 Years	31.88	10.25

- The Weighted average duration of the defined benefit plan obligation at the end of the reporting period is 9.50 Years.
- The sensitivity analysis above has been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis the present value of defined benefit obligation has been calculated using the projected unit credit method.

J) Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such Company is exposed to various risks as follows –

- Salary Increases: - Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Investment Risk: - If Plan is funded then assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount Rate: - Reduction in discount rate in subsequent valuations can increase the plan's liability.
- Mortality & disability: - Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals: - Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability
