Hyundai India Q4 net profit down 3.8%

Carmaker says 8 cars will be launched in next 2 years

DEEPAK PATEL
New Delhi, 16 May

Hyundai Motor India Ltd (HMIL) on Friday reported a 3.8 per cent year-on-year (Y-o-Y) decline in consolidated net profit to ₹1,614 crore in the fourth quarter of 2024-25 (FY25). The carmaker cited a high base effect and macroeconomic uncertainties that affected consumer sentiment and purchase decisions.

For FY26, the company has adopted a cautious outlook, anticipating domestic growth to broadly track the industry's low single-digit estimated growth amid ongoing economic headwinds. However, HMIL is targeting 7-8 per cent growth in exports for the year.

As part of its long-term strategy, the carmaker announced a pipeline of 26 product launches by FY30, including a mix of new models, facelifts, and refreshments. These will comprise 20 internal combustion engine (ICE) vehicles and six electric vehicles (EVs), alongside the introduction of eco-friendly powertrains such as hybrids.

The carmaker said that in the next two years, eight cars — new models and facelifts — would be launched in India. According to data from the Society of Indian Automobile Manufacturers (SIAM), Hyundai's wholesales in FY25 stood at 599,000 units, marking a 2.6 per cent Y-o-Y decline. Its exports remained flat at around 163,000 units. HMIL currently sells 14 car models in India, including nine SUVs, two sedans, and three hatchbacks. The company's consolidated net profit in FY25 stood at ₹5,640 crore, a 6.9 per cent drop from last year.

"FY25 was a challenging and transformative year for the Indian automotive industry," Unsoo Kim, managing director, HMIL, told reporters during a post-results call. "The environment remained tough, with macroeconomic uncertainties impacting consumer sentiment. On top

of that, we were up against a high base, which further amplified the impact," he noted.

The company is in an expansion phase, with investments aimed at increasing production capacity, strengthening local manufacturing, and accelerating EV adoption. Its third manufacturing facility, located in Talegaon, Maharashtra, is expected to begin production in the third quarter of FY26, Kim noted.

While recent rate cuts by the Reserve Bank of India and tax relief by the government may support demand, HMIL remains cautiously optimistic, given the global economic backdrop. Kim said the company would continue to focus on SUVs and premiumisation, which it sees as key growth drivers. Despite a sales decline in FY25, Hyundai emphasised a strong export strategy. The company's exports recorded 14 per cent Y-o-Y growth in the fourth quarter of FY25, and 20 per cent Y-o-Y growth in April this year.

Emami profit rose 9% to ₹162 cr

ISHITA AYAN DUTT
Kolkata, 16 May

Emami on Friday posted an 8.9 per cent year-on-year (Y-o-Y) increase in consolidated net profit to ₹162.17 crore for the January-March quarter (Q4) of 2024-25 (FY25). The fast-moving consumer goods (FMCG) firm's net profit had stood at ₹148.90 crore in the year-ago period.

The consolidated revenue saw an increase of 8.1 per cent Y-o-Y to ₹963.05 crore.

Sequentially, revenue was down 8.3 per cent and net profit saw a decline of 41.9 per cent.

Despite geopolitical volatility across Bangladesh, West Asia, and parts of Africa, Emami's international business posted 6 per cent growth in Q4FY25, it said. Strong momentum was witnessed

across Saarc, SEA, CIS, and African markets, Emami said.

For full FY25, revenue from operations was up 6.5 per cent at ₹3,809.19 crore. Net profit grew 11.5 per cent to ₹806.46 crore.

Emami said organised trade channels — comprising modern trade, e-commerce, and institutional sales — contributed 27.6 per cent to domestic revenue in FY25, expanding by 140 basis points Y-o-Y. Clocking a 13 per cent increase Y-o-Y, these channels outpaced overall domestic growth, the company said. Emami said it was confident of navigating short-term macro uncertainties through portfolio premiumisation, innovation acceleration, enhanced channel productivity, and strategic international expansion. Harsha V Agarwal, vice-

chairman and managing director, Emami, said the core domestic business continued to demonstrate strong momentum, delivering a double-digit growth rate of 11 per cent in Q4FY25, supported by volume growth of 7 per cent.

"Going forward, we're focused on strengthening our core brands and unlocking new growth through brand extensions, premium offerings, and sharper channel strategies," he added.

For the strategic subsidiaries, Emami is scaling up its marketplace and quick-commerce presence.

Mohan Goenka, vice-chairman and whole-time director, Emami, said a strong innovation pipeline led to over 25 new launches during the year.
