Dear Sir,

Sub: Purchase of new Copper Fine Wire Drawing Machine with in-line Annealer

With reference to the above captioned subject, we hereby inform you that the company has recently purchased the new Copper Fine Wire Drawing Machine with in-line Annealer which will be imported into India by end of August, 2017. And the commercial production will start from mid of September, 2017.

Now the existing plant production capacity of copper wire is 4800 MT/ month which will increase once the new machine will come into functioning and that will be added capacity of 100 MT/ month with existing production. Which will suffice short fall supply to Copper Enamelled wire and Poly Wrap Submersible Winding Wire Department. So as a result of successful functioning of new Machine, the production capacity of plant will be 4900 MT/ month and the targeted turnover expected to be 105 Crore Annually.

Kindly take the same on your record.

Thank You.

Yours Faithfully,

For, Madhav Copper Limited

Nilesh N. Patel
