SUB: Copy of Newspaper Publication of Financial Results for the quarter ended June 30, 2024

Dear Sir/Madam,

Pursuant to Regulation 47 of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, please find enclosed herewith the scanned copies of newspaper clippings as published on Wednesday, August 14, 2024 in "Economic Times" (English Newspaper) and "Sandesh" (Gujarati vernacular Newspaper) for Unaudited Financial Results (Standalone) for the quarter ended on June 30, 2024.

We request you to take on records and disseminate the same to the members.

Thanking you,

Yours Sincerely,

For Madhav Copper limited

Sneha Langaliya
Company Secretary & Compliance Officer

Encl: As above

Smartphone Market Q2 Report Card

Market trackers are divided in their report card on smartphone shipment in the April-June quarter. While IDC and Canlys say the market grew 3.2% and 1% year-on-year, respectively, Counterpoint Research and CMR estimate shipments to have declined 2% and 4%. All experts though say a muted consumer demand and rising average selling prices will continue to drag overall recovery of the market. (Text: Subhrojit Mallick)

QUARTERLY HIGHLIGHTS (IDC)

Smartphone shipments grew 7.2% on-year in the first half of 2024, clocking 69 million in volumes even as average selling prices grew by 2.8% year-on-year to \$248.

27 million 5G smartphones shipped in Q2

Share of 5G smartphones increased to 77% in Q2, from 49% in Q2 2023.

5G smartphone ASPs declined 22% on-year to \$293

Shipments to online channels grew by 8% on-year, with online sales capturing 50% share in Q2 2024, compared to 47% a year ago.

Motorola was the fastest growing brand in Q2. Nothing registered the second-highest growth.

Apart from old inventory clearance in the first half of the quarter, vendors also started to launch new smartphones, especially in the mid-premium/premium segment (mostly China-based vendors) from mid-quarter onwards, for monsoon sales in July and August.

UPASANA JOSHI, Senior Research Manager, Devices Research, IDC India.

Max Estates Gets Noida Authority's Nod to Take Over 'Delhi One' Project

Faizan Haider

New Delhi: Max Estates, the real estate arm of the Max Group, has received approval from the Noida Authority to regain possession of a commercial project in Sector 163, by clearing ₹603 crore worth of dues to the authority.

In February 2023, the National Company Law Tribunal (NCLT) had approved a resolution plan for Max for developing a commercial plot measuring 34,687 sq meters in Noida under the project name 'Delhi One'. The tribunal had asked the developer to seek the authority's approval for implementing the plan.

The Noida Authority needs to recover dues of about ₹332 crore on the project, but as per the resolution plan, Max had to pay around ₹265 crore.

"We had received a proposal from Max Estates where the company said instead of ₹332 crore it is willing to pay ₹512 crore over the period of three years, which is 58% of the total dues. With interest, the payment will be ₹603 crore, and the company will deposit 25% upfront. We have approved the proposal," the authority said in a statement.

"This project has the potential to add 2.5-3 million sq ft of additional development footprint to the portfolio of Max Estates. Max might make some changes to the original plan as the cost of construction has risen sharply since the committee of creditors first approved the project in 2019.

The Delhi One project, spread over 12.5 acres, was approved by the Noida Authority, which later went into insolvency. The requisite approvals are expected to take six months to a year, say experts.

Max Estates is expected to invest ₹2,000 crore in developing 2.8 million sq ft of Grade A office space and serviced apartments. There are already four operational towers in the complex, one serviced apartment tower, and four commercial towers are under construction.

KIAL to Invest ₹450 cr in Supertech's Supernova

Faizan Haider

New Delhi: Kotak Investment Advisors Ltd (KIAL), has agreed to invest ₹450 crore in Supertech's stalled mixed-use project in Noida, offering a major financial lifeline to the cash-strapped realty developer.

The 5 million sq ft 'Supernova' project in Sector 94 is currently 50% completed and it includes the tallest residential tower in the NCR region. On completion, the project has a revenue potential of more than ₹2,000 crore, according to Supertech.

Noida Authority which has to recover dues of ₹5,319 crore from the project, has asked the asset management arm of Kotak Mahindra Group to first deposit ₹50 crore with the Authority following which a tripartite agreement will be inked between Supertech, KIAL and Noida Authority for opening an escrow account.

"We plan to bring Kotak in Supertech for repayment to existing lenders and funding to complete construction. Kotak's proposal has been approved by the board of Noida Authority, whose land dues will be cleared through escrow account. Kotak will pay ₹500 crore to existing lenders, for to give them exit," Supertech chairman RK Arora told ET.

According to Noida Authority, the 70,000 sq metre plot was allotted to Supertech group in March 2011, and the developer has dues of ₹5,319 crore as of May 2024.

KIAL had requested the Authority to issue a no-objection certificate (NOC) for the project map and registry, so that buyers can start paying the balance amount.

Trai Orders Telcos to Stop Promotional Calls from Unregistered Telemarketers

Regulator to impose 2-year ban if a caller is found misusing telecom resources

Our Bureau

New Delhi: The telecom regulator has directed mobile phone operators to stop voice promotional calls, pre-recorded or computer-generated, from unregistered senders or telemarketers, in a bid to curb the increasing number of spam calls.

The directive—the latest in a slew of such orders in recent days—comes after the regulatory body told telcos to submit data around unregistered telemarketers based on complaints received from consumers during the April-June quarter.

The Telecom Regulatory Authority of India (Trai) on Tuesday said all promotional calls from unregistered telemarketers should be stopped immediately.

According to the directive, if any unregistered telemarketer is found misusing telecom resources for making commercial voice calls, res-...
