- 20) The holding Company has accumulated losses resulting in substantial erosion of its net worth and has incurred net cash losses in the current and in preceding financial years. The current liabilities of the Company exceeded its current assets as at the balance sheet date. These conditions may cast doubt about the Company's ability to continue as a going concern. Section 7 application under Insolvency and Bankruptcy Code (IBC), 2016 filed by Bank of India (BoI) was admitted by Hon'ble National Company Law Tribunal (NCLT) on March 28, 2024. Accordingly, Insolvency Proceedings have been initiated and an Interim Resolution professional (IRP) has been appointed as required under the Insolvency and Bankruptcy Code, 2016, who has superseded the powers of the Board of Directors of the Holding Company with effect from March 28, 2024. The new management i.e. IRP is working towards a workable resolution plan to resolve financial position with the lenders within the prescribed time limit and to continue its business as a going concern. Accordingly, the financial statements have been prepared on going concern basis.
- 21) The management of the respective Companies has evaluated Loans given to Related Parties / Others, Receivables from Related Parties / Authorities/ Others, Trade Receivables etc. and based on past experience, recoveries are long drawn process and also no recoveries have been made over the years.
- Based on the above facts, the company on prudent basis has impaired the Loans, Receivables from Related Parties, Trade Receivables and Other Receivables and has made the provision on account of impairment of these assets as required by the relevant Indian Accounting standards.
- 22) Figures relating to the previous period have been regrouped / rearranged, wherever necessary, to make them comparable with those of the current period.
