MEDIA RELEASE

MICRO TECHNOLOGIES WINS MEGA TENDER FOR UID (AADHAAR) PROJECT

- For Implementation of a Premier Bank's Biggest Aadhaar (UIDAI) Project
- Micro to Enroll Bank's Account Holders In Four Key Cities of Maharashtra
- Will Cover 1.7cr Account Holders Initially
- Project Will Boost Micro's Bottom-line.

Mumbai, December 17, 2012

Micro Technologies (India) Ltd, (MTIL - BSE 532494 & NSE :MICROTECH) a leading global developer and marketer of security devices and solutions issued a release today announcing that it has been appointed as an enrolment agency by A premier bank in Maharashtra for the implementation of GoI ambitious project "Aadhaar for the bank's different branches in the state.

MTIL offered its technological advanced cost effective solution to one of the Premier Bank of Maharashtra after getting empanelled with UIDAI for carrying out enrolment process for the UIDAI Project of Government of India. Due to expertise of MTIL in implementing bio metric based and other advanced solutions to some of the PSU's & other agencies the project is awarded to MTIL & will be implemented by MTIL. Additionally with the kind of expertise in GPS based solutions for Fortune 500 Petroleum Company, the GPS device of MTIL - "**Micro Secure 93**" is amongst very few devices which had also been empanelled with UIDAI after rigorous testing for vendors to procure as GPS devices are mandatory for the enrolment in Phase II.

Commenting on getting the project , **Mr. Ganapathy V, CEO, Micro Technologies (India) Ltd** said, "Due to the expertise of MTIL in the security segment we have been appointed as one of the enrolling agencies for the historic Aadhaar Project. Micro Technologies' will provide its expertise to the bank initially for four key cities in the state. This mammoth project gives us an opportunity to extend our technological prowess. The company will roll out its enrolment across four cities in Maharashtra to cover 1.7cr account holders of the premier bank. MTIL is also selected in a group of very few vendors for providing GPS devices for the enrolment directly by UIDAI"

Payments shall be made to the Enrolment Agency (Micro Technologies) by the Registrar (Bank) on a monthly basis based on the number of successful AADHAAR enrolments completed and coverage of the scope of work. This payment shall be subject to adherence to the Service Level Agreements. Micro Technologies hopes to earn handsome revenue from this major project.

It is now vigorously entering the Energy & Health Segments.

AADHAAR

The Government of India (GoI) has embarked upon an ambitious initiative to provide a Unique Identification (UID) to every resident of India and has constituted the Unique Identification Authority of India (UIDAI) for this purpose. The timing of this initiative coincides with the increased focus of the GoI on social inclusion and development through massive investments in various social sector programs, and transformation in public services delivery through e-Governance programs. The UID has been envisioned as a means for residents to easily and effectively establish their identity, to any agency, anywhere in the country, without having to repeatedly produce identity documentation to agencies.
