For Q2FY27, Uno Minda reported consolidated revenue of ₹ 6,655 crores, registering a strong 38% year-on-year growth compared to Revenue of ₹ 4,814 crores in Q2FY26. The growth was broad-based, driven by volume expansion, increasing value addition and a favourable product mix across key business segments, including Switches, Lighting, Alloy Wheels and Seating. The rapidly expanding Green Mobility comprising of EV Systems and Alternate Fuel businesses also contributed to the overall growth momentum. Additionally, the ramp-up of recently commissioned facilities and incremental capacities supported the strong performance.

PAT attributable to shareholders of Uno Minda stood at ₹420 crore in Q2 FY27, registering a strong year-on-year growth of 38% compared to ₹304 crore in Q2 FY26. The growth in profitability reflects the strength of the Company's diversified business portfolio and sustained operating performance.
