[^]Of the total of Rs. 3,000 crore CPs, Rs. 2,825 crore of CPs are listed and remaining are proposed to be listed

Rationale

The rating action for Mindspace Business Parks REIT (Mindspace REIT) favourably factors in its strong business profile with well diversified and large portfolio of assets, along with expected sustenance of healthy committed occupancy in the medium term and comfortable leverage levels. The committed occupancy for the completed area stood healthy at 90.7% as of June 2026 (post-acquisition of Commerzone Pallikaranai and One Radial). The ratings note its large and diversified portfolio of assets with office space, including completed area of 36.0 million square feet (msf), and under-construction area/future planned development of 10.2 msf as of June 2026. Mindspace REIT's portfolio is spread across major cities such as Mumbai, Hyderabad, Pune and Chennai, with a reputed and diversified tenant mix comprising leading multi-national and Indian corporates. The top 10 tenants generated 30.2% of the gross contracted rentals as of June 2026.

Mindspace REIT had announced acquisition of Commerzone Pallikaranai, Chennai (100% stake) in March 2026 and One Radial, Chennai (51% stake) in April 2026. The CPs have been deployed towards acquisition, growth capex or refinancing of existing debt. Despite increase in debt levels due to acquisition of assets, the leverage remains comfortable with loan to asset value (LTV)¹ of 29.7% as of June 2026. Based on its capital expenditure/inorganic growth plans, ICRA expects the total external debt/annualised NOI to remain at less than 5 times and LTV to remain below 33% in the medium term. The proposed NCDs are expected to be deployed towards acquisition, growth capex or refinancing of existing debt. ICRA will continue to monitor the future asset acquisitions and their consequent impact on the leverage. Comfort, however, is drawn from the proven track record and the experienced management of the REIT sponsor, K Raheja Corp Group (KRC), as well as the REIT manager K Raheja Corp Investment Managers Private Limited (formerly known as K Raheja Corp Investment Managers LLP (KRCIML)) and the exceptional financial flexibility of Mindspace REIT.

¹ For the purpose of LTV calculation, Net Debt is post accounting and minority adjustments with market value as on March 31, 2026, based on the valuation report (Market value for Commerzone Pallikaranai as on December 31, 2025, and One Radial as on March 15, 2026). Gross LTV stood at 34.0% as on June 30, 2026

Part of Mindspace REIT's debt, at the consolidated level, is in the form of CPs and NCDs with bullet repayments at the end of their maturity period, exposing the REIT to refinancing risk. This risk is mitigated to an extent by the tranche repayment of the issuances, strong liquidity position with cash and cash equivalents of Rs. 1,317.8 crore and unutilised overdraft/LRD facilities of Rs. 408.1 crore as of June 2026, which are expected to be available to meet any exigencies. Tenant leases contributing to 3.8% and 6.6% of the gross contracted rentals will be due for expiry in Q2-Q4 FY2027 and FY2028 respectively. However, the risk is partially mitigated by the reputed tenant profile and established track record of the K Raheja Corp Group in the commercial real estate industry.

ICRA expects that Mindspace REIT's credit profile will be supported by REIT regulations that restrict the extent of under construction assets in the portfolio to less than 20% of the asset value and the cap on leverage at 49% of the asset value.

The Stable outlook reflects ICRA's opinion that the Trust will benefit from its large, diversified and stable operational portfolio, the anticipated growth from assets currently under development and the expected comfortable financial risk profile.

Key rating drivers and their description

Credit strengths

Well-diversified and large portfolio of assets with strong tenant profile – The asset portfolio under the REIT includes some of the major business parks of Mumbai, Hyderabad, Pune and Chennai, with a reputed and diversified tenant mix comprising leading multi-nationals and Indian corporates, wherein the top 10 tenants generate 30.2% of the gross contracted rentals as of June 2026. The asset portfolio of the REIT includes completed office space area of 36.0 msf, and under-construction area/future planned development of 10.2 msf as of June 2026. The completed area reported a committed occupancy of 90.7% as of June 2026, supported by long-term lease agreements and a good track record of tenant stickiness owing to competitive rentals in most of the assets.

Comfortable leverage – Mindspace REIT had announced acquisition of Commerzone Pallikaranai, Chennai (100% stake) in March 2026 and One Radial, Chennai (51% stake) in April 2026. The CPs have been deployed towards acquisition, growth capex or refinancing of existing debt. Despite increase in debt levels due to acquisition of assets, the leverage remains comfortable with loan to asset value (LTV) of 29.7% as of June 2026. Based on its capital expenditure/inorganic growth plans, ICRA expects the total external debt/annualised NOI to remain at less than 5 times and LTV to remain below 33% in the medium term.

Established track record of sponsor and REIT manager – The REIT manager and sponsor are a part of KRC, which has considerable experience in developing and managing commercial real estate projects. KRC is one of India's leading groups in the real estate development and retail business, with experience of over four decades in developing and operating assets across commercial, hospitality, retail and residential segments.

Credit challenges

Exposure to refinancing risk – Part of Mindspace REIT's debt, at the consolidated level, is in the form of CPs and NCDs with bullet repayments at the end of their maturity period, exposing the REIT to refinancing risk. This risk is mitigated to an extent by the tranche repayment of the issuances, strong liquidity position with cash and cash equivalents of Rs. 1,317.8 crore and unutilised overdraft/LRD facilities of Rs. 408.1 crore as of June 2026, which are expected to be available to meet any exigencies.

Vulnerability of commercial real estate sector to cyclicity – The company remains exposed to the inherent cyclicity in the real estate industry and vulnerability to external factors. ICRA notes that tenant leases contributing to 3.8% and 6.6% of the gross contracted rentals will be due for expiry in Q2-Q4 FY2027 and FY2028 respectively. However, the risk is partially mitigated by reputed tenants with strong businesses and established track record of the K Raheja Corp Group in the commercial real estate industry.

Environmental and social risks

Environmental considerations – The real estate segment is exposed to risks of increasing environmental norms affecting operating costs, including higher costs of raw materials such as building materials and cost of compliance with pollution control regulations. Environmental clearances are required for commencement of projects and lack of timely approvals can impact its business operations. The effect of changing environmental regulations on licenses for property development could also create credit risks.

Social considerations – The downside social risks faced by REITs like Mindspace could be said to be low. The demand for commercial office space, particularly those with good ancillary infrastructure and connectivity, has been growing in India as the service economy expands. While there could be societal trends like preference for work-from-home, which could weigh on demand, on balance, the tailwinds for commercial real estate remain reasonably strong. Further, rapid urbanisation and a large working age population will support the demand for commercial real estate in India and benefit REITs like Mindspace.

Liquidity position: Strong

The liquidity position of the REIT is supported by stable rental income from the underlying assets and low operational expenditure in the leasing business. Healthy fund flow from operations will be adequate to cover the total debt servicing obligations. Additionally, the REIT had cash and cash equivalents of Rs. 1,317.8 crore and unutilised overdraft/LRD facilities of Rs. 408.1 crore as of June 2026, which supports the liquidity profile.

Rating sensitivities

Positive factors – Not Applicable.

Negative factors – Higher-than-anticipated borrowing that increases the LTV higher than 40%, on a sustained basis, or decline in the committed occupancy to lower than 80%, on a sustained basis, may trigger a rating downgrade. Any non-adherence to the debt structure may also lead to a rating downgrade.
