# India among 3 top markets for Honda

VIKRAM CHAUDHARY Tokyo, October 29

JAPANESE AUTOMOTIVE **GIANT** Honda is re-evaluating its global priorities, and has said that India is one of its three key markets for future growth, placing it alongside the US and Japan.

In an interaction with reporters on the sidelines of the Japan Mobility Show 2025 in Tokyo, Takashi Nakajima, president & CEO of Honda Cars India, said that the global management has decided to focus on India among the three key markets for Honda's future growth, alongside the US and Japan.

"Our two-wheeler business is already very big in the country, and we are aiming to follow a strong growth direction for our four-wheeler business by building both brand and volume," he said.

To realise this goal, Honda is charting an aggressive product roadmap, and a key focus will be the growing SUV segment – and Honda plans to introduce three new SUVs by FY27. These models will encompass both hybrid and battery electric powertrains.

Nakajima said that the carmaker would focus on a multipowertrain approach, gradually increasing the share of BEVs to align with its global goal of achieving carbon neutrality by 2050.

Honda CEO Toshihiro Mibe speaks during a press day for the event, in Tokyo on Wednesday

Honda currently sells just one SUV model – the Elevate – while its other two models, Amaze and City, are sedans.

At the Japan Mobility Show, Honda did the world premiere of the Honda 0 a (alpha), and Honda Motor's Director, President & Representative Toshihiro Mibe announced that Japan and India will be the first two markets where it will be sold, starting 2027.

Addressing the necessary investments to support this renewed focus, Nakajima acknowledged the need for production capacity enhancement.

Honda's current manufacturing facility in Tapukara, Rajasthan, has an annual capacity of 180,000 units. While a complete investment sion and capital infusion.

For the Indian Intelligent.

TOYOTA MOTOR CORPO-**RATION** (TMC) on Wednesday officially spun off its iconic Century marque into a standalone ultra-luxury brand, marking its formal entry into the top tier of the global luxury car market currently dominated by Rolls-Royce and Bentley.

Announcing the launch at the Japan Mobility Show in Tokyo, TMC Chairman Akio Toyoda said, "Century is not just another brand within Toyota Motor Corporation. We want to cultivate it as a brand that brings the spirit of Japan-the pride of Japan-out into the world. The next Century begins with us."

Positioned above Toyota's existing premium brand Lexus, Century will focus on bespoke craftsmanship deeply rooted in Japanese tradition.

Long synonymous with prestige in Japan, the Century name has adorned Toyota's most exclusive sedans since 1967, serving business leaders and government officials. In 2023, the lineup expanded

with the addition of a luxury SUV. Now. the marque brand is set for global expansion, as Toyota looks to carve a space in the ultra-lux-

Yoshikazu Tanaka, deputy general manager - product planning at TMC, said the Century vehicles will be built exclusively in Japan. "We have automotive manufacturing technology in Japan and we

# Suzuki to launch 8 SUVs to regain 50% share

**NITIN KUMAR** Tokyo, October 29

**SUZUKI MOTOR CORPORA-**TION, which holds around 58.28% stake in

Maruti Suzuki India, will introduce eight new sport utility vehicles (SUVs) over the next five to six years in the Indian market, as it

works to regain market share lost to competitors, company President Toshihiro Suzuki said on Wednesday.

Speaking at the Japan

Mobility Show in Tokyo, Suzuki said that Maruti Suzuki aims to reclaim its 50% market share, even as competition has reached its fiercest level in the com-

pany's four decades of operations in India. With this, the company's total lineup will increase to 28 models.

He acknowledged that achieving the 50% market

more challenging over the next five years than ever before. To reach this goal, the company is allocating ₹70,000 crore for capital investment in India and emphasising a multi-fuel strategy for carbon neutrality. Maruti's market share in

the passenger vehicle segment during April-September stood at 38.8%.

"We have planned an investment of 1,200 billion yen (₹70,000 crore) towards capital investment for India. We remain committed to achieving a 50% market share and becoming number one in EV production, sales, and

share target by 2030-31 will be exports. And we are on course to expand production capabil ity to 4 million units," he said.

The company has made India

its production hub. Of the 4 million units it plans to produce in India, 3 million cars will be sold domestically, while exports will account for 1 million units. In financial year 2025,

Maruti Suzuki recorded its highest-ever exports, surpassing 330,000 vehicles. With key markets in Africa and West Asia the company's overseas shipments have grown nearly 3.3 times over the past five years.

(The writer is in Tokyo at the invitation of Maruti Suzuki India)
