## Clarification on suspension in Trading of Securities of MMP Industries

**Nagpur, 27 June 2023:** MMP Industries Limited, a leading manufacturer of aluminium powders, aluminium foils, and aluminium conductors, wishes to clarify that the recent suspension in trading of its securities by SEBI and Exchanges is due to procedural reasons, and not as a result of any non-compliance by the company.

On 23 June 2023, SEBI temporarily suspended the trading of MMP Industries securities on NSE due to the introduction of ESM framework based on objective parameters viz. Price Variation, Standard Deviation etc. by SEBI and Exchanges with effect from June 05, 2023. For further information on the criteria for shortlisting and review of securities under ESM framework kindly refer [Exchange Circular – NSE / SURV / 56948 dated June 02, 2023](#).

The company would also like to assure its investors, shareholders, and other stakeholders that this suspension is a temporary measure and is not reflective of the company's overall financial health, performance, or prospects. The suspension in trading does not impact the operations, ongoing projects, or business activities of the company.

The management team of MMP Industries is actively engaging with the regulatory authorities to expedite the resolution of the procedural matters and resume trading of its securities as soon as possible. The company remains committed to maintaining transparency and open communication with its stakeholders throughout this process. The company appreciates the patience and understanding of its valued stakeholders during this period.

### About MMP Industries Limited

MMP Industries Limited (MMPIL), registered in Nagpur, Maharashtra, is primarily engaged in the manufacture of aluminium products with its manufacturing plants located in and around Nagpur city. The aluminium product range includes aluminium powders, aluminium foils and aluminium conductors/cables. Over the course of the last three decades of its operations, the company has become a globally recognized player in the aluminium powder field.
