MOHOTA INDUSTRIES LIMITED

Factory Manager / Director)
Designation

STATEMENT OF REASONS

1. That, M/s. Mohota Industries Limited, Hinganghat, District Wardha is registered under The Companies Act, 2013, having CIN Number L99999MH1946PLC005261 and has set up manufacturing unit. The above said unit is engaged in manufacturing of Yarn and Cloth and for the said purpose, it has weaving, spinning and processing department. The weaving department has already been closed in 2017 after complying with all provisions of law. The Hon'ble Industrial Court, vide Award dated 30.12.2016 in Reference No. {I.D.A} NO.9 of 2011 granted permission for closure of the said department. The other departments are surviving with great difficulty. That, due to global pandemic coupled with cut throat competition, the orders were drastically reduced from 2019. Despite this, the management continued with its efforts of running the unit on job work basis. However, now it has become practically difficult to run the plant without any orders.

2. That, the company / management is in continuous losses since last several years. That, the balance sheet for the year ending on 31.03.2020 (audited) indicates losses for the year to the tune of Rs. 3400.20 lakhs and upto December 2020 (un-audited), the losses are Rs. 1327.33 lakhs.

3. That, the total financial liability on the management / factory is around Rs. 10802 lakhs. That, besides this, the management has taken financial help (loan) from various banks including the State Bank of India, Commercial Branch, Mumbai, Bank of India, Nagpur Corporate Banking Branch. That, due to non-repayment of loan, the State Bank of India has approached the Hon'ble National Company Law Tribunal claiming the outstanding dues of Rs. 45 crores. The State Bank of India has requested that a Resolution Professional be appointed over the management. The debts are increasing day by day and outstanding interest amount on the loan is also increasing every day.

MOHOTA INDUSTRIES LIMITED

4. That, due to the increasing interest on the loan amount and due to no orders, the factory is not in a position to pay the electricity bills. The outstanding electricity bills are approximate Rs. 1.75 crores .

5. That, the management has already declared lay off for the processing unit. The management is paying 50% of the basic wages and dearness allowance to almost 245 employees since last 18 months. This has added to the financial burden on the management. That, around Rs. 8 lakhs per month is being spent on lay off wages every month. That, till date, the management has paid around Rs. 150 lakhs towards layoff amount. Thus, this has also financially over burdened the management and the management does not have any funds including reserve funds to pay the salaries. The banks have also refused to extend loan to the management as the earlier loans have not been repaid nor the installments have been paid since November 2019.

6. That, the company has been constrained to shut down the plant with effect from 04.06.2021 owing to the above reasons coupled with the reason that there is no electricity.

7. That, 570 number of employees are working in the unit. A list of employees working is annexed as **ANNEXURE-1**. The management / factory is facing acute financial crises due to the fact that there are no orders / work order arising out of pandemic and there is no electricity and further due to the fact that it is in continuous losses coupled with the reasons mentioned hereinabove. Hence the factory is constrained to declare lockout. Management of the company has decided to declare lockout in Spinning and Processing departments with effect from 06.06.2021.
