M.ANANDAM & CO.

CHARTERED ACCOUNTANTS

Independent Auditor's Review Report on the Quarterly Unaudited Financial Results of the Mold-Tek Packaging Limited Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Review Report to the Board of Directors Mold-Tek Packaging Limited

We have reviewed the accompanying Statement of Unaudited Financial Results of Mold-Tek Packaging Limited (the "Company") for the Quarter ended 30th June, 2026 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "LODR Regulations").

This statement is the responsibility of the company's Management and has been approved by the Board of Directors and has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" (Ind As 34), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India. Our responsibility is to issue a report on the statement based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of Company's personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement.

PRESS RELEASE

In spite of prevailing war situation, Mold-Tek Packaging Limited achieved a strong start to FY 2026-27, delivering an excellent performance in the first quarter ended June 30, 2026. Driven by an improved EBDITA through higher capacity utilization and consolidation of units in Hyderabad.

Despite heightened geopolitical uncertainties during the quarter, the Company experienced no material impact on its operations, supply chain, or financial performance, with higher input costs are effectively passed on to customers.

Segment-wise Volume growth of Q1 FY27 (compared to Q1 FY26):

- **Pharma Packs**, a new vertical, posted a strong **38.75% sales volume growth**. The quick acceptance highlights our innovation and speed-to-market capabilities.
- **Food & FMCG Packs** registered a healthy **26.20% growth**, driven by sustained demand and deeper market penetration
- **Paints Packs** delivered a remarkable **10.82% growth**, showcasing robust demand and customer confidence
- **Lube Packs**-Due to supply issues of client's inputs caused by Iran war, the demand for Lube companies has dipped in this quarter.

Announcing the results, **Chairman & Managing Director Mr J Lakshmana Rao** said: "This strong all-round performance reflects Mold-Tek's unwavering focus on operational excellence, and strategic **consolidation of Units in Hyderabad** which are now translating into improved profitability. The Company remains confident of maintaining this positive momentum in the coming quarters, supported by healthy demand across key segments (i.e., Pharma and Food and FMCG), and continued emphasis on operational efficiencies.

"EBITDA per kg reached **"HISTORICAL HIGH"** of Rs. 46.68 in Q1 FY27, compared with Rs. 41.64 per kg in the Q1 of FY26, driven by better capacity utilisation, consolidation of Hyderabad Units and higher contribution from the high-margin Pharma Packaging business."

Consolidation of Hyderabad Units: Company during last 6 months has consolidated 5 units in Hyderabad into 2 major units i.e., at Annaram and Sultanpur. This brought all printing activities under one roof resulting in reduced overheads inter-unit transfer and rejections. This along with capacity utilisation reaching 75% and resulted in improved EBIDTA margins to a record level of Rs 46.68 per kg in spite of adverse geopolitical upheavals.

Further, Pharma recorded a healthy volume growth of 38.75% over Q1 of last year and adding new clients rapidly. Company is planning entry into Ophthalmic-Packs and other medical devices.

PRESS RELEASE

Commenting on Pharma packing plans **Mr J Rana Pratap, Sr. Vice President-Marketing and in charge of Pharma Business** division Said “there is a humongous opportunity in Pharma Packaging including diagnostics and we have plans to enter into these high margin areas including dosage pens. We also examining ways to enter Electronics and Semi-conductor packaging soon to use our deep knowledge in Mold making and Robotics.”

While consolidating its position as leader in pails, Q-packs and Thinwall IML products, Company vision is to expand into high value products and widen product range.

Pharma Packaging – Product Development, Capacity & Business Update: To meet the growing demand in the Pharma Packaging segment, the Company commissioned additional Molding Machines and Assembly Machine in Q1. This capacity enhancement will support increased production, strengthen operational capabilities, and enable the Company to cater to the expanding requirements of its pharmaceutical customers.

FOOD AND FMCG: To cater to the growing demand in the Food & FMCG segment, the Company commissioned eight additional new injection moulding machines at its Sultanpur, Hyderabad facility towards the end of the 1st quarter. This capacity expansion is expected to support future volume growth and enhance operational efficiency.

The Food and FMCG packs production at Panipat started few months ago has been doubled and Company focusing on higher growth in this segment in Northern India market. Mold-Tek continues to offer innovative, value-added packaging solutions to a diversified customer base in the Food & FMCG segment

Printing Update: Following the successful elimination of in-house printing label capacity bottlenecks, the Company focused on optimizing label transportation and logistics across its manufacturing units in India. Through strategic logistics planning and commercial negotiations, transportation costs by road and air, which had increased significantly in earlier quarters, have been substantially reduced. Simultaneously, the Company’s consolidation and process improvements to reduce printing wastages, resulting in enhanced operational efficiency, and improved cost optimization.

Paint Segment: The outlook for the Paints segment also remains encouraging, with market leaders Asian Paints anticipating steady industry volume growth of **8%–10%**, supported by continued infrastructure spending and pre-festive dealer stocking. The Company is well positioned to capitalize on this growth through its expanded manufacturing capacity and strong customer relationships and increasing IML adoption.

Mold-Tek Packaging Limited – New Customer Wins in Q1 FY27

During the quarter ended June 30, 2026, Mold-Tek Packaging Limited continued to expand its customer base by securing orders from several esteemed and fast-growing companies across key

PRESS RELEASE

sectors. These additions reflect the Company's strong market presence, product quality, and growing reputation as a trusted packaging partner.

Food Industry: Innovative Food, Alphonsa Cashew, Bakerville Specialities, Beejapuri Daily, DS Agrotech, Sam Flour & Spices, SGB Food, Veg Crop Agro and many others

Pharma Industry: Blackgoldust, Pharma Force Lab, Pure source Nutrition Pvt Ltd and Topiox Research Centre Pvt Ltd and several others.

About Mold-Tek Packaging Limited:

Mold-Tek Packaging Limited is the leader in manufacturing injection moulded rigid plastic packaging containers (BSE Scrip Code: 533080, NSE Symbol: MOLDTKPAC). Established in 1986, is one of the leading players in rigid plastic packaging in India. Publicly listed in 1993, has 12 Manufacturing Units, 2 stock points PAN India. Current installed Injection molding capacity of over 63,000 TPA. Mold-Tek has been the innovator and torch bearer in introducing many world class packaging products in India for Lubes, Paints, Food and FMCG products. Mold-Tek is the first Company in India to introduce "In-Mold Labeling (IML)" concept for decorating plastic containers using ROBOTS. IML enables photographic quality decoration with complete hygienic and hands-free production of containers suitable for food and FMCG products. Mold-Tek is the only packaging Company in the India to design and manufacture in house ROBOTS for the IML decoration apart from manufacturing IML Labels in-house.
