Moneyboxx Finance more than doubles monthly disbursements in two months; crosses ₹50 crore in October 2026

Strong branch-led growth, with partnership channels beginning to contribute

New Delhi, November 5, 2026: Moneyboxx Finance Limited ("Moneyboxx" or "the Company"), a listed Middle Layer NBFC focused on financing underserved micro and small enterprises, today announced a significant acceleration in its monthly loan disbursements, reflecting growing momentum across its diversified lending platform.

The Company's monthly disbursements have **more than doubled in just two months, from ₹24.5 crore in August 2026 to ₹32.4 crore in September 2026 and over ₹50 crore in October 2026** (provisional, unaudited).

The acceleration has been led largely by the Company's established branch network, which continues to deepen its reach across semi-urban and rural markets. In addition, the Company's partnership-led lending business has started contributing positively, adding a complementary distribution channel that will enable Moneyboxx to scale across multiple lending segments and reach a wider customer base.

Moneyboxx continues to build momentum across its key business verticals, including secured MSME lending, livestock finance, rooftop solar finance and digital lending. The Company's strategy of combining its branch infrastructure with specialised origination partnerships is creating multiple avenues for sustainable business expansion.

The Company expects the momentum in disbursements to be sustained over the coming months, as its branch network matures and partnership channels scale up. The evolving product mix and focus on risk-adjusted pricing are also expected to support portfolio yields over time.

The business acceleration follows two important recent milestones. In September 2026, Moneyboxx received ₹144 crore in debt funding from banks, NBFCs and capital-market investors, reflecting continued institutional lender support. Subsequently, the Company crossed the ₹1,000 crore total-asset milestone as of September 30, 2026, marking its progression to the Middle Layer NBFC category.

These developments reinforce the Company's growing scale, diversified funding relationships and ability to execute its next phase of expansion.

Management Commentary

Mr. Mayur Modi, Co-Founder and Co-CEO, Moneyboxx Finance Limited, said:

"Crossing ₹50 crore in monthly disbursements in October, more than double our August levels, is an encouraging milestone for Moneyboxx and reflects the increasing momentum in our business.

This growth has been driven largely by our branch network, which is now delivering the results of the investments we have made in people, processes and reach. At the same time, our partnership business has started contributing positively, and we expect it to become a meaningful growth engine over time. We have spent considerable time building a diversified lending platform, developing strategic partnerships and strengthening our funding relationships, and we are now seeing these efforts translate into higher business volumes.

With strong lender support and multiple growth engines gaining traction, we are optimistic about sustaining this momentum over the coming months. At the same time, our focus remains on improving portfolio yield, maintaining disciplined underwriting and translating business growth into stronger financial performance.

As we enter our next phase of growth as a Middle Layer NBFC, we remain committed to building a scalable, profitable and sustainable financial institution that creates long-term value for all stakeholders."

About Moneyboxx Finance Limited

Moneyboxx Finance Limited is a listed, Middle Layer Non-Banking Financial Company focused on providing credit to underserved micro and small enterprises, particularly across semi-urban and rural India.

The Company operates a diversified lending platform spanning secured MSME loans, livestock finance, rooftop solar finance and digital lending. Through its established branch network, growing strategic partnerships and technology-enabled lending infrastructure, Moneyboxx aims to expand access to responsible credit while supporting entrepreneurship, income generation and sustainable livelihoods.
