* Consolidated financials. Financial Figures & percentages have been rounded and reorganized for efficient presentation and understanding

Mr. Sanjay Patil, Founder, Chairman & Managing Director of Markolines Pavement Technologies Limited said, "Looking ahead, we remain confident of creating long-term sustainable value, supported by a robust order book of over Rs. 550 crore, strong execution capabilities and a technology driven approach basis the Government's sustained focus on infrastructure development.

Our strategic diversification beyond highways is progressing well, with successful order wins across adjacent infrastructure segments. During the quarter, we also announced our entry into the Marine Infrastructure Construction & Maintenance segment, leveraging our engineering, construction and asset management capabilities to capitalize on emerging opportunities in ports and marine infrastructure.

Backed by a robust project pipeline, strong execution capabilities and our continued focus on technology-led solutions such as Micro Surfacing, Cold In-Place Recycling (CIPR) and Full Depth Reclamation (FDR), we remain well-positioned to capitalize on the growing opportunities in India's road infrastructure sector and sustain our growth momentum."

Mr. Vijay Oswal, Founder & Chief Financial Officer of Markolines Pavement Technologies Limited said, "Our performance during the first quarter reflects the continued strength of our execution capabilities and the resilience of our specialised infrastructure business. We remain focused on timely execution of projects, operational efficiency and disciplined cost management while maintaining healthy profitability.

The Company started FY27 on a positive note, reporting revenue from operations of Rs. 75.86 crore in Q1FY27 as against Rs. 72.72 crore in Q1FY26, registering a growth of 4.33% YoY. EBITDA came at Rs. 9.18 crore up by 8.68% YoY while PAT for Q1FY27 stood at Rs. 4.36 crore reporting a strong growth of 15.06% YoY. The operational efficiencies aided 49 bps expansion in the EBITDA margin on YoY basis.

The Company's unexecuted order book remains robust at Rs. 550+ crore and provides healthy revenue visibility for the next18 months. The Company continues to witness strong opportunities across highway maintenance, specialized construction and rehabilitation projects, supported by a healthy project pipeline and consistent execution across its project portfolio. We are also evaluating opportunities in the Marine Infrastructure Construction & Maintenance segment and remain optimistic about securing initial orders in the near term, further strengthening our diversification into adjacent infrastructure sectors.

Our technology-driven strong execution capabilities and strict financial discipline position us well to create sustainable long-term value and capitalize on India's infrastructure growth story."

Key Developments:

- Unexecuted order book of Rs. 550+ crore as of 30th June 2026.
- The Company is also progressing with the amalgamation of its group company, Markolines Infra Limited, and has submitted the scheme to the stock exchanges, provided the required clarifications, and appointed Sobhagya Capital Options as the Merchant Banker.
- Received NSE & BSE approval for listing and trading of 1,62,800 equity shares pursuant to warrant conversion.
- Looking forward to expanding into the Marine Infrastructure Construction & Maintenance segment by evaluating opportunities in jetty construction and repair & maintenance for marine facilities.

About Markolines Pavement Technologies Limited

Established in 2002, Markolines Pavement Technologies Limited (Markolines) is one of India's leading highway operations and maintenance (O&M) and specialized infrastructure solution providers. Markolines is the only listed company operating in this segment. With a strong focus on innovation and execution excellence, the company offers the most comprehensive suite of services in highway maintenance – spanning from Major Maintenance & Repairs (MMR), Rigid Pavement (concrete road) Maintenance, specialised maintenance services and specialised construction activities. From reintroducing and reviving micro-surfacing in India, to bringing Cold In-Place Recycling (CIPR), Full Depth Reclamation (FDR), techniques into the mainstream, the company has consistently been at the forefront of technologies innovation. Headquartered in Navi Mumbai, Markolines has successfully executed over 5,670 lane kilometers of highway maintenance work across multiple states in India. The Company is recognized for several pioneering maintenance techniques in the Indian road maintenance sector and is leveraging its engineering expertise and specialized skill set to expand into other infrastructure segments such as Marine Infrastructure and Sports Infrastructure.

Markolines migrated to the BSE Mainboard and began trading its securities on June 12, 2025. Building on this progress, the Company has achieved another significant milestone with its listing on the NSE Mainboard in October 2025, enhancing market visibility, improving liquidity, and broadening access for a wider base of investors.

The Company has resubmitted the merger application with BSE and NSE in the month of March 2026. After the requisite regulatory and statutory approvals merger process will be pursued as per the compliance timelines. With a pan-India presence and a dedicated team of professionals, Markolines remains committed to enhancing the quality, safety and sustainability of India's road infrastructure.
