RIL becomes the second largest producer of Para-xylene (PX) globally

Mumbai, 9th June 2017: Reliance is pleased to announce the successful and flawless commissioning of the last crystallization train (Train 3) of the Para-xylene (PX) complex at Jamnagar. This plant is built with state-of-the-art crystallization technology from BP which is highly energy efficient. With the commissioning of this plant, RIL's PX capacity has more than doubled making it world's second largest producer of PX with about 11% of global production.

Pursuant to installation and mechanical completion of the entire PX complex in the previous quarter, Reliance commissioned second phase of PX comprising of second crystallization train (Train 2), Trans-alkylation and Aromatic Extraction units at Jamnagar in April 2017. Train 3, which was at an advanced stage of commissioning has now been successfully started.
