# Google, Meta, JioStar India's top media firms

HANITA KHULI-KHANDIAKAR  
Pune, 21 January

Google, Meta, and JioStar are the three largest media and entertainment companies in India, by far. Bennett, Coleman and Company, publishers of *The Times of India*, is a distant fourth. JioStar, which houses Viacom18 and Disney-Star India, became one firm in 2024. That is the only reason there is a mainstream media firm in the top three. If Sony and Zee had gone ahead with their merger, they would have been ahead of Bennett at over ₹15,000 crore in top line. The consolidation that has been sweeping the business is now evident in the concentration of audience and revenue share in India's ₹2.3 trillion media and entertainment business. That is the first thing that stands out in the list of top 12 media firms in India that *Business Standard* has put together from annual reports and figures from the Registrar of Companies for FY24. These firms account for over half the entire media business.

Second is the changing nature of the media ecosystem. The top two firms, which reach almost all the ₹23 million Indians online (Comscore), rule the whole ad dependent and user-generated content space. This is where social media, shorts, search and influencers sit. Mainstream firms, which generate series, films, music or news, come lower down. A large chunk of the music and videos they create power the user-generated space, too. However for now, it is Google and Meta that rule it.

"This brings it to the third fact. Google and Meta accounted for over 95 per cent of the ₹64,500 crore spent on digital media in 2023. They are over one-fourth of the total Indian media and entertainment business.

Microsoft Chairman and Chief Executive Officer (CEO) Satya Nadella has claimed top spot in the inaugural HSBC Hurun Global Indians List 2024, which ranks 226 leaders of Indian origin heading the world's most valuable companies. Alphabet CEO Sundar Pichai and YouTube CEO Neal Mohan secured the second and third spots. The list was created based on a survey of 400 respondents. The combined value of companies led by these leaders is estimated at \$10 trillion. Firms in the list were ranked according to their market capitalisation or valuations in the case of non-listed companies, with the cut-off date being November 29, 2024. The report highlights the significant global influence of Indian-origin leaders, with 79 per cent of the list's entrants residing in the US, followed by the UK at 5 per cent and UAE at 4 per cent. ## Deadly fire at Türkiye's ski resort kills at least 66

AGENCIES  
Ankara, 21 January

A fire raged through a 12-story hotel at a popular ski resort in northwestern Türkiye early Tuesday during a school holiday, killing at least 66 people — at least two of them when they jumped from the building to escape the flames, officials said. At least 51 people also were injured in the fire at the Grand Kartal hotel in Kartalkaya, in Boku province's Koroglu mountains, some 300 km east of Istanbul, Interior Minister Ali Yerlikaya. The fire occurred near the start of a two-week winter break for schools, when hotels in the region are packed.

"We are in deep pain. We have unfortunately lost 66 lives in the fire that broke out at this hotel," Yerlikaya told reporters after inspecting the site. Türkiye detained four people including the hotel's owner. Health Minister Kemal Memisoglu said at least one of the
