NOTE:

1) The above unaudited financial results have been reviewed by the Audit Committee and approved by the Board of Directors of the Company in their respective meetings held on August 7, 2026. The Statutory Auditors of the Company have issued modified report on the above results.
2) The above unaudited financial results of the Company have been prepared in accordance with the Indian Accounting Standards (IND AS) prescribed under section 133 of the Companies Act, 2013 (the "Act") read with relevant rules issued thereunder, other accounting principles generally accepted in India and guidelines issued by the Securities and Exchange Board of India.
3) As per Indian Accounting Standard (Ind AS) 108 'Segment Reporting', the business of the Company mainly comprises sale of "Batteries" which has been identified as a single reportable segment.
4) Impact of labour codes : On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020 and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Company has assessed and disclosed the incremental impact of these changes of Rs. 339.77 lakhs as exceptional items.
5) The Company is required to comply with the Battery Waste Management Rules, 2022 ("the BWMR" or "the Rules") issued by the Ministry of Environment, Forest and Climate Change, Government of India ("MoEFCC"). As per the said Rules, the Company is required to undertake Extended Producer Responsibility ("EPR") obligations for recycling and/or refurbishment targets and the Central Pollution Control Board ("CPCB") has notified the rates for environmental compensation for non-fulfillment of targets under these Rules.

   The Company, along with other industry participants, has encountered challenges in complying with the provisions of the BWMR, particularly with respect to achieving the prescribed recycling and/or refurbishment targets within the stipulated timelines and the significant associated compliance costs. The compliance cost, mentioned in the notification is based on the different composition of batteries. Accordingly, through the Resource Efficiency and Circular Economy Industry Coalition ("RECEIC")*, the representations have been submitted to the MoEFCC requesting review of the prescribed targets, associated compliance costs and extension of implementation timelines. Response from the MoEFCC is awaited.

   Additionally, the Indian Battery Manufacturers Association ("IBMA"), and certain electronic manufacturers, have filed a writ petition before the Hon'ble Delhi High Court challenging the E-Waste (Management) Rules, 2022, the Battery Waste Management Amendment Rules, 2024, particularly in relation to the regulated pricing mechanism for EPR certificates. As at the date of these financial statements, the matter is under consideration by the Hon'ble Delhi High Court.

   Pending the outcome of the aforesaid representations, the Company is unable to reliably estimate the expected outflow that may be required under these Rules and accordingly no adjustments have been made in these financial statements.

   *The Federation of Indian Chambers of Commerce and Industry (FICCI) serves as the primary secretariat for the RECEIC coalition."
6) During the intervening night of July 5 and July 6, 2026, a fire incident occurred at the Company's manufacturing facility at Pithampur. The incident resulted in partial damage of certain property, plant and equipment (PPE) and inventory at the assembly lines, and affected the production line. Since this is a non-adjusting subsequent event, no adjustment has been made in the financial results for the period ended 30 June 2026.

   The Company is insured for the loss of PPE and inventory, and assessment of the extent of damages along with the related insurance claim submission process is underway. The Company is currently unable to make a reliable estimate of the exact amount of loss, which would be estimated once the surveyors have completed their assessment. The Company has initiated restoration activities and is undertaking necessary measures to resume manufacturing operations in a phased manner at the earliest. The Company is also implementing business continuity arrangements to ensure uninterrupted supply to customers during the restoration period.

   Based on management's assessment including cash flow projections, the incident is not expected to have any material impact on the Company's ability to continue as a going concern.
7) The figures of the quarter ended March 31, 2026 are the balancing figure between audited figures in respect of the full financial year and the limited reviewed published year to date figures up to the third quarter of the respective financial year.

08	Earnings per share (Face Value of INR 10 each) (Basic and Diluted) (not annualised)	2.21	2.30	1.12	4.65

NOTE:

1) The above unaudited financial results have been reviewed by the Audit Committee and approved by the Board of Directors of the Company in their respective meetings held on August 7, 2026. The Statutory Auditors of the Company have issued modified report on the above results.

2) The above unaudited financial results of the Company have been prepared in accordance with the Indian Accounting Standards (IND AS) prescribed under section 133 of the Companies Act, 2013 (the "Act") read with relevant rules issued thereunder, other accounting principles generally accepted in India and guidelines issued by the Securities and Exchange Board of India.

3) As per Indian Accounting Standard (Ind AS) 108 'Segment Reporting', the business of the Company mainly comprises sale of "Batteries" which has been identified as a single reportable segment.

4) Impact of labour codes : On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020 and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Company has assessed and disclosed the incremental impact of these changes of Rs. 339.77 lakhs as exceptional items.

5) The Company is required to comply with the Battery Waste Management Rules, 2022 ("the BWMR" or "the Rules") issued by the Ministry of Environment, Forest and Climate Change, Government of India ("MoEFCC"). As per the said Rules, the Company is required to undertake Extended Producer Responsibility ("EPR") obligations for recycling and/or refurbishment targets and the Central Pollution Control Board ("CPCB") has notified the rates for environmental compensation for non-fulfillment of targets under these Rules.

The Company, along with other industry participants, has encountered challenges in complying with the provisions of the BWMR, particularly with respect to achieving the prescribed recycling and/or refurbishment targets within the stipulated timelines and the significant associated compliance costs. The compliance cost, mentioned in the notification is based on the different composition of batteries. Accordingly, through the Resource Efficiency and Circular Economy Industry Coalition ("RECEIC")*, the representations have been submitted to the MoEFCC requesting review of the prescribed targets, associated compliance costs and extension of implementation timelines. Response from the MoEFCC is awaited.

Additionally, the Indian Battery Manufacturers Association ("IBMA"), and certain electronic manufacturers, have filed a writ petition before the Hon'ble Delhi High Court challenging the E-Waste (Management) Rules, 2022, the Battery Waste Management Amendment Rules, 2024, particularly in relation to the regulated pricing mechanism for EPR certificates. As at the date of these financial statements, the matter is under consideration by the Hon'ble Delhi High Court.

Pending the outcome of the aforesaid representations, the Company is unable to reliably estimate the expected outflow that may be required under these Rules and accordingly no adjustments have been made in these financial statements.

*The Federation of Indian Chambers of Commerce and Industry (FICCI) serves as the primary secretariat for the RECEIC coalition.

6) During the intervening night of July 5 and July 6, 2026, a fire incident occurred at the Company's manufacturing facility at Pithampur. The incident resulted in partial damage of certain property, plant and equipment (PPE) and inventory at the assembly lines, and affected the production line. Since this is a non-adjusting subsequent event, no adjustment has been made in the financial results for the period ended 30 June 2026.

The Company is insured for the loss of PPE and inventory, and assessment of the extent of damages along with the related insurance claim submission process is underway. The Company is currently unable to make a reliable estimate of the exact amount of loss, which would be estimated once the surveyors have completed their assessment. The Company has initiated restoration activities and is undertaking necessary measures to resume manufacturing operations in a phased manner at the earliest. The Company is also implementing business continuity arrangements to ensure uninterrupted supply to customers during the restoration period.

Based on management's assessment including cash flow projections, the incident is not expected to have any material impact on the Company's ability to continue as a going concern.

7) The figures of the quarter ended March 31, 2026 are the balancing figure between audited figures in respect of the full financial year and the limited reviewed published year to date figures up to the third quarter of the respective financial year.
