Any opinions or estimates expressed in this presentation reflect the current judgment of the management as of the date of this presentation and are subject to change without notice.

Certain statements contained in this presentation may constitute **forward-looking statements**. These statements include, but are not limited to, projections relating to the Company's future business prospects, financial performance, growth strategy, expansion plans, industry outlook, capital expenditure, operational efficiencies and other statements that are not historical facts. Forward-looking statements are based on management's current expectations, assumptions and estimates and are subject to a number of known and unknown risks, uncertainties and other factors beyond the Company's control, which may cause actual results, performance or achievements to differ materially from those expressed or implied by such statements.

Factors that could cause actual results to differ include, among others, changes in economic conditions, fluctuations in raw material prices, foreign exchange movements, changes in government policies and regulations, competitive pressures, demand-supply dynamics, project execution risks and other business uncertainties. The Company undertakes no obligation to update or revise any forward-looking statements to reflect subsequent events or circumstances, except as required under applicable law.

The financial information contained in this presentation is based on the Company's unaudited or audited financial statements, as applicable, prepared in accordance with the applicable accounting standards. Past performance should not be regarded as an indicator of future performance.

Recipients of this presentation are advised to conduct their own independent investigation and analysis of the Company and the information contained herein before making any investment or business decision. Mangalam Worldwide Limited, its directors, management, employees and advisors shall not be liable for any direct or indirect loss arising from the use of, or reliance on, the information contained in this presentation.

Q1 FY27

Financial Highlights

FINANCIAL BUSINESS

| Management Commentary On Q1 FY27 Financial Performance

FY27 has begun on a strong note for Mangalam Worldwide, marked by robust financial performance and significant strategic milestones. During the quarter, the Company achieved the landmark distinction of being listed on both the NSE and BSE Main Boards, reinforcing its capital market presence and enhancing visibility among investors.

Our commitment to sustainable manufacturing was further strengthened with the commissioning of a 10.4 MW ground-mounted solar power plant, taking MWL's total installed solar capacity to 11.6 MW. The Board also approved a 10:1 stock split to improve liquidity and broaden shareholder participation.

Looking ahead, we remain focused on expanding our value-added stainless steel portfolio, strengthening our international footprint through our proposed Belgium subsidiary, improving operational efficiencies and delivering sustainable long-term value for all stakeholders.

Mr. Chandragupt Prakash Mangal
Managing Director

Q1 FY27 Consolidated Performance Highlights

Q1 FY27 Key Takeaways

Revenue growth: Total income up 13.4% YoY to ₹316.85 Cr and 18.9% QoQ, led by higher volumes across long and tubular products.

Margin expansion: EBITDA up 50.7% YoY to ₹29.72 Cr; EBITDA margin improved 232 bps YoY to 9.38% on a richer value-added mix.

PAT: ₹12.02 Cr, up 18.7% YoY.

Balance sheet & rating: Credit rating upgraded to ACUITE “A”; NCDs rated ACUITE A+ and listed on NSE.

Sustainability: Total operational solar capacity at 11.6 MW (1.2 MW rooftop + 10.4 MW ground mounted).

Q1 FY27	Y-o-Y

RATINGS & RESEARCH

Company Overview

A Timeline Of Mangalam Group

1942 

- The group business started by Late Shri Tejmal Ji Mangal at Beawar, Rajasthan (western part of India)

1962 

- A new branch office was opened in Ajmer, a major city of Rajasthan. It was headed by Shri Om Prakash Mangal

1975 

- One more branch office was opened in Jaipur due to growing business opportunities and flourishing demand

1995 

- The Company Incorporated on December 11, 1995 as 'Temchem Exports Private Limited'

2007 

- Structured Business Division started at Ahmedabad

2019 

- A WOS of MGEL started at Singapore
- A new vertical for Stainless Steel Manufacturing with "Mangalam Saarloh" brand.
- Mangalam Global listed on NSE Emerge

2021 

- MGEL Started Rice and Wheat Mill at Ahmedabad

2022 

- Completed acquisition of AMCPL and merged with company
- The Company listed on NSE Emerge Platform
- MGEL Started Retail Marketing of Edible Oil i.e. Mustard and Soya Oil with Brand Name : LAGNAM

2023 

- Started Manufacturing & Marketing of Seamless Pipes & Tubes with Brand Name "Mangalam Tubicore"
- Completed acquisition of VICOR and merged with MSPL
- Completed acquisition of HMIPL and Agro division merged with MGEL & Steel division merged with company

2024 

- Installed bright bar manufacturing unit at Kapadvanj
- Manufacturing & marketing of Bright Bar started
- MWL Received Credit Rating BBB+
- MGEL Listed on BSE main board

2025 

- MWL commissioned 1200 KWp Roof Top Solar power plant at Kapadvanj
- MGEL started Edible Oil Refinery plant at Jotana, Gujarat
- MGEL entered into the B2C segment by launching "NEAT CASTOR OIL" - 100 ml Bottle
- Co. migrated to NSE main board.

2026 

- 100 Cr NCD issued & listed on NSE.
- Direct Listing on BSE Main Board.
- Stock Split from Rs.10/- to Rs. 1/- each.
- Installation of Ground mounted 10.4MW solar plant
- MGEL Marked a new milestone by entering the retail market with castor oil products, offering high-quality solutions directly to consumers and expanding the brand's reach.

Mangalam Worldwide @ Glance

Established in 1995, Mangalam Worldwide Limited (MWL) is one of India's leading fully integrated stainless steel manufacturers, with operations spanning the complete value chain from scrap melting to the production of value-added stainless steel long products and seamless pipes & tubes.

The Company offers a diversified product portfolio comprising stainless steel billets, ingots, round bars, flat bars, bright bars, seamless pipes & tubes, bright annealed tubes, heat exchanger tubes, and U-tubes. Its products are marketed under the flagship brands **MWL/Tubicores** (long products) and **MWL/Saarloh** (tubular products)

MWL operates four strategically located manufacturing facilities across Gujarat-Halol (Unit I), Changodar (Unit II), and Kapadvanj (Units III & IV) with a total installed manufacturing capacity of 190,000 MTPA. Its integrated manufacturing infrastructure enables efficient production, stringent quality control, and the ability to cater to diverse customer requirements across domestic and international markets.

The Company marked a significant milestone with its migration to the NSE Main Board in September 2025, followed by its listing on the BSE Main Board in May 2026, further strengthening its capital market presence and expanding its investor base.

| Guiding Principles: Our Vision, Mission & Values

VISION

To place strong emphasis on the consistent and reliable quality of our products and services. Company's core values include a commitment to safety, harmony, innovation, and an ongoing dedication to continuous improvement.

MISSION

To achieve and maintain a leading position by ensuring customer satisfaction, fostering the growth and development of people, caring for society, and earning the trust and confidence of our stakeholders.

VALUES

Customer Satisfaction
People Development
Society Care.

Recognized For Excellence: Our Certifications & Awards

At Mangalam Worldwide, we focus on building excellent products that are subject to stringent quality standards. Our sound infrastructure coupled with our zero tolerance quality policies help us manufacture products of high value, which have critical applications in industries such as food and dairy equipment's, superior grade utensils, oil and gas, aerospace and medical devices sector.

| Renewable Energy Integration

As part of its long-term sustainability strategy and commitment to operational excellence, Mangalam Worldwide Limited (MWL) has significantly expanded its renewable energy capacity to support its manufacturing operations.

Following the successful commissioning of a **10.4 MW ground-mounted solar power plant at Handod, Taluka Karjan, District Vadodara** (on a 25-year lease), along with its existing **1.2 MW rooftop solar installation**, the Company's total installed solar capacity has increased to **11.6 MW**.

This strategic investment marks a significant step towards strengthening MWL's sustainable manufacturing framework. The enhanced renewable energy capacity is expected to improve energy security, optimise operational costs, and reduce dependence on conventional power sources.

The initiative also supports the Company's broader ESG objectives by lowering its carbon footprint and reinforcing its commitment to environmentally responsible and resilient growth.

| Overview Of Product Portfolio

Stainless Steel (SS) Billets & Ingots

Company's state of the art manufacturing facilities at Halol in Gujarat, are engaged in manufacturing SS Billets and Ingots in various engineering grades of stainless steel.

200 Series

Referred to as chrome-manganese (CrMn) stainless steel, is a class of austenitic and highly corrosion-resistant stainless steel that is characterized as having low nickel content.

300 Series

Harden-able only by cold working methods and classified as austenitic, are grades of stainless steel that have approximately 18% - 30% chromium and 6% - 20% nickel as their major alloying additions.

400 Series

A ferritic and martensitic alloy, provides a good combination of strength and high wear resistance. Its corrosion-resistance properties are lower than 300 series.

| Overview Of Product Portfolio

Stainless Steel Flat Bars

These are produced by re heating billets Stainless Steel into required sizes. Our Stainless-Steel Flat bars are supplied to customers in various thickness from 10.5 mm to 21 mm.

Stainless Steel Round Bars

These are produced by rolling billets into the required round sizes.

Stainless Steel Bright Bars

Bright Bars, produced via peeling/cold drawn processing, come in diverse grades and lengths up to 6.5 meters. They're finely polished with precise measurements to meet specific customer needs

Stainless Steel Seamless Pipes & Tubes

Seamless Pipes are produced in all major stainless-steel grades, sizes and specifications like ASTM, ASME, DIN, EN, JIS, NF etc., as required by the industry.

An overhead view of a business meeting around a dark wooden table. Four people are visible, mostly from the chest down or hands. Two laptops are open on the table, with hands typing on the keyboards. Several documents with charts and graphs are spread out. A man on the right is gesturing with his hands while speaking. The entire image has a blue color overlay.

Management Overview

| Pioneering Spirits: Empowering Growth Through Leadership

Mr. Vipin Prakash Mangal

Chairman | Experience : 37+ Years

Mr. Vipin Prakash Mangal, a Commerce graduate from the University of Ajmer, is a seasoned professional with a strong background in the manufacturing and trading of various commercial commodities and affiliated consultancy services. He is also well-versed in business management, strategy development, planning, and implementation. As a third-generation industrialist, he has been a key contributor to the growth and development of our business.

Mr. Chandragupt Prakash Mangal

Managing Director | Experience : 8+ Years

Mr. Chandragupt Prakash Mangal holds a degree in Supply Chain Management from the Kelley School of Business, Indiana University, and has achieved a level II badge from the CFA Institute. He leads the procurement, manufacturing & marketing teams of the company. Additionally, he is also influential in building strong public relations for the company.

Mr. Chanakya Prakash Mangal

Director | Experience : 10+ Years

Mr. Chanakya Prakash Mangal, with a Bachelor's degree in Commerce from Gujarat University, specializes in operations, accounts, finance, and administration. He holds a pivotal role in the company's administration, and under his guidance, our company has fostered strong public relations.

A dark, blue-tinted photograph of an industrial factory interior. In the background, a large circular opening in a structure reveals a bright, glowing molten metal process, likely a blast furnace or ladle. The foreground is filled with industrial equipment, including pipes, structural beams, and a large, dark, curved object that could be a ladle or a part of a machine. The overall atmosphere is industrial and somewhat mysterious due to the low light and monochromatic color scheme.

/ Industry Overview

| Structural Growth Drivers Supporting India's Stainless Steel Industry

Accelerating infrastructure development across sectors such as railways, urban infrastructure, transportation, and industrial projects is driving sustained demand for stainless steel applications.

Growing requirements from engineering, oil & gas, petrochemicals, process industries, and construction sectors are creating long-term opportunities for high-quality stainless steel products.

India's expanding manufacturing ecosystem, supported by the "Make in India" initiative, is strengthening domestic production capabilities and enhancing export competitiveness.

Rising demand for value-added stainless steel products, driven by specialised industrial applications and quality requirements, is improving industry growth prospects.

Increasing adoption of sustainable manufacturing practices, energy-efficient processes, and expansion of downstream industries such as renewable energy and advanced manufacturing are expected to further strengthen stainless steel consumption.

| Policy Support & Strategic Initiatives Driving Steel Sector Growth

The Indian steel industry is increasingly adopting globally benchmarked Best Available Technologies (BAT) across modernisation and expansion projects to improve operational efficiency, productivity, and sustainability.

The Government of India has introduced multiple policy measures to strengthen the domestic steel ecosystem, including initiatives focused on capacity expansion, technology advancement, and enhancing the competitiveness of Indian steel manufacturers.

The Production Linked Incentive (PLI) Scheme for Specialty Steel, with a focus on promoting domestic manufacturing and technology upgrades, is encouraging investments in high-value steel products and reducing dependence on imports.

The National Steel Policy provides a long-term framework for the growth of the Indian steel sector by supporting capacity enhancement, improving efficiency, and meeting the increasing demand across infrastructure and industrial sectors.

Government-led initiatives, including industry collaboration through dedicated task forces and stakeholder consultations, are supporting the transition towards low-carbon and sustainable steel production practices.

Trade policy measures, including calibrated import regulations and safeguard mechanisms, are aimed at strengthening domestic steel capabilities and ensuring a resilient steel manufacturing ecosystem.

The Way Forward

| Key Competitive Advantages

Investment Rationale

Enhanced Financial Stability

Net worth grew from ₹139.69 Cr in FY23 to ₹305.48 Cr in FY26.

Growth Potential

Company has in-house Manufacturing Unit to reduce costs. Various Government initiatives like Production Linked Incentive, National Steel Policy 2017 & latest Industrial Policy of Government of Gujarat.

Experienced Leadership

Founded by veterans with over 36 years of industry experience.

Quality and Certifications

ISO 9001:2015, ISO 45001:2018 & ISO 14001:2015
High standards of quality and safety

Improving Profitability

EBITDA rose from ₹20.92 Cr in FY23 to ₹97.84 Cr in FY26.
PAT increased from ₹17.58 Cr in FY23 to ₹50.14 Cr in FY26.

Comprehensive Product Portfolio

Offers various Stainless Steel Bars, Pipes & Tubes with various series.

Strong Market Position

Established as a key player in Stainless Steel. Manufacturing units in Halol, Changodar and Kapadvanj with excellent infrastructure and connectivity.
