Wipro Wins IT Applications Managed Services Engagement with Finnish Company - Valmet

Helsinki, Finland and Bangalore, India – June 14, 2017: Wipro Limited (NYSE:WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, today announced that it has won an IT Applications Managed Services engagement with Valmet, a leading global developer and supplier of technologies, automation and services for the pulp, paper and energy industries. Valmet is headquartered in Finland.

Valmet has selected Wipro as the partner for supporting its renewed Infor LN ERP platform. As part of the multi-year engagement, Wipro will deliver the maintenance and support of the new ERP platform in a Managed Services model covering all global locations in which Valmet operates. The construct of the contract is geared towards bringing cost efficiencies and enabling enhanced optimization in ongoing support. Additionally, Wipro will also support the end to end testing activities around the implementation and rollout of the new ERP platform.

“Wipro has proven experience in managing complex application portfolios including a wide array of market leading ERP platforms,” said **Carl-Henrik Hallström, Head of the Nordic Region, Wipro Limited**. “This deal with Valmet reiterates our continued focus and investments in Finland. We are confident that we will be able leverage our technology expertise and capabilities in applications management, testing and data/information management to drive significant value for Valmet.”

“We are delighted to have been chosen by Valmet as the strategic partner for this project, which will leverage both our ERP domain expertise and technology capabilities” said **Hiral Chandrana, Senior Vice President & Global Head - Business Application Services, Wipro Limited**

About Wipro Ltd.

Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO) is a leading global information technology, consulting and business process services company. We harness the power of cognitive computing, hyper-automation, robotics, cloud, analytics and emerging technologies to help our clients adapt to the digital world and make them successful. A company recognized globally for its comprehensive portfolio of services, strong commitment to sustainability and good corporate citizenship, we have a dedicated workforce of over 170,000, serving clients across six continents. Together, we discover ideas and connect the dots to build a better and a bold new future.

About Valmet

Valmet is the leading global developer and supplier of process technologies, automation and services for the pulp, paper and energy industries. We aim to become the global champion in serving our customers.

Valmet's strong technology offering includes pulp mills, tissue, board and paper production lines, as well as power plants for bioenergy production. Our advanced services and automation solutions

improve the reliability and performance of our customers' processes and enhance the effective utilization of raw materials and energy.

Valmet's net sales in 2016 were approximately EUR 2.9 billion. Our 12,000 professionals around the world work close to our customers and are committed to moving our customers' performance forward - every day. Valmet's head office is in Espoo, Finland and its shares are listed on the Nasdaq Helsinki.

Forward-looking and Cautionary Statements

Certain statements in this release concerning our future growth prospects are forward-looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property, and general economic conditions affecting our business and industry. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
