- Promoters Sincere Architects Engineers Group are setting up 7 World Trade Parks globally
- Appointed as Technology Advisors to have these projects Implementation Right On Track
- Micro Technologies to have best of the Technologies to have these parks in Elite Club

Mumbai, July 17, 2012

Micro Technologies (India) Ltd, (MTIL: BSE 532494 & NSE: MICROTECH), a leading global developer and marketer of IT, Security devices and solutions announced today that it has partnered with M/S Sincere Architects Engineers Pvt. Limited, to provide an effective and a comprehensive Technology and Security cover at the 1.2 Million Sq. Ft. World Trade Park (WTP), the fast emerging largest business hub. The high profile association would give the best of the Technology to this project in meeting critical security needs and facilitations to its users. An official communication to this effect has been received by Micro Technologies from the renowned Global Building Design House Sincere Architects Engineers.

Announcing the association with Sincere Architects Engineers, **Ms. Geetha V, Director Business Development** said, "We are indeed delighted to partner with Sincere Architects Engineers for providing security at World Trade Park, one of the largest buildings by any standards. Being the leader in these fields we can meet all the Technology and Security requirements of the World Trade Park. Micro Technologies expertise in providing such solution globally which will truly make the Park world-class and complement WTP promoter's expertise and experience in undertaking major projects".

The company has already started implementing the contract and the project work is going apace on schedule. The successful completion of this augurs well for MTIL in other similar mega ventures.
