MICRO TECHNOLOGIES INNOVATES STATE- OF-THE- ART TURNSTILES WITH ACCESS CONTROL

- **Helps in Crowd Management**
- **Bar Unwanted Entrants**
- **Protect Premises Properties**
- **Ensure Total Safety & Security**

Navi Mumbai, September 24, 2012

Micro Technologies (India) Ltd, (MTIL: BSE 532494 & NSE: MICROTECH) a leading global developer and marketer of security devices and solutions today announces that it has innovated and integrated state-of-the-art turnstiles that can help in Crowd Management with ease, optimum time saving and maximum benefit to all the stake holders. Micro Technologies innovated turnstiles are deployed at World Trade Park, Snow City, selected branches of State Bank Of India, ONGC and Cricket Association to mention a few.

The main characteristics of the Micro Technologies innovated turnstiles that make it an ideal access control solution regardless of the installation environment. The device ensures a convenient and safe access in sports facilities, entertainment arenas and industrial areas too. Some of the innovations include bi-directional control, signal lights, and automatic dropping arm which would lead to more security and less of crowd gathering in a specific place. It can be integrated with any access control or token systems through dry contacts.

Micro Innovated Turnstiles are specially made to enable users keep at bay unauthorized entrants out of their business or residential territories. Today, they are used by many people, a fact attributed to their versatile nature. By using these devices, one is able to manage the access of people around their premises.

"Turnstiles globally has the reputation of being used in exclusive and high end places where there are limited number of people. We are trying to change the market perception towards the product by introducing effective crowd management and time saving in the device. Many of the diverse industries globally were really glad to know the innovation which Micro Technologies has done in the Turnstiles, which is time saving and has enabled all their clients and customers ease of use. Our innovation in the turnstiles have several unique features and can function effectively in all weathers. With our turnstiles in place, you can rest assured that all your properties and assets are not only well protected but also can smoothly handle a large number of visitors", said Mr. R. Karthikeyan, Chief Operating Officer, Micro Technologies (India) Limited.
