Mumbai, July 25, 2012

Micro Technologies (India) Ltd, (MTIL : BSE 532494 & NSE :MICROTECH) a leading global developer and marketer of security devices and solutions today launched a revolutionary security solution called 'Micro Eye' at a glittering function at the Indian Merchants' Chamber in the presence of security experts, intelligence professionals, police officials diplomats, consular corps and the former honorable Mayor and goodwill Ambassador of Beverly Hills , California. It is an intelligent surveillance and detection system aimed at eradicating crimes and mishaps.

'Micro Eye' is the first combo product to offer both security and surveillance in one unit. It comes with much in-built hardware like night vision cameras, digital video recorder, gas & fire sensors, smoke detector, door & remote sensors. Since it is a web based application it allows registered users (Individuals & organizations) to log in with their bona fide credentials. Organizations can create log in for multiple users in their branches/retail outlets and can monitor several of their offices from a single location. Micro Eye can detect motion and then notify the Registered User instantly via SMS or email or both in case of intrusion or any untoward incident such as a gas or faucet leak or a fire break- out. It can play the alarm at the first sign of smoke so that the occupants get time to escape. Micro Eye's sirens help to indicate the presence of unwanted intruder in the premise who can be nabbed and detained. Its video recordings can be viewed from anywhere in the world.

Mr. Jimmy Delshad has the distinction of being the first Iranian-American to hold public office in Beverly Hills, California. He was the Mayor there for two terms -2007-08 and 2010-2011. He is a people's man with a strong focus on their welfare and long-standing ties in the community. Mr. Delshad is a firm believer of using modern technologies in solving current problems. Major accomplishments during his mayoralty include creating 'The Smart City Initiative' to make Beverly Hills the 'Safest and Smart City' by using the latest technologies and Upgrading the Beverly's Hills' infrastructure and schools fields.
