Alibaba antitrust fears drive $200 bn Chinese tech selloff

COCO LIU
December 28

ALIBABA GROUP HOLDING led a second day of frenetic selling among China's largest tech firms, driven by fears that antitrust scrutiny will spread beyond Jack Ma's internet empire and engulf the most powerful corporations.

Alibaba and its three largest rivals — Tencent Holdings, food delivery giant Meituan and JD.com — have shed nearly $200 billion over two sessions since Thursday, when regulators revealed an investigation into alleged monopolistic practices at Ma's signature company. That marked the formal start of the Communist Party's crackdown on not just Alibaba but also, potentially, the wider and increasingly influential tech sphere.

On Sunday, the central bank ordered Ma's other online titan — Ant Group — to return to its roots as a payments service and overhaul adjacent businesses from insurance to money management, spurring talk of an eventual breakup.

Once hailed as the standard-bearers of China's economic and technological ascendancy, Alibaba and its compatriots now face increasing pressure from regulators worried about the speed with which they're amassing clout in sensitive arenas such as media and education and gaining influence over the daily lives of hundreds of millions. That concern crystallised in November, when regulators torpedoed Ant's $35 billion initial public offering before unveiling draft rules enshrining sweeping powers to clamp down on anti-competitive practices in sectors from e-commerce to social media.

Alibaba fell 8% Monday in Hong Kong, shedding $270 billion of value since its October peak. Tencent and Meituan both tumbled more than 6%. JD.com slid roughly 2%.

"The Chinese government is putting more pressure or wants to have more control on the tech firms," Jackson Wong, asset management director at Amber Hill Capital, said by phone. "There is still very big selling pressure on firms like Alibaba, Tencent or Meituan."

It's unclear what concessions regulators may try to wring from Alibaba. Under its Antitrust Law, being updated, Beijing can fine violators up to 10% of their revenue. In Alibaba's case, that could mean $7.8 billion. — BLOOMBERG

Notice cum Addendum No. 1 / 2020

NOTICE is hereby given that the following changes shall be made in the Scheme Information Document ("SID") and Key Information Memorandum ("KIM") of TRUSTMF Banking & PSU Debt Fund ("the scheme")

I. Modifications in the cut-off timing related to Applicability of NAV for purchase / switch-in transactions:

Pursuant to the SEBI circular No SEBI/HO/IMD/DF2/CIR/P/2020/175 dated September 17, 2020, the principle of aggregation for subscription amount beyond ₹ 2 lakh (for determining the applicable NAV) shall be discontinued and allotment shall be done based on the principle of funds available for utilization irrespective of the size and time of receipt of such application. The same is effective from January 1, 2021.

Revised provision in the para titled **"APPLICABLE NAV FOR SUBSCRIPTIONS / PURCHASE INCLUDING SWITCH-IN OF UNITS"** is as follows:

- Where the application is received up to 3.00 pm with a local cheque or demand draft payable at par at the place where it is received - closing NAV of the day on which the application is received;
- Where the application is received after 3.00 pm with a local cheque or demand draft payable at par at the place where it is received - closing NAV of the next business day; and
- Where the application is received with a cheque or demand draft which is not payable on par at the place where it is received - closing NAV of day on which the cheque or demand draft is credited before the cut off.

The reference to the concept of aggregation of ₹ 2 lacs, wherever appearing the SID & KIM of the scheme relating to the Uniform Cut-off stands deleted to this extent.

II. Modification in the para related to the explanation of 'Segregation of Portfolio':

In order to explain the concept of the Segregation of Portfolio and illustration has been mentioned in the SID. The said illustration is now being simplified in order to make it more investor-friendly.

The relevant paragraph is now being replaced with the below mentioned details:

Illustration on Segregated Portfolio:

An illustration in tabular form explains how a security affected by a credit event will be segregated and its impact on investors. Whether the distressed security is held in the original portfolio or the segregated portfolio, the value of the investors' holdings will remain the same on the date of the credit event. Over time, the NAVs of the portfolios are subject to change.

Key Assumptions: We have assumed a scheme holds 4 securities (A1, A2, A3 & A4) in its portfolio. It has two investors with 5,000 units. (Investor 1 - 3,000 units, Investor 2 - 2,000 units).

Total Portfolio Value of ₹ 40 Lakhs (Each security invested is valued at ₹ 10 Lakh).

Current NAV: 40,00,000/5,000 = ₹ 800 per unit. Suppose Security A4 is downgraded to below investment grade and consequently the value of the security falls from ₹ 10,00,000 to ₹ 2,00,000 and the AMC decides to segregate the security into a new portfolio. Investors will be allotted the same number of units in the segregated portfolio as they hold in the main portfolio. So, Investor 1 will get 3,000 Units and Investor 2 will get 2,000 units in the segregated portfolio.

With segregation, the portfolio value is ₹ 32,00,000 (Now A1, A2 & A3 Securities worth ₹ 30 Lakh and Security A4, which has fallen from ₹ 10,00,000 to ₹ 2,00,000).

Particulars	Main Portfolio (Security A1, A2 & A3)	Segregated Portfolio (Security A4)
Net Assets	₹ 30,00,000	₹ 2,00,000
Number of Units	5,000	5,000
NAV Per unit	₹ 30,00,000/5,000 = ₹ 600	₹ 2,00,000/5,000 = ₹ 40

With Respect to Investors:

Particulars	Investor 1	Investor 2
Units held in the main portfolio	3,000	2,000
NAV of the main portfolio	₹ 600 per unit	₹ 600 per unit
Value of holding in main portfolio (X) in ₹	18,00,000	12,00,000
Units held in segregated portfolio	3,000	2,000
NAV of Segregated Portfolio	₹ 40	₹ 40
Value of holding in segregated portfolio (Y) in ₹	1,20,000	80,000
Total Value of holding (X) + (Y) in ₹	19,20,000	12,80,000

In case the portfolio is not segregated, the Total Portfolio after marking down the value of security A4 would be:
