NATCO obtains a favorable ruling on Copaxone®

NATCO Pharma Limited is pleased to announce the US Court of Appeals for the Federal Circuit ruling, reversing a district court's finding related to Teva's US Patent for Copaxone®.

This would essentially mean that **NATCO** could launch the generic Copaxone – through its marketing partner – Mylan Inc., during May 2014, subject to FDA approval.

Copaxone® (Glatiramer Acetate) is used in the treatment of relapsing-remitting multiple sclerosis.

The product is estimated to have clocked revenues, in USA, of about US \$ 3.45 Billion during 2012.

Forwarded for favor of publication

For NATCO Pharma Limited

A handwritten signature in black ink, appearing to read "M Adinarayana".
