Dear Sir,

Sub: Update on the operations of Maamba Collieries Limited (MCL), subsidiary of the Company

******

As informed earlier, the Company's Zambian subsidiary had planned the major overhaul of the two units of 150 MW each, as mandated by the OEMs, sequentially in this calendar year. The major overhaul and resumption of generation of the first unit got delayed due to unforeseen damage to certain critical parts requiring replacement and extension of the outage. This Unit has since resumed generation by end of July 2021 and is in normal operation. As planned, the major overhaul of the second unit of 150 MW has now been taken up and is expected to be completed by end of October 2021.

Kindly take the same on record and acknowledge the receipt.

Thanking you,

Yours faithfully,
for Nava Bharat Ventures Limited,
